EXECUTIVE SUMMARY

California's Local Education Agencies (LEAs) are required to provide midyear budget updates throughout the school year. This report reflects The District's proposed Adopted Budget for the 2023-24 school year (fiscal year 2024).

Revenue:

Revenues are comprised of one-time and recurring (ongoing) revenues, and may be categorized as restricted and unrestricted. Restricted revenues may only be used to fund certain allowable expenditures, or may have other limitations of use. In contrast, unrestricted revenues can be used for a wide variety of expenditures that further the objectives of the agency. The District anticipates receiving the following revenues during the 2023-24 school year:

Revenue Type	Amount
State Revenue - Local Control Funding Formula (LCFF)	\$21,951,986
Federal Revenues (primarily restricted)	\$2,177,590
Other State Revenues	\$6,599,448
Other Local Revenues (primarily from Charter MOU)	\$19,901,573
Total Revenues	\$50,630,597

Expenditures:

The District's expenditures reflect the programmatic and operational priorities of the agency as defined in the Local Control and Accountability Plan.

Expenditure Type	Amount
Certificated Salaries	\$21,240,526
Classified Salaries	\$6,434,190
Employee Benefits – Employer Contribution	\$13,902,304
Supplies, including Instructional Materials	\$650,419
Services	\$8,365,512
Capital Outlay	\$3,245
Total Expenditures	\$50,883,568

Positive Certification:

The Roseland School District is financially solvent and will be able to fulfill its financial obligations, including funding the mandatory reserve levels, for the current and next two subsequent years.

BUDGET ASSUMPTIONS & BACKGROUND INFORMATION

Introduction

Traditional School Districts use the governmental fund accounting model and modified accrual basis of accounting for their governmental activities. The authoritative source of Generally Accepted Accounting Principles (GAAP) for this model is Governmental Accounting Standards Board (GASB).

The District uses the SCOE maintained Frontline California ERP (Escape) for its financial system and financials are presented in the standardized account code structure (SACS) as required by the State of California.

The District receives revenue per the California Local Control Funding Formula, which incorporates planning factors to project multiyear revenues based on enrollment and average daily attendance (ADA). Revenue is received on a per pupil basis, with primary state aid being allocating using variable amounts for different student grade level spans. The District also receives restricted revenue from a variety of sources, including federal Titles I, II, III and IV dollars, as well as state and federal Special Education funds. Additional restricted revenues that are included in the current budget include funding for the Expanded Learning Opportunity Program and COVID pandemic relief funds, Educator Effectiveness funds and other smaller funding sources. New one-time funding included in last year's revenues include the Arts, Music and Instructional Materials Block Grant and the Learning Recovery grants.

The District's Budget and Multi-Year projections are based on the School Services of California's (SSC) dashboard projections, published on May 19, 2023 after the presentation of the state's May Revise Budget. The District's budget is built on assumptions about the school's student enrollment, revenues, and expenses using current information. The budget will be further revised throughout the year to update any changes to current assumptions.

This budget reflects revenues and expenditures for the elementary school sites, administration, and staffing costs for all Charter sites. The Charter contracts with the District for its entire staff for its secondary and elementary programs. Reimbursement from the Charter for the certificated and classified staffing that serves students enrolled in the Charter, is reflected in Other Local Revenue. Roseland School District's Superintendent also serves as the Roseland Charter's Executive Director, and Roseland School District's Chief Business Official also serves as CBO for Roseland Charter School.

State and Federal Economic Outlook

The District receives the bulk of its funding from the State. Additional revenues that support certain restricted programs are funded by the Federal government. Therefore, the financial outlook for the State and Federal governments has a great deal of impact on the District's funding. Economic realities for the state and federal governments have been volatile for the past several years, in large part due to wild swings in the labor market, as well as overall price inflation.

Although overall state revenues are forecasted significantly lower than hoped, the state will likely fund a cost of living increase for the LCFF and other funding streams at the statutory 8.22% rate. In order to fund this increase in revenues, the Governor proposes to cut funds that have already been allocated to public educational agencies – the Arts and Music Instructional Grant and the Learning Recovery Grant. If this were to occur, the Roseland School District, along with all other educational agencies, would be required to eliminate approximately one third to one half of the more than \$3.3M in one-time funds that have already been allocated and budgeted in the District's budget.

This volatility does not mean that there are immediate financial concerns, but the Administration should use caution when considering future plans, as the economic situation may change rapidly.

District Budget Planning Factors

The District utilizes the School Services of California Dashboard to obtain the planning factors associated with projecting revenue and expenditures. These rates include a general cost of living adjustment factor (ie. the "Planning COLA"), as well as the grade span adjusted rates for the per pupil LCFF, lottery and mandatory block grant allocations. Planning factors for STRS/PERS retirement costs are also included.

**SSC School District and Charter School Financial Projection Dashboard
2023-24 May Revision**

This version of School Services of California Inc. (SSC) Financial Projection Dashboard is based on the Governor's 2023-24 May Revision. We have updated the cost-of-living adjustment (COLA), Consumer Price Index (CPI), and other planning factors. We have also updated the Local Control Funding Formula (LCFF) factors. We rely on various state agencies and outside sources in developing these factors, but we assume responsibility for them with the understanding that they are general guidelines.

Revenue: Local Control Funding Formula – Current and Future Years

The State’s funding model for schools, Local Control Funding Formula (LCFF), is intended to provide a funding mechanism that is simple and transparent while allowing Local Education Agencies (LEAs) flexibility in allocating resources to meet local needs. The calculation of LCFF revenue is made using a worksheet called the “LCFF Calculator”. The LCFF Calculator utilized to determine the revenue projections for the 2023-24 Adopted budget is available for review in this report.

