Vision and Mission

Vision

Dallas ISD seeks to be a premier urban school district

Mission

Educating all students for success

Welcome to Dallas ISD's Student Code of Conduct. The basic philosophy of the District's reimagined discipline system is rooted in restorative practices to support campuses in developing a culture that is conducive to the growth of "habits of thinking" as it relates to adult and student behaviors.

This handbook contains information that parents, guardians and students must know to ensure a successful school year. The *Student Code of Conduct* is required by state law and is intended to promote a positive learning environment and safe schools. More information regarding District policies and procedures may be found in board policies and the *Student Handbook*.

Dallas ISD board policies, as well as state and federal law, are legal guidelines that bind the District, its employees, and students. Such policies and laws take precedence over the information in this *Student Code of Conduct*, and any conflicts between such shall be interpreted and resolved in compliance with and in favor of board policy and/or applicable laws.

1.1 Overview and Purpose

The Dallas Independent School District's 2025-2026 *Student Code of Conduct* has been revised to comply with state law as delineated in Chapter 37, Safe Schools Act, and Texas Education Code. The revised code is a collaborative effort between central and campus staff, parents/guardians, and other concerned community members. The *Student Code of Conduct*, as adopted by the Dallas ISD Board of Trustees, articulates specific expectations regarding appropriate conduct to all students, parents/guardians, teachers, and school administrators of the Dallas ISD. In accordance with state law, the Code shall be available for review at the office of the campus principal. Additionally, the Code shall be available at the office of the campus behavior coordinator and posted on the District's website.

The four key functions of the *Student Code of Conduct* are to:

- describe behavior that builds a positive environment for learning;
- delineate specific examples of student misconduct;
- define penalties that will be imposed for specific misconduct; and
- provide for District consistency in the matter of student discipline.

Levels I, II, III and IV Behaviors:

The law requires that the District define and communicate to students and parents/guardians, student behavioral expectations and the various kinds of misconduct that may, or in some cases, must result in disciplinary actions. The District's *Student Code of Conduct* categorizes these infractions as Level I, II, III, and IV Offenses.

Level I – Violations of classroom rules:

- Offenses that generally occur in the classroom and can be corrected by the teacher or administrator.

Level II – Reset Center and/or optional removal to a Disciplinary Alternative Education Program:

- Offenses that seriously disrupt the educational process in the school, classroom, on school property, and/or at a school-related activity occurring on or off school property.

Level III – Mandatory placement in a DAEP:

- Criminal offenses as defined in Level III. All offenses listed in Level III are according to TEC Chapter 37.006.

Level IV – Expulsion:

- Offenses that include those which a student may be expelled under state law TEC 37.007

In general, disciplinary actions will be designed not merely to correct misconduct, but to teach appropriate ways to behave by identifying the root cause in order to encourage and motivate students to become responsible citizens of the school community. District personnel will be responsible for implementing all accessible prevention and intervention measures, to the extent possible, prior to taking punitive action. These measures would include a range of District programs and the services of specialized personnel, as well as appropriate community resources that are available to students and families. In all cases prior to a student being removed to a disciplinary alternative education placement, teachers, administrators, and campus behavior coordinators will draw from a range of current discipline management techniques and consider the following factors:

- seriousness of the offense
- student's age
- grade level
- ability and functioning level
- student's apparent mindset
- effect of the misconduct on the school environment
- statutory requirements
- self-defense, as defined in the *Student Code of Conduct*
- intent or lack of intent at the time student engaged in the misconduct
- student's disciplinary history (frequency of misbehavior)
- a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct
- a student's status in the conservatorship of the Department of Family and Protective Services; or
- a student's status as a student who is homeless

Policies and procedures (rules) regarding student behavior refer to the actions of students while they are on school property, including actions that occur before, during, and after regular school hours. The rules also apply to all school-sponsored/related activities or events, such as field trips, sports, dances, assemblies, or evening school-related events on or off school property. Students and parents/guardians should be aware that the commission of certain felonious offenses, whether at or away from school, may result in the student's placement in an Off-Campus Disciplinary Alternative Education Program (DAEP) or expulsion to either a DAEP or the Dallas County Juvenile Justice Alternative Education Program (DCJJAEP).

Level IV Offenses may mandate interaction with the judicial system. A Memorandum of Understanding (MOU) exists between the Dallas Independent School District and Dallas County Juvenile Board. The MOU must be carefully observed in order to provide a DCJJAEP that meets the needs of both the District and the community through the provision of quality, rehabilitative services to the expelled youth of Dallas County.

Offenses Committed Off Campus

Students and parents/guardians should be aware that the commission of certain felonious offenses, whether at or away from school, may result in the student's placement in an Off-Campus Disciplinary Alternative Education Program (DAEP) or expulsion to either a DAEP or the Dallas County Juvenile Justice Alternative Education Program (DCJJAEP).

1.2 Free Appropriate Public Education (FAPE)

Students shall not be excluded or limited from continued school participation, as a result of a violation of the student code of conduct and/or misbehavior without invoking the school's disciplinary procedures. Such exclusions are considered informal disciplinary removals, and informal disciplinary removals are subject to the same legal requirements as formal disciplinary removals and may cause the school to violate the procedural or FAPE (Free Appropriate Public Education) requirements.

1.3 The District's Right to Discipline

When students do not show respect for others, whether they are causing problems that disrupt learning or put safety at risk, they are subject to disciplinary action. In other words, when students violate the *Student Code of Conduct*, there will be certain actions taken.

The Dallas Independent School District may discipline a student:

- during the regular school day and while a student is going to and from school on District buses;
- while the student is attending any school-related activity no matter when or where it takes place;
- for certain Level III and IV Offenses that occur within 300 feet of school property as measured from any point on the real property boundary line;
- for any Level IV Offense committed while a student is:
 - a. on school property;
 - b. at a school-related event on or off school property;
 - c. on the school property of another Texas school district;
 - d. attending another district's school-sponsored or school-related activity; or
 - e. off school property.
- when a school employee or volunteer is a victim of retaliation no matter when or where it takes place;
- when a felony is committed, as provided in the Texas Education Code 37.006 or 37.0081; or
- when criminal mischief is committed on or off school property or at a school-related event (felony level).

Graduating seniors assigned to a DAEP prior to the month of May must complete their assigned placement, if applicable. The student will not be allowed to attend any senior activities, except graduation rehearsal and the graduation ceremony.

1. Graduating seniors, who commit a Level III Offense after May 15, cannot participate in any graduation activities including graduation rehearsal or the graduation ceremony.

Students who have been removed for a Level III Offense may not return to any Dallas ISD facility, including extracurricular activities, except the alternative school during the assigned term. Students will be permitted to return to their home campus for student appeals with the approval of the principal.

Graduating seniors will be allowed to receive the minimum coursework required for graduation. The home school will provide AP course work and elective courses not taught at the DAEP.

Graduating seniors assigned to a Dallas County Juvenile Justice Alternative Education Program prior to the month of May must complete their placement, if applicable. The student will not be allowed to attend any senior activities, except graduation rehearsal and the graduation ceremony.

1. Graduating seniors, who commit a Level IV Offense after May 15, cannot participate in any graduation activities, including graduation rehearsal or the graduation ceremony. Students who have been expelled may not return to any Dallas ISD facility or attend any extracurricular activities of Dallas ISD.

The campus behavior coordinator shall promptly contact the parent or guardian by telephone or in person; and make a good faith effort to provide written notice of the disciplinary action to the student, on the day the action is taken, for delivery to the student's parent or guardian.

If a parent or guardian entitled to notice has not been reached by telephone or in person by 5 p.m. of the first business day after the day the disciplinary action is taken, a campus behavior coordinator shall mail written notice of the action to the parent or guardian at the parent's or guardian's last known address.

A student shall be removed for any felony drug offense. If laboratory results performed by or obtained by the school district are negative, the student will be returned to the home campus.

A student who is a victim of sexual assault or aggravated assault may exercise mandatory transfer rights. A student convicted or adjudicated for sexual assault or aggravated assault may be subject to a mandatory transfer at the victim's request FDB(LOCAL).

Students assigned to the Dallas County Juvenile Justice Alternative Education Program (DCJJAEP) will remain at home until they are notified by the DCJJAEP.

Graduating seniors assigned to the DCJJAEP will be allowed to receive the minimum coursework required for graduation. The home school will provide AP course work and elective courses not taught at the DCJJAEP.

1.4 Standards of Student Conduct

The District is committed to the rights of students as recognized and protected under state and federal laws. In addition, the District has enumerated certain expectations (responsibilities) regarding student behavior that, when adopted by students, effect a positive influence on the school and community. A proper balance between rights and responsibilities is essential if the District is to provide the kinds of educational experiences that promote self-responsibility and enhance educational opportunities for all students.

Five standards of student conduct are offered as guides to the development of Campus Classroom Rules for each campus, as well as a districtwide model. These standards assert that responsible students should be encouraged and taught to:

- Exercise self-control
- Demonstrate a positive attitude
- Respect the rights and feelings of others
- Take responsibility for school property
- Support the learning process

The districtwide plan to promote positive student conduct in conjunction with the campus/classroom rules is designed to maintain order in the school, foster a climate of mutual respect for the rights of others, and teach students that they are responsible for conducting themselves in a manner appropriate to their age and level of maturity.

