

Owl Prowl

Barker Nature Trail

Meet at maintenance garage by tech/art wing

Saturday - March 2nd - 6-8pm

Barker Student Conservation Club

Join **Barker's Conservation Club** for a sunset/twilight walk along the school's nature trail as we look/listen for **Eastern Screech Owls**, **Short-eared Owls**, and **Great Horned Owls**. Though elusive by day, these owls are much easier to hear and see after the sun goes down. Screech Owls can often be prompted to call back and even fly in to give participants very close looks at everyone's favorite raptor!

Help support the **Conservation Club** by joining us on this unique opportunity to see wild owls!

Ages 8+ welcome

Suggested donations are \$10/adult and \$5/child (ages 8-15)

Space is limited to 15 participants

RSVP to Joel Strong: (727) 519-4043; jstrong@barkercsd.net
