Chattooga County School District
AHERA “Annual Notification”
Available on School System and School Websites

On October 22, 1986, Congress promulgated the Asbestos Hazard Emergency Response Act (AHERA), Public Law 99-519. AHERA mandated that EPA develop regulations to respond to asbestos in schools.

On October 30, 1987, EPA promulgated the Asbestos-Containing Materials in Schools Rule (hereinafter referred to as the AHERA Rule), 40 CFR Part 763, Subpart E. This rule requires that all of the nation’s nonprofit elementary and secondary schools, both public and private, identify and inspect their school buildings for both friable and non-friable asbestos-containing building materials (ACBM) and develop a plan to properly and safely manage any discovered asbestos material for each building.

This Document and Notice offers “Annual Notification” that the Chattooga County School System seeks to update the (AHERA) Asbestos Management Plan in a timely manner as required by the Environmental Protection Agency under Federal Law, 40 CFR 763, Subpart E, and in doing so will meet this notification requirement plus other aspects of the AHERA Program.

The Management Plan for each school site and buildings are available for review in the main office of each school as well as the Chattooga County Board of Education and School System Central Office.

The Management Plan includes at least the following for each building: building diagrams, re-inspection and assessment documents, individual building room schedules, asbestos location drawings, periodic surveillance updates, maintenance plan guidelines, awareness training, testing results; plus response and removal activities.

The Chattooga County Schools Local AHERA Designated Contact person is our Director and Supervisor of Facilities and Maintenance. They may be contacted for further information if needed at the Chattooga County Board of Education Central Office at the Following number: 706-857-3447.

Alcohol/Drug Abuse

The Chattooga County Board of Education recognizes the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful, and we can neither approve nor condone this practice.

Child Abuse or Neglect

The Chattooga County Board of Education, in recognition of the fact that abused and neglected children are less able to attend school regularly and to perform to their maximum potential, and in recognition of the legal mandate which requires Georgia educators to report suspected child abuse and neglect to the appropriate authorities, herewith establishes a procedural guideline policy for making suspected child abuse and neglect reports within the local school system.

In the fulfillment of the intent of this policy, local and state personnel shall observe the following guidelines:

- Any child under 18 years of age, where there is reasonable cause to believe that suspected physical injury or injuries inflicted upon said child, other than by accidental means, by a parent or caretaker, or has been neglected or exploited by parent or caretaker, or has been sexually abused, shall be reported to a child welfare agency providing protective services where the child lives and having been designated to Chattooga County Department of Family and Children Services by state law and the Georgia Department of Human Resources.
- All school personnel having reasonable cause to believe suspected child abuse has occurred will report such cases to the school counselor and/or administrator. The school counselor or administrator will immediately, and no later than 24 hours from the time there is reasonable cause to believe suspected child abuse has occurred, report its findings to the Chattooga County Department of Family and Children Services.
- The School Social Worker shall be notified by the designated delegate of all referrals of suspected child abuse and neglect.

- Administrators, school counselors, or certified designee will be the school liaison with the protective services staff of Chattooga County Department of Family and Children Services in relation to the child's school adjustment and performance. If the student's case was referred to the Department of Family and Children Services by someone other than authorized school personnel, the investigator must not have access to the student's school record unless the administrator or school counselor has been directed to do so by court order, subpoena, or parental permission.
- School system personnel are protected by law and are immune from liability when suspected child abuse is reported in good faith. This reporting is legal under section 99.31(a) and 99.36 of the Family Educational Rights and Privacy Act and does not constitute a violation of it so long as the following factors are taken into account:
 - The seriousness of the threat to the child's health or safety;
 - The need for the information from the child's education records to protect the child's health or safety;
 - Whether the information is being disclosed to persons who are in a position to deal with the emergency; or
 - Whether time is of the essence in dealing with the emergency.

All school personnel who have contact with students will receive training in the identification and reporting of suspected child abuse and neglect with annual updates in the form of memoranda, directives, or other written information.

Title IX

The Chattooga County Board of Education, in accordance with Title IX, states that no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

Procedures to Request an Impartial Hearing

Any student, parent, or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding a student's identification, evaluation, or educational placement under Section 504.

NOTE: The grievant **does not** have to go through the grievance process first before requesting an impartial hearing. An impartial hearing can be requested at any time.

Request for an impartial hearing must be in writing to the school system's Section 504 Coordinator; **however**, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide

an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator.

A school administrator and/or the school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.

Hearing Request

The Request for Hearing must include the following:

- a. The name of the student
- b. The address of the residence of the student
- c. The name of the school the student is attending
- d. The decision that is the subject of the hearing
- e. The requested reasons for review
- f. The proposed remedy sought by the student
- g. The name and contact information of the grievant

Within 10 business days of receiving the grievant's Request for Hearing, the System Section 504 Coordinator will acknowledge the Request for Hearing in writing and will schedule a time and place for a hearing.

If the written Request for Hearing does not contain the necessary information noted above, the System Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

Mediation

The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement or resolution, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

Hearing Procedures

- a. The System Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant's Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
- b. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- c. The grievant will have an opportunity to examine the child's educational records prior to the hearing.
- d. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the System Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the System Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.

- e. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e., A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34.CFR 104.34). One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.
- f. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
- g. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
- h. The hearing shall be closed to the public.
- i. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
- j. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
- k. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.
- l. Unless otherwise required by law, the impartial review official shall uphold the action of school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.
- m. Failure of the grievant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the impartial review official or just cause is shown shall constitute a waiver of the right to a personal appearance before the impartial review official.

The school district has designated the following student-based information as “directory information” under the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA) and may disclose information upon request by appropriate institutions/agencies:

- Student’s name
- Student’s address

Medication Policy

When possible, we encourage you to schedule your child’s medication so that it may be given at home under your direct supervision. However, we realize this is not always possible. The Chattooga County School System Medication Authorization Form is available at each school and must be completed by each student’s parent/guardian before medication is given. A separate form is necessary for each medication request.

All medications other than the exceptions listed in this policy, whether prescription or over-the-counter, may be administered only in accordance with the guidelines set forth by the principal of each school. All medications must be taken by the parent/guardian to the school office immediately upon arrival to school and must be in the original pharmaceutical containers, clearly labeled with the name of the student, name of medication, appropriate dosage, and time for dosage. Medication is not allowed to be transported on the school bus. Any student possessing prescription or over-the-counter medication not in accordance with these guidelines will be considered in violation of the Chattooga County School’s drug policy and shall be subject to the discipline set forth in the student code of conduct and/or the student/parent handbook.

A student for whom the school has on file supporting medical documentation, may carry at all times with parent/guardian permission: inhalers for asthma, auto-injectable epinephrine for allergic reactions and all necessary supplies and equipment to perform monitoring and treatment functions authorized by the student's diabetes medical management plan. Students authorized to self-administer such medications shall be instructed not to permit any other student to handle, possess, or otherwise attempt to use his/her medication and shall be informed that violations of such instructions will be dealt with in accordance with the student code of conduct and/or the student/parent handbook.

The school is not responsible for supplying medication for students.

Transport of medication on the school bus is prohibited.

In order for the student to carry and self-administer such medications, or in order for the school to store and administer the medication for the students who are unable to self-administer because of age or any other reason, parents must provide a written statement from a licensed physician confirming that the student is able to self-administer the medication, if applicable, and written permission from the parent for the nurse or designated employee to consult with the doctor regarding any questions that may arise concerning the medication. Such permission shall release the school district and its employees and agents from civil liability for administering such medication to students, or if the self-administering student suffers any adverse reactions as a result of self-administration of such medication. The terms of this paragraph may be met through a student's diabetes medical management plan developed and implemented pursuant to state law.