2.0 OVERVIEW OF RESPONSIBILITIES AND PROCESSES

Achieving and maintaining a positive learning environment for students at school and/or school-related activities is a collaborative effort and the responsibility of stakeholders:

2.1 Student Responsibilities

- Exhibit the highest standards of behavior to create a positive and welcoming school atmosphere
- Develop constructive student relationships with peers and school personnel
- Contribute to the overall safety of the campus and campus community by reporting anything that would threaten an individual or the school community; if you see something, say something
- Adhere to District, school, classroom, and school-related activity rules and regulations consistent with this Code and campus specific procedures

2.2 Parent Responsibilities

- Support District, school, classroom, and school-related activity rules for student behavior and ensure that their children conduct themselves according to the District standards.
- Provide the school with their current domicile address and, when available, current telephone numbers and email addresses.
- Ensure student attendance at school. By state law, student attendance is the responsibility of parents and guardians.
- Provide the appropriate school personnel with any student information that will affect the student's ability to learn and the student's behavior.
- Read, acknowledge, and understand these rules and the rules applicable to their children's conduct while they are at school.

2.3 Teacher Responsibilities

- Establish classroom-management procedures that promote good student conduct and positive learning environments.
- Contribute to the academic and social/motional growth of all students.
- Develop constructive and positive relationships with peers, students, and parents.
- Support and adhere to all school and District policies, procedures, and regulations.

2.4 Campus Behavior Coordinator (CBC) Responsibilities

- Review campus level student management data monthly to see what changes need to be made to reduce Student Code of Conduct infractions [Texas Education Code Sec. 37.0012]
- Monitor disciplinary referrals
- Report to the campus's threat assessment and safe and supportive school team established under section 37.115 any student who engages in conduct that contains the elements of
 - a) the offense of terroristic threat under section 22.07, Penal code;
 - b) the offense of unlawfully carrying weapons under section 46.02, Penal code;
 - c) an offense related to prohibited weapons under section 46.05, Penal code or
 - d) the offense of exhibiting using or threatening to exhibit or use a firearm under section 37.125 of this code;
- Report to the campus's threat assessment and safe and supportive school team established under section 37.115 any concerning student behavior or behavioral trends that may pose a serious risk of violence to the student or others
- Implement progressive student management techniques that include positive behavioral interventions and supports.
- Promptly notify parents/guardians of any violation of the Code that results in a discretionary or mandatory action (i.e., Reset Center placement, loss of bus privileges, DAEP, etc.)

2.5 Campus Behavior Coordinator Discipline Process

It is important for parents/guardians and the community to understand that the Texas Education Code requires school districts to complete what is termed "administrative processes." These processes are separate and different from what a juvenile or adult court will do when a student breaks the law. To take action, the District has to show only a preponderance of evidence that a student violated the *Student Code of Conduct*. The District does not have to show proof beyond a reasonable doubt.

When a student is charged by law enforcement with a penal code violation, the District will act on that charge. The District continues the administrative discipline process, even if the following occurs:

- The District attorney decides not to prosecute.
- The case is a non-suited, reduced in severity, or cleared by exception.
- The police do not file a report.
- The grand jury no-bills in an adult proceeding.

2.6 CBC'S Investigation Process

37.0012 TEC. The campus behavior coordinator is primarily responsible for maintaining effective discipline in the school environment. The campus behavior coordinator shall respond by employing appropriate discipline management techniques consistent with the Student Code of Conduct adopted under Section 37.001 (Student Code of Conduct) that can reasonably be expected to improve the student's behavior before returning the student to the classroom. If the student's behavior does not improve, the campus behavior coordinator shall employ alternative discipline management techniques, including any progressive interventions designated as the responsibility of the campus behavior coordinator in the Student Code of Conduct.

Investigation Process:

1. The campus behavior coordinator/administrator should thoroughly investigate all behavioral incidents within a timely manner.
2. This investigation should involve all parties to ensure details and information are collected in order to make the appropriate behavioral decision.
3. This decision should be determined in the best interest of the students involved and the school environment.
4. The campus behavior coordinator shall schedule the conference/hearing within three days (Texas Education Code Sec. 37.009)
5. The campus behavior coordinator shall promptly contact the parent or guardian by telephone or in person; and make a good faith effort and exhaust all reasonable means to contact the parent or guardian to provide written notice of the disciplinary action to the student, on the day the action is taken. If a parent or guardian entitled to notice has not been reached by telephone or in person by 5 p.m. of the first business day after the day the disciplinary action is taken, a campus behavior coordinator shall mail written notice of the action to the parent or guardian at the parent's or guardian's last known address.
6. Considerations: Before ordering the removal from the regular classroom setting, expulsion, removal to a disciplinary alternative education program, or placement in a juvenile justice alternative education program of a student, the campus behavior coordinator must consider the following: seriousness of the offense, student's age, grade level, ability and functioning level, student's apparent mindset, effect of the misconduct on the school environment, statutory requirements, whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history (frequency of misbehavior), whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the behavior coordinator concerns a mandatory or discretionary action, a student's status in the conservatorship of the Department of Family and Protective Services, or a student's status as a student who is homeless [Texas Education Code Sec. 37.001 (a) (4)].
7. In the event the offense is not a DAEP or JJAEP removal, please utilize additional behavioral supports which are required in conjunction with other non-punitive actions listed:
 - Referral to School Counselor
 - Student Support Team (SST) Process
 - Implementation of individualized MTSS/Engagement Plan(s)
 - Behavior Intervention Plan under Section 504 or IDEA is required
 - School Counselor may refer student(s) to intensive support service; example: Mental Health Services, and Youth & Family Center

Note: Please consult with a District officer for Assaults, Major School Altercations (fights), Pellet/BB Gun or Stun Gun, Brass Knuckles or Club and Level III & Level IV Offenses.

Removals from the regular classroom setting are not permissible for PK – 2nd grade students that commit any Level I Offenses.

Note: A student who commits a second offense pending removal to DAEP should be assigned the higher offense

For example, a mandatory offense should be assigned to DAEP over a discretionary offense. A different action should be assigned to address the discretionary offense.

Please ensure that each offense referral is reviewed before assigning another placement to the DAEP.

2.7 Parental Questions or Complaints

When parents/guardians have questions or complaints (also called grievances) regarding disciplinary actions, they should talk to the teacher or the campus administrator, as appropriate and in accordance with FNG (LOCAL). Parents/guardians may get a copy of the policy from the principal's office or the handbook can be accessed online at www.dallasisd.org. However, the consequence will not be delayed while waiting for the outcome of a grievance.

If parent concerns cannot be satisfied at the campus level, they can also contact the Parent Advocacy Office at 972-925-3505 or parentadvocacy@dallasisd.org.

2.8 Student and Parent Acknowledgment

The Dallas Independent School District shall foster a climate of mutual respect for the rights and privileges of students, teachers, and District personnel. The student’s responsibilities for fostering this climate of mutual respect and achieving a positive learning environment at school and/or school-related activities shall include the following:

- Engage in restorative practices as a way of working with conflict that puts the focus on repairing the harm that has been done. This approach to conflict resolution includes all parties involved
- Show respect toward others
- Conduct yourself in a responsible manner
- Attend all classes each day on time and be prepared to respectfully and actively engage with teachers and peers
- Adhere to District and school dress guidelines
- Obey all behavior expectations outlined in the Student Code of Conduct and campus student management plan
- Know that the possession, use, and/or sale of illegal or unauthorized drugs, alcohol, and weapons are unlawful and prohibited
- Understand that all cell phones must not be visible and must be turned off during instruction time, unless given permission by a teacher or campus administrator.
- Report threats and/or misconduct by any students or staff members to the principal or administrator
- Comply with the Acceptable Use Policy for Computers and Technology
- Understand that principals, coaches, and sponsors of extracurricular activities may develop and enforce standards of conduct that are higher than the District-developed Student Code of Conduct
- Appropriately wear Dallas ISD badges at school and/or school-related activities

The purpose of this Student Code Conduct is to inform all students and parents of their rights and responsibilities and Dallas ISD’s expectations regarding student behavior. Please sign this form and return it to the school. Signatures of parent(s)/guardian(s) and the student acknowledging the existence of the *Student Code of Conduct* and where it is located on the Dallas ISD website, available at www.dallasisd.org.

3.0 GENERAL GUIDELINES AND NOTIFICATIONS

3.1 Student Management

Student Management does not solely focus on the behavior. It also helps students become responsible members of the school community and the larger community in which they live.

The District takes a proactive approach to addressing behaviors and will intervene to mitigate inappropriate behaviors from getting worse before taking disciplinary actions. The District uses special programs and trained personnel for prevention and intervention; and uses community resources that are available to students and their families.

3.2 Educator-Student Relationships

The Texas Penal Code Subchapter F, Section 9.62 provides that: "The use of force, but not deadly force, against a person is justified: (1) if the actor is entrusted with the care, supervision, or administration of the person for a special purpose; and (2) when and to the degree the actor reasonably believes the force is necessary to further the special purpose or to maintain discipline in a group."

Further, TEC 22.0512 provides that; "A professional employee of a school district may not be subject to disciplinary proceedings for the employee's use of physical force against a student to the extent justified under Section 9.62 of the Penal Code."

3.3 Reporting a Crime

A school administrator will report crimes as required by law, including child abuse. A school administrator who suspects that a crime has been committed on campus will call local law enforcement.

3.4 False Accusations

Be advised that teachers, administrators, or any District employee, falsely accused may file a criminal complaint against any person making a false police report. If any District employee is harmed by a student's false accusation, the victim may seek civil damages from the student/parent/guardian. These are individual rights and do not belong to the school District. Employees shall consult their own attorney for legal advice and counsel in these situations.

