

STAMFORD HIGH SCHOOL

55 Strawberry Hill Ave. — Stamford, CT 06902 — 203.977.4223 — www.stamfordhigh.org

OUR SCHOOL COMMUNITY

We are a comprehensive public high school that fosters a culture of academic excellence that promotes critical and creative thinking and celebrates student achievement. We offer International Baccalaureate, the High School of Business, and Early College Studies (ECS), a dual-enrollment program with CT State Norwalk that enables students to graduate from high school with an associate's degree in mobile programming or software design. We offer more UConn Early College (dual credit) courses than any other high school in Stamford, as well as 20 Advanced Placement courses and 24 honors courses.

Our faculty follow the 21st Century Learning Expectations and work together to ensure that all students develop the academic, social, and civic skills they need for college and/or the workplace.

CURRICULUM & INSTRUCTION

Students follow a rigorous academic course of study that prepares them for success after high school, whether that means admission to a four-year college or university, enlistment in the armed forces, or going directly into the workforce. SPS is among the state leaders in college-level course offerings, and our innovative career pathways program offers students opportunities to pursue training in public safety, manufacturing, construction management, culinary arts, health sciences, and more. All Stamford Public Schools follow the Connecticut Core Standards. Refer to the [SPS Curriculum Portal](#) or the [High School Program of Studies](#) for more information.
