

Student Digital Resource Survey for Parents

To the Parent/Guardian of a Barker Central School District Child,

Collecting accurate data regarding digital resource access for our New York students will greatly help educators to better serve their students and families. In order to accomplish this, the New York State Education Department is asking parents or guardians to complete a Digital Equity survey (for each student in the family) in grades Kindergarten through Grade 12. This survey will provide information on student access to devices and internet access in their places of residence. To assist us in this process, please answer each question below and follow any additional instructions provided for submitting or returning the survey.

Thank you for your time and cooperation.

Please fill out a separate form for each child in your household attending Pratt Elementary School or Barker Junior/Senior High School. Please call Christian Cornwell (716-795-3388) with any questions or if you are unable to complete the survey.
