## **Mission Statement**

The mission of the St. Bernard Parish Public Schools is to provide quality educational instruction so that our students are responsible, productive citizens and life-long learners.

## **Vision Statement**

The St. Bernard Parish Public Schools will be recognized as a premier school district, evoking pride within an involved community and empowering staff to meet the needs of all students through state-of-the-art educational programs and facilities.

## **Core Beliefs**

- Given a safe and supportive environment, all students can learn.
- Our school system is an integral part of the larger community.
- Expectations for learning must be high for students to think critically and produce quality work.
- Our school system cultivates and sustains a culture of equity and respect.
- Our students will graduate college and/or be career-ready.
- Given a vision, an extraordinary effort will result in extraordinary success.

## **St. Bernard Parish Public School Administration**

**Superintendent**

**Doris Voitier**

**Deputy Superintendent**

**Mary Lumetta**

The St. Bernard Parish Public School System recognizes there may be occasions that require the closure of schools, including events such as weather, disasters, or health emergencies. This Continuous Learning Plan is intended to support schools and inform teachers, students, and parents/guardians of the processes and expectations to be used during any form of closure. With the safety of students and staff of utmost priority, the St. Bernard Parish Public School System will provide access to continuous learning whenever the need warrants such action to the greatest extent possible.

In the school district, modified operations may occur when there is a change in the regular operation of business, learning, and other school-related activities because of extended closures. The district reserves the right to make changes to this plan as needed based on the circumstances of the situation.

The Continuous Learning Plan of modified operations consists of three types:

- **Short-term modified operations:** A significant portion of the students/staff are not able to be on campus for 1-4 days for face-to-face, direct instruction.

Adjustments may or may not be made at this time, depending on the length of time that the schools will be shut down.

- **Medium-term modified operations:** A significant portion of the students/staff are not able to be on campus for 5-10 days for face-to-face, direct instruction.

- Students may continue learning from home through a variety of resources including but not limited to technology, curriculum resources, etc., as circumstances allow.
- Teachers may utilize Canvas/Google Classroom and their online curriculum materials to provide learning opportunities to the greatest extent possible.
- Learning opportunities may mirror the normal classroom instruction to the greatest extent possible.

- **Long-term modified operations:** A significant portion of the students/staff are not able to be on campus for more than 10 days for face-to-face, direct instruction.

- Students will learn virtually through online instruction to the greatest extent possible.
- Teachers may utilize Canvas/Google Classroom and their online curriculum materials to provide learning opportunities to the greatest extent possible.
- Instruction, grading, and student expectations will mirror the normal classroom instruction to the greatest extent possible.

After consulting with local law enforcement, utility service providers, and parish and/or state government officials, the superintendent will decide which type of modified operation to activate, depending upon access to power, internet connectivity, and the safety of students and staff members. Once a determination is reached for activating the continuous learning plan, the School System will communicate to stakeholders by utilizing the district webpage, school webpages, robocalls, text messaging, district social media pages, and news media outlets.