3.5 Self-Defense

In accordance with Chapter 37 of the Texas Education Code, prior to a removal from a regular classroom setting to a disciplinary alternative education program or expulsion, school districts must consider self-defense as a factor in the decision to order such removal. Under the *Student Code of Conduct* self-defense is defined as, "the use of force against another to the degree a person reasonably believes the force is immediately necessary to protect himself or herself."

3.6 Physical Restraint

Within the scope of an employee's duties, a District employee may physically restrain a student if the employee reasonably believes restraint is necessary in order to:

- 3.6.1 Protect a person, including the person using physical restraint, from physical injury (FO (LOCAL))
- 3.6.2 Obtain possession of a weapon or other dangerous object (FO (LOCAL))
- 3.6.3 Protect property from serious damage (FO (LOCAL))
- 3.6.4 Remove a student refusing a lawful command of a school employee from a specific location, including a classroom or other school property, in order to restore order or to impose disciplinary measures, that further the purpose of education and/or are necessary to maintain discipline in a group. (FO (LOCAL) & FO(LEGAL))

NOTE: A District employee may restrain a student with a disability who receives special education services only in accordance with law. [See FOF(LEGAL)]

For physical restraint guidelines regarding students with disabilities, refer to The Use of Restraints on Students with Disabilities section in the Student Code of Conduct, in accordance with FOF(LEGAL).

3.7 Campus Classroom Expectations

In order to establish a positive school climate in which every student can achieve his or her potential, each school is required to develop campus classroom rules that address the kinds of minor misbehaviors that impede the educational process in the classroom or school.

This plan is developed through a committee comprised of administrators, campus behavior coordinator, parents/guardians, teachers, students, support personnel, and community representatives. From the committee's collaborative effort, a consensus regarding minor offenses, student responsibilities, and discipline management techniques for school offenses only is reached. Campus Classroom Rules and the *Student Code of Conduct* are designed as guidelines for determining behavior expectations and should be disseminated or communicated to the school community. Teachers should also utilize effective [strategies for classroom management](#) to help minimize misbehaviors.

It should be noted that once an offense has gone beyond the designation of "school" and is listed as a Level I, II, III, or IV Offense, the regulations (responses) set forth in the District's *Student Code of Conduct* apply.

The *Student Code of Conduct* applies districtwide and cannot be added to, deleted from, changed, or modified without approval of the Board of Trustees. The *Student Code of Conduct* must be displayed in every school in a location accessible to all students, parents/guardians, or community members.

3.8 Offensive Language

Any form of expression that may include, but is not limited to, words, phrases, or expressions considered offensive, disrespectful, rude, insulting, hurtful, harmful, demeaning, abusive, derogatory, foul, vulgar, obscene, breaches commonly, acceptable standards of decent and proper speech in a school setting. The actions for such behavior are listed under the category of Level II B Offenses.

3.9 Extracurricular Activities

With approval of school leadership administration and the school principal, sponsors and coaches of extracurricular activities may develop and enforce standards of conduct that are higher than the District-developed *Student Code of Conduct*. Adherence to these higher standards may be required for a student to establish and maintain membership and eligibility for participation in those activities. These organizational standards of behavior are independent of the *Student Code of Conduct*, and violations may result in independent disciplinary action by the school.

Students shall be informed of any extracurricular behavior standards for the organization in conjunction with tryout, practice, or acceptance/induction into membership.

Students and their parents/guardians shall sign and return to the sponsor or coach a statement acknowledging recognition of the extracurricular behavior standards and consent to abide by them as a condition of membership or participation in the activity.

A student may be removed from membership or participation in extracurricular activities or may be excluded from school honors for violation of organizational standards of behavior or for violations of the *Student Code of Conduct*. Students who have been removed to DAEP may not return to any Dallas ISD facility, including extracurricular activities, except the alternative school during the assigned term.

The higher standards may take into account conduct that occurs at any time, on or off school property. No provision of the extracurricular behavioral standard shall have the effect of discriminating on the basis of sex, race, disability, religion, or ethnicity. FNC and FO (LOCAL)

4.1 Students with Disabilities Under the Individuals with Disabilities Education Act (“IDEA”)

The discipline of students with disabilities is subject to applicable state and federal law in addition to the *Student Code of Conduct*. To the extent any conflict exists, the District shall comply with federal law. For more information regarding discipline of students with disabilities, see policy FOF(LEGAL).

In deciding whether to order a removal to the Reset Center, DAEP placement, or expulsion, the District will take into consideration a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct. TEC 37.001 (a)(4). Except as set forth below, the placement of a student with a disability who receives special education services may be made only by a duly constituted admission, review, and dismissal (ARD) committee. Any disciplinary action regarding the student shall be determined in accordance with federal law and regulations. TEC 37.004.

A student with a disability who receives special education services may not be placed in a disciplinary alternative education program (DAEP) solely for educational purposes. A teacher in a DAEP who has a special education assignment must hold an appropriate certificate or permit for that assignment. TEC 37.004(c)–(d), FOF(Legal).

School personnel may remove a student with a disability who violates a Student Code of Conduct from his or her current placement to an appropriate interim alternative educational setting, or another setting, for not more than ten consecutive school days, to the extent those alternatives are applied to children without disabilities. 20 U.S.C. 1415(k)(1)(B); 34 C.F.R. 300.530(b)(1).

In accordance with the Education Code, a student receiving special education services may not be disciplined for conduct meeting the definition of bullying, harassment, or making hit lists until an ARD committee meeting has been held to review the conduct. TEC 37.001 (b-1).

School personnel may remove the student for additional removals of not more than ten consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change in placement (see below). 34 C.F.R. 300.530(b)(1).

After a student has been removed from his or her current placement for ten school days in the same school year, for any additional removals that do not constitute a change of placement, services must be provided starting on the 11th day, in consultation with at least one of the student’s teachers to determine the extent to which services are needed so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student’s individualized education program (IEP). 20 U.S.C. 1415(k)(1)(D); 34 C.F.R. 300.530(d)(4).

For purposes of disciplinary removal of a student with a disability, a change in placement occurs if a student is:

1. Removed from the student’s current educational placement for more than ten school days; or
2. Subjected to a series of removals that constitute a pattern because:
 - a. The series of removals total more than ten school days in a school year;
 - b. The student’s behavior is substantially similar to the student’s behavior in the previous incidents that resulted in the series of removals; and
 - c. Additional factors exist, such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

The District determines, on a case-by-case basis, whether a pattern of removals constitutes a change in placement. The District’s determination is subject to review through due process and judicial proceedings. 34 C.F.R. 300.536.

Transportation is not provided to DAEP or JJAEP for students with disabilities, unless the student’s IEP states that the student needs transportation as a related service.

HB3928 DAEP Information Requirements: To provide information to a student’s parent/guardian about the process for requesting a special education initial evaluation when a student is placed in a Disciplinary Alternative Education Program (DAEP) and/or when a student transitions back to the regular campus.

4.2 District Knowledge of Students with Disabilities

The District shall be deemed to have knowledge that a student has a disability if, before the behavior that precipitated the disciplinary action occurred:

- (1) the parent of the student expressed concern in writing to supervisory or administrative personnel of Dallas ISD, or to a teacher of the student that the student is in need of special education and related services
- (2) the parent of the student requested an initial evaluation to determine if the child qualifies as a child with a disability under IDEA
- (3) the teacher of the student or other personnel of Dallas ISD directly expressed specific concerns about a pattern of behavior demonstrated by the student directly to the director of special education services or to other supervisory personnel of the District.

EXCEPTION: Dallas ISD shall not be deemed to have knowledge that the student is a disabled student if the parent/guardian of the student has not allowed an evaluation of the student or has refused special education services or the student has been evaluated and it was determined that the student was not eligible for special education services. Additionally, in cases where the student has previously been determined eligible and has been receiving special education services, but the parent/guardian or adult student has withdrawn consent for provision of Special Education services, Dallas ISD will be deemed to have no knowledge that the student is a disabled student. FOF (LEGAL)

4.3 Manifestation Determination Review

A student with disabilities who is found to have violated the student code of conduct will be referred for disciplinary action under the District's procedures, state, and federal law. Where the discipline requires removal from the student's current placement for a period of more than ten days, either in the aggregate or consecutively, such removal may occur only after the student's admission, review and dismissal committee conducts a manifestation determination review. Within ten school days of any decision to change the placement of a student because of a violation of a code of student conduct, the ARD Committee shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents to determine whether the conduct in question was;

- 4.3.1 caused by, or had a direct and substantial relationship to, the student's disability; or
- 4.3.2 the direct result of the District's failure to implement the IEP.

MDR Committee Findings: Student's actions ARE NOT a manifestation or disability

If the determination is that the student's behavior was not a manifestation of the student's disability, school personnel may apply the relevant disciplinary procedures to the student in the same manner and for the same duration as for students without disabilities. The ARD committee shall determine the interim alternative educational setting. 20 U.S.C. 1415(k)(1)(C), (k)(2); 34 C.F.R. 300.530(c)

MDR Committee Findings: Student's actions ARE a manifestation of disability

If the District, the parent/guardian, and relevant members of the ARD committee determine that either of the above is applicable, the conduct shall be determined to be a manifestation of the student's disability. 20 U.S.C. 1415(k)(1)(E); 34 CFR 300.530(e)

The ARD committee shall therefore:

1. Conduct a functional behavior assessment (FBA), unless the District had conducted an FBA before the behavior that resulted in the change in placement occurred, and implement a behavioral intervention plan (BIP) for the student; or
2. If a BIP has already been developed, review the BIP and modify it, as necessary, to address the behavior.

