PREFACE

The Iberville Parish Handbook on Attendance, Discipline, and Student Records is designed to balance the rights of students, parents, and school personnel with the duty of the School Board to maintain a proper learning environment.

This guide, subject to change, exists for the purpose of pointing out to students, parents, and school personnel certain rights and responsibilities. It contains laws, regulations, procedures, codes, policies regarding rights, duties, and obligations of students, of parents, of school personnel and possible consequences of non-compliance with the rules. Additionally, it contains pertinent information that students need to know.

It is the professional belief of the staff and administrators at all schools of Iberville Parish that this Disciplinary Plan will assist in providing a safer, healthier, and happier atmosphere for every child to learn.

The information concerning discipline in the Handbook exists for the purpose of ensuring orderliness in the schools and safeguarding the rights of students and school personnel. No one has the right to interfere with the student's right to learn or the teacher's right to teach.

Any changes made to this handbook during the academic year will not go into effect until said changes have been first promulgated to the students, parents, and school personnel.

A GUIDE FOR THE PARENT WITH QUESTIONS & GRIEVANCES

A parent is always welcome to "go to the top" with a question, but the most efficient way to get an answer is to ask the person closest to the problem. Here are some time saving steps:

1. If it's about your child, call the school and make an appointment with the teacher or person directly involved with the specific concern.
 - A. If it's about the school, call the school secretary who will either answer your questions or direct you to the principal for a direct answer or an appointment.
 - B. If it's about the school system in general, or if you feel that one of the departments listed (please refer to the following list of school board departments) would better answer your question call the School Board Office at 225-687-4341 and dial the extension of the department you wish to reach.
2. If there is still an unanswered complaint, you may want to contact the Superintendent.
3. Any parent or visitor is encouraged to visit the schools; however, they must report to the front office upon their arrival.

Nonconformance with school policy shall be considered trespassing, and trespassers shall be subject to arrest.

HOMEWORK ASSISTANCE SERVICE

HomeworkLouisiana (HomeworkLa.org), a service of the State Library of Louisiana, offers FREE online tutoring and academic resources from Tutor.com for Louisiana residents from kindergarten students through adult learners. Get help in math, science, social studies or English from a live tutor. The services can be accessed from a Louisiana public library, from your home computer or from your mobile device.

LIMITED ENGLISH PROFICIENCY PROGRAM

The Iberville Parish School Board recognizes that the inability to speak and understand the English language limits the student's effective participation in the educational programs of the school district. Students whose primary language other than English shall be provided additional assistance, in conformity with applicable Federal and State statutes and regulations, until they are able to use English in a manner that allows effective, relevant participation in regular classroom instruction.

Parents shall be notified of their children's eligibility for the limited English proficiency program no later than thirty (30) days after the start of school. Notification shall include their child's level of proficiency and how it was assessed, program components and expectations, parental rights, and any other information required by the Every Student Succeeds Act. All written communications to parents shall be in a uniform format that is comprehensible to families and in a language the parents can understand.

GIFTED/TALENTED PROGRAM

The Gifted/Talented Program in Iberville Parish is an additional program to the regular education program offering enrichment services to students identified as having gifted or talented qualities. Students must qualify for these services using state mandated guidelines. These services are scheduled during the school day at a time in which the student would not miss instruction in major subject areas. A specially designed Individual Education Plan is written and updated once a year to offer supplemental educational activities for each qualified student.

The Gifted/Talented screening process can begin in one of two ways:

1. Parent Initiated - Parents make a request to the school that their child be screened.
2. Teacher initiated - Teachers refer a child to the Student Assistance Team, which will then request parental permission to screen the child.

IBERVILLE PARISH SCHOOL DISTRICT PARENT AND FAMILY ENGAGEMENT POLICY/PLAN

Drafted (May 2018); Revised (June 2020)

In support of strengthening student academic achievement, Iberville Parish School District receives Title I, Part A funds and therefore must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy that contains information required by Section 1116(a)(2) of the Every Student Succeeds Act (ESSA). The policy establishes the LEA's expectations and objectives for meaningful parent and family engagement and describes how the LEA will implement a number of specific parent and family engagement activities, and it is incorporated into the LEA's plan submitted to the Louisiana Department of Education.

Iberville Parish School District agrees to implement the following requirements as outlined by Section 1116:

- The school district will put into operation programs, activities, and procedures for the engagement of parents and family members in all of its schools with Title I, Part A programs. These programs, activities, and procedures will be planned and operated with meaningful consultation with parents and family members of participating children.
- Consistent with Section 1116, the school district will work with its schools to ensure that the required school-level parent and family engagement policies meet the requirements of Section 1116(b) of the ESSA, and each include as a component a school-parent compact consistent with Section 1116(d) of the ESEA.
- In carrying out the Title I, Part A parent and family engagement requirements to the extent practicable, the school district and its schools will provide full opportunities for the participation of parents with limited English proficiency, limited literacy, disabilities, of migratory children, who are economically disadvantaged, or are of any racial or ethnic minority background, including providing information and school reports required under Section 1111 of the ESSA in an understandable and uniform format including alternative formats upon request and, to the extent practicable, in a language parents understand.
- If the LEA plan for Title I, Part A, developed under Section 1112 of the ESEA, is not satisfactory to the parents of participating children, the school district will submit any parent comments with the plan when the school district submits the plan to the state Department of Education.
- The school district will be governed by the following definition of parental involvement and expects that its Title I schools will carry out programs, activities, and procedures in accordance with this definition in Section 8101 of ESSA:

Parental involvement means the participation of parents/families in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- (A) Parents/families play an integral role in assisting their child's learning
- (B) Parents/families are encouraged to be actively involved in their child's education at school
- (C) Parents/families are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child
- (D) Parents/families are familiar with virtual platforms and/or learning packets used in the case of school closures
- (E) Other activities are carried out, such as those described in Section 1116 of the ESEA

DESCRIPTION OF HOW THE DISTRICT WILL IMPLEMENT REQUIRED LEA PARENT AND FAMILY ENGAGEMENT POLICY COMPONENTS

JOINTLY DEVELOPED

The Iberville Parish School District will take the following actions to involve parents and family members in jointly developed LEA plan under Section 1112, and the development of support and improvement plans under paragraphs (1) and (2) of Section 1111(d) of the ESEA:

The district and school policies and the School Improvement/Schoolwide Plans are reviewed each school year and revised annually. Sources used in the development of these policies and plans include individual school meetings, annual parent survey results, parent meetings and parent-teacher conferences. This policy and all school policies are posted on our system and school websites where they are available for parent comments and suggestions. This policy is a working document subject to review and revision.