Parents are encouraged to provide duplicate medication and supplies to the school in the event a student is unable to self-administer or fails to bring their medication or equipment to school.

Nurses or other school employees are authorized to administer auto-injectable epinephrine, if available, to a student who is having an actual or perceived anaphylactic adverse (allergic) reaction regardless of whether the student has a prescription for epinephrine. Such persons also are authorized to administer levalbuterol sulfate, if available, to a student in perceived respiratory distress regardless of whether the student has a prescription of levalbuterol sulfate. Any school employee who in good faith administers or chooses not to administer such medication to a student in such circumstances shall be immune from civil liability.

Nurses or other school employees are authorized to administer inhalers, if available, to any student who is having an actual or perceived issue with shortness of breath, asthma, or respiratory function regardless of whether the student has a prescription for such inhalers. Any school employee who in good faith administers or chooses not to administer any inhalers to a student in such circumstances shall be immune from civil liability.

All medications must be picked up at the end of the school year; any medications not picked up by the end of the school year will be disposed of.

The disciplinary code prescribes severe consequences for use or possession of medications unless used in compliance with school guidelines. **This includes, but is not limited to, counterfeit (look alike) drugs.**

Head Lice

Parents of children identified as host for parasitic head lice or egg material will be contacted by the school nurse or a school administrator. Any student diagnosed with live head lice will not be sent home early from school; they can go home at the end of the day, be treated, and return to class after appropriate treatment has begun and they have been cleared by the school nurse or an administrator. Parent must accompany their

child(-ren) to school on the first day of return to be cleared for school attendance and bus transportation (if necessary).

Notification of Rights: The Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent of the eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible students believe to be inaccurate. Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel), a person serving on the School Board, a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist), or a parent or student serving on an official committee such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education, concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office: U.S. Department of Education, 400 Maryland Ave. SW., Washington, DC. 20202-4605

5. Obtain a copy of the policy that the Board of Education has adopted regarding access to student records. Copies of this policy may be obtained by contacting the central office of the Board of Education at 33 Middle School Rd., Summerville, GA 30747, or call (706)857-3447

Notes:

- The Teen and Adult Driving Responsibility Act (40-5-22) requires all Georgia school districts to report students, age 15-17, found in violation of attendance and/or discipline standards established within that code, to the Georgia Department of Driver Safety (DDS).
- School officials reserve the right to comply with court orders requesting student record information, or provide law enforcement agencies/officials with appropriate student records when the immediate safety/welfare of students or staff are jeopardized.

In the event applicable law, other than HIPAA, prohibits or materially limits our uses and disclosures of Protected Health Information, as set forth below, we will restrict our uses or disclosure of your Protected Health Information in accordance with the more stringent standard. We are required to abide by the terms of this Notice so long as it remains in effect. We reserve the right to change the terms of this Notice of Privacy Practices as necessary and to make the new Notice effective for all Protected Health Information maintained by the District. Your Authorization – Except as outlined below, we will not use or disclose your PHI unless you have signed a form authorizing the use or disclosure. We are not obligated to make all requested amendments but will give each request careful consideration. To be considered, your amendment request must be in writing, must be signed by you or your representative, and must state the reasons for the amendment/correction request.

ABSENCES AND EXCUSES

A student shall not be absent from school or from any class or during other required school hours except for illness or other providential cause, unless with written permission of the teacher, principal, or other duly authorized school official. No student shall encourage, urge or counsel other students to violate this policy.

Excused Absences:

As permitted under state law and State Board of Education policies, students may be excused lawfully for the following reasons: personal illness, serious illness or death in the family, special and recognized religious holidays observed by one's faith, absence as mandated by order of governmental agencies, to serve as a Page in the Georgia General Assembly, 4-H sponsored activities, conditions rendering school attendance impossible or hazardous to one's health or safety, registering to vote or voting for a period not to exceed one day or allowable school events. Additionally, any student whose parent or guardian is in the U.S. Armed Forces/National Guard, and said parent or guardian has been called to duty for, or is on leave from, an overseas deployment to a combat zone or combat support posting, shall be granted up to five excused absences per school year, for the day(s) missed from school to visit with the parent or legal guardian prior to such deployment or during such leave. Parent notes may be written to excuse students, however, parent notes can only be used to excuse 3 absences (days) per semester. Once 3 absences (days) have been excused by parent note, all other absences will require a doctor's note in order to be excused.

Students in grades 9-12 will be assigned Monday School once they reach 4 unexcused absences. One session of Monday School will equate to clearing up one unexcused absence. Students will be required to complete Missing assignments during this time. Failure to report for Monday School will result in disciplinary action such as ISI. More detailed information regarding Monday School will be provided to student and parents when assigned.

Requirements/Time Limits for Student Excuses:

Excuses for student absences will be furnished to the school in writing on the day the student returns to school, and will be evaluated by the principal or a designee to determine if the absence is excused or unexcused. For purposes of accurate record-keeping and student accountability, all absences must be resolved within three schools days of the student's return to school—excuses received after that time limit will not be considered unless the Principal deems extenuating circumstances exist.

Truancy:

Students with five unexcused absences will be referred to the school truancy officer for a truancy meeting at the school to sign an attendance contract. If there are any unexcused absences after signing the contract the matter may be pursued in either Juvenile or Magistrate Court.

Any student 16, or older, who is absent unlawfully either 10 consecutive days or 40 total days, may be dropped from the attendance records. The principal has the discretion of entering or reentering in the present grading period any student 16, or older, who has failed to attend for unlawful reasons.

Hospital/Homebound Services:

If major sickness or injury occurs and absenteeism is lengthy, the student may receive credit by instruction through application to the hospital/homebound program. Parents/guardians of students needing these services must contact the principal.

Attendance Credits:

Students shall be counted present when they are in attendance at school for at least one half of the instructional day, attending a school- or school district-sponsored field trip, or serving as pages of the Georgia General Assembly.

Tardiness and/or Early Check-outs:

Any unexcused tardy (arriving to school/class beyond the posted school start-time) or early check-out (leaving school/class before the posted school end-time) can negatively impact a student's attendance record and jeopardize his/her overall achievement due to lost instructional time. In grades 9-12, students will be counted absent for any class in which they miss over 30 minutes of instructional time checking in late. In grades 9-12, students will be counted absent for any class in which they miss over 30 minutes of instructional time checking in late.

In grades 9-12, students who accrue 4 or more unexcused tardies to school will be assigned Morning Detention from 7:15 – 7:35 for each tardy.

Due to the impact of absences, tardiness and early check-outs, our schools have developed interventions that would reduce the amount of lost instructional time due to unexcused reasons. Parents and students should know that excuses for school tardiness and/or early checkouts are governed by the same state-established rules regarding school absences. These rules are listed in the previous section dealing with "Absences and Excuses."

Before a student can be checked-out early, the person must be on the check-out list and show proper identification. There will be no check-outs after 3:00 in grades 9-12 except in cases of emergency.

Detention

Detention is defined as the requirement that a student report to a specified school location and to a designated teacher or school official to make up work missed or to receive specific instruction in behavior management. Detention may require the removal of the student from his/her attendance before school, after school or during a scheduled class or school activity time to a specified location.

CHS FINAL EXAM POLICY:

Students with five or less total absences in a class period may exempt the final exam as long as they have a passing score in the course. Five tardies and/or early checkouts during a class period will equal one absence when determining final exam exemption eligibility.

Students may not exempt from EOC tests. However, these courses will give a unit exam during final exam week in which the exemption policy will apply.

