Annual Integrated Pest Management Notice
For School Year 2025– 2026

Dear Parent, Guardian, or Staff Member:

This notice is being distributed to comply with the New Jersey School Integrated Pest Management Act. Southampton School District has adopted an Integrated Pest Management (IPM) Policy and has implemented an IPM Plan to comply with this law. IPM is a holistic, preventive approach to managing pests that is explained further in the school's IPM Policy included with this notice.

All schools in New Jersey are required to have an Integrated Pest Management Coordinator (IPM Coordinator) to oversee all activities related to IPM and pesticide use at the school.

The IPM Coordinator for [Southampton Township Schools] is:Facilities Manager

Name of IPM Coordinator: Bruce Stranahan

Business Phone number: (609)-859-2256 ext 162

Business Address: 100 Miss Mabel Drive

The IPM Coordinator maintains the pesticide product label, and the Safety Data Sheet (SDS) (when one is available), of each pesticide product that may be used on school property. The label and the MSDS are available for review by a parent, guardian, staff member, or student attending the school. Also, the IPM Coordinator is available to parents, guardians, and staff members for information and to discuss comments about IPM activities and pesticide use at the school.

As part of a school pest management plan Southampton School Ditrict may use pesticides to control pests. The United States Environmental Protection Agency (EPA) and the New Jersey Department of Environmental Protection (DEP) register pesticides to determine that the use of a pesticide in accordance with instructions printed on the label does not pose an unreasonable risk to human health and the environment. Nevertheless, the EPA and the DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible, persons who are potentially sensitive, such as pregnant women, infants and children, should avoid unnecessary pesticide exposure.

List of Pesticides used during the year

- Barricade 4L Herbicide: EPA Reg. #'s 100-1139 Pre-Emergent for Crabgrass
- Fluroxpyr/VISTA EPA Reg. #'s 62719-586 Broadleaf Weed Control
- Finale EPA Reg #'s 432-1229 Herbicide
- Envoy Plus EPA Reg #'s 59539-132 Broadleaf Weed Control
- Dismiss EPA Reg. #'s 279-3295 Nutsedge
- Drive XLR8 EPA Reg.#'s 7969-272 Herbicide
- Barricade 19-0-5EPA Reg. #'s 100-1456-82757 Crabgrass