TECHNICAL ASSISTANCE

The Iberville Parish School District will provide the following coordination, technical assistance, and other support necessary to assist and build capacity of all Title I, Part A schools in planning and implementing effective parent and family involvement activities to improve student academic and school performance, which may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education:

The Supervisor of Federal Programs and Designated Grants will provide guidance and support on appropriate use of parent involvement funds and review school Parental Involvement Policies, School Improvement/Schoolwide Plans, and School-Parent Compacts to ensure compliance.

ANNUAL EVALUATION

The Iberville Parish School District will take the following actions to conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of this parent and family engagement policy in improving the academic quality of its Title I, Part A schools. The evaluation will include identifying barriers to greater participation by parents in activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The evaluation will also include identifying the needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers and strategies to support successful school and family interactions. The school district will use the findings of the evaluation about its parent and family engagement policy to design evidence-based strategies for more effective parental involvement, and to revise, if necessary, its parent and family engagement policies.

Parents are surveyed annually to determine whether parent engagement needs are being met effectively and appropriately through the implementation of the parent and family engagement programs. Parents are given the opportunity to complete the survey via paper copy or electronically. The results of these surveys are used to develop strategies for school improvement and to revise the district and school Parent and Family Engagement Policies. These results are also used in planning future parent workshops and meetings. Areas evaluated include academics and school leadership, parental involvement, Title I, school environment, and the school Parent and Family Engagement Program.

RESERVATION OF FUNDS

The Iberville Parish School District will involve the parents and family members of children served in Title I, Part A schools in decisions about how the 1 percent of Title I, Part A funds reserved for parent and family engagement is spent and will ensure that not less than 90 percent of the 1 percent reserved goes directly to Title I schools.

The Title I Parent Involvement Program allocates funds for Parent involvement based on the guidelines as stipulated by the Every Student Succeeds Act (ESSA)-not less than one percent of the LEA Title I allocation for parent involvement. Federal budgets, including Title I, are available to parents upon request.

COORDINATION OF SERVICES

The Iberville Parish School District will coordinate and integrate parent and family engagement strategies, to the extent feasible and appropriate, with other relevant Federal, State, and local laws and programs: Special Education, Early Intervention Program, English Speakers of Other Languages, Pre-K, Head Start, and other programs as appropriate that encourage and support parents in more fully participating in the education of their children by:

SEARCHES: (Louisiana R.S. 17:416.3)

The board respects the civil rights of the students attending its schools and will uphold those rights. The board will not tolerate violations of law, board policy, or school rules. Any teacher, principal, school resource officer, or administrator in any parish, city, or local system of the state may search any building, desk, locker, area, or automobile parked on school property for evidence that the law, a school rule, parish, city or local board policy has been violated. The school board is the exclusive owner of all buildings, all desks, and lockers. These are subject to being searched. The permission granted to park an automobile or vehicle on any school board property constitutes consent of the owner and/or operator to allow a search of the vehicle.

The teacher, principal, school resource officer, or administrator may search the person or personal effects of a student when, based on the circumstances at the time of the search, there are reasonable grounds to suspect that the search will reveal evidence that the student has violated the law, a school rule, or a school board policy. Such a search shall be conducted in a manner that is reasonably related to the purpose of the search and not excessively intrusive in light of the age or sex of the student and to the nature of the suspected offense. Random searches with a metal detector of students or their personal effects may be conducted at any time, provided the searches are conducted without deliberate touching of the student.

RIGHTS

- 1.) If at all possible, searches of students should be conducted outside the presence of other students.
- 2.) If a "pat down" search of a student is to be conducted, that search should be conducted by a teacher, principal, school resource officer, or administrator of the same gender. If at all possible, the delay in finding a person of the same gender should not create a significant likelihood that the item(s) sought in the search will be altered, destroyed, or disposed of in the meantime.
- 3.) No action taken pursuant to this policy by a teacher, principal, or administrator employed by the Iberville Parish School System shall be taken maliciously or with willful and deliberate intent to harass, embarrass, or intimidate any student.
- 4.) Whenever a search is conducted on a student because that student is suspected of wrongdoing requiring a search, the school must keep a record of the search, the circumstances leading up to the search and the results of the search. This record shall be filed and maintained in the principal's office.
- 5.) Specially trained dogs may be used only for searches of lockers, rooms, buildings, and parking lots. A dog may not be used to search a student.
- 6.) Any prohibited item seized or discovered in any search shall be safeguarded by the principal or designee and maintained in a secure container. If the item is a firearm, knife, any weapon, or an illegal controlled substance or drug, the principal or designee shall notify the police.

PERSON OTHER THAN STUDENTS

Any school principal, administrator, or school resource officer may search the person, book bag, briefcase, purse, or other object in possession of any person who is not a student, not enrolled at the school, or is a school employee. This search can be conducted in any school building or on school grounds. This search may be done randomly with a metal detector when there is reasonable suspicion that a person has any weapons, illegal drugs, alcohol, stolen goods, or other materials or objects which violate the school system policy.

students or when the student displays impudent or defiant behavior and to place the student in the custody of the principal or his/her designee.

4. A teacher has the right to have his or her professional judgment and discretion respected by school and district administrators in any disciplinary action taken by the teacher in accordance with school, district, and state policy/law.

Annual Notice Regarding Consent to Bill Medicaid and Share Information with the Louisiana Department of Health

Schools in Louisiana have been approved to receive partial reimbursement from Louisiana Medicaid for the cost of certain health-related services provided by the Iberville Parish School Board (IPSB) to certain students. For IPSB to get back some of the money spent on services, IPSB needs to share with Louisiana Medicaid the following types of information about certain students: name; date of birth; gender; type of services provided, when and by whom; diagnosis (if any) and Louisiana Medicaid ID. If your child is eligible to receive services to meet his/her needs, the services may be provided by the school system and/or you may take your child to another provider that accepts Medicaid.

With one-time written parental permission, IPSB seeks partial reimbursement for services provided by Louisiana Medicaid including, among others, a hearing test or eye exam; occupational or speech or physical therapy; some school nurse visits; and counseling services. After the initial permission is given, this annual notice is provided each year.

Please be advised of the following:

1. IPSB cannot require families to sign up for Louisiana Medicaid to receive the health related and/or special education services to which the student is entitled.
2. IPSB cannot require families to pay anything towards the cost of a student's health-related and/or special education services.

3. IPSB is given permission to share information with and request reimbursement from Louisiana Medicaid:
 - a. This will not affect the student's available lifetime coverage or other Louisiana Medicaid; nor will it in any way limit the family's use of Louisiana Medicaid benefits outside of school.
 - b. The permission will not affect the student's special education services or IEP rights in any way if the student is eligible to receive them.
 - c. The permission will not lead to any changes in the student's Louisiana Medicaid rights; and
 - d. The permission will not lead to any risk of losing eligibility for other Medicaid funded programs.
4. Once permission is given, families have the right to change their mind and withdraw permission at any time.
5. If permission is withdrawn, IPSB will continue to be responsible for providing the student with the services, at no cost to the family.

