Local Wellness Program

The district is committed to the optimal development of every student and believes that a positive, safe and health-promoting learning environment is necessary for students to have the opportunity to achieve personal, academic, developmental and social success.

To help ensure students possess the knowledge and skills necessary to make healthy choices for a lifetime, the superintendent shall prepare and implement a comprehensive district nutrition program consistent with state and federal requirements for districts sponsoring the National School Lunch Program (NSLP) and/or the School Breakfast Program (SBP). The program shall reflect the Board's commitment to providing adequate time for instruction that fosters healthy eating through nutrition education and promotion, serving healthy and appealing foods at district schools, developing food-use guidelines for staff and establishing liaisons with nutrition service providers, as appropriate.

The superintendent or designee will develop administrative regulations or guidelines as necessary to implement the goals of the local wellness plan and ensure compliance of such policy.

POLICY IMPLEMENTATION, MONITORING, ACCOUNTABILITY AND COMMUNITY ENGAGEMENT

Implementation

The district shall manage and coordinate the implementation of this local wellness policy.

Implementation will consist of, but not be limited to, the following:

1. Delineating roles, responsibilities, actions and timelines specific to each school;
2. Generating and disseminating information about who will be responsible to make what change, by how much, where and when;
3. Establishing standards for all foods and beverages provided (but not sold) to students during the school day on participating school campuses;
4. Establishing standards and nutrition guidelines for all foods and beverages sold to students during the school day on participating school campuses that meet state and federal nutrition standards for NSLP and SBP, competitive foods, permit marketing of same that meets the competitive food nutrition standards, and promotes student health and reduces child obesity; and
5. Establishing specific goals for nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness.

The Board designates the principal(s) to be responsible for ensuring each school meets the goals outlined and complies with this policy.

Notification of Policy

The district will inform the public about the content and implementation of the local wellness policy, and post the policy and any updates to the policy on the district website annually. Included will be, if available, the most recent assessment of the implementation, and a description of the progress being made in attaining the goals of the policy. The district will publicize the name and contact information of the district or school official(s) leading and coordinating the policy and information on how the public can get involved with the local wellness policy. This information will be published on the district's website and in district communications.

Triennial Progress Assessments

At least once every three years, the district will evaluate the implementation of this policy and its progress with a triennial assessment and produce a progress report that will include:

1. The extent to which schools under the jurisdiction of the district are in compliance with the policy;
2. The extent to which the district's policy compares to model local school wellness policy¹; and
3. A description of the progress made in attaining the goals of the district's policy.

The district will publish the triennial progress report on the district website when available. The district will update or modify the policy based on results of the triennial assessment.

Community Involvement, Outreach and Communications (Review of, and Updating Policy)

The district will actively communicate ways in which the community can participate in the development, implementation and periodic review and update of the local wellness policy. The district will communicate information about opportunities using standard district notification processes. The district will ensure that communications are culturally and linguistically appropriate to the community.

Parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the Board, school administrators, and the general public will be solicited to participate in the periodic review and update of the local school wellness policy.

NUTRITION PROMOTION AND NUTRITION EDUCATION

Nutrition promotion and nutrition education positively influence lifelong eating behaviors by using evidence-based strategies and techniques and nutrition messages and by creating food environments that support healthy nutrition choices.

To promote nutrition education in the schools, the principal is responsible for ensuring the following goals are implemented:

1. Students and staff will receive consistent nutrition messages throughout the school environment;
2. Nutrition education is provided throughout the student's school years as part of the district's age-appropriate, comprehensive nutrition program (which includes the benefits of healthy eating, essential nutrients, nutritional deficiencies, principles of healthy weight management, the use and misuse of dietary supplements, safe food preparation, and handling and storage related to food and

eating), and is aligned and coordinated with the Oregon Health Education Standards and school health education programs;

3. Nutrition education will include culturally relevant, participatory activities that include social learning strategies and activities that are aligned and coordinated with the Oregon Health Education Standards and school health education programs;
4. Parents and families are encouraged through school communications to send healthy snacks/meals and reusable water bottles with their student to school;
5. Families and community organizations are involved, to the extent practicable, in nutrition education;

Nutrition promotion, including marketing and advertising nutritious foods and beverages to students, will be implemented consistently through a comprehensive and multi-channel approach, (e.g., in the classroom, cafeteria and at home) by staff, teachers, parents, students and the community.

