CHAMBLEE'S CHAMPIONSHIP MACHINE

Stephanie Amey served as one of the pioneer female track stars from DeKalb County, registering an astounding nine combined individual gold medals between county and state competition. Amey was especially impressive during her senior campaign of 1977, beginning with impressive county triumphs in the long jump (17-3), 100 (11.20) and 220 (25.60). She would take that momentum over to state action, rumbling to victories in the long jump (18-6-1/4) and the 100 (11.20).

REGULAR SEASON AND TOURNAMENT INFORMATION

GENERAL INFORMATION:

A. Track and Field is a team championship event for boys and girls that is based on Region (Classes A Public, 2A -7A) and Area (Class A private) competition. In Class A, there will be separate championships for public and private schools. Beginning and ending dates for practice and competition can be found at the front of this publication.

B. All GHSA Track meets will be run in accordance with the rules published in the National Federation Track and Field and Cross Country Rule Book with any exceptions and/or adoptions noted in this section. (NOTE: Knowledge of and compliance to all exceptions is the responsibility of the head coach.)

C. Schools must enter team schedules, rosters and weekly game/meet results during the season on MaxPreps and be responsible for updates as needed. This information will support statewide media, event programs, broadcasts partners and GHSA Region Standings. Teams are encouraged to maintain team/individual statistics on MaxPreps.

D. Track meet requirements:

1. There will be no interscholastic practices or exhibition meets in Track.
2. The maximum number of meets that may be scheduled is twelve (12), but no individual student may compete in more than ten (10) meets (excluding the Region/Area, Sectional and State Meets).
3. Track teams may compete in one (1) indoor meet, and this meet will not count as a part of the ten (10) meets allowed per athlete provided the meet is after the date for practice to begin and prior to the date to begin regular competition.
4. It is permissible for coaches to use "split squads" during the regular season. However, the use of split squads will count as two (2) of that school's maximum allowed competitions.

E. Any meet involving eight (8) or more schools must be approved by the GHSA Executive Director in accordance with the process described in By-Law 2.64.

F. A contestant in Track and Field may compete in a maximum of four (4) events and may not be entered in more than four events, excluding relays. If a contestant is entered in more than the allowable number of events, meet management shall scratch the contestant from the excess event(s) by following the listed Order of Events.

A contestant may officially compete in:

1. Four individual events - NO Relay events.
2. Three individual events - May be listed on any number of relay events but compete in only one relay event.
3. Two individual events - May be listed on any number of relay events but compete in only two relay events.
4. One individual event - May be listed on any number of relay events but compete in only three relay events.
5. NO individual events - May be listed on any number of relay events and compete in all four relay events.

G. The following regulations apply to the Pole Vault event:

1. All GHSA schools competing in the pole vault event must meet the minimum NFHS regulations on the vaulting area, the plant box, the vaulting standards, the crossbar and the landing pads. Schools not able to meet these regulations are not allowed to practice or compete in the pole vault event at the non-complying site.
2. A listing of approved schools has been established for the pole vault. Annually, those schools making changes in their pole vault equipment and/or facilities MUST report the changes to the GHSA office.
3. In compliance with NFHS rules, school administrators and coaches must verify that all vaulters and poles meet event requirements. A "Pole Vault Verification Form" (found on the GHSA web site) is to be submitted before each competition.

H. The GHSA has elected to fully comply with the NFHS Rule 4-3-1. All competitors shall have legal uniforms.

The singlet and bottom, or one-piece uniform, must be a school-issued or school-approved Track and Field uniform.

Uniform bottoms clearly designed as "underwear" (including bottoms with a crotch outline) will NOT meet the NFHS or GHSA requirement. Uniform tops and one-piece uniforms with multiple manufacturer logos are NOT legal. Uniform bottoms with logos completely around the waistband are LEGAL.

Team uniforms worn must clearly identify the competitors, at a glance, as being a member of a certain team.

(CLARIFICATION: Team members competing in individual events must wear clearly identifying uniforms for that team, but NOT NECESSARILY of the same design.

Relay team members on the same team must wear uniforms of the same design. NOTE: The ultimate responsibility for uniforms compliance lies with the coach. Coaches should inspect any/all garments competitors wear to make sure they are in compliance with GHSA and NFHS uniforms rules.

I. Athletes may not compete while wearing electronic devices.

J. Electronic devices, including but not limited to disc players, tape players, cell phones, pagers, walkie talkies, are permitted for use by coaches within designated coaching boxes or outside of restricted competition areas.

REGULAR SEASON AND TOURNAMENT INFORMATION

1. All entries must be made ELECTRONICALLY on the GHSA web site. A template will be posted there for use by all head track coaches.
2. Posting entries on sites other than the GHSA web site does NOT fulfill the GHSA requirement for electronic submission.
3. Coaches may alter the list of entries until the deadline established by each Region/Area for their Region/Area Meet.
4. All Region Secretaries/Area Coordinators should communicate their deadline for entries before the "Scratch Meeting" that precedes the Region/Area Meet. Region Secretaries/Area Coordinators (or designee) must "close" the MIS electronic entries for the deadline established by each Region/Area.

NOTE: The Region/Area Games Committee may institute a process in which each contestant has three (3) attempts and only the best attempt counts.

C. When there is a tie in any event involving more contestants than the Region/Area is entitled to enter in the Sectional or State Meet, the contest must continue or be re-held until the representatives to the Sectional or State Meet are determined, and no points be given for the continued or re-held contest. For possible replacement purposes, all field events must determine clear 5th and 6th place finishers in Classes A Public and 2A - 7A, and clear 6th and 7th place finishers in Class A Private.
