

SOUTHAMPTON TOWNSHIP SCHOOLS

The following protocol must be used if your child needs to use an inhaler in school or after school during sports:

1. Your child's physician must complete and sign an Asthma Action Plan (P.L. 2001, Chapter 61).
2. The parent/guardian must sign the **Asthma Action Plan**.
3. Inhalers must be in the prescription labeled box and hand delivered to school by the parent/guardian. **PLEASE CHECK THE EXPIRATION DATE ON ALL MEDICATION.**
4. For those children participating in after school sports, an inhaler must be kept in their gym bags if one is ordered.
There is not a medical staff available to travel with the teams.
No child will be permitted to participate in a sport without an Asthma Action Plan on file in the Health Office and an inhaler in their gym bag.
5. Asthma Action Plans must be renewed every school year.
6. **Paperwork and inhalers must be in the Health Office by the first day of school. You may drop off medication beginning Tuesday, September 6, 2011.**

If you have any questions, please call (609)859-2256 Ext. 143.

Sincerely,

Jennifer Mikulski, RN, BSN, CSN
School #2 and #3 Nurse
