Below are the results of the laptop portion of bid #26-004-BOE for the purchase of laptops, desktops, and Chromebooks. We announced during the bid process that we were looking at three different models; a Dell, a Lenovo, and an HP model. We also announced that we would only pick one of the models in the end. I recommend awarding the bid of the Lenovo model to Y&S Technologies. They were the lowest, responsive bidder. Please contact me with any questions.
