Curriculum Map – Geography 7

Mr. Bates

Week	Unit Name (Topic)	Lesson	Objectives	Standards and Eligible Content	Resources	Assessments	Adaptations Modifications	Vocab
Aug. to Sept. About 1 Week	Chapter 1 – The Geographer's World	Map Literacy Latitude and Longitude 5 Themes of Geography Cardinal Directions Absolute and Relative Location	Students will be able to read latitude and longitude coordinates. Students will be able to write latitude and longitude coordinates. Students will be able to interpret cardinal directions. Students will be able to give cardinal directions. Students will be able to identify the 5 Themes of Geography. Students will be able to identify and describe the main parts of a map.	7.1.7.A 7.1.7.B 7.3.7.A 7.1.8.A 7.1.8.B 7.3.8.A 7.1.9.A 7.1.9.B 7.3.9.B 8.1.9.A	Geography Textbooks Student Laptops Smartboard Lesson Powerpoints Classroom Maps Colored Pencils, Markers, Rulers, Paper Appropriate Assessments	Latitude and Longitude Worksheets Cardinal Directions Worksheets 5 Themes of Geography Worksheets Continents and Oceans Worksheets and Quiz 9/11 Interview Assignment Chapter 1 Test	Extended time for tests and quizzes Reduced word banks and multiple-choice answers (depending on documentation) Sensory breaks during instruction Copies of notes, maps, and study guides provided to students Test questions read aloud Open-note assessments for ESL students Opportunities to re-test as per IEP	• Geography • Location • Relative Location • Absolute Location • Latitude • Longitude • Equator • Prime Meridian • International Date Line • Place • Region • Human Environment Interaction • Movement • Globe • Map • Hemisphere • Cartography • Key • Scale Bar • Compass Rose • Political Map • Physical Map • Thematic Map • General Purpose Map
Sept. About 2-3	Chapter 2 – Physical Geography	Plate Tectonics Climate and Weather	Students will be able to identify and describe the layers of Earth.	7.2.7.A 7.2.7.B 7.2.8.A 7.2.8.B	Geography Textbooks Student	Earth's Seasons Diagram Worksheet	Extended time for tests and quizzes	• Axis • Rotation • Revolution • Orbit

Weeks		Patterns and Influences Layers of Earth Earth's Seasons Earth's Physical Features Physical Processes that Shape Earth's Physical Features	Students will be able to explain the formation of Earth's layers. Students will be able to explain the reason for Earth's season. Students will be able to explain the causes of natural disasters associated with plate tectonics. Students will be able to explain and provide evidence for the theory of plate tectonics. Students will be able to explain the factors that affect climate on Earth. Students will be able to explain factors that affect weather patterns on Earth. Students will be able to differentiate between climate and weather. Students will be able to identify	7.2.9.A 7.2.9.B 7.2.U.B 7.2.W.B 7.2.12.B 7.4.7.A 7.4.7.B 7.4.8.A 7.4.8.B 9.2.9.A CC8.6.6-8.B CC8.6.6-8.C	Laptops Smartboard Lesson Powerpoints Classroom Maps Colored Pencils, Markers, Rulers, Paper Appropriate Assessments	Earth's Layers Worksheet Understanding Earth Scientifically Video Worksheet Seasons Video Worksheet Earth's Layers Video Questions Earth's Climates Webquest Earth's Seasons Video Questions Plate Tectonics Video Questions Physical Geography Short Answer Questions Chapter 2 Test	Reduced word banks and multiple-choice answers (depending on documentation) Sensory breaks during instruction Copies of notes, maps, and study guides provided to students Test questions read aloud Open-note assessments for ESL students Opportunities to re-test as per IEP	• Crust • Mantle • Outer Core • Inner Core • Climate • Weather • Tropical Climate • Desert Climate • Humid Temperate Climate • Cold Temperate Climate • Polar Climate • High Mountain Climate • Tectonic Plate • Earthquake • Tsunami • Ring of Fire • Volcano • Weathering • Erosion • Ocean • Sea • Gulf • Bay • Sound • Lagoon • River • Delta • Waterfall • Strait • Channel • Lake • Fjord • Glacier • Ice Sheet • Ice Shelf • Iceberg • Mountain • Island • Archipelago • Atoll

