Dear Parent/Guardian/Pupil:

California Education Code section 48980 requires that, at the beginning of the first semester or quarter of the regular school term, the governing board of each school district must notify parents/guardians of a minor of their rights or responsibilities under certain provisions of the Education Code. Other provisions of California and United States law also require notification of parents/guardians.

Education Code section 48982 requires that acknowledgment of this notice be signed by the parent/guardian and returned to your child's school. Your signature on this notice is an acknowledgment that you have received the notice and have been informed of your rights, but the signature does not indicate that consent to participate in any particular program has been either given or withheld.

During the online registration confirmation, you will be asked for a digital signature to complete the notification process. If you are unable to complete online registration, please visit your school site for assistance with registration.

California and federal law require certain other notices in the event that specific circumstances should arise, affecting your child's education and attendance at school. If any such circumstances should arise, the District will provide notice as required by law.

A MESSAGE FROM OUR SUPERINTENDENT

August 2025

Dear Orange Unified Families and Community,

It is with deep joy and a profound sense of responsibility that I welcome you to the 2025–2026 school year in the Orange Unified School District.

I believe in the power and possibility of every child. This belief—rooted in my lived experiences and professional journey—guides my leadership and daily commitment to ensuring every scholar in Orange Unified is seen, valued, and supported in achieving their full potential.

As an educator with over 30 years of experience, I have had the privilege of serving as a teacher, principal, program director, and district leader. These experiences have strengthened my unwavering commitment to educational equity, academic excellence, and the transformative power of strong, collaborative relationships between schools and the communities they serve.

This handbook is more than a guide—it is an essential resource that contains vital information, policies, and procedures to help us all collaborate as a unified school community. I encourage every family and caregiver to review it carefully and refer to it throughout the year.

I want you to know that your voice matters, your engagement matters, and together, we can ensure every school is a thriving community of learning, belonging, and possibility. As a proud parent myself, I understand the hopes families have for their children. I carry those hopes with me every day as your superintendent.

This section addresses the use of the District's electronic network. This portion of the handbook is a user agreement that is currently in effect. Please read this section in its entirety. The terms of this agreement are clearly stated at the end of this section. The District provides open access to local, national, and international sources of information and collaboration vital to intellectual inquiry in a democracy. In defining the Internet's resources as an extension of the library, this network subscribes to the Library Bill of Rights, which states, that "A person's right to use a library should not be denied or abridged because of origin, age, background or views."

In return, every District user has the responsibility to respect and protect the rights of every user in our community and on the Internet. Account holders are expected to act in a responsible, ethical, and legal manner, in accordance with the missions and purposes of the networks they use on the Internet and the laws of the states and the United States. Users will be provided with a school atmosphere and procedures of user control that will ensure a suitable learning environment, and all users will learn to act as responsible and productive citizens with respect for civil rights and the role of the individual in a democracy. Individuals using these systems are subject to having all activities on these systems monitored by system or security personnel. Anyone using these systems expressly consents to such monitoring. and should not expect that email, files, or data stored on District servers, devices, and applications will be private. Prosecution and/or account termination will occur without warning. Pupils who choose to violate this policy may be disciplined, up to and including suspension or expulsion.

As indicated, please read this entire document, and decide if you want to agree for your son/daughter to have internet access and agree to have your student's work published on the web server. For further information, please request BP 6163.4(a), Pupil Use of Technology, from the school office.

18. Pupils who choose to violate proper computer and network usage will face disciplinary consequences that may include suspension and possible expulsion from the District.

Advisement
It is possible for all users of the Internet to access information that is intended for adults. Although the District has taken all reasonable steps to ensure the Internet connection is used only for purposes consistent with the curriculum, the District or school cannot prevent the availability of material elsewhere on the Internet that may be deemed harmful. The District reserves the ability to employ data decryption on district provided internet connections to comply with the Child Internet Protection Act (CIPA).

Computer security cannot be perfect. It is likely that a determined user can make use of computer resources for inappropriate purposes. The District believes that the benefits to staff and pupils from access to the Internet, in the form of information resources and opportunities for collaboration, far exceed any disadvantages of access. Ultimately, the parent(s) and guardian(s) of minors are responsible for setting and conveying the standards that their child or ward should follow. To that end, the District supports and respects each family's right to decide whether to agree to Internet access.

