Stay Connected Using ParentVUE and StudentVUE

ParentVUE is a web portal that allows parents to access real-time information related to their student's education progress. Parents/Guardians can view their student's attendance, grades, assignments, and more. ParentVUE offers a single sign-on to view school information for all enrolled students, regardless of their grade level or school of attendance. ParentVUE is also used at the start of each school year to verify student and parent/guardian contact information.

Don't yet have a ParentVUE account?
If you have not yet set up a ParentVUE account, the first step is to obtain a ParentVUE Activation Key from your student's school. Once school is back in session, contact your student's school via phone or email and request an activation key. Once you have obtained an activation key, go to this linked website and follow the instructions for creating a ParentVUE account:
https://www.hsd.k12.or.us/for-families/parentsguardians/parentvuestudentvue

Already have a ParentVUE account but forgot your password?
If you already have a ParentVUE account, but have forgotten your password, go to the ParentVUE login page here: https://myvue.cascadetech.org/hillsboro/PXP2_Login.aspx and click the "Reset Password" link on the ParentVUE login page. Sometimes accounts become disabled due to incorrect login attempts or other security reasons. To reactivate your account, call your student's school.

Is ParentVUE in multiple languages?
Yes! ParentVUE can be viewed in English or Español. Click on the English or Español link in the lower right corner of the login screen to change language.

What is StudentVUE and how does my student access it?
StudentVUE allows students to access their class schedule, assignments, grades, and more. Students access StudentVUE using their school username and password. If your student is new to the district, they will be issued their username and password once school has started.

What is Online Registration/Verification and why is it important?
The Family Income Survey can be completed for a reduction in some district fees. Also, the completion of the Digital Resources Permission form is required for your student to use various digital resources. Login to your ParentVUE account, open Online Registration, then select the Verification option to review and update your family information. You can access Online Registration/ Verification in both the web and mobile app versions of ParentVUE. Instructions:
https://www.hsd.k12.or.us/for-families/parentsguardians/parentvuestudentvue/online-verification