If you have previously given consent for the Iberville Parish School Board to disclose personally identifiable information and bill for reimbursement for the Louisiana Medicaid-covered health services that are provided to your child and would like a copy or would now choose to revoke consent, please contact the school nurse at your child's school.

COMMUNICABLE DISEASE CONTROL POLICY

The Iberville Parish School Board recognizes the importance of protecting the health and welfare of students, teachers, and other employees of the educational system from the spread of communicable diseases. The School Board will work cooperatively with the Louisiana Department of Health and Hospitals and the Center for Disease Control for the prevention, control, and containment of communicable diseases in schools.

Student Louisiana Revised Statute 17:170 to exclude children from school attendance who have not obtained the immunizations required by law. School personnel will cooperate with public health personnel in completing and coordinating all immunization dates, waivers, and exclusions, including the necessary Communicable Disease Section's School Immunization Report forms to provide for preventable communicable disease control.

In the event of an outbreak of a communicable disease, as defined by the Office of Public Health, at an educational institution or facility, the administrators of that institution or facility are empowered, upon the recommendation of the Office of Public Health, to exclude from attendance un-immunized students and clients until the appropriate incubation period has expired or the un-immunized person presents evidence of immunization.

The Superintendent may exclude a student or staff member from school or employment as recommended by the Louisiana Department of Health and Hospitals when reliable evidence or information from a public health officer or physician confirms him/her of having a communicable disease or infestation that is known to be spread by any form of casual contact and is considered a health threat to the school population. Exclusion of ill students from school settings is to be considered when such exclusion can reduce the spread of disease and the likelihood of secondary cases. Such a student or employee shall be excluded until sufficient medical evidence is presented that his/her condition is no longer contagious.

When reliable medical evidence or information from a public health officer or physician confirms that a student or employee is known to have a communicable disease or infection that is not to be spread by casual contact, (i.e., Human Immunodeficiency Virus and other like diseases), the decision as to whether the affected person will remain in the school or employment setting will be made on a short-term basis by the Superintendent following recommendation by the treating physician. A review panel pursuant to policy approved or Louisiana Board of Elementary and Secondary Education (BESE) shall ultimately decide the placement status of the student/employee. Mandatory screening for communicable diseases that are known not to be spread by casual contact shall not be required as a condition for school entry or for employment or continued employment.

Any medical information that pertains to students or staff members, proceedings, discussions, and documents shall be confidential information. Before any medical information is shared with anyone in the school setting, a “need-to-know” review shall be made which includes the parent/guardian, student if age 18, employee and his/her representative unless the information is required to meet the mandates of federal or state law or regulation, or BESE policy.

LICE POLICY

The IPSB adheres to a strict “No Nit Policy”:

Any student found to have lice or nits (lice eggs) shall be excluded from school. In order for the student to return to school, the student must be:

3. Be free of nits (lice eggs) and lice.

5. A medically excused absence will only be given for the day the student is sent home and the next day after for the treatment and removal of lice/nits. Medically excused absences for lice are limited to 2 occurrences per year. No additional medically excused days will be given for any additional cases of head lice.

Parents of children with asthma/allergies should consult with their physician before starting any treatments. Parents are responsible for learning how to identify head lice and quickly treating their child’s hair and household items. Parents are responsible for continuing to check their child’s hair every day for 3 weeks to prevent re-infestation.

RINGWORM - The infection manifests itself usually in the form of one to four flat, ring-shaped sores that can be dry or scaly, or crusted and moist. Ringworm can be transmitted as long as untreated sores remain on the skin. Ringworm medication may be purchased at any drugstore without a prescription. In order to return to school, you must send proof of treatment. A note from your doctor, pharmacist, or a medication label is acceptable. Your child will not be admitted back to school without this note. Once treatment has begun and proof of treatment has been provided, your child may return to school. Upon return, **the affected area must be covered.**

UNIDENTIFIED RASH – If your child is referred to the school nurse or school office with an unidentified rash, your child will not be able to return to school until the rash is determined non-contagious by a physician. Proof from a physician is necessary to return to school.

The parent or legal guardian shall be responsible for all care related to the student's diabetes management and treatment plan until the IHP is developed, the parents or legal guardian have agreed to and signed the IHP, and the diabetes management and treatment plan is put into place by the school nurse.

The School Board may utilize an unlicensed diabetes care assistant to provide appropriate care to a diabetic student, or assist a student with self-care of his/her diabetes, in accordance with the student's diabetes management and treatment plan, the student's IHP, and regulations contained in *Health and Safety*, Bulletin 135. An *unlicensed diabetes care assistant* is defined as a school employee who is not a healthcare professional, who is willing to complete training requirements established by BESE, and is determined competent by the school nurse to provide care and treatment to students with diabetes. An *unlicensed diabetes care assistant* also means an employee of an entity that contracts with the school or school system to provide school nurses who are responsible for providing health care services required by law or the Department of Education.

In accordance with the student's diabetes management and treatment plan, the student shall be permitted to self-manage his/her diabetes care as outlined in the student's management and treatment plan.

5. Administration of medication on field trips and other extracurricular activities

If a student with an identified medical need is to attend a field trip or other school-sponsored activity, the parents shall be notified to ascertain if any medication must be administered on the field trip or school-sponsored activity away from school. If so, the parent/legal guardian shall accompany the student to the activity to administer any medication.

If the parent/legal guardian cannot attend the field trip/activity with his/her child, the parent/legal guardian shall request in writing that the medication be administered on a pending field trip/activity by a non-School Board employee designated by the parent, or another trained person designated by the School Board. Such requests shall include supporting documentation as outlined in this policy. The request shall state that the parent/legal guardian gives permission for the designee or another trained person to administer the medication. If the parent does not designate a non-School Board employee to attend the field trip/activity, once the proper documentation has been submitted, the School Board shall assign a trained School Board employee to accompany the student on the field trip or other school-sponsored activity.

Section 2: Attendance Policies

SCHOOL ATTENDANCE

The Compulsory School Attendance Law (R.S. 17:221) is designed to protect and guarantee the rights of children to take advantage of educational opportunities provided by the State of Louisiana. Law assigns the basic responsibility for regular attendance to the parents of the child. The school board is keenly aware that it shares with parents or guardians this responsibility. The school board recognizes that each day's absence interrupts the learning process and results in delays and deficiencies in the child's attainment of skills and knowledge. (R.S. 17:221 requires that children attend school each day scheduled by the school system).

ATTENDANCE DEFINITION

In a plan for addressing the deep concerns about student attendance in the Iberville Parish Public Schools, the following parishwide definition of absenteeism and an explanation of the coding procedure to be used in recording student absences have been established.