Application for Internet Access
Use of the Internet is a privilege that may be revoked at any time. School computer systems are for use by authorized individuals only. Any unauthorized access to these systems is prohibited and is subject to criminal and civil penalties under Federal Laws (including, but not limited to the Counterfeit, Access Device and Computer Fraud and Abuse Act of 1984, Title 48, United States Code [USC] Sections 1029 and 1030). Individuals using these systems are subject to having all activities on these systems monitored by system or security personnel. Anyone using these systems expressly consents to such monitoring. Prosecution and/or account termination will occur without warning.

Dear Parent or Guardian:

As a parent or guardian, we know how important your child's health is to you. That's why we want to share information about human papillomavirus (HPV) and an effective way to protect your child from the cancers it can cause through immunization.

What is HPV?

HPV is a very common virus that 8 out of 10 people will get at some point in their lifetime. Some HPV infections can lead to cancer later in life.

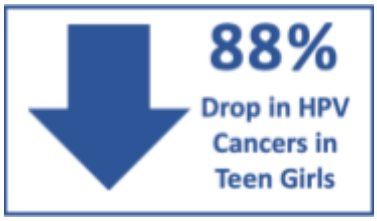

HPV is estimated to cause about 37,000 cases of cancer in men and women every year in the U.S. – that's the same as the average attendance for a major league baseball game!

Only cervical cancer, one of the cancers caused by HPV, can be detected early with a Pap test. The other cancers caused by HPV (cancers of the throat, genitals, or anus) may not be detected until they are more serious. HPV vaccination prevents infections that cause these cancers.

How can I protect my child from HPV?

HPV vaccination can prevent over 90% of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks. With more than 135 million doses given in the U.S. since 2006, HPV vaccine has a long safety record that's backed by over 15 years of monitoring. Common side effects are mild and get better within a day or two. These include pain, redness, or swelling where the shot was given, similar to other vaccines.

HPV vaccination works extremely well. Since HPV vaccination was first recommended in 2006, infections with HPV types that cause most HPV cancers have dropped 88% among teen girls and 81% among young adult women.

Vaccination against HPV is recommended by the federal Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians. It's also recommended by the American Cancer Society and California's Cancer Prevention Act.

Who should get the vaccine and when should they get it?

Because the vaccine is more effective when given at younger ages, two doses of HPV vaccine are recommended for all kids between the ages of 9 to 12 years, and the second dose should be given before the start of 8th grade.

(Kids who wait until later to get their first dose of HPV vaccine may need three doses.) The HPV vaccine is often given at the same time as other adolescent vaccines, like Tdap to prevent whooping cough and meningococcal vaccine to prevent bacterial meningitis.

Where can I get the HPV vaccine for my child?

Ask your health care provider, pharmacist, or local health department to learn more about HPV vaccine and where you can get it. The vaccine is covered by most health insurance plans. If you don't have health insurance, your child can still get vaccinated. The Vaccines for Children (VFC) Program offers free vaccines to children up to age 18 years without insurance or whose insurance does not cover the cost of vaccines.

Ask your healthcare provider or local health department about VFC, or learn more here. Find doctors participating in VFC in your area.

For more information on HPV, the vaccine, and cancer prevention, visit the Centers for Disease Control and Prevention.

NOTICE OF ALTERNATIVE SCHOOLS

California Education Code Section 58501

The following notice must be sent along with the Notification to Parents and Guardians required by EC § 48980. Further, a copy shall be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

(a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.

(b) Recognize that the best learning takes place when the student learns because of his/her desire to learn.

(c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or part from a presentation by his/her teachers of choices of learning projects.

(d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.

(e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records maintained by the school. These rights transfer to the eligible student when he/she reaches the age of 18 or attends a school beyond the high school level.

   Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

   Parents or eligible students who wish to ask the school to amend their child's or their education record should write the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education records. However, FERPA permits schools to disclose those records, without consent, to the following parties or under the following conditions:

   - School officials with legitimate education interest;
   - Other schools to which a student is transferring;
   - Specified officials for audit or evaluation purposes;
   - Appropriate parties in connection with financial aid to a student;
   - Organizations conducting certain studies for or on behalf of the school;
   - Accrediting organizations;
   - To comply with a judicial order or lawfully issued subpoena;
   - Appropriate officials in cases of health and safety emergencies; and
   - State and local authorities, within a juvenile justice system, pursuant to specific State law.