			physical features of Earth. Students will be able to explain how physical process shape Earth's surface. Students will be able to create a model of Earth's physical features.					• Coast • Beach • Coastal Plain • Plain • Peninsula • Isthmus • Plateau • Mesa • Butte • Canyon • Valley • Basin • Cliff • Dune • Oasis
Sept – Oct About 3 Weeks	Chapter 3 – Human Geography	Cultural Geography Developed vs. Developing Countries Culture Population Patterns and Distribution	Students will be able to list and define aspects of culture (such as religion, language, government, economy etc.). Students will be able to define and explain the qualities of developed and developing countries. Students will be able to analyze qualities of developed and developing countries. Students will be able to explain population patterns and distribution.	7.1.7.B 7.1.8.B 7.1.9.B 7.3.7.A 7.3.8.A 7.3.9.A 7.3.12.A 7.3.C.A 7.3.W.A 7.3.U.A 7.4.7.A 7.4.7.B 7.4.12.A 8.1.7.A 8.1.8.A 8.4.7.C 8.4.8.C 8.4.9.C 8.4.12.C CC8.5.6-8.6 5.1.7.B 5.3.7.J 6.1.7.A 6.1.7.B 6.1.8.B	Geography Textbooks Student Laptops Smartboard Lesson Powerpoints Classroom Maps Colored Pencils, Markers, Rulers, Paper Appropriate Assessments	Birth Rate and Death Rate Worksheets Types of Government Worksheet and Activity Cultural Exercise Worksheet (for student reference) Comparing and Contrasting Physical and Cultural Geography Essay Ecological Footprint Activity Current Event Review Types of	Extended time for tests and quizzes Reduced word banks and multiple-choice answers (depending on documentation) Sensory breaks during instruction Copies of notes, maps, and study guides provided to students Test questions read aloud Open-note assessments for ESL students Opportunities to re-test as per	• Birth Rate • Death Rate • Emigrate • Immigrate • Megalopolis • Population Density • Population Distribution • Refugee • Rural • Urban • Urbanization • Culture • Democracy • Dictatorship • Monarchy • Representative Democracy • Oligarchy • Anarchy • Communism • Ethnic Group • Dialect • Globalization • Human Rights • Command Economy • Market

			around the world Students will be able to define, differentiate, and analyze different types of government around the world (democracy, dictatorship, republic, oligarchy etc.). Students will be able to define, differentiate, and analyze different types of economies around the world (market, command, traditional, mixed) and how they address the basic economic questions. Students will be able to identify and differentiate between push and pull factors of migration and explain how they affect population patterns. Students will be able to identify and differentiate between renewable and non-renewable			Economies Worksheet and Activity Chapter 3 Test Most Populated Countries Quiz	IEP	Economy • Mixed Economy • Traditional Economy • Economic System • Export • Import • Free Trade • Gross Domestic Product • Productivity • Sustainability • Standard of Living • Renewable Resource • Non-Renewable Resource • Push Factor • Pull Factor

			resources and explain how they affect population patterns. Students will be able to analyze cultural maps of the world. Students will be able to analyze water usage among different lifestyle choices.					
Oct. About 2-3 Weeks	Chapter 4 – The United States East of the Mississippi River Chapter 5 – The United States West of the Mississippi River.	Physical Geography of the United States Physical Features of the United States Climates of the United States Major Events in United States History Cultural Characteristics of the United States Population of the United States	Students will be able to identify major physical features of the United States on a map. Students will be able to explain how the major physical features of the United States were formed. Students will be able to describe the climates of the United States. Students will be able to explain why specific climates form in the United States. Students will be	7.1.7.B 7.1.8.B 7.1.9.B 7.2.7.A 7.2.8.A 7.3.7.A 7.3.8.A 7.3.9.A 7.3.U.A 7.4.7.A 8.3.7.A 8.3.7.C 8.3.7.D CC.8.5.6-8.G	Geography Textbooks Student Laptops Smartboard Lesson Powerpoints Classroom Maps Colored Pencils, Markers, Rulers, Paper Appropriate Assessments	United States Quiz US Map CIA World Factbook Assignment Populous Cities of the US Quiz State Flag Research Project Physical Features of the US Quiz Chapter 4 and 5 Test	Extended time for tests and quizzes Reduced word banks and multiple-choice answers (depending on documentation) Sensory breaks during instruction Copies of notes, maps, and study guides provided to students Test questions read aloud Open-note assessments for ESL students Opportunities to re-test as per	• Revolutionary War • Civil War • Slavery • Republic • Metropolis • Diversity • Breadbasket • Rust Belt • Immigration