The following definition of absenteeism shall be used by all schools in Iberville Parish:

A student is considered to be in attendance when he or she (1) is physically present at a school site or is participating in an authorized school activity and (2) is under the supervision of authorized personnel. This definition of attendance would extend to students who are homebound, assigned to and participating in drug rehabilitation programs that contain a state approved education component, or participating in school-authorized field trips.

1. Attendance (Half-Day): A student is considered to be in attendance for one half day when he or she (1) is physically present at a school site or is participating in an authorized school activity and (2) is under the supervision of authorized personnel for more than 25% but not more than half (26%-50%) of the student's instructional day.

2. Attendance (Whole-day): A student is considered to be in attendance a whole day when he or she (1) is physically present at a school site or is participating in an authorized school activity and (2) is under the supervision of authorized personnel for more than 50% (51%-100%) of the student's instructional day.

3. Late to school: A student is considered late to school if they arrive at school after the bell has rung for students to report to their first hour/homeroom class.

4.) Tardy to class: A student is considered tardy to class when the child arrives in their classroom after the tardy bell has rung.

ATTENDANCE POLICY

Elementary All students in Iberville Parish public schools in grades K-8 must attend a minimum of 159 days or 60,420 minutes a school year to be eligible to receive credit for the course taken.

High Schools In order to receive credit, high school students shall be in attendance a minimum of 30,400 minutes (equivalent 80 days), per semester or 60,420 minutes (equivalent to 159 school days) a school year.

* Exceptions can only be made in the event of extended personal illness as verified by a physician and/or other extenuating circumstances as approved by the Parish Supervisor of Child Welfare and Attendance, in consultation with the principal.

Attendance Recovery:

If students in Kindergarten and 1st grade do not meet the minimum attendance requirements of 159 days present, they shall attend attendance recovery during the school year and/or summer school. 2 hours of attendance recovery will equal a recovered day of attendance. Attendance recovery will take place during after school tutoring sessions and/or summer school.

If students in 2nd through 12th grade do not meet the minimum attendance requirements of 159 days present, they shall attend attendance recovery during the school year and/or summer school. 4 hours of attendance recovery will equal a recovered day of attendance. Attendance recovery will take place during after school tutoring sessions and/or summer school.

TRUANCY

A student shall be considered habitually absent or habitually tardy when either condition continues to exist after all reasonable efforts by any school personnel, truant officer, or other law enforcement personnel have failed to correct the condition after the fifth (5th) unexcused absence or fifth (5th) unexcused occurrence of being tardy within any school semester. The parent or legal guardian of a student shall enforce the attendance of the student at the school to which the student is assigned. The parent or legal guardian of any student age 7 through age eighteen who is considered habitually absent or habitually tardy shall be punished by a court of competent jurisdiction

WRITTEN EXCUSES

All medical verification of extended personal illness excuses for a student's absence, must be presented within five (5) school days of the student's return to school, or the student's absence shall be considered unexcused and the student not allowed to make up work missed. Should a parent send in a written excuse verifying a child's absence that absence will be unexcused for truancy purposes, but the child will be allowed to make up any missed assignments. The five(5) day timeline also applies to a parent's written note.

EXEMPTIONS

Exceptions to the attendance regulation shall be the enumerated extenuating circumstances below that are verified by the Supervisor of Child Welfare and Attendance or the school principal/designee where indicated. These exempted absences do not apply in determining whether a student meets the minimum minutes of instruction required to receive credit.

1. Extended personal physical or emotional illness as verified by a physician or nurse practitioner licensed in the state;
2. Extended hospital stay in which a student is absent as verified by a physician or dentist;
3. Extended recuperation from an accident in which a student is absent as verified by a physician, dentist, or nurse practitioner licensed in the state;
4. Extended contagious disease within a family in which a student is absent as verified by a physician or dentist licensed in the state; or
5. Observance of special and recognized holidays of the student's own faith.

6. Visitation with a parent who is a member of the United States Armed Forces or the National Guard of a state and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting. Excused absences in this situation shall not exceed five (5) school days per school year.
7. Absences as verified by the principal or his/her designee as stated below:
 - Prior school system-approved travel for education;
 - Death in the immediate family (not to exceed one week); or,
 - Natural catastrophe and/or disaster.

Students granted excused absences for the above shall be allowed to make up missed school work. Failure to make up missed work in the time allotted will result in a failing grade for assigned work.

FLOW CHART FOR TRUANCY REFERRALS

Step 1:

- School's Designee collects and records any doctor's excuses daily
- Before or at a child's third unexcused absence or unexcused occurrence of being tardy the principal, or his designee, shall hold a conference with such student's parent or legal guardian. This written notification shall be the letter generated by JCAMPUS and shall include information relative to the parent or legal guardian's legal responsibility to enforce the student's attendance at school and the civil penalties that may be incurred if the student is determined to be habitually absent or habitually tardy. The student's parent or legal guardian shall sign a receipt for such notification.
- JCAMPUS calls and generates attendance letters to parents/guardians of students with a minimum of three (3) unexcused absences and again with five (5) unexcused absences notifying family of the Truancy Policy/Laws. Attendance clerks will also attempt to make contact with parents/guardians regarding absences and document these attempts in the student record.

Step 2:

- Each day the attendance clerks at each school will pull an audit of a school's attendance record for all students and identify students with a minimum of three (3) absences (unexcused or otherwise).
- The list of these students shall be given to the school's MTSS team leader.
- Letters are generated and sent home with the students.

Step 3:

- Each day the attendance clerks at each school will pull an audit of a school's attendance record for all students and identify students with five (5) (unexcused or otherwise) absences or five (5) late-to-school/checkouts.
- Once a student gets five (5) (unexcused or otherwise) absences or five (5) late-to-school/checkouts their names are turned over to the school's MTSS team leader for possible intervention.
- For the students who have received **five (5) unexcused absences** letters are generated and sent home with the students.

- These students' names along with the following accompanying documentation shall be sent to the Child Welfare and Attendance Office immediately:
 - A. Name of student
 - B. Copy of the three (3) day letter
 - C. Copy of the five (5) day letter
 - D. Printed copy of the student's attendance report from JCAMPUS
 - E. Printed demographics page for each student

Step 4:

- Contact of parent/guardians with student(s) that have five (5) unexcused absences and excessive tardies will be made through letters sent home by the school and a follow-up home visit by the district's truancy officer.

Step 5:

- If the student continues to accumulate absences the process in step 3 will be repeated with every student at each five (5) day period (5, 10, 15, etc.)
- Parents given the opportunity to participate a truancy intervention program
- A Court Summons will be recommended by the Child Welfare and Attendance Supervisor
- The district truancy officer will make a mandatory home visit to issue the court summons to the student(s)' parent/guardian.

A copy of each JCAMPUS generated letter will be filed at the individual school for documentation purposes.