MAKE-UP WORK:

It is the expectation of the Chattooga County Board of Education that all work missed due to any absence will be made-up. Some work by its very nature is impossible to make-up and may necessitate alternative assignments. The principal or designee will be the final authority in determining alternative assignments.

The responsibility for arranging to complete work missed is to be assumed by the student and parent/guardian in conjunction with the teacher. Make-up work is to be completed at the time specified by the teacher/principal. The time limit is not to exceed ten (10) school days. Exceptions will be decided by the parent/guardian, student, teacher and principal, with the principal having the final decision

GRADING SYSTEM:

Kindergarten:

First grade placement decisions are made on an individual basis, using the results from NWEA MAP* in conjunction with teacher recommendations, Chattooga County Schools Non-negotiables for ELA and Mathematics, and other relevant formative and summative information.

*MAP (Measures of Academic Progress) is an adaptive test which measures what students know and informs what they're ready to learn next. A MAP score will not be converted to a grade.

Grades 1st- 12th:

- 90-100 (A)
- 80-89 (B)
- 70-79 (C)
- Below 70 (F)

The maximum grade that can be given by a teacher is 100%.

GRADE POINT AVERAGE (GPA):

The Grade Point Average summarizes each student's academic performance in high school. GPA is used in determining eligibility for numerous awards, activities and college applications. Extra points are awarded for in-house ranking only for completing advanced courses.

CHATTOOGA HIGH SCHOOL COURSE GRADING POLICY

For advanced courses, grades may exceed 100 points due to the weighting of courses per College Board: Dual Enrollment (DE) enrollees will receive 7 additional points, Advanced Placement (AP) will receive 5 points, and gifted/honors (G/H) will receive 3 points. These points will be added to their final average for in-house class ranking only.

ACADEMIC LETTERS REGULAR DIPLOMA

CHS students who maintain an academic average of 90 for the 27 weeks of the current year will receive an honor letter or bar.

*Academic average is derived from courses taken in English, Math, Science, Social Studies and Foreign language.

STAR STUDENT

Seniors who wish to be considered for nomination for the Student/Teacher Recognition (STAR) Program should begin preparations early. The STAR student must have the highest SAT score and be in the top 10% of their class academically. The deadline for receiving the final SAT scores must be prior to the December administration of the test in the senior year, and nominees are usually chosen by the end of January. Please check with the guidance counselors for exact dates and details that apply to this year.

HONOR GRADUATES

- Honor graduates will be determined by academic grades of all high school courses taken through the end of the 27 weeks in the 12th grade.
- In order to be an honor graduate, a student must take at least one advanced course for a minimum of 6 semesters: honors, gifted, AP, or dual enrollment and carry a full academic course load.
- For high school students enrolled beginning 2018-19 and after, academic grades will be derived only from English, Math, Science, Social Studies, and foreign language courses. Computer Science may be used as a foreign language course.
- Academic grades earned in grades 9, 10, 11, and 12 will be used in determining rank in class and honor graduates. In addition, grades earned from high school classes taken in the 8th grade will also be used. If students transfer from other schools, all previous grades earned must be from a high school accredited by SACS or an equivalent regional accrediting agency.
- Averages will be determined by adding academic grades on record and dividing by total number of grades.
- The student receiving the highest academic average will be declared first honor graduate and will deliver the valedictory address. The student receiving the second highest academic average will be declared the second honor graduate and will deliver the salutatory address at graduation. A student must be enrolled at Chattooga High for one full semester prior to the selection.
- In case of a tie, no student will receive superior rank. They will be co-valedictorians or co-salutatorians. Divisions will be carried to the nearest one hundredth.
- All students having an average of 90 or above from their academic grades will make up the honor group of the graduating class. It cannot be 89.99. It has to be 90.00 or above.
- All senior averages will be figured by the counselors and checked by senior sponsors, and the principal.

ACADEMIC TOP TEN

Each spring the Academic Top Ten will be announced in each grade level. Any regular education CHS students carrying a full load will be considered for this honor. For students in grade 9, the calculations are based on an average of academic core grades from the 27 week grading period of the current school year including academic core high school courses taken in the 8th grade. The calculations for grades 10-12 will include all

academic core transcript grades averaged equally with the 27 week academic core grades from the current school year.

HOUSE BILL 402: WATER SAFETY

Senate Bill 289 and House Bill 175 (Online Learning)

In July 2012, Senate Bill 289 passed allowing students opportunities to take online courses. This legislation does not require an online course to graduate, but provides an online learning option should your student or you choose this option. In addition, House Bill 175 passed establishing a clearinghouse for stakeholders to find online courses and online course providers in the state of Georgia. If you would like to have further information regarding these bills, please contact your school counselor.

EOC “Test-Out” Option

As provided for in amendments to State Board of Education Rule 160-5-1-.15 (awarding units of credit and acceptance of transfer credit and/or grades) adopted by the Board in April 2013, the opportunity exists for students to “test-out” of any course for which there is an associated EOC and earn credit for the course through that process.

Test security

The Chattooga County School System understands the importance of having a high quality student testing program. Each school Test Coordinator provides regular training for school test examiners according to the system procedures and the Georgia Department of Education regulations. At all times when secure testing materials are in use for testing, they are stored in a secured, locked room and only school administrators have keyed access. Your school’s principal and school test coordinator carefully monitor all state testing to ensure procedures are followed. For more information on system test security procedures, and consequences, please contact Michelle Helie at mhelie@chattooga.k12.ga.us or call 706-859-3045.

Dual enrollment

Under this program, students can simultaneously receive credit toward high school graduation and college credit. There are prerequisites to being admitted to this program. Contact the high school guidance counselor with questions.

Chattooga County Learning Center

Under this placement program, students earn high school credit toward graduation requirements to obtain on-track status with their cohort. Placement is determined through an *enrollment assessment* and at the discretion of the high school principal and Director of Alternative Education.

Promotion, placement and retention

The Board of Education of Chattooga County acknowledges that the awarding of grades and all decisions relative to promotion, placement and retention are serious responsibilities. Promotion, Placement and Retention Policy (IHE) outlines appropriate pupil progression and provides additional information based upon State Board of Education (SBOE) requirements. The policy, which is available on the Chattooga County School System website, defines promotion, placement and retention for all grades, K-12.

Local Board policy states that promotion of a student in grades 3, 5 or 8 to the next grade will be determined by a collection of evidence to include the achievement level on the Georgia Milestones Test or an alternative assessment instrument in the absence of in reading and/or mathematics and meeting local promotion standards and criteria. A committee shall meet to determine placement when promotion requirement are not met.

Advanced Academic Programs:

Students in the Chattooga County School System become eligible for gifted education program services based on the criteria provided in State Board of Education Rule 160-4-2-.38. A multiple-criteria assessment process is provided in the areas of mental ability (intelligence), achievement, motivation and creativity. The procedures for referral and assessment and the specific instruments used to determine eligibility are included in the Chattooga County School System Advanced Academic Programs/Gifted Education Administrative Manual or the School District's Website.

Students who score at the base level of the State Board of Education (SBOE) eligibility criteria on district-wide norm-referenced mental ability and achievement tests are automatically referred for further assessment to determine eligibility for gifted education services. Teachers, counselors, administrators, parents, guardians, peers, the student or other individuals with knowledge of the student's abilities may also refer a student for consideration. Students who are eligible by state guidelines in another Georgia school district are automatically eligible for gifted education services upon transfer (with appropriate documentation) to Chattooga County Public Schools. Any student eligible for gifted education services in a school system outside of Georgia must be referred, assessed and placed using Georgia SBOE guidelines.

