Refill Amount

The "Refill Amount" is the dollar amount to be refilled into your family's Food Service account

Low Balance Threshold

The "Low Balance Threshold" is the dollar amount your family's Food Service account needs to go below in order to trigger the auto-refill payment

☐ Upon completion, you authorize regularly scheduled charges to your Credit Card or Bank Account. You will be charged the amount indicated. A receipt for each payment will be provided to you and the charge will appear on your Credit Card or Bank Account Statement. You agree that no prior-notification will be provided unless the date or amount changes, in which case you will receive notice from us at least 10 days prior to the payment being collected. I understand that this authorization will remain in effect until I cancel it. If the payment dates fall on a weekend or holiday, I understand that the payments may be executed on the next business day. For ACH debits to my checking/savings account, I understand that because these are electronic transactions, these funds may be withdrawn from my account as soon as the selected transactions process on the selected transaction dates. In the case of an ACH Transaction being rejected for Non-Sufficient Funds (NSF) I understand that the merchant may at its discretion attempt to process the charge again within 30 days, and agree to an additional \$25.00 charge for each attempt returned NSF which will be initiated as a separate transaction from the authorized recurring payment. I acknowledge that the origination of ACH transactions to my account must comply with the provisions of U.S. law. I certify that I am an authorized user of this credit card/bank account and will not dispute these scheduled transactions with my bank; so long as the transactions correspond to the payments plans selected in the following auto payment configuration.