CHECK IN PROCEDURES

Students arriving at school after the school day has begun must report to the office with a parent or guardian. A medical excuse or other documentation shall be presented for excusal consideration.

CHECK OUT PROCEDURES

Elementary School

- Students may be checked out by parent or legal guardian no later than 30 minutes prior to dismissal.
- A valid photo identification must be shown upon request.

High School

- Students may be checked out by a parent or legal guardian no later than 30 minutes prior to dismissal.
- A valid photo identification must be shown upon requests.

Each Iberville Parish School will have a written procedure dealing with student checkouts. All staff responsible for checking students out will receive training on the procedure and training will be documented. The procedure shall contain a minimum of the following:

1. Person checking the student out shall show a picture I.D.
2. Person checking the student out shall be listed on the student information sheet that has been completed and signed by the parent/guardian.

3. If official paperwork is received that changes custody or does not allow a parent access to the child, that information shall be listed on the student information card and JCAMPUS. Official court papers must be signed by a judge.
4. If a school receives a phone call to allow students to be checked out, a verification call must be made to parent/guardian from phone numbers listed on the student information form.
5. If there is any doubt as to whether the person checking the student out has the appropriate authorization please contact the Child Welfare and Attendance Office for assistance.

K-6* grade students will earn an S or U in Health/Physical Education, Art, Music, Handwriting and Foreign Language, if applicable.

***MSA 6th grade students** will earn letter grades in the Arts, Physical Education and Foreign Language.

Note: Since MSA 6th grade students earn letter grades in the Arts, Physical Education and Foreign Language, they will follow the promotion criteria in PPP for grades 7-8.

GRADE AVERAGING FOR GRADES 1-6

Students are required to have 4 quality points for the year with at least 2 points earned in the second semester. For final grades, fractions at or above $\frac{1}{2}$ will be rounded off to the next highest number.

GRADE AVERAGING FOR GRADES 7-8

1. 7th-8th grade students' grades will be averaged to attain a final grade. The final grade shall reflect a letter grade average of four marking periods and a final exam grade.
2. Examination grades will be included in averaging grades for those grade levels where applicable.
3. Students are required to have 4 quality points for the year with at least 2 points earned in the second semester including the final exam grade.
4. For final grades, fractions at or above $\frac{1}{2}$ will be rounded off to the next highest number.
5. For 7th and 8th graders enrolled in courses for Carnegie credits, refer to the promotion guidelines for 9th – 12th.

9TH GRADE - 12TH GRADE

Grading Scale for Higher Level High School Courses

Higher Level Courses (Honors, Advanced Placement, Dual Enrollment, International Baccalaureate)		Local Honors	AP, Dual Enrollment, IB, LDOE Approved Honors
Letter Grade	Percentage Range	Quality Points	Quality Points
A	90-100	4	5
B	80-89	3	4
C	70-79	2	3
D	60-69	1	1
F	0-59	0	0

Dual Enrollment courses: will utilize Board of Regents criteria (page 14)

Student outcomes listed on the syllabus, midterms, and finals must, at minimum, be identical to what is offered and expected on the college campus. Variations in the syllabus may be allowed to accommodate the needs of the high school or the matching high school course, but such variations cannot negatively impact student outcomes, midterms, or finals in the college credit course.

Assignments, midterms, and finals must be graded at a college level for the college credit, regardless of course delivery method, location, instructor, facilitator, or process. Grades awarded may differ between what is on the secondary transcript and what is on the postsecondary transcript but the grade on the secondary transcript shall not be lower than the grade received on the postsecondary transcript.

A student in the secondary grades (9 – 12) is placed on a grade level based on the number of Carnegie units earned. To meet graduation requirements, a student repeats only required subjects failed. To earn credit in a subject, a student must be enrolled and be in attendance in a course for at least 80 days during the semester.

In order to receive (1) full Carnegie Credit, the student must earn (4) quality points with (2) quality points being in the second semester.

Semester and final grade averages will be rounded for averages of a 0.6 or higher.

Example 1: Student earns a D and an F for an average of 0.5. The semester average would be an F because 0.5 is less than 0.6.

Example 2: Student earns a C and a D for an average of 1.5. The semester average would be a C because 1.5 is higher than 0.6.

Classification is based on the total number of units earned.

Grade 10	No fewer than 6 units of credit A minimum of 1 completed course in English A minimum of 1 completed course in mathematics
Grade 11	No fewer than 12 units of credit A minimum of 2 completed courses in English A minimum of 2 completed courses in mathematics
Grade 12	No fewer than 16/17 units of credit providing the 7 remaining units being taken would permit graduation as defined by the Louisiana Department of Education

*All completed English and math courses must satisfy graduation requirements for a TOPS University Diploma or Jump Start TOPS Tech (Career) Diploma

Note:

- Principals may award credit in one-half unit increments to a student enrolled in a full credit course, provided the student has achieved a passing grade and has met attendance requirements within a given semester. (i.e. attained both academic success at 60% or higher and a minimum rate of 94% attendance during the semester). For ½ credit earned, the final grade shall reflect a letter grade average of 2 marking periods AND a final exam.
- Mid-term grades are only allowed for half credit courses
- All full credit courses require a final exam for grades 7-12

Artificial intelligence:

The use of artificial intelligence (AI) to complete *any portion of* assignments are prohibited unless specifically directed by the teacher. Students should recognize that use of AI is a form of plagiarism when used in lieu of independent thinking.

Iberville Virtual Learning Academy

Students must maintain virtual settings and behaviors that are conducive for instruction and that minimize distractions.

Virtual/Remote Work Settings

1. Students must use a district issued device while participating in virtual/remote instruction.
2. Students are expected to have a designated work area in their home cleared of everything other than what is required for class. Students must be seated at a table or desk.
3. Working stations must be free of foreign objects that are not being utilized for instruction.
4. The device being used for instruction must be positioned to allow teachers to observe both the working space and student, especially during testing.
5. When possible, students are encouraged to work in areas that are isolated from other individuals and pets. If circumstances exist that do not allow complete seclusion, the parents will need to share this information separately with the instructor. Instructors will only require what the parent can reasonably provide.
6. Additional electronic devices should not be kept or used within the visible working area, unless they are being utilized for instruction and are teacher approved. This includes televisions, phones, earphones and other devices that may provide distractions from teacher guided instruction.
7. Students will follow daily guidance from their teachers regarding best methods of communicating and participating during virtual classes. Instructions regarding when and how to interact verbally and how to use audio and camera options will be dependent on the design of instruction and direction of the teacher.
8. Students are expected to remain positively engaged in instruction and participate.
9. Behavior that is disruptive to the virtual class setting will be addressed using progressive discipline measures as outlined in the IPSB Student Code of Conduct
10. No student will be allowed to record any teacher during virtual or remote instruction
11. All students participating in virtual instruction must have a signed consent form on file with the IVLA office

² Computer Science has been added to TOPS University students with a Fall grade 9 2023-2024 entry year graduating in 2026-2027 and thereafter.