Eligible elementary school students are served through Cluster Grouping and/or Resource Class Models. Identified gifted students are served through Cluster Grouping at least two segments per day in an otherwise

heterogeneous classroom, rather than dispersed among all of the rooms at that grade level. Differentiated instruction, student assessment and flexible grouping allow highly motivated and/or high achieving non-gifted eligible students to participate in these advanced curriculum opportunities.

Elementary school students meeting the gifted education eligibility criteria are served by a certified teacher of the gifted and talented through the Resource Class Model approximately 2 to 5 segments per week. The content and pacing is differentiated to the degree that the activities are clearly not appropriate for more typical students at that grade level. The curriculum is built upon an academic content foundation, centered on interdisciplinary enrichment activities. The Resource Class focuses in the areas of advanced research skills and methods, in-depth learning of self-selected topics, creative thinking and problem-solving skills with a variety of complex topics, higher order and critical thinking skills, and advanced communication skills, encouraging the use of new techniques, materials and formats in the development of products that will be shared with real audiences.

Middle school students who meet gifted eligibility are served by a certified teacher of the gifted and talented through advanced content and/or resource in the areas of Language Arts, Literature, Math, Science, and/or Social Studies.

High school students have Advanced Academic Program opportunities through the following identified classes/courses: Honors Classes, Advanced Placement (AP) Courses and Dual Enrollment (DE) in the areas of Literature, Science, Social Studies, Math, and Consumer Science. The content, pacing, process skills emphasis and expectation of student outcomes in an advanced course differ from the course typical students at that grade level would take in the specific content area. Middle and high school students who are not identified as gifted-eligible but demonstrate exceptional ability, achievement, motivation or interest in a particular content area may be included in Advanced Content Classes, Honors Classes, AP Courses and DE based upon school-level criteria and guidelines.

A student who is officially placed in the K-12 Gifted Education Program will continue to receive gifted programming services, provided the student meets the following continuation criteria: The student maintains satisfactory performance in the regular and/or gifted classrooms, indicated by a non-weighted grade of at least 70.

In the event that the student does not meet the continuation criteria, steps will be taken to review the student's gifted services, determine a probationary period of at least one semester and provide an Academic Improvement Plan (AIP). The student, parent(s), gifted program teacher and other teacher(s) involved will be invited to attend a final review before services are withdrawn.

Health Resource Instruction:

Georgia law requires that sex education and AIDS prevention instruction is a part of the curriculum. Abstinence, or saying no to sexual involvement, will be stressed. Parents have the right provided in O.C.G.A. 20-2-143, which states, "Any parent or legal guardian of a child to whom the course of study set forth in this code section is to be taught shall have the right to elect, in writing, that such child should not receive such course of study."

Print Materials, Equipment, Technology

Once print materials, equipment or technology paid for by public funds are issued to a student, the responsibility for the return of these materials to the school for further use shall be the total responsibility of the student and his/her parents/guardians.

When print materials, equipment or technology are not returned to the school in a form suitable for continued use, it shall be the responsibility of the student and his/her parents/guardians to reimburse the Chattooga County School District for the full replacement cost of the textbook, library book or other instructional materials.

CHARGES FOR REPAIRS AND REPLACEMENTS

Screen - \$85 Track pads - \$40 Charger - \$25 Keyboards - \$100 Screen Bezel - \$45 New Device--\$350

The above policy applies to print materials, equipment or technology when utilized by a student on school grounds.

In cases involving damaged print materials, equipment or technology, such materials shall become the property of the student and his/her parents/guardians once replacement funds are received by the school. Students who do not pay for print materials, equipment or technology which have been lost or damaged shall not be issued additional print materials, equipment or technology or receive grade reports, transcripts, or diplomas until their debts are accounted for.

Please see Appendix A for the Chattooga County Student Device Agreement Form.

Charging of Meals

All cafeterias have computerized cashiering with pre-payment ability. We encourage pre-payments for the students' convenience. Parents/Guardians may check student balances and make payments at www.linqconnect.com. This website will allow families to see current transactions, monitor cafeteria balances, and make payments on cafeteria accounts. There are also options to set up alerts for low-balances, and other important alerts that families may find beneficial.

Cafeteria balance letters will be sent home with students each month to keep families informed of outstanding cafeteria account balances. Limited cafeteria charges are allowed for students; however, if charges are not paid and become excessive, students may be denied participation in various rewards, including but not limited to field trips, field days, and other reward incentives. In addition, the Nutrition Department will also make phone calls to parents/guardians who do not respond to monthly cafeteria balance letters and maintain documentation of contact attempts on file in the nutrition department. If a successful resolution is not met, the administration may make a referral to the school social worker or seek reimbursement through any legal means.

Free and reduced lunch application procedure

- Every student receives a free and reduced meal application on the first day of each school year or on the first day of his/her enrollment in this system.
- After completion of the application, it should be submitted to the lunchroom manager. (Note: If a family has more than one child in the school system, only one application is needed.)
- The manager will send the application to the Food Service Department at the Central Office.
- The Food Service Department will enter the information provided on the application for approval. A letter will be sent to the home with students indicating whether the student has been approved for free or reduced meals or denied benefits, along with an explanation of the determination.
- Free and reduced meal applications are valid for one school year only. Applications must be filled out each year the child is enrolled in our system. However, students who received free and reduced meals the previous year may continue eligibility for up to 30 days of the new school year while a current application is being processed.
- Families may choose to complete an online application instead of the paper copy. The application can be found at www.linqconnect.com. Once submitted online, this is sent directly to the School Nutrition Director for processing.

****Any child without a previously approved application on file is responsible for paying for any meals they eat until their application is complete, turned in, and approved.***

Lunch Period

It is required that **every** student go through the serving line during lunch periods. The only exception to this is if a student has brought their own lunch from home. Students should only be held in classrooms or allowed to sit at a cafeteria table after going through the serving line. Classroom parties and other incentives involving food must be done after the final meal service for the day has ended.

Community Eligibility Program (CEP)

For school year 2025-2026, all schools within the Chattooga County School District will participate in the Community Eligibility Program (CEP) through the Chattooga County School Nutrition Department. This program allows students to receive one free breakfast and one free lunch per day.

Snacks and Extras

Snacks and extra menu items (a la carte items) are available for purchase. However, students with outstanding cafeteria balances cannot purchase snacks or a la carte items. All snacks sold during the school day must meet

Smart Snack guidelines. This includes fundraiser items and items sold in the school office, school store, vending machines, and anywhere on the school campus during school hours.

Food and Beverages Brought on Campus

Chattooga County Schools' Wellness Policy states that outside food and beverages brought onto school campuses for individual student consumption during mealtimes must adhere to regulations surrounding competitive food and competitive food sales. This means no outside food or beverage items, specifically items purchased at restaurants, will be permitted on campus in restaurant branded containers for individual student consumption.

Student Accident Insurance

School Accident Insurance is offered through the School District to students. Several insurance plans are available to provide protection against medical expenses resulting from accidental injury to your child. Information regarding School Accident Insurance can be found on the Chattooga County School's website under the Parents and Students Tab > Student Insurance.

Safe usage of school facilities/equipment

It is imperative that any student, parent, or community member using school facilities and/or equipment, whether it be for recreational or educational purposes, do so in a responsible and safe manner and under appropriate supervision. School facilities and/or equipment are not to be used for any purpose other than for what they are designed. This applies to any and all playgrounds, gymnasiums, auditoriums, kitchens, stadiums, field houses, outdoor education classrooms, stairwells, or other areas, which may be accessible before, during, or after school hours.

