

Acceptable Use Agreement

The Charter School Governing Board believes that providing access to technology enhances the educational experience for students. However, student use of Charter School computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:
 - a. Safeguard all personal passwords. Students should not share passwords with others and should change passwords frequently. Students are expected to notify an administrator immediately if they believe their student account has been compromised.
 - b. Access technology only with their account or with a shared account as directed by their teacher and not to allow others to use their account or to use the accounts of others, with or without the account owner's authorization.
2. **Authorized Use.** Students may use Charter School technology resources when directed by a teacher, when technology has been designated for open student use (e.g., computers in the library), and for other educational purposes.
3. **Protection Measures.** While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff, employees, officers, directors or volunteers shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence. The student and parent/guardian agree not to hold the Charter School or any Charter School staff, employees, officers, directors or volunteers responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence. They also agree to indemnify and hold harmless the Charter School, Charter School staff, employees, officers, directors and volunteers for any damages or costs incurred. Parents/guardians are required to supervise and monitor their child's use of Charter School equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any Charter School equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.
4. **Inappropriate Use.** Charter School technology, hardware, software and bandwidth are shared and limited resources and all users have an obligation to use those resources responsibly. Students are provided access to the Charter School technology primarily for educational purposes. Students shall not use Charter School technology or equipment for personal activities or for activities that violate Charter School policy or local law. These include but are not limited to:
 - a. Playing games or online gaming.

 - j. Disabling, bypassing, or attempting to disable or bypass any system monitoring, filtering or other security measures.
 - k. Accessing or attempting to access material or systems on the network that the student is not authorized to access.
- 5. No Expectation of Privacy.** Student acknowledges that computer equipment, Internet access networks, email accounts, and any other technology resources are owned by Charter School and provided to students for educational purposes. The Charter School may require staff to monitor and supervise all access to computer equipment, Internet access networks, and email accounts. To facilitate monitoring of activities, computer screens may be positioned so that they are visible to the staff member supervising the students. The Charter School reserves the right to access stored computer records and communications, files, and other data stored on Charter School equipment or sent over Charter School networks. Such communications, files, and data are not private and may be accessed during routine system maintenance; during inspection of Charter School equipment at the end of the school year/term or agree to use period; and review of individual files or monitoring of individual activity when there is a reasonable suspicion that the student is engaging in an inappropriate use.
- 6. Disruptive Activity.** Students should not intentionally interfere with the performance of the Charter School's network or intentionally damage any Charter School technology resources.
- 7. Unauthorized Networks.** Students may not create unauthorized wireless networks to access the Charter School's network. This includes establishing wireless access points, wireless routers and open networks on personal devices.
- 8. Consequences of Inappropriate Use.** Students who violate this Agreement will be subject to discipline, which may include loss of access to Charter School technology resources and/or other appropriate disciplinary or legal action in accordance with the Student Code of Conduct and applicable laws.
- 9. Technology Systems/Equipment Care.** Students are not permitted to have food or drink near computers/other technology and must keep equipment and assigned areas free of vandalism.

After reading the Student Use of Technology Policy and the Acceptable Use Agreement, please complete this form to indicate that you agree with the terms and conditions provided. The signature of both the student and parent/guardian are mandatory before access may be granted to the technologies available. This document, which incorporates the Use Procedure, reflects the entire agreement and understanding of all parties. Charter School encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

I understand that computer use is a privilege and not a right. I understand that students who violate this policy in any way will be subject to a referral and possible suspension or expulsion. I understand that if a student willfully damages Charter School's property, including but not limited to Charter School's technology, equipment and networks, or fails to return Charter School's property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct up to an amount not to exceed ten thousand dollars (\$10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid or the property has been returned. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades, transcripts and diploma will be released. When the minor and parent are unable to pay for the damages, the Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. A student over the age of majority shall be liable for the same. (Ed. Code § 48904).