GRADUATION HONOR POLICY

Students' formal ranking will be based on the Latin Titles indicating high academic achievement, in place of the traditional Valedictorian and Salutatorian awards. The following Latin Rankings will be used to recognize top academic honors:

<u>RANKING</u>	<u>GPA</u>
Summa Cum Laude	3.900 - 4.000
Magna Cum Laude	3.700 - 3.899
Cum Laude	3.500 - 3.699
Honors	3.000 - 3.499

- A. In order to qualify for the above honors, a student must have been enrolled in one of the parish high schools during his/her junior and senior years.
- B. Academic honors will be based on the grade point average of all four (4) years of high school including any high school credit courses taken during junior high, including summer school and correspondence courses.
- C. Transfer credit for courses (electives) using grades other than "A", "B", "C", "D" or "F" will not be used to determine a student's grade point average.
- D. All grades must be used in determining a final average for ranking, including F's which have been repeated or completed successfully at a later date.
- E. Students are ranked at the end of their junior year (temporarily) and at the end of their senior year (permanently).
- F. High school students may repeat a course for self-improvement or to establish eligibility to participate in programs requiring specific standards. 5. Upon such a determination, the parent will be advised that the school to which enrollment is sought has insufficient capacity.
6. The verification of capacity shall be an annual determination for the re-enrollment of *Louisiana Public School Choice* students for each subsequent year.

EXCESS APPLICATIONS

1. In the event the number of applications for enrollment exceeds the capacity in any particular school, students enrolled in the school for the prior year shall have preference.

Section 5: Child Nutrition

OVERVIEW OF THE CHILD NUTRITION PROGRAM

It is the policy of the Iberville Parish School Board Child Nutrition Program to serve the highest quality meals that are economically feasible. If at any time you have questions relative to the Child Nutrition Program in Iberville Parish Schools, please feel free to contact the Child Nutrition Department at the Iberville Parish School Board office (225-687-4341) during regular business hours of 8:00 am until 4:15 pm

The District participates in the Community Eligibility Program (CEP), therefore ALL MEALS (Breakfast and Lunch) are served Free of Charge to all students enrolled in Iberville Parish School Board schools.

COMMUNITY ELIGIBILITY PROVISION

Making positive eating choices just got a little easier.

Iberville Parish School Board participates in an innovative school nutrition program intended to encourage students to enjoy wholesome, nutritious meals at school while eliminating paperwork for parents.

The program, known as Community Eligibility Provision (CEP), is funded by the U.S. Department of Agriculture as a means of ensuring students get the food they need to do their best at school. Recent studies reveal that when students are hungry, they are often distracted in the classroom, they are absent from school more often and score lower on standardized tests. The program allows all Iberville Parish School students to receive breakfast and lunch at school at no cost. Additionally, no school meal application is required.

This community-based program will only be as successful as the community that supports it. The greater the number of students that participate in the program by enjoying breakfast and lunch at school, the more successful the program will be for achieving the academic goals of the district, so please encourage your children to participate in school meal programs.

If we can be of any further assistance, please contact us at IBERVILLE PARISH SCHOOLS, Attention: AINita Miller, Executive Director of Operations, School Food Service Department, 58030 Plaquemine St., Plaquemine, LA 70764, (225) 687 - 4341 or sfssupe@ipsb.education.

CAFETERIA RULES

In order to keep the cafeteria clean and attractive, we ask students to be mindful and respectful of others by:

Students must receive the initial meal offered before purchasing a second meal or anything extra.

Meal Cost

According to the Healthy Hunger Free Kids Act, meal pricing for school lunches is done with a formula from the USDA called the Meal Price Equity Calculator. Henceforth, the cost of meals is determined by the local School Food Service Office with the School Board's approval.

Second Meals and / or Extra Menu Items

Each student is offered one lunch and one breakfast free of charge. Students may purchase additional food items at a minimal cost or an extra meal at the adult price.

If a student wishes to purchase a second meal or an extra menu item, he / she may purchase that item at the price posted in the cafeteria. Second meals or extra menu items may NOT be charged. Students must have money in their account for second meals and extras.

Adult Meals

All persons – principals, teachers, parents, and visitors who eat in the cafeteria must pay for their meals. All meals shall be eaten in the dining area.

Adults may purchase meals at the Adult Meal Price posted in the cafeteria. Adult meals may NOT be charged.

NON-SUFFICIENT FUND (NSF) CHECKS

If one (1) non-sufficient fund check is received from a single household, IPSB - CNP will not accept a second check from anyone who has written a check with non-sufficient funds. Online payments will be accepted for payment of meals thereafter. Additionally, the service fee charged by the financial institution handling the NSF check will be paid by the issuer of the check.

REFUNDS (EOY)

The computer software used by the School Food Service department tracks meal payments and deductions for the purchase of meals or extra sales items. At the end of the school year, all persons, parents/guardians, etc. may receive a refund of unused money from their respective account by requesting it, in writing to the cafeteria manager prior to the last two weeks of school of the current school year.

All balances in a student's LINQ Connect account may be carried over to the new school year and / or assigned to another sibling or student.

DIET/MEDICAL EXCEPTIONS

The Child Nutrition Program attempts to accommodate all reasonable medical exemptions.

If a student has a documented medical condition that prohibits him/her from consuming specific food items, the parent or guardian is required to submit, annually, the "IPSB Prescription For School Meal Modification" form. This form must be signed by a Licensed Physician/Recognized Medical Authority. In addition, for each specific food allergy item/ food group listed to be omitted, an approved substitute item must be listed. The form for food allergies and dietary restrictions can be found on the IPSB website at www.ipsb.net, Departments, School Food Service, Child Nutrition Information for Parents, or the IPSB Prescription for School Meal Modification form. All diet/medical conditions should be discussed with the School Nurse. The School Nurse will notify the Cafeteria Manager of those students enrolled at each school that have specific medical exemptions.

While the Child Nutrition Program attempts to accommodate all reasonable diet prescriptions and medical exemptions, we understand that we may not have the capacity to accommodate all types of diet prescriptions and medical restrictions. In the event we are not able to accommodate a specific medical exemption, the parent or guardian is expected to supply the student meals.

Section 7: Discipline

PHILOSOPHY OF DISCIPLINE

Every student is entitled to an education, which shall be offered in an orderly, healthy atmosphere, both physical and emotional, and to firm, fair treatment in all matters pertaining to school life.

Every child shall comply with all rules and regulations of both the state and the Iberville Parish School Board having to do with student behavior. In a democracy there exist many privileges and freedoms, all of which are dependent on observance of certain rules and regulations.

