Recommended Motion:

I recommend that the Board of Directors approve the bid from Dairy Fresh for milk products.

Action Required:

Gender-Inclusive Schools

The board believes in fostering an educational environment that is safe and free of discrimination for all students, regardless of gender expression, gender identity, or sex. To that end, the board recognizes the importance of an inclusive approach toward transgender and gender-expansive students with regard to key terms, communication and the use of names and pronouns, student records, confidential health and education information, communication, restroom and locker room use and accessibility, sports and physical education, dress codes, and other school activities, in order to provide these students with an equal opportunity for learning and achievement.

This policy is a component of the district's responsibility to create and maintain a safe, civil, respectful and inclusive learning community and will be implemented in conjunction with comprehensive training of staff and volunteers. Specific training requirements are included in the accompanying procedure. The superintendent will appoint a primary contact to receive copies of all formal and informal complaints and ensure policy implementation. The name and contact information for the compliance officer will be communicated throughout the district. The district compliance officer will participate in at least one mandatory training opportunity offered by OSPI.

This policy and its procedure will support that effort by facilitating district compliance with local, state and federal laws concerning harassment, intimidation, bullying, and discrimination. **Anyone may file a complaint alleging a violation of this policy using the appropriate complaint process outlined in the Sexual Harassment of Students Prohibited Policy 3205 or the Nondiscrimination Policy 3210.**

Civility in the Workplace

The _____ board believes that a safe, civil environment of mutual respect and orderly conduct contributes to a quality educational environment. Conversely, uncivil conduct, similar to other forms of disruptive behavior, may interfere with an employee's ability to accomplish their work and a school's ability to educate its students.

The board of directors commits the district in its entirety to the core value of mutual respect for each person regardless of individual differences or characteristics. The district expects this value to be manifested in the daily behavior of all constituents. When differences exist, stakeholders will use clear, concise, and courteous communication with the goal of arriving at a goodwill solution. Uncivil conduct on district property or at district-sponsored activities by school directors, staff, parents, volunteers, contractors, or visitors is prohibited.

Expectations of Stakeholders (Board of Directors, Employees, Parents, Volunteers, Contractors, and Visitors)

In support of this policy, the board of directors expects its members and all stakeholders to:

- Treat each other and students with dignity and respect;
- Exercise reasonable, good judgment in handling interpersonal disputes;
- Exercise respect, courtesy, and concern for the dignity and cultural background of others;
- Refrain from use of abusive language;
- Model respectful problem-solving;
- Reduce actions or behaviors that might provoke fear, anger, frustration, or alienation;
- Use clear, concise, and courteous oral and written communication to arrive at goodwill solutions;
- Extend common courtesy to others such as saying please and thank you;
- Practice civility in all conversations and behavior;
- Be respectful of others even when in a disagreement;
- Address incivility when it is observed; and
- Seek to understand others' points of view and cultural perceptions.

Definition of Uncivil Conduct

For the purposes of this policy, "uncivil conduct" includes but is not limited to, the following:

- Using vulgar, obscene or profane gestures or words;
- Using insulting or disrespectful nonverbal behaviors toward or in connection with another;
- Taunting, jeering, or inciting others to taunt or jeer an individual;
- Raising one's voice at another individual, and/or repeatedly interrupting another individual who is speaking;
- Using personal epithets or slurs,
- Gesturing or behaving in a manner that puts another in fear for his/her personal safety, including invading the personal space of an individual after being directed to move away, physically blocking an individual's exit from a room or location, or remaining in a classroom or school area after a teacher or administrator in authority has directed one to leave, or other similar disruptive conduct.

"Uncivil conduct" does not include the expression of controversial or differing viewpoints that may be offensive to some persons, so long as (1) the ideas are presented in a respectful manner and at a time and place that are appropriate, and (2) such expression does not materially disrupt, and may not be reasonably anticipated to disrupt, the educational process. Nor does "uncivil conduct" include regular supervisory-

subordinate interactions, including but not limited to, corrective action, discipline, unsatisfactory evaluations, plans for improvement, or probation.

Addressing Uncivil Conduct

Stakeholders are expected to:

- Calmly and politely caution or warn any speaker who is engaged in uncivil conduct. If the conduct does not cease, politely end the conversation;
- Attempt to resolve differences with another employee first in a private conversation. If that is not feasible or successful, request an appropriate administrator to conduct a private conference with all parties of concern;
- Resolve personal complaints or grievances with a supervisor's decision or action by requesting a problem-solving conference with the supervisor or with the administrator's supervisor.
- Persons who observe or experience uncivil behavior have an obligation to intervene, share their reflection with the offender about the impact of that behavior, or report the uncivil behavior to a supervisor.
- Supervisors have an obligation to address reports of uncivil behavior.

Employees who engage in uncivil behavior may be subject to corrective action or discipline. Retaliation for reporting allegations will result in discipline.