Except as provided at Special Circumstances, below, the ARD committee shall return the student to the placement from which the student was removed, unless the parent and the District agree to a change in placement as part of the modification of the BIP. 20 U.S.C. 1415(k)(1)(F); 34 C.F.R. 300.530(f)

4.4 Manifestation Determination Review Appeal

A parent who disagrees with a placement decision or the manifestation determination may request a due process hearing. A District that believes that maintaining a current placement of a student is substantially likely to result in injury to the student or others may request a due process hearing. 20 U.S.C. 1415(k)(3)(A); 34 CFR 300.532(a); 19 TAC 89.1151.

When an appeal has been requested by a parent or the District, the student shall remain in the interim alternative education setting pending the decision of the hearing officer or until the expiration of the student's assignment to the alternative setting, whichever occurs first, unless the parent and District agree otherwise. 20 U.S.C. 1415(k)(4); 34 CFR 300.533.

4.5 Education Services During Removals

The student must:

- 4.5.1 Continue to receive educational services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the student's IEP.
- 4.5.2 Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

These services may be provided in an interim alternative educational setting. 34 C.F.R. 300.530(d)(1)

4.6 Special Circumstances for Weapons, Drugs, or Bodily Harm

School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the student's disability, if the student: (1) carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of TEA or the District; or (2) knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of TEA or the District; or (3) has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of TEA or the District. 20 U.S.C. 1415(k)(1)(G); 34 CFR 300.530(g). The ARD committee shall determine the interim alternative education setting. 20 U.S.C. 1415(k)(2). Services must also be provided during special circumstances removals.

4.7 The Use of Restraint on Students with Disabilities

A school employee, volunteer, or independent contractor may use restraint only in an emergency and with the following limitations:

- 4.7.1 Restraint shall be limited to the use of such reasonable force as is necessary to address the emergency.
- 4.7.2 Restraint shall be discontinued at the point at which the emergency no longer exists.
- 4.7.3 Restraint shall be implemented in such a way as to protect the health and safety of the student and others.
- 4.7.4 Restraint shall not deprive the student of basic human necessities. 19 TAC 89.1053(c)
 - "Restraint" means the use of physical force or a mechanical device to significantly restrict the free movement of all or a portion of a student's body.
 - "Emergency" means a situation in which a student's behavior poses a threat of:
 - Imminent, serious physical harm to the student or others; or
 - Imminent, serious property destruction. 19 TAC 89.1053(b)(1)–(2)
 - Training for school employees, volunteers, or independent contractors regarding the use of restraint shall be provided according to the requirements set forth at 19 Administrative Code 89.1053(d).
 - In the case that restraint is used, the documentation requirements set forth in FOF (Legal) will be complied.

4.8 Section 504

The aforementioned change of placement/MDR/timeline/ provision of services requirements are applicable to students eligible for Section 504 services. However, these decisions are made by the Section 504 committee. See policy FOF(LEGAL).

4.9 Exception for Section 504

A district shall conduct an evaluation in accordance with 34 C.F.R. 104.35(b) before taking any action with respect to any significant change in placement of a student with a disability who needs or is believed to need special education and related services. 34 C.F.R. 104.35(a)

A district may take disciplinary action pertaining to the use of illegal drugs or alcohol against any student receiving Section 504 services, who is currently engaging in the illegal use of drugs or in the use of alcohol to the same extent that the district would take disciplinary action against nondisabled students. The due process procedures afforded under Section 504, including a right to an MDR do not apply to such disciplinary action. 29 U.S.C. 705(20)(C)(iv)

4.10 Protection for Students Not Yet Eligible for Special Education Services

A student who has not been determined to be eligible for special education and related services and who has engaged in behavior that violated a code of student conduct may assert any of the protections provided for in the IDEA if the District had knowledge that the student had a disability before the behavior that precipitated that disciplinary action occurred. 20 U.S.C. 1415(k)(5)(A); 34 CFR 300.534 (a)

5.0 TRANSPORTATION

The purpose of school transportation is to safely transport students to and from school. The slightest distraction to the driver may have significant student safety actions. Appropriate student behavior is essential to the safe operation of the school bus. Therefore, school bus safety regulations must be followed.

Campus behavior coordinators are responsible for the students while on the bus and reserve the right to resolve discipline problems that occur between home and campus. It is the duty of the campus behavior coordinator, not the driver, to exclude a child from riding a school bus.

"The campus behavior coordinator shall take steps to maintain acceptable student conduct while riding school buses, including the discretion to deny the privilege of school bus transportation. This privilege may be temporarily denied or permanently revoked, if misconduct jeopardizes the safe operation of the school bus or the safety of students riding the bus.

Students should be aware that the bus is an extension of the school. Therefore, all *Student Code of Conduct Offenses* are subject to the same disciplinary actions while riding Dallas ISD provided transportation. Aside from compliance with the rules contained in the *Student Code of Conduct Offenses Level I through IV*, students are expected to follow bus rules.

Transportation Helpline: 972-925-4287

5.1 Bus Misconduct and Progressive Discipline

Bus misconduct includes, but is not limited to the following:

- failure to remain seated when directed or when the bus is moving;
- failure to wear a seat belt when directed or when the bus is moving (if the bus is equipped with seat belts);
- extending any part of a student's body, clothing, or any other article outside a bus window;
- throwing, pitching, or shooting objects inside or out of the bus; and
- failure to remain in an assigned seat directed by the driver.

Bus Misconduct:

- Eating/Drinking on the bus
- Disrupting the driver with excessive / unnecessary noise level while the bus is in operation
- Riding unassigned bus using unassigned stop
- Tampering with or using emergency exits without authorization
- Vandalism to or destruction of the bus

NOTE: A change in transportation services, for a student with a disability who receives transportation as a related service as identified in the student's IEP or Section 504 plan, requires ARD committee or Section 504 committee action prior to the change in services. This guidance is not applicable to changes in bus routes, or identification of a particular bus a student is to ride. Disciplinary bus removals for students with transportation as a related service applies to the analysis under the TEC 37.004(a) and whether a removal constitutes a disciplinary change of placement requiring a Manifestation Determination Review ("MDR").

1st offense – Student misconduct on the bus - The parent/guardian of the student will be notified by Service Center personnel.

2nd offense – Continued misconduct on the bus - The parent/guardian of the student will be notified by the Campus Behavior Coordinator / Administrator and will issue a warning against losing bus privileges.

3rd offense – After third violation of bus misconduct - The student will lose bus privileges - The amount of time will be determined by the Campus Behavior Coordinator / Administrator based on the severity of the behavior incident and all offenses. The Campus Behavior Coordinator / Administrator should document the amount of time the student will be removed from the bus on the discipline referral in the appropriate discipline system and communicate the disciplinary measure to the parent and the Student Transportation Services Department.

Note: Campus Behavior Coordinator (CBC) / Administrator should ensure students that receive services under Special Education and Section 504 are reviewed through the appropriate ARD or 504 committee relating to a change in transportation services.

6.0 SAFETY AND SECURITY

Dallas Independent School District Police Department protects and serves more than 140,000 students, and 21,000 staff members in 228 schools and numerous administrative and service buildings. The department employs more than 200 police officers, security officers, and administrative staff.

For more information, please visit <https://www.dallasisd.org/domain/19062>. Contacts for questions on threat assessment, metal detectors, raptor system and emergency responses are located on the organization chart at <https://www.dallasisd.org/Page/54098>

Important Contact Numbers:	
Emergency	9-1-1
Non-Emergency	(972) 749-2300
Police Dispatch	(214) 932-5627

6.1 ID Badges

All students, regardless of grade level, are required to wear their issued ID badge at all times. The first ID badge will be issued to the student at no charge. There will be a \$5.00 fee charged for each lost or damaged ID badge. A temporary badge will be provided until the replacement badge is issued. Lanyards will be available for students to purchase. Badges are considered a part of the student dress code. Consequently, refusing to wear a badge can be classified as failure to comply with directives, a level I behavior.

6.2 The District's Right to Search

The District has the right to search:

1. A student's outer clothing, pockets, or property by establishing reasonable suspicion or with the voluntary consent of the student FNF(LEGAL)
2. A vehicle driven to school by a student and parked on school property when there is reasonable suspicion to believe the vehicle contains things prohibited by the District FNF(LOCAL)
3. A student's locker, desk or any other District property when there is reasonable suspicion to believe it contains items prohibited by the District.

A student may be searched by other noninvasive means.

The District's local policy requires that students be notified on an annual basis, at the beginning of each school year, that they may be subject to search by a metal detector on a random or regular basis, or on the basis of individualized reasonable suspicion that the student possesses a weapon.

6.3 Search of Cell Phone

A peace officer may not search a person's cellular telephone or other wireless communications device pursuant to a lawful arrest of the person without obtaining a warrant.

A peace officer may search a person's cellular telephone or other wireless communications device without a warrant if the owner or possessor of the telephone or device consents to the search; the telephone or device is reported stolen by the owner or possessor; or the officer reasonably believes that the telephone or device is in the possession of a fugitive

from justice for whom an arrest warrant has been issued for committing a felony offense, or there exists an immediate life-threatening situation.