Each teacher in Iberville Parish is responsible for providing an environment that will bring about effective learning, thus enabling each student to achieve his maximum potential. The home shares responsibility in the education of the youth and the attitude of home toward school is reflected by the student.

Iberville Parish Early Childhood Program

Behavior Management Policy

Policy Type: Health and Safety

Policy Creation Date: January 2017

Policy Revision: May 2025

Regulations: Head Start Program Performance Standards [§1302.17](#); [§1302.90 \(c\) \(1\) \(i-ii\)\(A-D\)](#); [§1302.47\(b\)\(5\)\(v\)](#); [Louisiana Early Learning Center Licensing Regulations Bulletin 137](#)

Purpose: The Iberville Parish Early Childhood Program is committed to using positive behavioral strategies when teaching children how to manage their own behavior. Child guidance and classroom management decisions will promote positive social skills, foster mutual respect, strengthen self-esteem, and support a safe environment. Classroom adults model positive and acceptable behaviors. Young children do not possess the skill and judgement necessary to always know what behavior is appropriate.

Scope: This policy covers the use of positive behavioral strategies with children while in the care of Iberville Parish Early Childhood Programs and applies to all staff, contractors, and volunteers indoors, outdoors, field trips, playgrounds and on school buses. Head Start uses the need for behavior guidance as a teaching opportunity to provide children with the knowledge, confidence, and security necessary for emotional and social growth and self-regulation skills development.

Policy: All Iberville Parish staff, contractors, and volunteers are required to follow the program's Behavior Management policy and [Standards of Conduct](#). All Iberville Parish staff, contractors, and volunteers must utilize appropriate behavior management strategies to ensure children are safe at all times.

Part 1: Behavior

Behavior guidance issues can be avoided with good classroom management and planning, having materials available and activities planned in advance based on student need, and using transitions, as stated in the [Teaching and the Learning Environment Policy](#).

[Louisiana Early Learning Center Licensing Regulations Bulletin 137 §1509. Policies:](#)

- a. The Iberville Parish Early Childhood Program has developed and will implement a written behavior management policy describing the methods of behavior guidance and management that shall be used at each center.
- b. The behavior management policy shall prohibit children from being subject to any of the following:
 - ii. physical or corporal punishment which includes but is not limited to yelling, slapping, spanking, yanking, shaking, pinching, exposure to extreme temperatures or other measures producing physical pain, putting anything in the mouth of a child, requiring a child to exercise, or placing a child in an uncomfortable position;
 - ii. verbal abuse, which includes but is not limited to using offensive or profane language, telling a child to "shut up", or making derogatory remarks about children or family members of children in the presence of children;
 - iii. the threat of a prohibited action even if there is no intent to follow through with the

Iberville Parish Early Childhood Program

- threat;
 - iv. being disciplined by another child;
 - v. being bullied by another child;
 - vi. being deprived of food or beverages;
 - vii. being restrained by devices such as high chairs or feeding tables for disciplinary purposes; and
 - viii. having active play time withheld for disciplinary purposes, except timeout may be used during active play time for an infraction incurred during the playtime;
- c. Time out:
- i. a time out shall take place within sight of staff;
 - ii. the length of each time out shall be based on the age of the child and shall not exceed one minute per year of age;
- d. the behavior management policy shall establish steps for addressing behaviors identified by the site as dangerous and/or out of control behaviors. Suspension or expulsions should only be considered as a final action after the implementation of behavior support strategies, including at a minimum:
- i. engaging parents by written communication and/or parent conference; and
 - ii. providing a referral to EarlySteps, Child Search, and/or mental health consultant if appropriate.

Iberville Parish Early Childhood Behavior Support Guidance:

All staff must follow the Classroom Management and Organization Guidelines as stated in the Teaching and the Learning Environment Policy, particularly following Social & Emotional Guidance as stated in the Tier 1 Curriculum. Evidence of curriculum implementation non-negotiables stated in this policy must be consistently present.

Iberville Parish school employees are required to follow the Behavior Support Guidance. This policy ensures all steps are completed to ensure social emotional support has been provided to transition and support students.

Written communication (Daily/Weekly Teacher/Parent Communication Form) and a parent conference via phone call must occur when challenging behaviors arise. If behaviors do not decrease, an in-person parent conference must take place to discuss the possibility of a behavior referral to the Mental Health Specialist. All communication with parents must be documented in JCAMPUS.

In the event behaviors continue to be disruptive, persistent, and challenging, teachers are required to follow Behavior Support Guidance Steps for a behavior referral and coaching from the Mental Health Specialist. Referrals will not be accepted unless all proactive measures have been taken.

Iberville Parish Early Childhood Program

Behavior Support Guidance Steps:

1. EC Teacher will fill out the "[Early Childhood Behavior Referral Form.](#)"
2. Early Childhood Mental Health Specialist will observe teacher and student interactions to determine the function of the behavior(s).
3. Early Childhood Mental Health Specialist will analyze all documentation and records to determine tiers for behavior support.
4. Upon determination of tier, EC Mental Health Specialist will initiate a meeting with the team to create the Behavior Support Plan to establish roles and responsibilities.
 - a. Tier 1: Meeting will include ECMHS, EC Coach/EC Staff, teacher & para.
 - b. Tiers 2 & 3: Meeting will include ECMHS, EC Coach/EC Staff, teacher & para, & School Behavior Support Team.
5. A parent meeting will be initiated by ECMHS to review the Behavior Support Plan as well as resources for at-home support.
 - a. Meetings will include ECMHS, EC Coach/Staff, teacher & para, and parent/guardian. School Behavior Support Team members will be invited to attend the meeting.
6. Behavior Support Plan will be implemented. Coaching will be determined on an individual basis.
 - a. Fidelity Checks for data tracking and implementation of behavior support strategies will be conducted regularly. Follow-up support visits for teachers of tier 2 children will take place twice a month and teachers of tier 3 children will receive follow-up support visits weekly.
 - b. Further meetings with the ECMHS, EC Staff, teacher & para, School Behavior Support Team, and parent/guardian can be initiated by any member of the team on an as needed basis.

Challenging Behaviors that Require Immediate Action

If a child demonstrates unacceptable behavior that poses safety threats, staff will intervene to provide immediate and directly related consequences for the child, then restate positive behavior expectations. If these less-intrusive measures are ineffective, the child may be **temporarily** separated from the group until the precipitated behavior has stopped. The child must be allowed to return to the group as soon as this happens. A child separated from the group must be recorded on the [Separation Log](#) by the person who is taking the child out of the classroom. Immediate safety threats are defined as behaviors that may hurt children or adults, including [self-harm](#). If the child is unable to gain composure and still poses a safety threat after 30 minutes, the parent can be contacted to come get the child from school. If the parent refuses to answer calls or has no means of transportation, the School Resource will attempt to locate the parent and provide transportation. Early Childhood students are not allowed to be transported by the school resource officer without an adult family member that is listed on the master card present.