			able to identify the 50 United States on a map. Students will be able to list and identify major cities of the United States on a map. Students will be able to describe important events in United States history. Students will be able to explain how events in United States history have affected the country. Students will be able to explain the population patterns of the United States. Students will be able to describe the culture (religion, ethnic groups, language etc.) of the regions of the United States.				IEP	
Oct. About 2 Weeks	Chapter 6 - Canada	Physical Geography of Canada Physical	Students will be able to identify major physical features of Canada on a	5.3.9.J 5.3.W.J 7.1.7.B 7.1.8.B 7.1.9.B	Geography Textbooks Student Laptops	History of Canada Reading	Extended time for tests and quizzes Reduced word	• Province • Atlantic Provinces • Prairie Provinces

		Features of Canada Climates of Canada Major Events in Canada's History Cultural Characteristics of Canada Population of Canada Development of Canada	map. Students will be able to explain how the major physical features of Canada were formed. Students will be able to describe the climates of Canada. Students will be able to explain why specific climates form in Canada. Students will be able to identify the provinces and territories of Canada. Students will be able to list and identify Canadian capital cities on a map. Students will be able to describe important events in Canadian history. Students will be able to explain how events in Canadian history have affected the country.	7.2.7.A 7.2.8.A 7.3.7.A 7.3.8.A 7.3.9.A 7.4.7.A 7.4.8.A 8.4.7.A 8.4.7.C 8.4.7.D CC8.5.6.8.A	Smartboard Lesson Powerpoints Classroom Maps Colored Pencils, Markers, Rulers, Paper Appropriate Assessments	Canada Map Provinces and Territories of Canada Quiz Provinces and Territories Research Project (time pending) History of Canada Video Worksheet Chapter 6 Test	banks and multiple choice answers (depending on documentation) Sensory breaks during instruction Copies of notes, maps, and study guides provided to students Test questions read aloud Open-note assessments for ESL students Opportunities to re-test as per IEP	• Aborigines • First Nations • Vikings • Constitution • Parliamentary Government • Prime Minister • Parliament • Bilingual • NAFTA

			Students will be able to explain the population patterns of Canada. Students will be able to describe the culture (religion, ethnic groups, language etc.) of Canada. Students will be able to research statistical data about Canada. Students will be able to use statistical data to compare the development of Canada to a country in Central America.					
Oct. – Nov. About 2-3 Weeks	Chapter 7 – Mexico, Central America, and the Caribbean Islands	Physical Geography of Central America and Mexico Physical Features of Central America and Mexico Climates of Central America and Mexico	Students will be able to identify major physical features of Mexico and Central America on a map Students will be able to explain how the major physical features of Mexico and Central America were formed.	7.1.7.A 7.1.7.B 7.1.8.A 7.1.8.B 7.1.9.B 7.2.7.A 7.2.7.B 7.2.8.A 7.2.8.B 7.2.8.A 7.2.9.A 7.3.7.A 7.3.8.A 7.3.9.A 7.4.7.A 7.4.8.A	Geography Textbooks Student Laptops Smartboard Lesson Powerpoints Classroom Maps Colored Pencils	Mexico, Central America, and the Caribbean Islands Video Questions Countries of Central America Quiz Spanish Colonization Worksheet History of Mexico and	Extended time for tests and quizzes Reduced word banks and multiple-choice answers (depending on documentation) Sensory breaks during instruction Copies of notes.	• Latin America • Romance Languages • Ring of Fire • Panama Canal • Tierra Caliente • Tierra Templada • Tierra Fria • Hispaniola • Hurricane • Dormant Volcano • Surplus • Conquistadors • Aztec

		Major Events in the History of Central America and Mexico Cultural Characteristics of Central America and Mexico Population of Central America and Mexico Development of Central America and Mexico	Students will be able to describe the climates of Mexico and Central America. Students will be able to explain why specific climates form in Mexico and Central America. Students will be able to identify the countries of Mexico and Central America. Students will be able to list and identify Mexico and Central American capital cities on a map. Students will be able to describe important events in Mexican and Central American history. Students will be able to explain how events in Mexican and Central American history have affected the region. Students will be able to explain the population	8.1.7.C 8.4.7.A 8.4.7.B 8.4.7.C 8.4.7.D 8.4.8.A 8.4.8.C 8.4.8.D 8.4.9.A 8.4.9.C 8.4.9.D 8.4.12.A 8.4.W.A CC8.5.6-8.A CC8.6.6-8.A CC8.6.6-8.C CC8.6.6-8.D CC8.6.6-8.E CC8.6.6-8.F CC8.6.6-8.H	Markers, Rulers, Paper Appropriate Assessments	Central America Worksheet Panama Canal Video and Worksheet Chapter 7 Test CIA World Factbook Project – Central America	maps, and study guides provided to students Test questions read aloud Open-note assessments for ESL students Opportunities to re-test as per IEP	• Maya • Colony • Miguel Hidalgo • Dutch • Roman Catholic

