

2024 Barker Field Hockey Fall Youth Field Hockey Clinic

The Barker Field Hockey program will offer a clinic, open to all girls in going into grades 3-6. The clinic, run by Barker Field Hockey players and coaches, will give these young athletes the opportunity to learn how to play field hockey and develop their skills. All clinic participants will receive a clinic shirt. Please make checks payable to Barker Field Hockey.

Location:

The clinic will start each evening on the grass Modified Field Hockey near the concession stand, then transition to the turf as it becomes available. In the event of poor weather conditions, we will move into the High School gym.

Dates & times:

Wednesday September 4th, Wednesday September 11th, Wednesday September 18th and Tuesday September 24th. The clinic will be held from 5:30pm-7pm. We are also inviting all our youth campers to line up on the field during player introductions at our homecoming game on Friday, September 27th. This will take place after the homecoming parade that evening. More information will be provided when available.

Cost: \$25. All checks must be made payable to Barker Field Hockey.

What you must provide:

Mouth guard, shin guards, cleats/sneakers, comfortable and temperature appropriate clothing for outdoor and indoor athletic activity, an old sock to put on the stick to protect the gym floor in case we are indoors, water bottle (suggested). Participants should be prepared to play outside and in the gym each week depending on the weather conditions. Light rain and cold doesn't mean we will move indoors. Our plan is to be outside as much as possible. Cleats cannot be worn in the gym so be sure to have sneakers available. You cannot play in sandals, socks or go barefoot.

What we will provide:

Sticks, although if you have your own you are welcome to bring it. We will also provide balls. Please DO NOT bring your own ball.

Registration deadline: Please complete the registration form below and return it to the Pratt Elementary Office with your \$25 payment by **8:30am Tuesday, August 6th**. Please contact me with any questions.