Student activity code of conduct

Each school that offers the opportunity for extracurricular/interscholastic activities will implement a Student Activity Code of Conduct which will include an explanation of the Rules of Conduct, Methods of Enforcement and Dispositions of infractions. Each code will include as a minimum the following:

- A commitment to establishing and promoting a positive image of the program, the school and the school system.
- The expectation of sportsmanlike conduct from participants.
- The expectation that students will not be involved in criminal acts or acts of moral turpitude.
- The establishment of team/activity rules.

Extracurricular activities are a privilege, not a right. Failure to comply will result in dismissal from the activity.

School-sponsored clubs and organizations

Schools are responsible for annually notifying parents regarding all school-sponsored clubs and organizations. While this notification may be done through the school's websites, schools will determine the most appropriate vehicle for this notification. Additionally, parents must be given the opportunity to withhold

participation of their students in all, or selected, clubs via written notification to the school for their student to opt out of participation in any club or organization.

Extracurricular activities are a privilege, not a right. Failure to comply will result in dismissal from the activity.

Home School Students Participating in Extracurricular and Interscholastic Activities

Due to the passing of Senate Bill 51 (Dexter Mosley Act), home-schooled students will now be allowed to participate in extracurricular and interscholastic activities in the student's resident public school system. If your child has intentions of participating as a home-schooled student, please contact the principal of the school for more information at least 30 calendar days before the first day of the semester in which the student would like to participate.

A student who withdraws from a public school to participate in a home study program shall be ineligible for participation in any extracurricular or interscholastic activity for 12 months from the date of the declaration of intent to utilize a home study program provided to the Department of Education as provided under paragraph (2) of subsection (c) of Code Section 20-2-690; provided, however, that such 12 month restriction on eligibility may be waived due to hardship according to the same rules and procedures applied by a resident school, a resident school system, or an athletic association to receive, review, and grant or deny hardship waiver applications on behalf of students who attend public or private schools.

Obtaining/maintaining a valid Georgia driver's license or learner's permit

Current State Law (§ 40-5-22) requires that a student attempting to secure a Georgia Driver's License or Learner's Permit must obtain a signed affidavit from their school regarding the student's (a) current enrollment status, (b) no withdrawal/drop-out from school for more than ten days, (c) no more than ten unexcused absences during the current and preceding year; and, (d) the absence of certain disciplinary infractions.

Students should also realize that their failure to maintain compliance in the areas listed above (a-d) will result in the school's reporting of that status and the subsequent loss of their Georgia Driver's License or Learner's Permit.

Contact Chattooga High School for further information.

Obtaining/maintaining a valid Georgia work permit

(This can be obtained at Chattooga High School)

Current State Law (§ 39-2-11) requires that a student 15 years of age who is seeking employment must obtain a signed Work Permit from their school regarding the student's current enrollment status. While this permit does not require documentation of good attendance, it purposely imposes set limits on daily work hours and the amount of weekly work hours in an attempt to promote good school attendance and student achievement. A copy of the student's Birth Certificate and Social Security Card is required.

Multi-Tiered Student Support

Georgia Board of Education Rule 160-4-2-.32 MTSS

Chattooga County Schools uses the Multi-Tiered Student Support method for meeting the instructional needs of students who are experiencing academic and/or behavior problems in school and assisting the teachers in addressing those problems. The MTSS provides services through the regular education program, including instructional planning and consultation that includes those individuals responsible for the education and well-being of the student.

Implementation of MTSS procedures occurs for any student experiencing academic or behavior problems in school before a referral is made to other supplemental or support services. However, it is recognized that there are situations where the MTSS process may be bypassed for individual students. In such cases, there shall be clear justification for such action. Interventions and modifications shall be attempted for the student.

Each school has a MTSS committee. The purpose of this team of professionals is to recommend alternative instructional strategies for students who are having behavioral or academic difficulty in school. Students are referred through the MTSS process. Upon referral all available information about the individual student will be reviewed and considered to explore a wide range of educational options including special placements.

The MTSS process consists of a six-step process which includes:

1. Identification of learning and/or behavior problems.
2. Assessment, if necessary.
3. Educational plan.
4. Implementation.
5. Follow-up and support.
6. Continuous monitoring and evaluation

SCHOOL BUS SAFETY

In order to guarantee all children the safe transportation they deserve, we are using the guidelines listed below.

Parents/Guardians of current students must verify all transportation information on their student(s) registration documents and make any corrections or additions on the registration forms. During the school year, parents/guardians must notify school of address changes or change in needs of transportation, as soon as possible. Transportation changes may require two days to take effect.

CCSD Philosophy: We believe all students can behave appropriately and safely while riding a school bus. We will tolerate no student stopping a driver from doing his/her job preventing other students from having safe transportation.

REMEMBER: IT IS A PRIVILEGE, NOT A RIGHT, TO RIDE A SCHOOL BUS.

SCHOOL BUS RULES

- Students should be at the bus stop five (5) minutes before the bus arrives, waiting in a safe place, clear of traffic, and a safe distance from the road. If a student misses the bus in the AM, a parent/guardian is responsible for finding alternative transportation. If a student misses the bus after school, the parent or emergency contact is called to arrange for transportation.
- Quickly go to your assigned seat and remain properly seated: back against the back of seat, bottom against bottom of seat, hands to yourself, with feet, legs and belongings out of the aisle.
- Students should be courteous and obey all the driver's instructions.
- Items students should not bring or use on the bus include, but are not limited to, tobacco, vaping technology and/or associated paraphernalia, alcohol, illegal drugs, animals, glass objects, balloons, matches, nuisance items, hazardous materials, weapons, items too large to hold, or any objects that might distract the driver.
- Georgia Law 20-2-751.5 states that students shall be prohibited from using any electronic devices during the operation of a school bus, including, but not limited to cell phones, pagers, audible radios, tape or compact disc players without headphones, or any other electronic device in a manner that might interfere with the school bus communications equipment or the school bus driver's operation of the school bus; and students shall be prohibited from using mirrors, lasers, flash cameras or any other lights or reflective device in a manner that might interfere with the school bus driver's operation of the school bus.
- Students should not eat, drink, or chew gum on the bus.
- Students will not extend body parts or any object out of the bus window.
- Students shall be totally silent at Railroad Crossings until the bus is completely across the tracks.

- No object is to be thrown into, out of, or inside the bus.
- Fighting or physical play is prohibited-classroom conduct is expected at all times.
- Do not damage or litter the bus. The student or his/her parents must pay for any deliberate damage to the bus. Failure to do this may result in suspension from riding the bus until restitution is made.
- The emergency exits are to be used only at the direction of the bus driver, including roof hatch/vents. Nothing should ever be placed in the aisle to prevent easy exiting.
- Students must provide a bus pass to the bus driver giving them permission to ride a different bus or to get off the bus at a different bus stop. This bus pass must be stamped with a school administrator's signature.
- If a student drops something under or near the bus, ask the driver what he/she wants you to do. If the student has already crossed the street, he/she should wave their arms to get the driver's attention. A student should **NEVER** go back into the road without the driver giving them verbal permission to retrieve the item. No item is worth this risk!

Video Surveillance on Buses

Students are videotaped as part of the ongoing video taping system used on the school buses.

Bus tardy

If students are continually tardy at afternoon bus loading zones, school personnel will contact a parent/guardian to make arrangements for transportation. Buses will not be allowed to return to schools for additional pickups.

K-5th grades bus drop-off

Elementary students will not be allowed to exit the bus if a responsible person is not at their designated stop. The bus driver will notify the student's school personnel that they will be returning the student to the school and they should contact parent/guardian to make arrangements for transportation. Bus drivers will not return to designated stops when parent/guardian fails to make necessary meeting arrangements for their student.

