EMERGENCY	CALL 911			

About this guide

We want to address your questions and concerns quickly and effectively.

The West Irondequoit CSD has developed communication protocols to promote direct and open interactions so concerns can be worked out quickly and efficiently. The communication protocol starts with the staff member closest to the situation, because that person will usually have the most information. At times, additional personnel are required to resolve a specific situation. Appropriate communication channels for a variety of topics are listed here.

If your issue has not been resolved after following the appropriate steps in the communication protocol, the District Clerk can assist you in contacting the Superintendent's Office.

District Clerk
