

Colorado Measures of Academic Success

Information for District 51 Families

Access your student's CMAS score reports through Family Portal

We are so proud of how much our students have learned and grown this school year. In April, students in grades 3-8 took the Colorado Measures of Academic Success (CMAS) tests in English Language Arts and Math, and students in grades 5, 8 and 11 participated in Science assessments. Students who qualify for alternate assessments took the Dynamic Learning Maps (DLM) test in grades 3-11.

CMAS Score Reports Now Available

Preliminary CMAS performance reports are available through the Pearson Family Portal, a secure platform that allows you to view your student's results from Colorado's statewide assessments.

Here's How You Can Access Your Child's CMAS Report

- Visit the Family Portal: <https://familyportal.pearson.com/CO>
- You'll need the following information to log in:
 1. **Student's State ID (SASID)** – available in ParentVUE under "Student Information"
 2. **Student's Last Name**
 3. **Student's First Name**
 4. **Student's Date of Birth**

What in the Report

- Your child's score and performance level
- Strengths and areas for growth
- Comparisons to school, district, and state performance
- Tips for supporting learning at home

The Family Portal will also include helpful resources, such as a video guide and an explanation of how to interpret results.

CMAS Scores Are One Piece of the Puzzle

CMAS results offer valuable insights into your child's academic progress based on Colorado's grade level standards. We encourage you to consider these results alongside classroom performance and teacher feedback for a fuller picture of your child's growth.

Thank you for supporting your child's learning – and please take a moment to celebrate their hard work!