Pick-up and Drop-off Safety Rules

Parents dropping off or picking up students may not use the areas at the school where buses are loaded and unloaded. Cars driving in and out of these areas cause dangerous situations for our children. Please help keep all the students safe by observing these safety precautions.

Repeated bus violations resulting in cumulative referrals

Consequence: PK-12

- 1st Referral – Discuss or assign appropriate disciplinary action according to incident. Principal's discretion.
- 2nd Referral – Four (4) days bus suspension and parents must attend bus intervention program before the student can ride the bus again.
- 3rd Referral – Twelve (12) days bus suspension.
- 4th Referral – Removal from the bus for the remainder of the year.

- Punishment at the discretion of the Principal depending on circumstances of the violation.

Bus Discipline

Bus drivers have the authority to verbally redirect students, to utilize seating assignments for all students riding the bus, and to temporarily assign seats for individual student misbehavior. Bus drivers do not have the authority to suspend students off of the bus. Bus drivers are expected to report student misconduct to school administrators utilizing School System's Bus Referral Forms for determination of disciplinary action.

Buses

The transportation department maintains a fleet of buses of varying sizes and specifications. All buses meet state and federal requirements for transporting students to and from school and school activities. Personal vehicles cannot be used for student transportation; however, multi-purpose vehicles that are owned and maintained by the Chattooga County Board of Education are authorized unless specifically prohibited by law; ex: 15 passenger vans.

Driving a Bus

To drive a school bus, an applicant must obtain a Commercial Driver's License with Air Brakes and a Passenger and School Bus endorsement. Applicants must complete the following:

- 12 hours (minimum) of classroom instruction
- 6 hours if driving without students on board
- 6 hours of driving with students on board
- Training must occur under the supervision of a certified trainer
- Drivers must be at least 21 years of age and 5 years of driving experience
- Charter Buses: State Approved Charter Company

Drug Testing of Drivers

All persons employed as bus drivers as of July 1, 1994, must submit themselves to random drug testing, including random testing for evidence of alcohol use. Any bus driver found to have used an illegal drug will be terminated. Any bus driver found to have any measurable alcohol in his or her system during the school day is subject to disciplinary action as deemed appropriate. Any bus driver who refuses a drug or alcohol test will be terminated. Drug testing is a requirement of any employee, including coaches, who may drive a vehicle provided by the Board of Education.

Emergency Evacuation Procedures

Georgia Board of Education rules require that ALL students receive instruction in safe bus riding and emergency evacuation procedures. This requirement is for all students regardless of whether they are transported to and from school on regular basis. Simply posting rules and evacuation procedures does not satisfy this requirement. Simulated drills are to be conducted twice during the school year.

Contact the Transportation Director for assistance in meeting this requirement. Documentation will be kept on file.

Police Involvement with Unruly Students on the Bus

In extreme cases of unruly or threatening behavior, bus drivers may contact the Transportation Director to request assistance from law enforcement officials. If this assistance results in the students being taken into custody by law enforcement officials, parents and school administrators will be notified by the Transportation Director.

Student parking

Student parking on campus is a privilege not a “right”. It is a reasonable expectation that students who receive the privilege to drive to school should demonstrate a high level of responsibility, self-discipline, and maturity before, during and after school.

All students who drive to school are to park in the student parking lot in the assigned area and in their assigned and numbered space. Students are to leave their cars and report to the building immediately upon arriving on campus. Students are to observe all safe driving practices and laws on campus. Students are not to return to the parking lot during the school day without being accompanied by an administrator or the Resource Officer. Students are reminded that the speed limit on campus is 15 MPH. It is a violation of Georgia Law for students under 18 to ride in the bed of a pick-up truck. Speeders and reckless drivers will lose the right to operate a vehicle on campus.

The purchase of a parking permit entitles students to park on school grounds in a designated area. All parking spots are the same. Students are not allowed to park in spaces that are designated for faculty, staff, visitors, handicapped, etc. All student cars must have a parking permit. To obtain a parking permit, students must show a valid driver’s license and proof of insurance. The price of a parking permit is \$20.00 per year. Parking permits are tags and should be hung on the rear view mirror in such a way that they can be seen from the outside. The parking permit is to be used only by the student to whom it is issued. Parking spaces may not be sold, traded or shared with another student. Students found breaking this rule will lose their driving privileges. Since driving a vehicle to school is a privilege and not a right, students may lose driving privileges for rule infractions and attendance problems. The school reserves the right with reasonable suspicion to search student vehicles. Vehicles without a parking permit will be towed with the driver being responsible for the towing fee.

Student Infractions and Discipline Procedures

The Chattooga County School District does not discriminate on the basis of race, color, religion, sex, national origin, age, or disability in its programs, activities, or employment practices.

The Chattooga County Board of Education is dedicated to sound discipline practices. The purpose of this code of conduct is to provide students in the Chattooga County School District an effective and safe learning environment and to promote learning and encourage responsibility during the school day as well as during all school-related activities. The on-campus code of conduct applies during any off-campus learning. Compliance with these requirements is mandatory.

Pursuant to SB413, all information regarding school clubs and organizations are to be made available for parents/guardians. This information includes the name, mission or purpose, name of faculty advisor, planned or past activities of the club or organization.

Students and their parents need to know and understand the Code of Conduct in order to achieve a successful learning experience. This student code of conduct is not limited to Policy JCDA. Instead, it includes all student behavior policies in Section J of the Chattooga County Board of Education Policy Manual.

Questions regarding appropriate disciplinary action shall be referred to the student services director. In situations where out-of-school suspension is used as a disciplinary action, effort will be made to contact the parent of the student involved. Should personal or phone contact not be successful, sending the appropriate paperwork home with the student or to the student's residence shall be considered adequate parental notification of the action taken.

Behaviors

In general, each student is expected to:

- Demonstrate courtesy with all individuals regardless of circumstances, even when others do not.
- Behave in a responsible manner, always exercising self-discipline.
- Attend all classes regularly and on time.
- Prepare for each class; take appropriate materials and assignments to class.
- Meet Chattooga County School System and campus standards of grooming and dress.
- Obey all campus and classroom rules.

- Refrain from committing violations of the Code of Student Conduct.

The disciplinary procedures outlined in this behavior code are clearly stated to ensure that all students are aware of unacceptable behavior that is in violation of school system policies and the consequences of such policy violations. The behavior code is in effect at school or on school property at any time, off school grounds at any school sponsored activity, function or event and while traveling to and from such events on vehicles provided for student transportation by the school system; at all designated bus stops; during the regular school day and while the student is going to and from school on Chattooga County School System transportation; on Chattooga County School System sponsored transportation (approved school trip on a private carrier); while the student is in attendance at any school-related activity, regardless of time or location; for any school-related misconduct, regardless of time or location; while attending a school-sponsored or school-related activity of another school system in Georgia; when retaliation or terrorist threats against a school employee or volunteer occurs or is threatened, regardless of time or locations; when a violent or dangerous incident may jeopardize the safety or well-being of staff and/or students, regardless of time or locations; and when a student commits an act that could be punished as a felony, as provided by O.C.G.A. 20-2-768.

Authority

School rules and the authority of the Chattooga County School System to administer discipline apply whenever the interest of the Chattooga County School System is involved. The code of conduct specifically applies to offenses that students commit while on school property or while using the school technology resources. Inappropriate use of technology/social media using computers or the internet or cell phones for extortion, hazing, and harassing of students and/or staff on campus or off campus, (EX: Facebook, text messaging, etc.)