6.4 The District's Right to Interview Students

School officials have the legal authority and responsibility to investigate violations of the Student Code of Conduct and to interview students without prior notice to parents/legal guardians or the consent of parents/legal guardians in order to do so. This authority derives from the common law doctrine of "*in loco parentis*", which means school officials are standing in the place of the parents when students are at school or attending school activities. School officials, including law enforcement officers acting as school officials, exercise this authority to maintain the safety and security of the school environment and to prevent the disruption of instructional programs.

6.5 Electronic Surveillance

Electronic surveillance may be used to monitor student behavior and school-owned property for purposes of safety, including the maintenance of order and discipline in common areas of the school or on school buses in accordance with Texas Education Code Section 26.009. Student behavior recorded by electronic surveillance equipment may be subject to disciplinary actions consistent with the *Student Code of Conduct*.

6.6 Use of Trained Dogs

The District may use specially trained, non-aggressive dogs to sniff out and alert to the current presence of all controlled substances. Visits to campuses will be unannounced. The dogs shall not be used with students. If the dog alerts on a bag, locker, vehicle, or classroom, school officials may search it.

6.7 Registered Sex Offenders

Upon receiving notification that a student committed an offense on or after September 1, 2007 and is currently required to register as a sex offender, the principal must remove the student from the regular classroom and determine appropriate placement unless the court orders DCJJAEP placement. If the student is under any form of court supervision, including probation, community supervision, or parole, the placement will be in either DAEP or DCJJAEP for at least one semester.

If the student is not under any form of court supervision, the placement may be in DAEP or DCJJAEP for one semester or the placement may be in a regular classroom. The placement may not be in the regular classroom if the board or its designee determines that the student's presence:

- 1) threatens the safety of other students or teachers;
- 2) will be detrimental to the educational process; or
- 3) is not in the best interest of students.

Review Committee

At the end of the first semester of a student's placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the District shall convene a committee to review the student's placement. The committee must be composed of:

- 1) a teacher from the home school to which the student would be assigned;
- 2) the student's parole or probation officer or, in the case of a student who does not have a parole or probation officer, a representative of the local Juvenile Probation Department;
- 3) an instructor from the DAEP to which the student was assigned;
- 4) a school district designee; and
- 5) a counselor employed by the school district.

The review under Section 37.306 of the placement of a student with a disability who receives special education services may be made only by a duly constituted Admission, Review, and Dismissal Committee.

Newly Enrolled/Currently Enrolled Students

As a registered sex offender, if a student enrolls or registers in the District during a Level IV assignment, the District may count any time already accrued. There is only one factual issue to be resolved at the conference, whether a student must register as a sex offender under a court order, parent/guardians and students have the burden proof.

7.0 REMOVAL BY TEACHER

Chapter 37.002 - Texas Education Code

The principal shall respond by employing appropriate discipline management techniques consistent with the Dallas ISD *Student Code of Conduct*.

- (a) A teacher may send a student to the campus behavior coordinator office to maintain effective discipline in the classroom. The campus behavior coordinator shall respond by employing appropriate discipline management techniques consistent with the *Student Code of Conduct* adopted under Section 37.001.
- (b) A teacher may remove from class a student:
 - who has been documented by the teacher to repeatedly interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or
 - whose behavior the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the other students in the class or with the ability of the student's classmates to learn.
- (c) If a teacher removes a student from class under Subsection (b), the principal may place the student into another appropriate classroom, into the Reset Center, or into a disciplinary alternative education program as provided by Section 37.008. The campus behavior coordinator may not return the student to that teacher's class without the teacher's written consent unless the Placement Review Committee established under Section 37.003 determines that such placement is the best or only alternative available. The terms of the removal may prohibit the student from attending or participating in school-sponsored or school-related activities. The best or only alternative available and, not later than the third class day after the day on which the student was removed from class, a conference in which the teacher has been provided an opportunity to participate has been held in accordance with Section 37.009 (a). The principal may not return the student to that teacher's class unless the teacher provides written consent for the student's return or a return to class plan has been prepared for that student. The principal may only designate an employee of the school whose primary duties do not include classroom instruction to create a return to class plan.
- (d) A teacher shall remove from class and send to the campus behavior coordinator for placement in a disciplinary alternative education program or for expulsion, as appropriate, a student who engages in conduct described under Section 37.006 or 37.007. The student may not be returned to that teacher's class without the teacher's written consent unless the committee established under Section 37.003 determines that such placement is the best or only alternative available. If the teacher removed the student from class because the student has engaged in the elements of any offense listed in Section 37.006(a)(2)(B) or Section 37.007(a)(2)(A) or (b)(2)(C) against the teacher, the student may not be returned to the teacher's class without the teacher's consent. The teacher may not be coerced to consent.
- (e) If a student is returned to the teacher's classroom, the teacher shall document the student's behavior that the teacher determines either repeatedly interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn or is so unruly, disruptive or abusive that it seriously interferes with the teacher's ability to communicate effectively with the other students in the class or with the ability of the student's classmates to learn.
- (f) Section 37.004 applies to the removal or placement under this section of a student's with a disability who receives special education services

7.1 Placement Review Committee

Each school shall have a Placement Review Committee composed of three members. The committee will determine placement of a student when a teacher has removed the student and refuses to allow the return of the student to the teacher's class. The committee will make a final determination of the student's placement when a student is removed under this section.

- The campus faculty shall choose two teachers to serve as members and one teacher to serve as an alternate member.
- The campus behavior coordinator shall choose one member from the professional staff of the campus.
- The teacher refusing to readmit the student may not serve on the committee.

If the teacher removed the student from class for engaging in assault, aggravated assault, sexual assault, aggravated sexual assault, or assault against the teacher, the student may not be returned to the teacher's class without the teacher's consent. The teacher may not be coerced to consent. In accordance with federal law, the placement of a student with disabilities may be changed only by a duly constituted ARD Committee.

7.2 Removal Notifications

The campus behavior coordinator shall promptly contact the parent or guardian by telephone or in person; and make a good faith effort to provide written notice of the disciplinary action to the student, on the day the action is taken, for delivery to the student's parent or guardian. The campus behavior coordinator shall also notify a student's parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. If a parent or guardian entitled to notice has not been reached by telephone or in person by 5 p.m. of the first business day after the day the disciplinary action is taken, a campus behavior coordinator shall mail written notice of the action to the parent or guardian at the parent's or guardian's last known address.

7.3 Emergency Removal based on Allegations of Sexual Harassment

If a student is the alleged perpetrator of sex-based discrimination, sexual harassment, or retaliation, the respondent student may be subject to immediate emergency removal from his or her campus after the District conducts an individualized analysis and if the District finds it necessary to protect a student or other individual from immediate threat to their physical health or safety.

If the District decides to remove the respondent student from campus, it will notify the respondent student and provide the respondent student an immediate opportunity to challenge the removal decision. The District's process for challenging a removal decision is subject to the appeals procedures set forth in this Student Code of Conduct and policy FNG(LEGAL)(LOCAL)(EXHIBIT), FOC(LEGAL) AND FOD(LEGAL).

If the alleged perpetrator is an individual with a disability, all state and federal legal protections pertaining to the removal of students with disabilities apply, as detailed in this Student Code of Conduct and policy FOF(LEGAL).

8.0 REMOVALS TO DAEP OR JJAEP

DAEP serves as alternative education settings for students temporarily removed for disciplinary purposes from their regular instructional settings. Instruction is provided for students' educational and behavioral needs and focuses on English, math, science, history, and restorative practices.

8.1 Assignment to the Disciplinary Alternative Education Program

Students will be assigned to a Disciplinary Alternative Education Program (DAEP) for a minimum of 10 days through a maximum of 40 days depending on the age/grade and level of offense. While students are in the DAEP at the high-school level, only four basic courses are offered: English, social studies, math, and science. Certain electives, honors, and Advanced Placement (AP) courses may be provided. In addition, administrators at the DAEP will work with the student's home school to meet course requirements and allow the home campus to send work to be completed by the student. The Texas Education Code 37.008 does not require the District to provide elective courses while a student is in a DAEP. The District provides students with assistance in learning how to change the behavior that caused them to be placed in the program.

A student's four-year graduation plan may not be altered when the student is assigned to a Disciplinary Alternative Education Program. A student must be offered an opportunity to complete a foundation curriculum course in which the student was enrolled at the time of removal before the beginning of the next school year, including correspondence, distance learning opportunities, or summer school. The District may not charge for a course required under this section.

A student remains in the home school or in the Reset Center pending placement in the DAEP unless he/she is considered a safety threat or continues to violate the *Student Code of Conduct*. (see diagram 9.12)

8.2 Assignment to the Dallas County Juvenile Justice Alternative Education Program

When students commit Mandatory Level IV Expulsion Offenses as listed in the *Student Code of Conduct*, they are assigned to the Dallas County Juvenile Justice Alternative Education Program (DCJJAEP), 1673 Terre Colony Court, Dallas, Texas, 75212. If students are younger than 10, they are assigned to the District's Disciplinary Alternative Education Program.

The DCJJAEP is a school program operated by Dallas County, Monday through Friday. While in the program, students must wear uniforms. Students are transported to and from their homes by bus. Only basic courses are provided as required by Texas Education Code Chapter 37. While students are in the Dallas County Juvenile Justice Alternative Education Program at the high-school level, only four basic courses are offered: English, social studies, math, and science. Electives and AP (Advanced Placement) courses are not provided. The program provides students with assistance in learning how to change the behavior that caused them to be assigned to the program.