   A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public private school attended by the student. However, schools must inform parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. School official must notify parents and eligible students annually of their rights under FERPA. The actual means of notification is left to the discretion of each school.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

District Transfers

Laws regarding intradistrict and interdistrict transfers.

Policies regarding intradistrict/open enrollment and interdistrict/reciprocal agreement transfers are the responsibility of each local district governing board and are not within the jurisdiction of the California Department of Education (CDE). Each local district governing board has ultimate authority over general education processes such as district transfers. Parents/guardians shall work with their local school district administration to share their concerns and to determine what local processes their district has in place regarding district transfers. Contact information for California public schools, private schools, nonpublic and nonsectarian schools, County Offices of Education, and school districts can be found on the CDE California School Directory Web page (https://www.cde.ca.gov/schooldirectory).

California law requires school districts to provide an education to any student who resides within the district's attendance area. Although students have the right under California law to a free, public education, the law does not guarantee that a student can attend the school of his or her choice, or even the neighborhood school.

California's educational system relies on local control for the management of school districts on the theory that those closest to the problems and needs of each individual district are the best able to make appropriate decisions on behalf of the district. In allocating their resources among the schools of the district, school district governing boards and district administrators must follow the law, but they also have the additional task of setting the educational priorities for their schools and weighing the importance and urgency of all of their education needs.

The following options are available as further detailed below:

- District of Choice
- Intradistrict Transfer
- Interdistrict Transfer/Reciprocal Agreement
- Interdistrict Transfer Because of Parent Employment/Allen Bill
- District Transfers and Transportation
- School Choice

District of Choice

In 2017, the state budget act significantly changed the requirements for districts that elected to participate in the school District of Choice program. The new requirements are outlined in California Education Code (EC) sections 48300 through 48316. Under these new provisions, the District of Choice determines the number of transfer students it is willing to accept and must ensure that students admitted are selected through a random, unbiased process. The admissions process prohibits an evaluation of whether or not the student should be enrolled based on his or her academic or athletic performance, physical condition or proficiency in English. For more information, visit the CDE's District of Choice web page (https://www.cde.ca.gov/sp/eo/dc/index.asp).

Intradistrict Transfer

An intradistrict transfer/open enrollment is when parents/guardians wish to register/admit/enroll their student(s) at a school other than the designated school that is in their attendance area **within** their district.

California Education Code section 35160.5(b) permits parents to indicate a preference for the school which their child will attend, irrespective of the child's place of residence **within** the district, and requires the district to honor this parental preference if the school has sufficient capacity without displacing other currently enrolled students.

Districts are encouraged to give preference to siblings attending the same school and to consider the location of parents' places of employment or established child care arrangements in determining enrollment priority. Districts are allowed to make case-by-case exceptions in order to ameliorate harmful or dangerous situations.

Interdistrict Transfer/Reciprocal Agreement

*An interdistrict transfer/reciprocal agreement is when parents/guardians wish to register/admit/enroll their student(s) at a school other than the designated school that is in their attendance area **outside** of their district.*

California Education Code sections 46600–46610 permits parents/guardians to request an interdistrict transfer/reciprocal agreement. The fundamental basis for this provision is the signing of an agreement between districts. Interdistrict transfer/reciprocal agreement must be approved by both the student's original district of residence and the district to which the student seeks to transfer to. Both districts must approve the agreement before it becomes valid. The agreement may extend for a maximum of five consecutive years and may include terms or conditions. It is within the authority of either the home district or the receiving district to revoke an interdistrict transfer/reciprocal agreement at any time for any reason the local board or district superintendent deems appropriate.

If a request for an interdistrict transfer/reciprocal agreement is denied, the student's parents/guardians may file an appeal to the county office of education in the student's district of residence within 30 days of receipt of the official notice of denial of the transfer.

Interdistrict Transfer Because of Parent Employment/Allen Bill

California Education Code section 48204(b) permits a school district to deem a pupil to have complied with the residency requirements for school attendance in the district if at least one parent/guardian of the pupil is physically employed within the boundaries of that district. Once admitted to residency, the pupil's transfer may be revoked only if the parent ceases to be employed within the boundaries of the district. As a resident, the student does not have to re-apply for the transfer to be valid.

District Transfers and Transportation

California Education Code Section 41850 provides annual funding to district for home-to-school transportation and special education transportation. Reimbursements are made to districts on a cost-per-mile traveled basis. However, participation in the home-to-school transportation program is wholly voluntary and some districts do not provide these services. Districts may choose to assess a fee for home-to-school transportation.

School Choice

Under the Every Student Succeeds Act (ESSA) section 1111(d)(1)(D), for schools identified for comprehensive support and improvement (CSI), the local educational agency (LEA) may provide all students enrolled in the school with the option to transfer to another public school served by the LEA, unless such an option is prohibited by State law. (ESSA section 1111(d)(1)(D)(i))
In providing students the option to transfer to another public school, the LEA shall:

- Give priority to the lowest achieving children from low-income families, as determined by the local educational agency for purposes of allocating funds to schools under section 1113(c)(1) (ESSA Section 1111(d)(1)(D)(ii));
- Ensure that a student who transfers to a school in the LEA that is not identified for CSI enroll in classes and other activities in the public school in the same manner as all other students in the school (ESSA Section 1111(d)(1)(D)(iii));
- Permit a student who transfers to another public school in the LEA that is not identified for CSI to remain in that school until the student has completed the highest grade in that school (ESSA Section 1111(d)(1)(D)(iv)).

The public school choice (Choice) program under the No Child Left Behind (NCLB) was phased out in the 2017-18 school year due to the implementation of the ESSA. However, LEAs are still required to provide transportation to students who transferred to non-program improvement schools under the NCLB Choice program and allow such students to remain in the schools of choice until they complete the highest grade level in that school.

Additional information is located on the Title I, Part A School Choice web page (https://www.cde.ca.gov/sp/sw/t1/schoolchoice.asp).

§ 48205. Excused absence; Completion of missed assignments and tests; Effect on state apportionment payments

(3) For purposes of having medical, dental, optometrical, or chiropractic services rendered.

(4) For purposes of attending the funeral services or grieving the death of either a member of the pupil's immediate family, or of a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family, so long as the absence is not more than five days per incident.

(5) For purposes of jury duty in the manner provided for by law.

(8) For purposes of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.

(9) For purposes of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment. Firearms Safety Memorandum

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students in the **Orange Unified School District** of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. **These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.**

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; **or** (3) unlawfully brandishes the firearm to others.[1]
    - **Note:** The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.

- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm.[2]

- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions

[1] See California Penal Code sections 25100 through 25125 and 25200 through 25220.

from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.[3]

- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.[4]

Note: Your county or city may have additional restrictions regarding the safe storage of firearms. You can find additional information on the California Department of Justice website at https://oag.ca.gov/firearms/tips.

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

Community Relations

Civility

The Governing Board recognizes the impact that civility has on the effective operation of the district, including its role in creating a safe and positive school climate and enabling a focus on student well-being, learning, and achievement. The Board believes that each person should be treated with dignity and respect in their interactions within the school community.

The First Amendment provides robust protection of speech and expression, as set forth in Federal and California state court precedent. Consistent with that precedent, the Board expects that speech and expression will comport with norms of peaceful, non-violent, and civil behavior on district grounds, in district facilities, during district activities or events, and in the use of district electronic/digital systems and platforms. Civil behavior is that which comports with the rule of law, rules, and policies of the board, and is reasonable, appropriate, courteous, and respectful of others.

The Board and district staff shall model civil behavior as an example of behavior that is expected throughout the district. Practices that promote civil behavior include actively listening, giving full attention to the speaker, and refraining from interruptions; welcoming and encouraging participation, input, and feedback through stakeholder engagement; promptly responding to concerns; and allowing varying and diverse viewpoints. Such practices may be incorporated into governance standards adopted by the Board or Superintendent and/or professional standards or codes of conduct for employees as specified in district policies and regulations.

Students, staff, parents/guardians, and community members should be educated in the recognition, development, and demonstration of civil behavior. The Superintendent or designee may incorporate related concepts in the curriculum, provide staff development activities, and/or communicate this policy to the school community.

Students, staff, parents/guardians, and community members shall not communicate or behave in a manner that causes disruption; hinders the orderly conduct of district operations, the educational program, or any other district program or activity; or creates an unsafe learning or working environment. The Superintendent or designee may respond to disruptive, violent, or threatening behavior in accordance with law and as specified in BP/AR 3515.2 - Disruptions.

Behavior by students or staff that is discriminatory, harassing, or intimidating, including sexual harassment, bullying, and/or hate violence or behavior that is in any other way unlawful, is prohibited and is subject to discipline in accordance with law and as specified in district policy and regulations.

PRESCRIPTION OPIOIDS: WHAT YOU NEED TO KNOW

Prescription opioids can be used to help relieve moderate-to-severe pain and are often prescribed following a surgery or injury, or for certain health conditions. These medications can be an important part of treatment but also come with serious risks. It is important to work with your health care provider to make sure you are getting the safest, most effective care.

WHAT ARE THE RISKS AND SIDE EFFECTS OF OPIOID USE?

Prescription opioids carry serious risks of addiction and overdose, especially with prolonged use. An opioid overdose, often marked by slowed breathing, can cause sudden death. The use of prescription opioids can have a number of side effects as well, even when taken as directed:

- Tolerance—meaning you might need to take more of a medication for the same pain relief
- Physical dependence—meaning you have symptoms of withdrawal when a medication is stopped
- Increased sensitivity to pain
- Constipation
- Nausea, vomiting, and dry mouth
- Sleepiness and dizziness
- Confusion
- Depression
- Low levels of testosterone that can result in lower sex drive, energy, and strength
- Itching and sweating

As many as **1 in 4** PEOPLE*

receiving prescription opioids long term in a primary care setting struggles with addiction.

* Findings from one study

RISKS ARE GREATER WITH:

- History of drug misuse, substance use disorder, or overdose
- Mental health conditions (such as depression or anxiety)
- Sleep apnea
- Older age (65 years or older)
- Pregnancy

Avoid alcohol while taking prescription opioids. Also, unless specifically advised by your health care provider, medications to avoid include:

- Benzodiazepines (such as Xanax or Valium)
- Muscle relaxants (such as Soma or Flexeril)
- Hypnotics (such as Ambien or Lunesta)
- Other prescription opioids

KNOW YOUR OPTIONS

Talk to your health care provider about ways to manage your pain that don't involve prescription opioids. Some of these options **may actually work better** and have fewer risks and side effects. Options may include:

- Pain relievers such as acetaminophen, ibuprofen, and naproxen
- Some medications that are also used for depression or seizures
- Physical therapy and exercise
- Cognitive behavioral therapy, a psychological, goal-directed approach, in which patients learn how to modify physical, behavioral, and emotional triggers of pain and stress.

Be Informed!

Make sure you know the name of your medication, how much and how often to take it, and its potential risks & side effects.

IF YOU ARE PRESCRIBED OPIOIDS FOR PAIN:

- Never take opioids in greater amounts or more often than prescribed.
- Follow up with your primary health care provider within ____ days.
  - Work together to create a plan on how to manage your pain.
  - Talk about ways to help manage your pain that don't involve prescription opioids.
  - Talk about any and all concerns and side effects.
- Help prevent misuse and abuse.
  - Never sell or share prescription opioids.
  - Never use another person's prescription opioids.
- Store prescription opioids in a secure place and out of reach of others (this may include visitors, children, friends, and family).
- Safely dispose of unused prescription opioids: Find your community drug take-back program or your pharmacy mail-back program, or flush them down the toilet, following guidance from the Food and Drug Administration (www.fda.gov/Drugs/ResourcesForYou).
- Visit www.cdc.gov/drugoverdose to learn about the risks of opioid abuse and overdose.
- If you believe you may be struggling with addiction, tell your health care provider and ask for guidance or call SAMHSA's National Helpline at 1-800-662-HELP.

Type 1 Diabetes Information

Pursuant to California Education Code Section 49452.6, this type 1 diabetes information is for local educational agencies to provide to parents and guardians of incoming elementary school students beginning January 1, 2023.

Type 1 diabetes in children is an autoimmune disease that can be fatal if untreated, and the guidance provided in this information sheet is intended to raise awareness about this disease.

Description

Type 1 diabetes usually develops in children and young adults but can occur at any age
According to the U.S. Centers for Disease Control and Prevention (CDC), cases of type 1 diabetes in youth increased nationally from 187,000 in 2018 to 244,000 in 2019, representing an increase of 25 per 10,000 youths to 35 per 10,000 youths, respectively.

The peak age of diagnosis of type 1 diabetes is 13-14 years, but diagnosis can also occur much earlier or later in life.

Type 1 diabetes affects insulin production
As a normal function, the body turns the carbohydrates in food into glucose (blood sugar), the basic fuel for the body's cells.

The pancreas makes insulin, a hormone that moves glucose from the blood into the cells. In type 1 diabetes, the body's pancreas stops making insulin, and blood glucose levels rise. Over time, glucose can reach dangerously high levels in the blood, which is called hyperglycemia. Untreated hyperglycemia can result in diabetic ketoacidosis (DKA), which is a life-threatening complication of diabetes.

Risk Factors Associated with Type 1 Diabetes
It is recommended that students displaying warning signs associated with type 1 diabetes, which are described below, should be screened (tested) for the disease by their health care provider.

Risk Factors
Researchers do not completely understand why some people develop type 1 diabetes and others do not; however, having a family history of type 1 diabetes can increase the likelihood of developing type 1 diabetes. Other factors may play a role in developing type 1 diabetes, including environmental triggers such as viruses. Type 1 diabetes is not caused by diet or lifestyle choices.

Warning Signs and Symptoms Associated with Type 1 Diabetes and Diabetic Ketoacidosis
Warning signs and symptoms of type 1 diabetes in children develop quickly, in a few weeks or months, and can be severe. If your child displays the warning signs below, contact your child's primary health care provider or pediatrician for a consultation to determine if screening your child for type 1 diabetes is appropriate:

- Increased thirst
- Increased urination, including bed-wetting after toilet training
- Increased hunger, even after eating
- Unexplained weight loss
- Feeling very tired
- Blurred vision

- Very dry skin
- Slow healing of sores or cuts
- Moodiness, restlessness, irritability, or behavior changes

DKA is a complication of untreated type 1 diabetes. DKA is a medical emergency. Symptoms include:

- Fruity breath
- Dry/flushed skin
- Nausea
- Vomiting
- Stomach pains
- Trouble breathing
- Confusion

Types of Diabetes Screening Tests That Are Available

- **Glycated hemoglobin (A1C) test**. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test**. A blood sample is taken any time without fasting. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes.
- **Fasting blood sugar test**. A blood sample is taken after an overnight fast. A level of 126mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test**. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 1 Diabetes Treatments

There are no known ways to prevent type 1 diabetes. Once type 1 diabetes develops, medication is the only treatment. If your child is diagnosed with type 1 diabetes, their health care provider will be able to help develop a treatment plan. Your child's health care provider may refer your child to an endocrinologist, a doctor specializing in the endocrine system and its disorders, such as diabetes.

Contact your student's school nurse, school administrator, or health care provider if you have questions.

Type 2 Diabetes Information

Pursuant to California *Education Code* Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County. Also see available translations of this information.

Description

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- **Being overweight**. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- **Family history of diabetes**. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- **Inactivity**. Being inactive further reduces the body's ability to respond to insulin.
- **Specific racial/ethnic groups**. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- **Puberty**. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- **Eat healthy foods**. Make wise food choices. Eat foods low in fat and calories.
- **Get more physical activity**. Increase physical activity to at least 60 minutes every day.
- **Take medication**. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

- **Glycated hemoglobin (A1C) test**. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test**. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- **Fasting blood sugar test**. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test**. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

Instruction

Parent Involvement

The Board of Education recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment.

1.0 The local governing board shall adopt and implement a policy on parent and family engagement. (California Education Code (EC) §§ 11500-11504, 51101(b); 20 United States Code (U.S.C.) § 6318[a][2].)

1.1 Orange Unified School District (OUSD)has developed a written Title I parent and family engagement policy with input from parents and family members of participating children. Input is gathered through surveys, focus groups and discussion forums and reviewed with the District Advisory Committee (DAC), District English Learner Advisory Committee (DELAC), and site parent advisory committees.

The District has distributed the policy to parents and family members of children served under Title I, Part A. The policy is distributed to families through the annual notification, site newsletters, student-family handbooks, and posted on the district's website. (20 U.S.C. § 6318[a][2])

To involve parents and family members in the Title I program at Orange Unified School District, the following practices have been established:

(a) OUSD incorporates the parent and family engagement policy into the OUSD level plan. (20 U.S.C. § 6318[a][2])

OUSD includes actions for improving parent and family engagement in the Local Control Accountability Plan (LCAP). This services and expenditures addressing parent and family engagement, including meaningful participation and opportunities to provide input on decisions. Actions and strategies are also included in the LCAP Federal Addendum.

(b) OUSD involves parents and family members in the joint development of the LEA planning efforts and in the process of school review and improvement. (20 U.S.C. § 6318[a][2][A])

OUSD annually surveys parents and family members to gather feedback about what is working and areas of improvement around the LCAP, the LCAP Federal Addendum, as well as school goals and actions. Educational partner feedback is also gathered at school meetings, district and school parent advisory committee meetings, School Site Council meetings, and through other means. The information gathered is used to revise the district's LCAP, the LCAP Federal Addendum, and the sites' School Plan for Student Achievement (SPSA).

(c) OUSD provides coordination, technical assistance (TA), and other support necessary to assist and build capacity of all participating schools within the district in planning and implementing effective parent and family involvement activities to improve student academic achievement and school performance. (20 U.S.C. § 6318[a][2][B].)

District staff work collaboratively with site administrators to plan and implement parent and family engagement activities. A Community Liaison provides support to each Title I school site to promote planned activities. Activities for each site are described in the school's parent and family

engagement policy, school-parent compact, and are included in the School Plan for Student Achievement.

(d) OUSD coordinates and integrates Title I, Part A parent and family engagement strategies with parent and family engagement, to the extent feasible and appropriate, with other relevant federal, state, and local laws and programs. (20 U.S.C. § 6318[a][2][C].) Parent and family engagement activities for all programs, including State Preschool, English Learners, and Special Education, are coordinated with those offered through Title I, Part A.

(e) OUSD conducts, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy in improving the academic quality of the schools served, including identifying the following: (20 U.S.C. § 6318[a][2][D].)

The district annually gathers input and feedback from stakeholders through the LCAP survey, discussion forums, as well as site and district advisory committees to evaluate the effectiveness of the parent and family engagement policy.
OUSD identifies the following:

i. Barriers to greater participation by parents in activities authorized by this section (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). (20 U.S.C. § 6318[a][2][D][i])

The district annually gathers input and feedback from education partners s through the LCAP survey, focus groups, discussion forums, as well as site and district advisory committees to evaluate the effectiveness of the parent and family engagement policy. Barriers are identified through this process and actions are put into address the needs of families, such as holding meetings at different sites, providing child care, and ensuring information is provided in a language and format easily understood by families. Barriers commonly identified are the need for child care, varied start time for working parents, and the difficulty for working parents to even attend school or district meetings.

ii. The needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers. (20 U.S.C. § 6318[a][2][D][ii])

Workshops are offered, and information is provided to families to support them with strategies to engage with the school. Strategies include questions to ask during parent conferences, how to contact their child's teacher, and assistance with completing school forms.

iii. Strategies to support successful school and family interactions. (20 U.S.C. § 6318[a][2][D][iii])

Each school develops a site parent and family engagement policy and school-parent compact designed to meet the needs of their families. Schools host family information nights, such as Math or Literacy Night, informal meetings with the principal, and other opportunities for families to engage with the staff. The compact describes how families and school staff share the responsibility for improving student achievement and how the school and families will collaborate to assist students achieve the state academic standards.

(f) OUSD uses the findings of such evaluation in subparagraph (e) to design evidence-based strategies for more effective parental involvement, and to revise, if necessary, the parent and family

engagement policy. (20 U.S.C. § 6318[a][2][E].)

The results of the evaluation are used to design evidence-based strategies to improve family engagement, and revise the parent and family engagement policy, as needed.

(g) OUSD involves parents in activities of schools served under Title I, Part A to adequately represent the needs of the population served by such agency for the proposes of developing, revising, and reviewing the parents and family engagement policy. (20 U.S.C.§ 6318[a][2][F].)

Each school designates family members to serve on the District Advisory Committee (DAC) and District English Learners Advisory Committee (DELAC). These committees review the results of the annual evaluation and input from education partners and use this information to develop, revise, and review the parent and family engagement policy.

(c) Build consistent and effective communication between the home and the school so that parents may know when and how to assist their children in support of classroom learning activities. (EC §§ 11502[c])

Each school publishes a monthly or quarterly newsletter to assist with home-school communication as well as connect

families to additional resources both at the school and in the community. Information about the effectiveness of communication at each site is contained in the annual LCAP survey and used to improve services annually. In addition, school sites utilize phone messages to facilitate home-school communication. The Community Liaisons also support sites with improving communication.

(d) Train teachers and administrators to communicate effectively with parents. (EC §§ 11502[d])

Site Principals provide resources, information, workshops, and training to teachers on evidence- based strategies for effectively communicating with families.

(e) Integrate parent involvement programs into the school's master plan for academic

accountability. (EC §§ 11502[e])

Title I Programs

The Board of Education desires to provide a high-quality education that enables all students to meet challenging state academic standards. In schools with a large number or percentage of economically disadvantaged families, the District shall use Title I funds to provide services that strengthen the academic program and provide support to students at risk of failing to achieve academic standards.

Title I funds shall be used to supplement, not supplant, funds available from state and local sources for the education of students participating in Title I programs. (20 USC 6314, 6321)

Descriptions of how the District will address the required components of the Title I local educational agency plan, as specified in 20 USC 6312, shall be included within the District's control and accountability plan (LCAP), the LCAP Federal Addendum, or another document. School-level strategies shall be aligned with the District's plan and be tailored to the specific needs of the students at the school.

In addition, the District and each school receiving Title I funds shall develop a written parent/guardian and family engagement policy in accordance with 20 USC 6318.

Comparability of Services

In schools receiving Title I funds, state and local funds shall be used by schools receiving Title I funds to provide services that, taken as a whole, are at least comparable to services in schools that are not receiving Title I funds or, if all District schools are receiving Title I funds, that are substantially comparable in each school. Comparability may be determined on a school-by-school basis or by grade-span basis.

To demonstrate comparability of services among District schools, the District shall:

1. Adopt and implement a Districtwide salary schedule

2. Ensure equivalence in teachers, administrators, and other staff, as measured by either or both of the following:

    a. The ratio of students to instructional staff at each Title I school within a grade span, which shall not exceed 110 percent of the average ratio for all non-Title I District schools within that grade span

    b. Salary expenditures for instructional staff at each Title I school, which shall be no less than 90 percent of the average salary expenditure across non-Title I District schools.

3. Ensure equivalence in the provision of curriculum materials and instructional supplies, by determining whether the per-student expenditure of state and local funds for curriculum materials and instructional supplies in Title I schools is between 90 and 110 percent of the Districtwide average

4. Determine whether the amount of state and local funds allocated per student for each grade span is between 90 and 110 percent of the per student average for each grade span in non-Title I schools

In determining comparability, the District shall not include staff salary differentials for years of employment. The District also may exclude unpredictable changes in student enrollment or personnel assignments that occur after the beginning of the school year, state and local funds expended for language instruction educational programs, state and local funds expended for the excess costs of providing services to disabled students, and supplemental state or local funds expended in any school attendance area or school for programs that specifically meet the intent and purposes of Title I. (20 USC 6321)

The Superintendent or designee shall annually assess comparability in accordance with the above criteria and maintain records documenting the District's compliance. If any instances of non-comparability are identified, the Superintendent or designee shall promptly implement adjustments as needed to ensure comparability.

Participation of Private School Students

The District shall provide or contract to provide special educational services, instructional services (including evaluations to determine the progress being made in meeting students' academic needs), counseling, mentoring, one-on-one tutoring, or other Title I benefits to eligible private school students residing in a participating school attendance area. Such services and benefits shall be provided on an equitable basis in comparison to services and other benefits for public school students. (20 USC 6320, 7881)

Program Evaluation

The Board of Education shall regularly monitor the progress of economically disadvantaged and low-achieving students in Title I schools. During the annual evaluation of the District's progress toward achieving each goal identified in the LCAP or other planning document addressing 20 USC 6312, the Board shall review disaggregated data on academic achievement, school attendance, and other outcomes for such students and shall ensure that strategies are revised as necessary to support continuous improvement.