As used in this Code of Conduct, school property includes, but is not limited to:

The land and improvements which constitute the school; any other property or building, including school bus stops, wherever located, where any school function or activity is conducted; any bus or other vehicle used in connection with school functions and activities, including but not limited to, school buses, buses leased by the Chattooga County School District and privately-owned vehicles used for transportation to and from school activities; personal belongings, automobiles or other vehicles which are located on school property.

School technology resources include, but are not limited to:

Electronic media systems such as computers, electronic networks, messaging, and website publishing, and the associated hardware and software programs used for purposes such as, but not limited to, developing, retrieving, storing, disseminating, and accessing instructional, educational, and administrative information.

SCHOOL OFFICIALS HAVE THE AUTHORITY TO USE PROFESSIONAL JUDGMENT IN DISCIPLINING STUDENTS WITHIN THE GUIDELINES OF THIS BEHAVIOR CODE.

The school system requires administrators to inform all teachers to whom the student is assigned when a student, including a "transfer student", has been convicted of certain felonies as defined in Georgia Code Annotated, (O.C.G.A.), and Section 15511-63. The schools may refuse to re-admit or enroll students expelled/suspended for being convicted of, being adjudicated to have committed, or being indicted for or have information filed for the commission of any felony or delinquent act under Code Section 15-11-28 which would be a felony if committed by an adult. A school is authorized to refuse to enroll or subject a student to short-term suspension, long-term suspension, or expulsion for any time remaining in another school system's or school's disciplinary order upon receiving a certified copy of such order if the offense which led to such suspension or expulsion in the other school system or school was an offense for which suspension or expulsion could be imposed in the enrolling school. Students enrolling must provide an official copy of records from the previous school system, including discipline records, for admission. Schools may enroll students "conditionally" if parents sign a release authorizing the previous school system to forward records. Further, the release must indicate whether the student is currently serving a suspension/expulsion from another school system and/or if the student has ever been adjudicated guilty of a designated felony acts as defined in O.C.G.A. Section 15-11-63. The act(s) must be written on the release form.

Students 18 years of age or older may complete the release form as appropriate. The content of these records may be challenged by appealing to the Superintendent or designee.

The Student Behavior Code shall be provided annually to students through a handbook upon enrollment. The parent and student shall acknowledge their receipt of the code by completing the required form. Parents and students shall be notified of any changes in procedures by voice mail, newsletters, parent conferences, or websites. A copy of the code shall be posted in all classrooms.

IEP - Committee Review for Students with Disabilities

Special education personnel shall be consulted in matters involving special education students. A special education student shall be afforded all rights under the Individuals with Disabilities Education Act (IDEA), 20 U.S.c. §1400, et al. seq., Section 504 of the Rehabilitation Act of 1973, 29 U.S.c., §706(8), 794, 794a, and the Americans with Disabilities Act (ADA), 42 U.S.c. 12101, et al. seq.

Any student who is receiving special education services or has been identified as a student with a disability under the Individuals with Disabilities Act (IDEA) and whose acts are determined by the Principal, or designee,

Disciplinary Hearing Officer or Tribunal to have violated any of the rules, regulations or laws as alleged, shall be referred to an IEP committee if cumulative days of exclusion exceeds ten days, or the recommendation constitutes a change in placement. The IEP committee is responsible for determining if the student's conduct is a manifestation of his/her disability, whether such conduct warrants a change in placement, amendments to the individual educational plan (IEP) and/or disciplinary actions. If the IEP committee determines that the student's conduct is not a manifestation of the student's disability, the student may be disciplined as any other regular education student, but shall receive educational services during this discipline. The IEP committee shall also have the authority to consider, recommend and implement any changes in the student's IEP or educational placement. Nothing in this rule shall alter or adversely affect the rights of students with disabilities under applicable federal and state laws.

Student Searches

School officials may conduct searches, at the discretion of the administration whenever circumstances indicate a need for such action. These searches may include clothing, book bags, purses, lockers, automobiles or any other property on school grounds. Searches may be conducted at any time before, during, or after school hours, or at any school-sponsored activity. Hand-held metal detectors may be used to search students or student's property. Dogs may be used to search automobiles, lockers, and personal book bags.

Suspension/Expulsion

When at all possible, it is the preferred policy of the Chattooga County Board of Education that disruptive students be placed in alternative education settings, in lieu of being suspended or expelled.

A suspension is defined as any disciplinary action that removes a student from regular classes and other school activities. Chattooga County schools use both in-school and out-of-school suspensions in an effort to provide a safe and appropriate learning environment. Georgia law (O.C.G.A. 20-2-764-766) requires students who have been suspended to have a conference with their parents and a school official before returning to class. They will discuss the reason for the suspension and write a plan designed to support more appropriate behavior. Parents who are unable to attend a conference must contact the school for further information. A notation of the conference is placed in the student's permanent file.

1. In-School Suspension (ISS) - An educational environment for students whose behavior precludes attendance in the regular school program. This setting is in the local school and is staffed by a certified teacher.
2. Short Term Out of School Suspension (OSS) - removal of the student from the school campus and exclusion from school sponsored activities for a specific period of time up to 10 days.
3. Long-Term Out of School Suspension (OSS) removal of the student from the school campus and exclusion from school sponsored activities for a specific period of time ranging from eleven (11) days to the end of the current semester. Students assigned long-term Out of School Suspension may forfeit the opportunity to make-up missed class assignments.
4. Expulsion- removal of the student from the school campus and exclusion from school sponsored activities beyond the current school quarter or semester.
5. Permanent Expulsion- removal of a student from the school system with no opportunity to return.

Chattooga Academy

An educational environment for students in Grades 6-12 whose behavior precludes continued attendance in the regular school program and where the instructional program is based upon normal course content, and behavior is carefully monitored.

Corporal Punishment

Corporal punishment is a disciplinary response option for the administrator's discretionary use. Only administrators will use corporal punishment for discipline.

A faculty member will witness the use of corporal punishment by the administrator. Before corporal punishment is administered, the administrator will notify the parent or guardian of its use.

TEACHER AUTHORITY

The Teacher Authority Provision in Georgia Code 20-2-737 and 738 provides for disciplinary action for a student being identified as a student who substantially interferes with a teacher's ability to teach, including:

1. Dismissal from class.
2. Review by the Principal.
3. Possible review by a Placement Review Committee.

The Superintendent shall, and does, fully support the authority of principals and teachers to remove a student from the classroom pursuant to Georgia law.

Chronic Disciplinary Problems

In cases where the student is a chronic disciplinary problem, the principal shall notify the parent(s) and invite them to observe the student in a classroom situation. At least one parent shall be invited to a conference to devise a disciplinary and behavioral correction plan.

Parents shall be invited to a conference to devise a behavioral plan before students who have been suspended or expelled return to school. Failure of the parent to attend such conference does not preclude the student from being readmitted; however, school officials shall meet with the student to devise a behavior plan.

A student support process shall be in place. It may include, but is not limited to, character education: a parent conference, a behavior plan, mentoring, mediation, tutoring, advisement, anger management, violence prevention, Student Support Team (SST), Behavior Action Team (BAT), appropriate community agencies involvement, and exemplary intervention programs.

In compliance with 160-4-8-.15, the principal or principal's designee shall send written notification to the teacher and to the student's parents or guardians of the student support services being utilized or the disciplinary action taken within one school day and shall make a reasonable attempt to confirm receipt of such written notification by the student's parents or guardians. Written notification shall include information regarding how student's parents or guardians may contact the principal or principal's designee.