Students are assigned to the program for 90 days. However, students whose offenses involve firearms must be assigned to the DCJJAEP for one year. Pursuant to Public Law 103-382 Sec. 14601 GUN-FREE REQUIREMENTS, a local educational agency must expel from school for a period of no less than one year any student who is determined to have brought a weapon to a school.

Students assigned to the DCJJAEP shall not be on any public school campus or attend any school activities until the student completes the disciplinary assignment. If a student returns to school, they can be charged with trespassing or a loss of a good day at DCJJAEP.

8.3 Administrative Hearings

A student facing a removal to the DAEP or JJAEP shall be given a hearing with appropriate due process. The student is entitled to:

- 8.3.1 representation by the student's parent or guardian who can provide guidance to the student;
- 8.3.2 an opportunity to be heard and to present evidence in the student's defense; and
- 8.3.3 an opportunity to question the District's representative.

Hearing procedures: Parents or students that are (1) 18 years of age or older, (2) emancipated, or (3) homeless may designate a "guardian", organization, or legal counsel.

After providing notice to the student and the parent/guardian of the hearing, the District may hold the hearing regardless of whether the student or student's parent/guardian attends.

8.4 Students with Disabilities

On the date on which the decision is made to make a removal that constitutes a change of placement requiring an MDR under the IDEA or Section 504, then the administrator must notify the parent/s of that decision, and provide the parent/s with a copy of the applicable IDEA Notice of Procedural Safeguards, or Notice of Section 504 rights. 34 CFR 300.530(h), 300 CFR 504

Student service must continue to be implemented pending the outcome of the MDR.

For students with disabilities who are homeless, the administrator must provide notice to the child's educational decision-maker and caseworker. TEC 25.007(b)(10)(d)

8.5 Student Withdrawal Prior to Discipline

Withdrawing a student from school does not affect the District's authority to schedule and conduct a conference or hearing on the conduct and enter an order for removal to a DAEP or JJAEP; regardless of whether the student or parent/guardian is present to participate. The order for removal will be included with records sent to transferring school district. Actions will not be deferred pending the outcome of the appeal. The student must be enrolled and attending their assigned placement in order to move forward with the appeal process.

8.6 Continuations to the Disciplinary Alternative Education Program

Level II Assignments for all students will terminate at the end of the school year, regardless of the number of days assigned. Students may attend summer school.

Level III Assignments for all students will terminate at the end of summer school, regardless of the number of days owed. If a student fails to attend summer school to complete their assignment, he/she must return to the DAEP at the beginning of the school year to complete the days assigned.

This provision does not apply to students assigned to the Dallas County Juvenile Justice Alternative Education Program for Level IV Offenses.

8.7 DAEP Good Day (Time Reduction)

Student assignments to the Disciplinary Alternative Education Program may be reduced by one day for every full week (Monday-Friday) the student has had perfect attendance with no behavior referrals. This applies to all Disciplinary Alternative Education Programs, but not to the Dallas County Juvenile Justice Alternative Education Program.

Credit for good days will not count for additional DAEP placements.

In order to help both elementary and secondary students who are assigned to the District's Disciplinary Alternative Education Programs (DAEP) to improve their behavior and to include parents/guardians in this process, the District is offering the following optional plan, provided funding is available. The parent/guardian will be informed of this plan at the time of the orientation at the DAEP. Students assigned to the Off-Campus Secondary DAEP can achieve early release from their assignment by earning two days for each Saturday they attend supporting sessions that focus on Developmental Asset Building. Parent/guardian and students must attend sessions together, be on time, and remain for the entirety. These supporting sessions allow parent/guardian and student to build bridges of communication and expectations of behavior at home, in the community, and at school. The student and parent/guardian work separately and then together during these sessions to discover how to resolve disagreements, earn respect, and avoid future incidents of poor behavior at school. Once the parent/guardian and student have completed the Saturday sessions, the DAEP principal will determine compliance and award the number of days earned.

The campus behavior coordinator shall promptly contact the parent or guardian by telephone or in person; and make a good faith effort to provide written notice of the disciplinary action to the student, on the day the action is taken, for delivery to the student's parent or guardian. If a parent or guardian entitled to notice has not been reached by telephone or in person by 5 p.m. of the first business day after the day the disciplinary action is taken, a campus behavior coordinator shall mail written notice of the action to the parent or guardian at the parent's or guardian's last known address.

The DAEP principal shall reduce days or change the date of return based on the plan and/or the perfect attendance good day policy.

The Good Day Policy will not apply to the following offenses, due to the nature of these offenses:

- Level II – Major Disruptive School Behavior
- Level II – Assault (Class C) (student on student)
- Level II – Assault (Class C) (student on personnel, volunteer or visitor/parent)
- Level II – Bullying
- Level II – Possession of a pellet/BB gun or stun gun, brass knuckles or club
- Level III – Assault (Class A) (student on student)
- Level III – Harassment (student on personnel)
- All Level IV Expellable offenses

A student receiving special education services under Texas Education Code Chapter 29 Subchapter A, may not be disciplined for bullying, harassment or hit-list-making until an Admission, Review and Dismissal Committee (ARD) has been held to review the conduct. Such review shall be consistent with a MDR as required under the Individuals with Disabilities Education Improvement Act (IDEIA). Consistent with state law, no disciplinary action of any kind may be imposed prior to the MDR Committee meeting, including removals from class or school or change of placement for any period of time. The federal 10-day change of placement rule does not apply for this category of misconduct.

A student cannot be assigned a consequence for bullying if the student is acting in self-defense.

A student who is a victim of bullying may exercise mandatory transfer rights. FDB(LOCAL)

The 300-foot rule does not apply to Level II Offenses.

Graduating seniors assigned to a DAEP will complete their assigned placement through graduation, if applicable. The student will not be allowed to attend any senior activities, except graduation rehearsal and the graduation ceremony.

Graduating seniors will be allowed to receive the minimum coursework required for graduation. The home school will provide AP course work and elective courses not taught at the DAEP.

Students that have been assigned to a DAEP may not return to their home school except for student appeal hearings.

8.8 Transition from Alternative Education Program to Regular Classroom

“Alternative education program” includes: a disciplinary alternative education program operated by a school district or open-enrollment charter school; a juvenile justice alternative education program.

In regard to the transition process the committee must include recommendations for the best educational placement of the student; and may include recommendations for counseling, behavioral management, or academic assistance for the student with a concentration on the student’s academic or career goals [TEC 37.023 (a)]. (see *diagram 9.13*)

DAEP Information Requirements: To provide information to a student’s parent/guardian about the process for requesting a special education initial evaluation when a student is placed in a Disciplinary Alternative Education Program (DAEP) and/or when a student transitions back to the regular campus.

8.9 Students Transferring to the Dallas ISD Owing Time to the Disciplinary Alternative Education Program

Students enrolling in the District from another school district while on placement in a DAEP will serve out the placement imposed by the transferring district before being admitted to a regular classroom setting.

A student transferring in from an open-enrollment charter school may continue the disciplinary alternative education program placement under the terms of the placement order or may be allowed to attend regular classes without completing the period of placement. The student will continue the DAEP placement if:

- 1) the student was placed in a disciplinary alternative education program by an open-enrollment charter school under TEC Section 12.131 and the charter school provides to the District a copy of the placement order; or,
- 2) the student was placed in a disciplinary alternative education program by a school district in another state and:
 - a) The out-of-state district provides to the District a copy of the placement order; and
 - b) The grounds for the placement by the out-of-state district are grounds for placement in the Dallas ISD.

8.10 Appeal Process/Procedure for Off-Campus Disciplinary Alternative Education Program (DAEP)/Dallas County Juvenile Justice Education Program (DCJJAEP)

A hearing will be held to determine whether a student will be assigned to an off-campus Disciplinary Alternative Education Program (DAEP) or the Dallas County Juvenile Justice Education Program (DCJJAEP). If the student is assigned to a DAEP or the DCJJAEP, their parent/guardian will be provided with a copy of the referral, the appeal process, and an appeal form at the conclusion of the hearing. A parent/guardian has the right to request an appeal within 5 school days following a hearing. The student may be represented by the parent/guardian or legal custodian/guardian. The student will continue to serve the assignment at the DAEP/DCJJAEP and may not return to the regular classroom pending the appeal. Appeals should be made through the following progression:

All Off-Campus DAEP/DCJJAEP assignments for Level II, III and IV Offenses shall be appealed in the following order:

1. Districtwide Student Discipline Hearing Officer
2. Student Engagement and Support Department/Student Engagement and Support Panel
3. Board of Trustees— The decision of the Board is final, except for:
 - Level IV Offenses, which can be appealed to the State District Court of Dallas County. The decision of the District Court is final.

NOTE: Students returning from DAEP are expected to re-enroll at the campus they attended prior to their DAEP assignment.

8.11 Students with Disabilities Appeal Process

- The Special Education Appeal Process is used if the parent/guardian disagrees with the disciplinary action decided at the formal hearing. The disciplinary action shall be appealed in the following order:
 1. Districtwide Student Discipline Hearing Officer
 2. Student Engagement and Support Department/Student Engagement and Support Panel
 3. Board of Trustees – The decision of the board is final except for:
 - Level IV Offenses, which can be appealed to the State District Court of Dallas County. The decision of the District Court is final.
- If the parent/guardian disagrees with the Manifestation Determination, Review, and Dismissal (MDR) Committee decision, the parent/guardian has a right to a Texas Education Agency expedited administrative hearing.