			patterns of Mexico and Central America. Students will be able to describe the culture (religion, ethnic groups, language etc.) of Mexico and Central America. Students will be able to research statistical data about Mexico and Central America. Students will be able to use statistical data to compare the development of Canada to a country in Central America. Students will conduct a research project on a country in this region.					
Nov. – Dec. About 2 Weeks	Chapter 8 – Brazil Chapter 9 – The Tropical North Chapter 10 – Andes Mountains and	Physical Geography of South America Physical Features of South America Climates of South America	Students will be able to identify and label the countries of South America. Students will be able to identify and label capital cities of South	7.1.7.B 7.1.8.A 7.1.8.B 7.1.9.B 7.1.9.A 7.2.7.A 7.2.7.B 7.2.8.A 7.2.8.B 7.2.9.A	Geography Textbooks Student Laptops Smartboard Lesson Powerpoints	Amazon Rainforest/River/ Deforestation Webquests Ancient Civilizations of South America Video and Questions	Extended time for tests and quizzes Reduced word banks and multiple-choice answers (depending on documentation)	• Tributary • Basin • Escarpment • Biodiversity • Tropics • Arid • Monsoon • Llanos • Pampas • Terra Helado

	Midlatitude Countries	Major Events in South American History Cultural Characteristics of South America Population of South America Development of South America	America Students will be able to identify and label the major physical features of South America. Students will be able to explain how the physical features of South America formed. Students will be able to explain the impact of the Amazon Rainforest Ecosystem on South America and the world. Students will be able to explain and analyze the human impact on South America's Amazon Rainforest. Students will be able to explain the different climates of South America. Students will be able to describe major events in South American history. Students will be	7.3.7.A 7.3.8.A 7.3.9.A 7.4.7.A 7.4.7.B 7.4.8.A 7.4.8.B 7.4.12.A 7.4.12.B 8.1.7.C 8.4.7.A 8.4.7.B 8.4.7.C 8.4.7.D 8.4.8.A 8.4.8.B 8.4.8.C 8.4.8.D 8.4.9.A 8.4.9.C 8.4.9.D 8.4.12.A 8.4.U.A CC8.5.6-8.A CC8.5.6-8.D CC8.5.6-8.F CC8.5.6-8.G CC8.6.6-8.A CC8.6.6-8.C CC8.6.6-8.D CC8.6.6-8.E CC8.6.6-8.F CC8.6.6-8.H	Classroom Maps Colored Pencils, Markers, Rulers, Paper Appropriate Assessments	Countries of South America Quiz History of South America Webquest Life in South America Vocabulary History and Life in South America Test CIA World Factbook Project – South America	Sensory breaks during instruction Copies of notes, maps, and study guides provided to students Test questions read aloud Open-note assessments for ESL students Opportunities to re-test as per IEP	• El Nino • La Nina • Land Bridge Theory • Indigenous • Slash and Burn Agriculture • Incan Empire • Cuzco • Machu Picchu • Portugal • Brazil • Spain • Paubrasilia • Treaty of Tordesillas • Pedro Cabral • Conquistador • Sugar • Cash Crop • Hacienda • Encomienda • Francisco Pizarro • Christianity • Catholicism • Guyana • French Guinea • Suriname • Exploitation • Pedro II • Eva Peron • Juan Peron • Guerilla • Jose de San Martin • Simon Bolivar • Compulsory • Coalition Government • Agriculture • Kallawaya • Pueblos Jovenes • Buenos Aires

			able to explain how major events in South American history impact the region today. Students will be able to explain the population patterns of South America. Students will be able to describe the culture (religion, ethnic groups, language etc.) of South America. Students will be able to research statistical data about South America. Students will be able to use statistical data to compare the development of The United States to a country in South America. Students will conduct a research project on a country in this region.					• Rural • Urban • Soccer • Ecuador • Guarani • Favela • Sau Paulo • Africans • Natives • Mestizos
