

Start your child off with a strong academic foundation

Set the foundation for them to become
an active problem solver, creative
thinker, leader and team player.

Exploration

Inspire your child to embrace the joy of discovery- where muddy hands, grassy knees and sandy feet become the badges of a day well spent. That's the kind of childhood every child deserves.

Limitless Possibility

At AISK, we curate magical moments for your child to learn and grow in the most hands-on learning environment available on the island. Lessons are accompanied by an interactive activity that allows your child to be fully immersed in the world they're learning about.

Discovery

Our challenge isn't so much to teach children about the natural world, but to find ways to sustain the instinctive connections they already carry.

Your Child Won't Be Boxed In By Curriculum Checklists

At AISK learning is dynamic. Lesson plans are flexible to ensure that every question your child asks is answered and explored. This often means exploring new ways to make topics come alive and gives the opportunity to own their learning.

Your child will have
AN EDUCATION LIKE
NO OTHER.

Student-led approach
that teaches your child how to
ask questions and seek answers.

Interactive exploration
connecting the classroom to the
community around them.

Observation based
assessments because
education isn't "one size fits all".

More than academic, **SOCIAL EMOTIONAL LEARNING**

At AISK, we foster growth through our Social Emotional Learning (SEL) program, a vital component of our curriculum. Prioritizing holistic student development, the SEL program addresses social, emotional, and academic needs, equipping students with essential life skills and personalized support in a nurturing environment. By cultivating confidence, resilience, and emotional intelligence, we empower students to flourish and succeed both in school and in life.

WHY CHOOSE AISK?

Just ask a parent...

TIFFANY ANN LUE BROWN
ELEMENTARY MOM

“ I can proudly say that we have two boys currently enrolled at AISK. We have been a part of the AISK family for 6 years and counting. For us, AISK is the complete package - from the quality of education, to the wide range of resources available to our children, the beautiful campus, the amazing cafeteria staff, the wonderful security team and of course the phenomenal educators who invest their time in our children to ensure that they are learning in a healthy, safe and happy environment. We will continue to choose AISK over and over again. ”

ALIA ORANE
ELEMENTARY MOM

“ The first week at AISK, my daughter said “I LOVE SCHOOL!” At that moment, I knew she was exactly where she needed to be. AISK nurtures her interests, makes learning exciting, encourages curiosity and questions, while opening her mind to all the wonders of education. The school looks to the future to make sure all our kids are prepared for a changing world. It's not always perfect, but AISK allows us to be partners in education to make sure she soars in whatever her heart chooses. ”

AN INVESTMENT YOUR CHILD DESERVES

We make tuition more manageable by offering 10 small monthly payments with ZERO interest—an investment in your child's future that will pay off for years to come.
