CEP SCHOOLS 2025-2026 School Year

For the 2025-26 school year, these District 15 schools have met the eligibility requirements for the federally funded **Community Eligibility Provision (CEP)** program, part of the National School Lunch and Breakfast Programs.

This means ALL STUDENTS at these schools RECEIVE FREE MEALS, regardless of their economic status.

Gray M Sanborn Elementary
Jane Addams Elementary
Kimball Hill Elementary
Lake Louise Elementary
Lincoln Elementary
Virginia Lake Elementary
Willow Bend Elementary
Winston Campus Elementary
Carl Sandburg Middle School

No other application or action is required by parents/guardians at these schools for this voluntary program. All students at these schools are entitled to receive **one free breakfast and one free lunch each day.**

Student Fee Waiver Application

Unlike the Free and Reduced-Price Meal Program, **the CEP program DOES NOT automatically extend a waiver of student fees for families.**
The CEP program is provided to students regardless of their economic status.

In order to receive a waiver of student fees based on low household income or based on a financial hardship in the family, an application must be completed and returned to the school.