MDR Appeal Process

1. Request a Texas Education Agency expedited administrative hearing.
2. Stay-put rule does not apply for disciplinary placements.

If a student withdraws from Dallas ISD, the school district loses its jurisdiction to consider appeals.

Actions will not be deferred pending the outcome of an appeal.

8.12 Threat Assessment

Threat assessment is a process carried out by the Safety and Care Assessment Team at Dallas ISD. This process includes:

1. Identifying individuals, based on referrals, tips, or observations, whose behavior has raised concerns due to threats of violence or exhibition of behavior that is harmful, threatening, or violent to self or others.
2. Conducting an individualized threat assessment based on reasonably available information to determine whether the individual poses a threat of violence or poses a risk of harm to self or others and the level of risk.
3. Implementing appropriate intervention and monitoring strategies, if the team determines an individual poses a threat of harm to self or others. These strategies may include referral of a student for a mental health assessment and escalation procedures to determine interventions needed, as appropriate.

For a student or other individual the team determines poses a serious risk of violence to self or others, the team shall immediately report to the Superintendent, or designee, who shall immediately attempt to contact the student's parent or guardian to inform them of the threat, invite them to participate in the threat assessment process, to provide information regarding the student, and inform them of the Safety and Care Assessment team's findings and recommendations for intervention, as appropriate. Additionally, the Superintendent, or designee, shall coordinate with law enforcement authorities as necessary and take other appropriate action in accordance with the District's multihazard emergency operations plan.

If a student in a special education program is the subject of a threat assessment, the team conducting the assessment must include at least one of the following professionals who have specific knowledge of the student's disability and the disability's manifestations:

1. A special education teacher assigned to the student;
2. A licensed behavior analyst;
3. A licensed clinical or licensed master social worker; or
4. A licensed specialist in school psychology.

For a student the team identifies as at risk of suicide, the team shall follow the District's suicide prevention program.

For a student the team identifies as having a substance abuse issue, the team shall follow the District's substance abuse program.

For a student whose conduct may constitute a violation of the District's Student Code of Conduct, the team shall make a referral to the campus behavior coordinator or other appropriate administrator to consider disciplinary action.

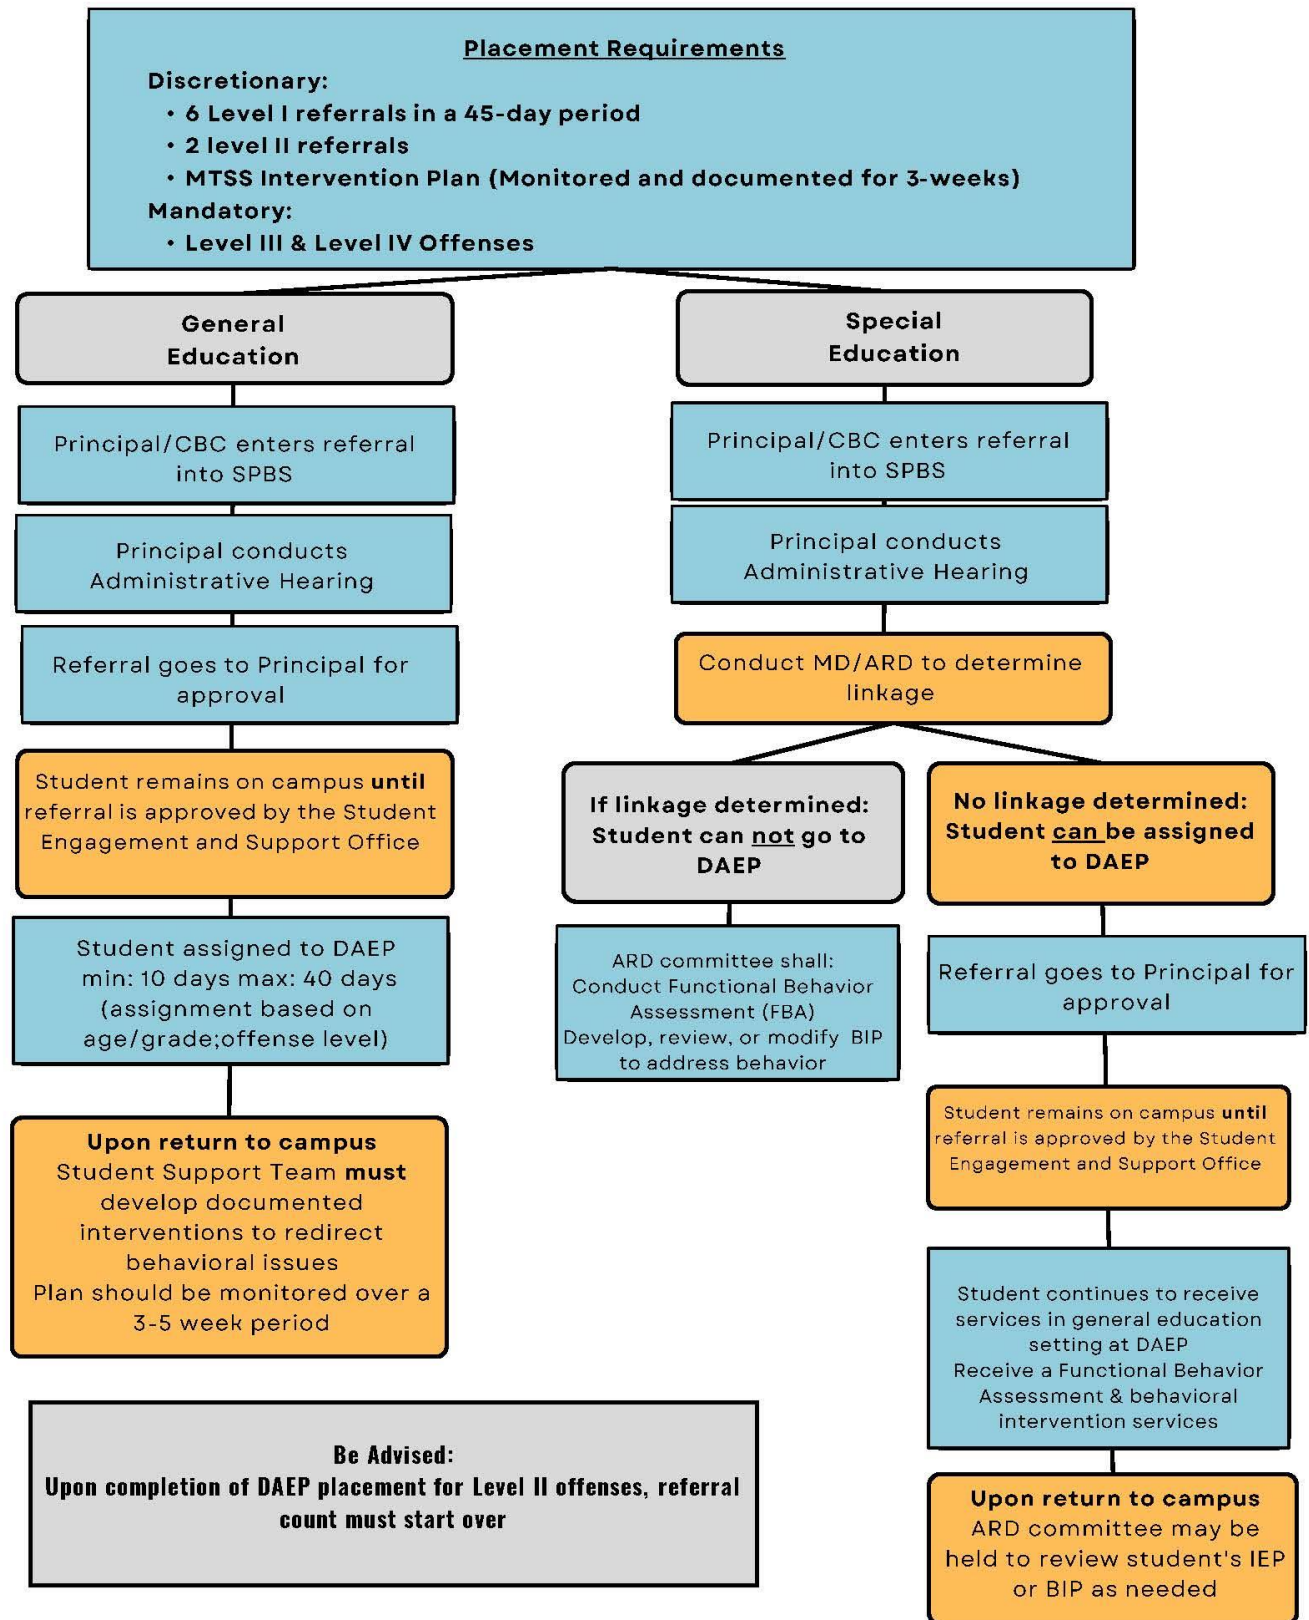

As appropriate, the team may provide a student and parent:

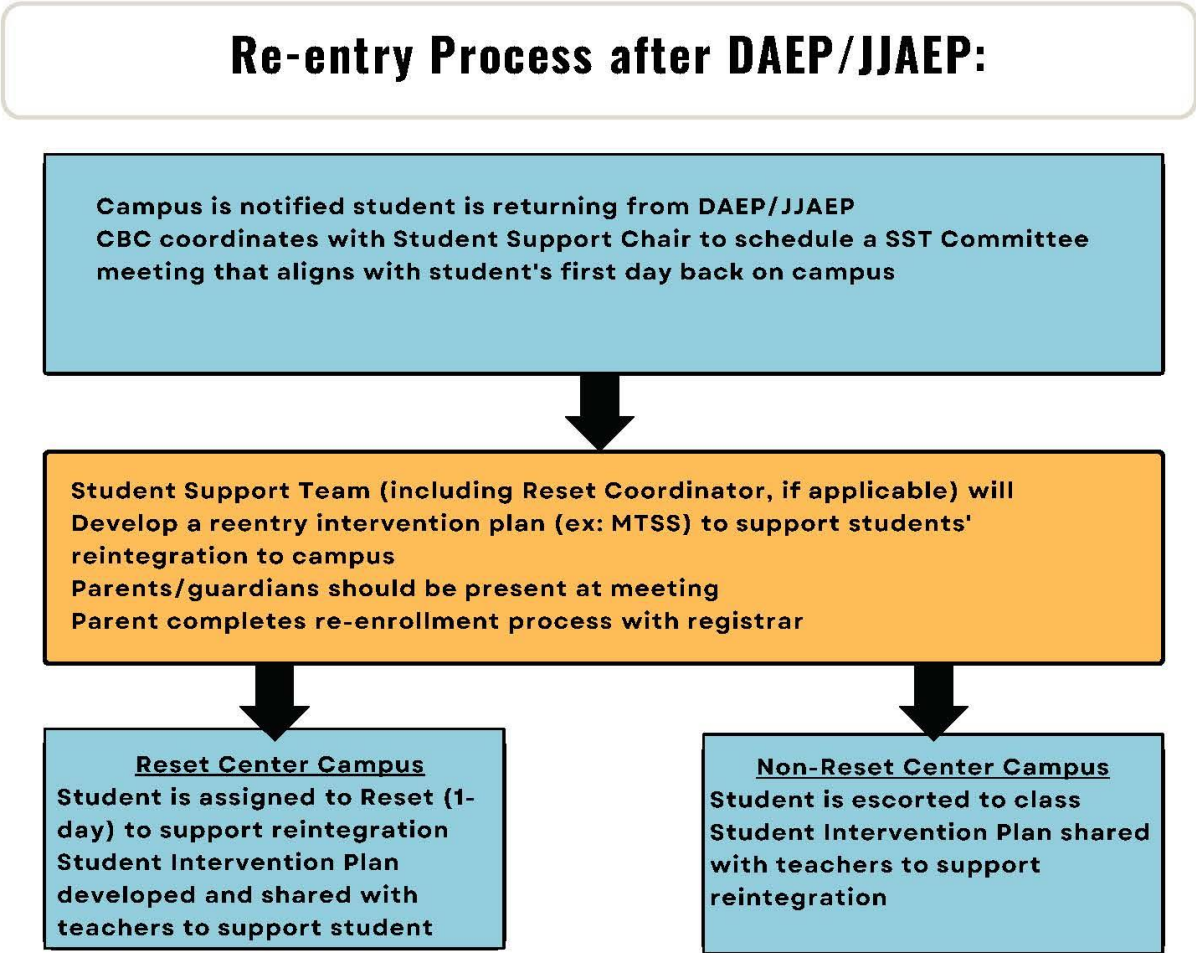

1. Resources to a local mental health authority or health-care provider for evaluation or treatment; or
2. A referral for full individualized and initial evaluation for special education services.

The team shall not provide any mental health-care services, except as permitted by law.

For further information, refer to Dallas ISD Board Policy FFB.

9.0 PERSONAL COMMUNICATION DEVICES/ELECTRONIC DEVICES

Personal Communication Devices are prohibited for all DISD campuses. For the purposes of this section, Personal Communication Device means a cell phone, tablet, smartwatch, or any other electronic device capable of telecommunication or digital communication.

Campus administrators shall have the discretion to determine the appropriate storage method. Designated storage methods shall include storage pouches, storage in the student's backpack, classroom storage cubes/boxes, cellphone basket, and locked storage. 11.2 Sex Discrimination and Sexual Harassment Prohibited

In accordance with Title IX, Dallas ISD does not and is required not to discriminate on the basis of sex in its educational programs or activities. The requirement not to discriminate on the basis of sex extends to admission of students in the District's educational programs or activities and employment. Inquiries about the application of Title IX may be referred to the District's Title IX Coordinator, the Assistant Secretary for Civil Rights of the Department of Education, or both.

11.3 Title IX Coordinator

Dallas ISD's Title IX Coordinator is authorized to address concerns or inquiries regarding discrimination on the basis of sex, including sexual harassment, sexual assault, dating violence, domestic violence, stalking, or gender-based harassment:

Retaliation against a person because the person has made a report or complaint of sexual harassment, sexual assault, dating violence, domestic violence, or stalking or because the person testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing regarding reported sexual harassment, sexual assault, dating violence, domestic violence, or stalking is prohibited. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX constitute retaliation.

An individual's exercise of rights protected by the First Amendment of the United States Constitution does not constitute prohibited retaliation.

11.5 False Claim

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a Title IX investigation or grievance proceeding also does not constitute retaliation.

11.6 Sexual Harassment Response and Prevention Prohibited Conduct

Dallas ISD prohibits discrimination, harassment, dating violence, domestic violence, stalking, and retaliation as defined below, even if the behavior does not rise to the level of unlawful conduct. Prohibited conduct also includes sex-based discrimination and harassment as defined by Title IX and District Board policy. See policy FFH(LOCAL)(LEGAL). Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Sexual harassment is conduct on the basis of sex that satisfies one or more of the following:

- An employee of the District conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct,
- Unwelcome conducted determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or,

- “Sexual assault” as defined in 20 U.S.C. § 1092(f)(6)(A)(v), “dating violence” as defined in 34 U.S.C. § 12291(a)(10), “domestic violence” as defined in 34 U.S.C. § 12291(a)(8), or “stalking” as defined in 34 U.S.C. § 12291(a)(30).

Examples of sexual harassment of a student may include advances; touching private body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact that a reasonable person would not construe as sexual in nature. However, romantic, sexual, and other inappropriate social relationships between students and District employees are prohibited, even if consensual.

Gender-based harassment includes physical, verbal, or nonverbal conduct based on the student’s gender, the student’s expression of characteristics perceived as stereotypical for the student’s gender, or the student’s failure to conform to stereotypical notions of masculinity or femininity. Gender-based harassment can occur regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity.

Under Dallas ISD Board policy, gender-based harassment is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

1. Affects a student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
2. Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
3. Otherwise adversely affects the student’s educational opportunities.

Examples of gender-based harassment may include offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Sexual assault as defined in 20 U.S.C. § 1092(f)(6)(A)(v) means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

Dating violence is defined in 34 U.S.C. § 12291(a)(10) as violence committed by a person: (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of the interaction between the persons involved in the relationship. Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship or any of the person’s past or subsequent partners.

Domestic violence as defined in 34 U.S.C. § 12291(a)(8) includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

Stalking is defined in 34 U.S.C. § 12291(a)(30) as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress.

11.7 Reporting Procedures

Any person may report sex discrimination including sexual harassment, sexual assault, dating violence, domestic violence, and/or stalking, regardless of whether the person is the alleged victim of the conduct. Reports of sex discrimination, including sexual harassment, sexual assault, dating violence, domestic violence, stalking, or gender-based harassment can be made at any time, including during non-business hours, by mail, phone, or email by contacting the Title IX Coordinator using the contact information provided in FB(REGULATION). Reports can also be made in person. FB(REGULATION) can be found at:

[https://pol.tasb.org/Policy/Download/361?filename=FB\(REGULATION\).pdf](https://pol.tasb.org/Policy/Download/361?filename=FB(REGULATION).pdf).

Upon the District receiving notice or an allegation of sex-based discrimination or harassment, the Title IX Coordinator will promptly respond in accordance with the process described in FFH(LOCAL).

11.8 District’s Response to Sex-Based Harassment

Upon the District’s receipt of notice or an allegation of sex-based discrimination, harassment, or retaliation—regardless of whether a formal complaint is filed—the Title IX Coordinator will contact the individual who was the alleged victim of sex-based discrimination or harassment to discuss the availability of supportive measures and inform them of the process for filing a formal complaint. If a formal

complaint is filed, the matter will proceed through the District's Title IX grievance process, including an investigation and decision process, which is set forth in policy FFH(LOCAL).

If a student is the alleged perpetrator of sex-based discrimination, sexual harassment, or retaliation, the respondent student may be subject to immediate emergency removal from his or her campus after the District conducts an individualized analysis and if the District finds it necessary to protect a student or other individual from immediate threat to their physical health or safety. If the District decides to remove the respondent student from campus, it will notify the respondent student and provide the respondent student an immediate opportunity to challenge the removal decision.

Complaints alleging Title IX retaliation may be addressed using the District's Title IX grievance process as outlined in Board policy FNG(LEGAL)(LOCAL)(EXHIBIT) and FFH(LOCAL).

To the greatest extent possible, the District respects the privacy of the complainant, persons against whom a report is filed, and witnesses. The District keeps the identity of complainants, respondents, and witnesses confidential, unless disclosure is required by law or necessary to carry out a Title IX proceeding. Limited disclosures may be necessary for the District to conduct a thorough investigation and to preserve the rights of complainants, respondents, and witnesses.