LEAs receive additional supplemental and concentration LCFF funds for their unduplicated pupils (students eligible for free/reduced meals, English language learners, and foster youth). The target LCFF supplemental funding is an additional 20% of the target base rate for the school’s percentage of unduplicated pupils. Concentration funding is an additional 65% of the target base rate for the school’s unduplicated pupil count over 55%. Following the adoption of the District’s 2021-22 budget in June 2021, the Concentration funding rate increased from 50% to 65%.

The District’s estimated unduplicated pupil percentage for 2023-24 is 93.48%. This rate has historically been stable.

Revenue: Planning Cost of Living Adjustments (COLA)

The final State Enacted Budget included updated cost of living adjustment (COLA) factors for the budgeted year, as well as the three future years included in the MYP. This value is set by a calculation that is done each year, and typically aligns with other economic indicators that reflect patterns related to inflation. COLAs for the budget year, and the next three years are projected to be as follows:

- 2023-24 – 8.22%
- 2024-25 – 3.94%
- 2025-26 – 3.29%
- 2026-27 – 3.19%

Revenue: Historical Enrollment and Average Daily Attendance

The majority of the District’s funding is based on a per pupil rate for students’ actual Average Daily Attendance (ADA) as reported on the Period 2 Attendance (P-2) report to the state in April. Because student attendance drives our funding, it’s important to estimate enrollment and ADA as accurately as possible. Roseland School District and Roseland Charter School’s attendance rate was typically over 96% of enrollment prior to the COVID-19 pandemic. Per statute, school districts are funded on the best of the ADA numbers for any of the current or prior two years, or the average of those years. (In contrast, Charter schools are only funded on the current year ADA).

The actual ADA for the past several years has varied due to pandemic related quarantine and illness. ADA for the 2022-23 school year was 92% (1346.26 of the total 1459 enrollment), however the District was funded in 2022-23 on ADA of 1424.89 (the best of the past three year's actual ADA.) The projected ADA used for the funding projections for this year and the future years included in the Multi Year Projection is 94.3% of estimated enrollment of 1459. This is an optimistic, but not unrealistic, projection based on the lifting of pandemic related quarantine restrictions. For the 2023-24 school year, this equates to an ADA value of 1369, which is lower than the best of the past several years. As a result, the funded ADA for 2023-24 is 1386.62.

Expenditures: Staffing

Personnel costs include the salary and benefit expenses associated with the certificated and classified union contract agreements that are negotiated for the District, along with the expenses for management and classified/confidential positions. Wage increases for the 2023-24 school year have been negotiated and settled with the REA and CSEA bargaining units; these corresponding cost increases have also been determined for the management/confidential class of employees for the 2023-24 year, as well. All other cost increases for salaries and benefits (ie. step and column, health care costs and pension costs) have been factored into the Adopted Budget for the 2023-24 school year.

Most positions in the Charter are funded by the Local Control Funding Formula, and are reflected in the Local Control Accountability Plan (LCAP). A summary of all positions that align with the LCAP Goals and Actions is provided in a later section of this report.

Additional positions are funded using Restricted Categorical funds, including federal Title funds, and COVID relief funds. Many of these positions are considered to be temporary, as most of these funds (COVID relief) are short-term in nature.

Staffing Expenditures: Multi-Year Projections

Annual cost increases of 2% for step & column salary increases, 1% for health insurance premium increases, and 1% for pension increases are included in the budget and MYP for all staff for all future years.

It is anticipated that some pandemic relief funded positions will be funded in future years using one-time funds that have been received during this year. The revenue for this revenue is reflected in the current year, but then will be carried over into future years in the Charter's ending fund. Because these positions will be funded using one time funds, long term adjustments to Charter staffing will be necessary to ensure that the agency will be able to operate in a balanced budget once the one-time funds expire.

Expenditures: Supply and Service

Instructional materials, supplies, services, and other operating expenses continue to reflect the District's priorities as identified in the 2023-24 proposed Local Control and Accountability Plan (LCAP).

Supply and Service Expenditures: Multi-Year Projections

Due to inflationary pressures, an increase of 1% is added to supplies and services in the multi-year projections.

Contributions to Restricted Program: Special Education, Deferred Maintenance, Title I

The Special Education program expenses for 2023-24 are estimated to be \$4.8M with revenue estimated at just under \$1.5M. The District apportions an additional \$270K of revenues to the Charter School to support their program, as the Charter does not receive any direct Special Education funding. This deficiency of \$3M of revenue over District expenditures is budgeted as a contribution from the unrestricted general fund.

The Deferred maintenance program expenses for 2022-23 are estimated to be \$1.4M, with no revenue. This program is funded from a contribution from the general fund.

The Federal Title I program supports activities that supplement the state funded educational program. The District is budgeted to receive \$228K in Title I funding. The District will contribute \$199K from the general fund to enhance the program's services.

CONCLUSIONS

The Roseland School District is financially solvent and anticipates being able to meet all financial obligations for this and the next two subsequent years, including funding the required minimum reserves. The Administration recommends that the Board of Directors approve a Positive Certification for the proposed 2023-24 Adopted Budget.

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. **STANDARD NOT MET** - Projected P-2 ADA to enrollment ratio is above the standard for one or more of the budget or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation:
(required if NOT met)

The District's ADA to enrollment ratio has declined since the onset of the pandemic. The Administration believes this is due to pandemic related quarantine practices, and that this ratio will return to pre-pandemic levels due to the lifting of the quarantine restriction practices.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

4A. District's LCFF Revenue Standard

Indicate which standard applies:
