

NJSLSA Results: Spring 2022 Administration

**Southampton Township
School District
October 18, 2022**

New Jersey's Statewide Assessment Program

- ❖ The 2022 Spring Assessment was administered for the first time since Spring 2019.
- ❖ Students took the NJSLA in English Language Arts in Grades 3-8.
- ❖ Students took the NJSLA in Math in Grades 3-8 and end of course assessments in Algebra 1 in Grade 8.
- ❖ Students took the NJSLA-S in Science in Grades 6 and 8.

New Jersey's Statewide Assessment Program

- ❖ The NJSLA is meant to serve as one data point when evaluating how well a student is doing academically.
- ❖ The state utilizes the NJSLA to have a standardized measure in which to look at a school districts' academic progress.
- ❖ Our District analyzes these reports and utilizes the results (in combination with other data) to inform our instruction.
- ❖ Other data used: Other State assessments-Start Strong, DLM, ACCESS for ELLs, Student Growth Assessments (SGOs), Teacher input, Parent input from conferences/IEP Meetings/Rtl surveys, Fall/Winter/Spring Growth Measure Assessments in Math and ELA, F&P ELA Benchmarking, Dyslexia screening, Brigance, WIDA, CST Testing, Subject area assessments including tests, quizzes, projects, classwork, homework, participation/observation
- ❖ Scores are not reported as Pass/Fail but show how a student is progressing on track for the next grade level or if they may need additional supports to meet expectations at the next grade level.
- ❖ The NJSLA assesses students on grade level material of the grade they are currently in, not necessarily the grade level of the material they are being taught. This is important to keep in mind for students in modified programs.

NJSLA Performance Levels

ELA and Math

- ❖ Level 1: Not yet meeting grade-level expectations
- ❖ Level 2: Partially meeting grade-level expectations
- ❖ Level 3: Approaching grade-level expectations
- ❖ Level 4: Meeting grade-level expectations
- ❖ Level 5: Exceeding grade-level expectations

Science

- ❖ Level 1: Below Proficient
- ❖ Level 2: Near Proficiency
- ❖ Level 3: Proficient
- ❖ Level 4: Advanced Proficient

Reading the Scores ...things to keep in mind

- ❖ The last time the NJSLA was given was in Spring 2019
- ❖ In March of 2020 School went remote for the remainder of the school year
- ❖ The 2020-2021 School Year required a complete change in scheduling.
 - We spent 4 full days in school and 1 half day.
 - Throughout the year 70-75% of students were in school with 25-30% of students fully remote.
 - Instructional time was lost due to sanitizing requirements.
- ❖ The 2021-2022 School Year had all students returning in person but with the increased pandemic costs and the full effect of the S2 cuts was felt.
 - Larger class sizes.
 - Social Emotional toll of the pandemic.
 - Continued sanitizing and quarantining requirements
- ❖ The 2022-2023 School Year has started off to be the closest “return to normal” we have had. However, there were gaps before the pandemic and there continues to be gaps.

We acknowledge the challenges, but that in no way changes our commitment to have all students achieve academically.

STSD Grade Level Outcome in ELA

GRADE	NUMBER OF STUDENTS TESTED 2019	NUMBER OF STUDENTS TESTED 2022	DISTRICT AVERAGE 2019	STATE AVERAGE 2019	DISTRICT AVERAGE 2022	STATE AVERAGE 2022
