

FOR IMMEDIATE RELEASE

Avon Schools Ready to Welcome Students into Expanded and Renovated Learning Spaces

Avon, IN — July 15, 2025

When Avon Community School Corporation opens its doors for the 2025-26 school year, students and staff will return to a transformed learning environment. All major renovation and construction projects across the district—part of Avon’s strategic expansion plan—are now complete, delivering on the promise to accommodate growing enrollment while ensuring the district remains true to its mission that ALL belong, learn, and grow.

These projects were made possible through a collaborative partnership with **Performance Services**, serving as the district’s trusted **design-build partner** for the entire scope.

Meeting Growth with Vision

In response to rapid growth—Avon was Indiana’s third-fastest-growing school district during 2019–2021—the district has undertaken comprehensive facility improvements to support the transition to a K–5 and 6–8 grade configuration. Enrollment has increased by more than 2,200 students since 2010 (when the last new school was opened) and is projected to grow by an additional 500 in the next decade.

These newly completed projects will provide flexible, future-ready learning spaces for years to come:

- **Cedar, Maple, and River Birch Elementary Schools:** New classroom additions to support K–5 transitions.
- **Hickory, Pine Tree, and Sycamore Elementary Schools:** Interior renovations to align with K–5 programming.
- **Evergreen Elementary (AIS East):** A new kindergarten wing to support the updated grade structure.
- **Willow Elementary (AIS West):** Renovations tailored to K–5 transition needs.
- **Avon Middle School North and South:** Expanded and renovated facilities now ready for grades 6–8.
- **Avon Middle School West:** A newly constructed school opening its doors for the first time.
- **Avon High School (AHS):** Renovated and expanded to accommodate 4,000 students.

Financial Stewardship at the Forefront

In an era where school funding often hinges on community referendums, Avon has completed this extensive work without increasing taxes or using referendum dollars. Thanks to prudent financial planning and the retirement of previous debts, the district has financed this expansion at no additional cost to taxpayers. In fact, Avon has reduced its debt service tax rate by 21.3% since 2017.

“We are proud to deliver these much-needed improvements without asking more from our taxpayers,” said Avon Schools Superintendent, Dr. Scott Wyndham. “This is a testament to our long-term financial strategy and commitment to responsible stewardship.”

Community Celebration Events

To celebrate these accomplishments and welcome the community to these updated facilities, Avon Schools will host a series of ribbon-cutting and open house events:

- **July 21**
 - *11:15–Noon*: Avon High School
 - *1:00–2:00 PM*: Evergreen Elementary School (program at 1:00)
 - *1:00–2:00 PM*: Willow Elementary Schools (program at 1:30)
 - *3:00–4:00 PM*: Avon Middle School South
- **July 22**
 - *3:00–5:00 PM*: Avon Middle School West
- **July 23**
 - *10:00–10:30 AM*: Avon Middle School North

Families, community members, and stakeholders are encouraged to attend and explore these new spaces ahead of the first day of school.

A Strong Future Starts Here

With these facility upgrades complete, Avon is well-positioned to deliver high-quality education in a safe, modern, and spacious environment. The district remains committed to planning for future growth while supporting academic excellence and community engagement.