To ensure adequate nutrition promotion, the following goals will be implemented:

1. Information about available meal programs is distributed prior to or at the beginning of the school year and at other times throughout the school year;
2. Information about availability and location of a Summer Food Service Program (SFSP) is distributed;
3. Nutrition promotion materials are provided to students and families via various district communications, published on the district website, and distributed at parent-teacher conferences;
4. Families are invited to attend exhibitions of student nutrition projects or health fairs;

School Meals

All schools within the district participate in U.S. Department of Agriculture (USDA) child nutrition program(s), administered through the Oregon Department of Education (ODE) which may include the NSLP, the School Breakfast Program (SBP), Fresh Fruit & Vegetable Program (FFVP), Summer Food Service Program (SFSP), Supper programs or others. The district may also operate additional nutrition-related programs and activities including Farm-to-School programs, school gardens, Breakfast in the Classroom, Mobile Breakfast carts or Grab 'n' Go Breakfast.

The district's available meal program(s) will operate to meet meal pattern requirements and dietary specifications in accordance with the Healthy, Hunger-Free Kids Act and applicable federal laws and regulations.

The principal will support nutrition and food services operation as addressed in Board policy EFAA – District Nutrition and Food Services and its accompanying administrative regulation EFAA-AR – Reimbursable Meals and Milk Programs.

Water

Free, safe, unflavored, drinking water will be available to all students throughout the school day and throughout every school campus. The district will make drinking water available where school meals are served during mealtimes.

Competitive Foods and Beverages

The district controls the sale of all competitive foods. All foods and beverages outside the reimbursable school meal programs that are sold to students on the school campus during the school day will meet or exceed Smart Snacks Standards².

Celebrations and Rewards/Incentives

All foods and beverages offered on the school campus are encouraged to meet the nutrition standards set by the USDA and the Oregon Smart Snacks Standards. This includes, but is not limited to, celebrations, parties, and classroom snacks brought by parents.

Fund Raising

Foods and beverages that meet or exceed the nutrition standards set by the USDA and the Oregon Smart Snacks Standards may be sold through fund raisers on the school campus during the school day. Such requests to conduct a fund raiser will be submitted to the principal for approval before starting.

Food and Beverage Marketing in Schools

Any foods and beverages marketed or promoted to students on the school campus during the school day will meet or exceed the nutrition standards for competitive foods set by the USDA and the Oregon Smart Snack Standards.

The district (i.e., school nutrition services, athletics department, PTA, PTO) will review existing contracts, new contracts and equipment, and product purchase or replacement to reflect the applicable food and beverage marketing guidelines.

“Food and beverage marketing” is defined as advertising and other promotion in schools. Food and beverage marketing often includes an oral, written or graphic statement made for the purpose of promoting the sale of a food or beverage product made by the producer, manufacturer seller or any other entity with a commercial interest in the product.

PHYSICAL ACTIVITY AND PHYSICAL EDUCATION

A quality physical education program is an essential component for all students to learn about and participate in physical activity. The district will develop and assess student performance standards and program minute requirements in order to meet ODE’s physical education content standards and state law.

Physical activity should be included in the school’s daily education program for grades pre-K through 12 and include regular, instructional physical education, as well as co-curricular activities and recess.

In order to ensure students are afforded the opportunity to engage in physical education and physical activity in the school setting, the following goals are established:

1. Physical education will be a course of study that focuses on students’ physical literacy and development of motor skills;
2. Staff encourages and provides support for parental involvement in their children’s physical education;

² Oregon Department of Education, [Oregon Smart Snacks Standards](#)

3. Physical education courses will be the environment where students learn, practice and are assessed on developmentally appropriate knowledge, skills and confidence to become physically literate;
4. Instruction, provided by adequately prepared teachers, i.e., licensed or endorsed to teach physical education, will meet the state adopted academic content standards for physical education (Oregon Revised Statute (ORS) 329.045). Teachers of physical education shall regularly participate in professional development activities annually;
5. Every public school student in pre-kindergarten through grade 8 shall participate in physical education for the entire school year. Students in kindergarten through grade 5 shall participate for a least 150 minutes during each school week, and students in grades 6 through 8 for at least an average of 150 minutes during each school week, as calculated over the duration of a school year;
6. Physical activity will be integrated across curricula and throughout the school day. Movement will be made a part of all classes or courses as part of a well-rounded education;
7. Physical activity during the school day (including, but not limited to, recess, classroom physical activity breaks or physical education) will not be used as a punishment or a reward;
8. At least 50 percent of the weekly physical education class time in grades K through 8 shall be devoted to physical activity.
9. Materials promoting physical activity are sent home with students and published on the district website.

Other Activities that Promote Student Wellness

The district will integrate wellness activities throughout the entire school environment (districtwide). The district will coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicated and work toward the same set of goals promoting student well-being, optimal development and strong educational outcomes.

The district will provide activities and encourage practices which promote local wellness.