PLACEMENT REVIEW PROCEDURES FOR REMOVING STUDENTS FROM CLASS

Based on O.C.G.A. 20-2-737 and 738, a teacher may remove from class a student who repeatedly or substantially interferes with the teacher's ability to conduct instructional activities provided the student has previously been reported or the teacher determines that the behavior of the student poses an immediate threat to the safety of the student's classmates or the teacher. In the case of immediate removal from the classroom, the teacher will submit a written referral by the end of the school day or at the beginning of the next school day to the principal or other school administrator. The administrator will, within one school day after the student's removal from class, send to the student's parents, and the special education case manager, if applicable, a written notice that the student was removed from class, a copy of the teacher's referral, and information regarding how the parent may contact a school administrator. When a teacher removes a student from class, as prescribed above, the administrator will discuss the matter with the teacher by the end of the school day or at the beginning of the next school day. The administrator will give the student oral or written notice as the basis (evidence) for the removal from class. If the teacher withholds his or her consent to the student's return to the same class, or the student's misbehavior precludes returning to school (such as committing a major violation of the Code of Student Conduct) the administrator determines the consequences for the student by the end of the first day, which may include in-school suspension or out-of-school suspension or an appropriate temporary placement. Any in-school or out school suspension must be determined by the principal, or designee. Such suspensions may not exceed ten school days. Suspensions or expulsions of longer than ten days may be imposed only by the Disciplinary Tribunal Hearing Panel.

If the teacher withholds his or her consent to the student's return to the same class and the administrator does not impose other disciplinary action, the administrator will convene the Local Placement Review Committee by the second day of the removal from the classroom, and the committee will render a decision whether the student should or should not return unto the teacher's classroom. The committee's decision will be made no later than three days after the removal from class. In the interim, the administrator will make a temporary placement for the student (other than in the classroom from which the student was removed, unless the teacher gives permission for the student to return to class).

APPOINTMENT AND FUNCTION OF LOCAL PLACEMENT REVIEW COMMITTEE

Each school principal shall establish the Local Placement Review Committee. The school faculty will select two teachers and one alternate and the principal will select one staff member to serve on the committee (schools may have more than one Local Placement Review Committee, at the discretion of the principal, but each committee must have three members selected as stated above). The selection of the committee should proceed as follows: (1) principal asks for volunteers and nominations; (2) a secret ballot is taken at a faculty meeting; (3) results are tabulated by a teacher; (4) results of the ballot are shared with the faculty. The Local Placement Review Committee (by simple majority vote) determines the placement of a student when a

teacher withholds his or her consent to the return of the student to the teacher's class when an administrator has not imposed disciplinary action (provided the teacher has met the reporting requirements enumerated above or if the student poses a threat). The committee is authorized to (1) return the student to the teacher's class upon determining that such placement is the best or only alternative; or (2) refer the student to the administrator for other appropriate action. The decision of the committee shall be in writing and will be made within three school days after the teacher withholds consent to the return of the student. If the Local Placement Review Committee decides not to return the student to the class from which he or she was removed, the administrator may place the student into another appropriate classroom, in-school suspension, or out-of-school suspension. In-school suspension or out-of-school suspensions may be for up to ten (10) days. Any and all disciplinary action will be sent to the parents in writing, by either letter or copy of the Student Discipline Referral form, with a note to the parent to confirm receipt of the notice.

Members of the Local Placement Review Committee may resign from the committee, with the replacement selected by the same process. If a student is later referred for a local formal hearing and for an evidentiary hearing, the members of the Local Placement Review Committee shall not be required to testify as to any committee decision or action.

Tribunal Hearing Procedures

The initial and ongoing tribunal training course will be provided by the local board of education and will be made available to all Qualified Student Discipline Hearing Officers and Disciplinary Tribunal or Panel Members prior to the individual(s) serving in such capacity. The local board of education will ensure initially trained student discipline hearing officers and disciplinary tribunal or panel members undergo continuing education so as to continue to serve in such capacity.

The local board of education will observe Georgia law in developing and implementing disciplinary hearings held by a disciplinary hearing officer, disciplinary panel, or disciplinary tribunal pursuant to O.C.G.A 20-2-751 through 20-2-759 including the ability to honor disciplinary orders of private schools and other public schools/school systems pursuant to O.C.G.A 20-2-751.2.

Tribunal hearing officers are appointed by the Board of Education to hear disciplinary matters. If a hearing is called, the student will be suspended from school until the hearing can be held. As required by state law, disciplinary hearings are to be held no later than 10 school days after the beginning of the suspension unless the parent and school mutually agree to an extension.

Prior to the hearing, students and parents/guardians will receive a notice to include the following:

1. The rule which the student has allegedly violated.
2. A description of the student's act
3. The names of the witnesses who may testify against the student (the list of witnesses may be added to prior to and during the hearing).
4. The maximum penalty that the student could receive.
5. The time and place for the hearing.
6. That the student is entitled to require witnesses to be present at the disciplinary hearing. The student must notify the school administrator or the disciplinary hearing officer if the student desires a subpoena to be issued by the superintendent.

At the tribunal hearing before the disciplinary hearing officer, students have the following rights:

1. To present witnesses and evidence.
2. To examine any and all witnesses presented.
3. To have an attorney, at the student's expense, to represent the student.

A student or a student's representative may appeal any decision of the disciplinary hearing officer by submitting a written notice of appeal to the superintendent within twenty (20) days from the date the decision is made.

When a tribunal hearing is appealed, the Chattooga County Board of Education will review the transcript of the hearing, make a decision based solely on the record, and notify students and parents in writing of the Board's decision. At the tribunal hearing before the Board, students have the right to be represented, at the students' and parents' expense, by an attorney. Students and parents may appeal the Board's decision to the State Board of Education by giving the superintendent written notice within 30 days of the decision of the Chattooga County Board of Education.

of a student by another student is strictly prohibited. Such prohibition shall be included in the Student Code of Conduct for all schools within the school system.

Bullying is defined as follows: An act that is:

1. Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
2. Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
3. Any intentional written, verbal, or physical act, which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:

 - b. Has the effect of substantially interfering with a student's education;
 - c. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
 - d. Has the effect of substantially disrupting the orderly operation of the school.

The term applies to acts which occur on school property, on school vehicles, at designated school bus stops, or at school related functions or activities or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system. The term also applies to acts of cyberbullying which occur through the use of electronic communication, whether or not electronic act originated on school property or with school equipment, if the electronic communication (1) is directed specifically at students or school personnel, (2) is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and (3) creates a reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose. Electronic communication includes, but is not limited to, any transfer of signs, signals, writings, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system.

Procedures may be developed at each school encouraging a teacher or other school employee, student, parent, guardian, or other person who has control or charge of a student, either anonymously or in the person's name, at the person's option, to report or otherwise provide information on bullying activity. Any teacher or other school employee who, in the exercise of his or her personal judgement and discretion, believes her or she has reliable information that would lead a reasonable person to suspect that someone is a target of bullying is encouraged to immediately report it to the school principal. Any report will be appropriately investigated by the administration based on the nature of the complaint in a timely manner to determine whether bullying has occurred, whether there are other procedures related to illegal harassment or discrimination that should be implemented and what other steps should be taken. Any report of retaliation for reporting bullying will also be investigated and addressed as called for in this policy and in accordance with school procedures.

Acts of bullying shall be punished by a range of consequences through the progressive discipline process, as stated in the Code of Conduct. However, upon a finding by the disciplinary hearing officer, panel, or tribunal that a student in grades 6-12 has committed the offense of bullying for the third time in a school year, the student shall be assigned to an alternative school.

Upon a finding by a school administrator that a student has committed an act of bullying or is a victim of bullying, the administrator or designee shall notify the parent, guardian, or other person having control or charge of the student by telephone call or through written notice, which may be done electronically.
