5. Other Funds

A. Adult Education – The Adult Education Fund is projected to be solvent resulting from significant staffing reductions.

B. Child Development – The Child Development Fund is projected to be solvent; the deficit amount is related to a restricted balance that will be spent in 2025-26.

C. Cafeteria Fund –The Cafeteria Fund operations will remain financially independent and solvent.

D. Construction Funds – All construction related funds (Fund 21-35 & 40) are projected to remain solvent.

E. Self-Insurance Fund – The Government Accounting Standard Board requires the use of a discounted rate when measuring long-term liabilities, such as claims, judgements, and workers compensation liabilities. For budgeting purposes, the liability central estimate amount based on the actuarial is $8,655,945.

6. Other Comments

The K-12 Budget is facing major state budget issues, the "big three" taxes are projected to be lower by $4.8 billion over the three-year budget window. Personal Income Tax (PIT) is expected to delay revenue as the tax filing extension for Los Angeles County was extended due to the January 2025 wildfires. Other risks to consider include a projected increase in unemployment reducing PIT.

In addition to delayed revenue, proposed cuts to key federal program funding will increase pressure to back fill losses in federal funding with state dollars. Mid-year budget adjustments are expected as the state budget assumptions may not fully account for the unpredictability in federal changes. Proposed 2025-26 federal budget reductions include eliminating Adult Education, Title III and Migrant Education dollars.

Title III funding is a small percentage, but the elimination of these funds will impact school sites. The District has taken a proactive approach by setting aside unrestricted general fund expenditures to provide supplemental services that improve the English language proficiency and academic achievement of English Learners. Other increases in the budget include projected unspent Supplemental and Concentration grant carryover, budgeted in the category of books and supplies, and Special Education costs.

Other key observations include (1) federal and local revenue declines in 2026-27, these declines are related to one-time expiring grants and (2) deficit spending in the out-years indicating budgetary pressures that may necessitate further cuts or increased revenue sources in future years.

In addition to the proposed federal revenue reductions, one of the three main LCFF revenue sources, Proposition 30 which established the Education Protection Account (EPA) expires in five years. Extending the tax rates requires voter approval, if this does not pass, additional pressure will be created on the General Fund. This change may result in substantial revenue decreases. For a sense of perspective, the District is projecting $21,000,000 in EPA revenue in 2025-26 and $20,000,000 in both outyears.

The District previously committed funds through Board action. The funds have been set-aside for the explicit use of special education funding pressures, the District's long term technology procurement plan, liability exposures resulting from recent changes in legislation increasing the schools excess liability insurance costs, curriculum, on-going retirement costs and financial shortfalls resulting from reduced revenues largely caused by declining enrollment.

School districts continue to be inundated with claims following the implementation of AB 218 which increased our liability exposure. Districts must plan for annual increased expenditures as a significant number of claims are being submitted for historic years. The cost may increase until all claims are resolved, and all associated costs paid. Most of the fiscal impact remains within the period of 1986 to 2008, districts are advised to plan until all AB218 claims are closed and accounted for all related costs, the total cost is unknown at this time. The District's additional liability assessment was approximately $2,000,000 ($1,200,000 and $600,000) and may increase.

The District is now faced with a significant level of fiscal uncertainty. The District is projected to meet its reserve, however great caution should be exercised when considering the use of reserves for on-going costs.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

2. Contracted general administrative positions not paid through payroll
   a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.
   b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) — 5.52%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. — 0.00

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. — 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	16,822,396.78
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	219,827.11
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (8.26%) times Part III, Line B19); zero if negative	0.00
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (8.26%) times Part III, Line B19) or (the highest rate used to recover costs from any program (19.67%) times Part III, Line B19); zero if positive	(2,497,155.28)
D. Preliminary carry-forward adjustment (Line C1 or C2)	(2,497,155.28)
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	6.06%
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment ($-1248577.64) is applied to the current year calculation and the remainder ($-1248577.64) is deferred to one or more future years:	6.58%
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment ($-832385.09) is applied to the current year calculation and the remainder ($-1664770.19) is deferred to one or more future years:	6.76%
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	(2,497,155.28)

Approved indirect cost rate: 8.26%

Highest rate used in any program: 19.67%

Note: In one or more resources, the rate used is greater than the approved rate.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.