If the child is separated from the group for behavior that poses a safety threat three or more times in one day, the child's parent must be notified and the parent must come get the child. A parent conference with the Behavior Team/administrator must take place within 24 hours. At this time, a Behavior Support Plan will be created or modified if one is in place.

Iberville Parish Early Childhood Program

If the child is sent home 3 or more times for unacceptable behavior that poses safety threats, a suspension can be an option. All temporary suspension requirements must be met when returning to school.

Once the child returns to school, a parent conference with the behavior team/school administration must occur within 24 hours of the child returning to school.

If the parent refuses to attend the required behavior meetings, the principal should notify the Early Childhood Supervisor.

Part 2: Suspension & Expulsion

[Head Start Program Performance Standard §1302.17: Suspension and Expulsion](#)

(a) Limitations on suspension.

(1) A [program](#) must prohibit or severely limit the use of [suspension](#) due to a child's behavior. Such suspensions may only be temporary in nature.

(2) A temporary suspension must be used only as a last resort in extraordinary circumstances where there is a serious safety threat that has not been reduced or eliminated by the provision of interventions and supports recommended by the mental health consultant and the program needs time to put additional appropriate services in place.

(3) Before a program determines whether a temporary suspension is necessary, a program must engage with a mental health consultant, collaborate with the parents, and utilize appropriate community resources – such as behavior coaches, psychologists, other appropriate specialists, or other resources – as needed, to determine no other reasonable option is appropriate.

(4) If a temporary suspension is deemed necessary, a program must help the child return to full participation in all program activities as quickly as possible while ensuring child safety. A program must explore all possible steps and document all steps taken to address the behavior(s) and supports needed to facilitate the child's safe reentry and continued participation in the program. Such steps must include, at a minimum:

(i) Continuing to engage with the parents, mental health consultant, and other appropriate staff, and continuing to utilize appropriate community resources;

(ii) Providing additional program supports and services, including home visits; and,

(iii) Determining whether a referral to a local agency responsible for implementing IDEA is appropriate, or if the child has an individualized family service plan (IFSP) or individualized education program (IEP), consulting with the responsible agency to ensure the child receives the needed support services.

Iberville Parish Early Childhood Program

(b) *Prohibition on expulsion.*

(1) A program cannot expel or unenroll a child from Head Start because of a child's behavior.

(2) When a child exhibits persistent and serious behavioral concerns, a program must explore all possible steps and document all steps taken to address such problems, and facilitate the child's safe participation in the program. Such steps must include, at a minimum, engaging a mental health consultant, considering the appropriateness of providing appropriate services and supports under section 504 of the Rehabilitation Act of 1973 to ensure that the child who satisfies the definition of disability in 29 U.S.C. §705(9)(b) of the Rehabilitation Act is not excluded from the program on the basis of disability, and consulting with the parents and the child's teacher, and:

- (i) If the child has an individualized family service plan (IFSP) or individualized education program (IEP), the program must consult with the agency responsible for the IFSP or IEP to ensure the child receives the needed support services; or,
- (ii) If the child does not have an IFSP or IEP, the program must collaborate, with parental consent, with the local agency responsible for implementing IDEA to determine the child's eligibility for services.

(3) If, after a program has explored all possible steps and documented all steps taken as described in paragraph (b)(2) of this section, a program, in consultation with the parents, the child's teacher, the agency responsible for implementing IDEA (if applicable), and the mental health consultant, determines that the child's continued enrollment presents a continued serious safety threat to the child or other enrolled children and determines the program is not the most appropriate placement for the child, the program must work with such entities to directly facilitate the transition of the child to a more appropriate placement.

Iberville Parish Temporary Suspension Process

A temporary suspension must be used only as a last resort in extraordinary circumstances where there is a serious safety threat that cannot be reduced or eliminated by the provision of reasonable modifications. **The principal and the Early Childhood Supervisor** will decide if a suspension is necessary, but temporary suspension will not exceed **1** day. The principal will fill out the [Early Childhood School Behavior Report](#) and consult with the Early Childhood Supervisor. If the suspension is deemed necessary, the principal will make parental contact.

When a child exhibits persistent and serious challenging behaviors, a program must explore all possible steps, document all steps taken to address such problems, and facilitate the child's safe participation in the program **before** recommending suspension. Such steps must include, at a minimum:

1. Documented written communication and conferences via phone call and in person between the teacher and the parents about the child's behavior.
2. All steps in the Behavior Support Guidance must be followed before suspension can be considered unless there is an immediate safety threat (this does not mean non-compliance from a child).
3. Recorded observations done by the Mental Health Specialist and the Early Childhood Administrator from the school documenting the challenging behaviors and action steps already taken.

Iberville Parish Early Childhood Program

4. Consultation with Mental Health Specialist to provide local community resources.
5. Determine whether a SAT referral is appropriate. If the child is already in the SAT process, contact the SAT coordinator to determine the status of the child's case.

If the child has an individualized family service plan (IFSP) or individualized education plan (IEP), the program must ensure the child receives the needed support services and the child's IEP case manager and special education supervisor must be consulted **before** a temporary suspension can occur.

After a series of suspensions, a parent must take the following action steps in order to avoid the child being recommended for expulsion.

1. Participate in home visits from the Mental Health Specialist.
2. Implement suggested interventions at home.
3. Observe the child in the classroom setting.
4. Utilize suggested community resources.
5. Participate in parent training programs to strengthen their skills in managing their child's behavior.

If the parent refuses to take the action steps listed above, the principal should notify the Early Childhood Supervisor to discuss the expulsion process.

Iberville Parish Suspension Appeal Procedure

Any parent, tutor, or legal guardian of a pupil suspended shall have the right to appeal to the superintendent or his/her designee, who shall conduct a hearing on the merits. If the parent or legal guardian is not present for the hearing after having been properly notified, the hearing may proceed and the results of the hearing shall be mailed to the parent or legal guardian within three (3) school days by certified mail, return receipt requested. The decision of the Superintendent on the merits of the case, as well as the term of suspension, shall be final, reserving to the Superintendent the right to remit any portion of the time of suspension.

Iberville Parish Expulsion Process

If, after a program has explored all possible steps and documented all steps taken as described in this policy, a program, in consultation with the parents, the child's teacher, the principal, a pupil appraisal representative, the Mental Health Specialist, and the Early Childhood Supervisor, determines that the child's continued enrollment presents a continued serious safety threat to the child or other enrolled children and determines the program is not the most appropriate placement for the child, the program must work with such entities to directly facilitate the transition of the child to a more appropriate placement.

A pupil may be expelled from school if an offense or a series of events committed by the pupil is serious enough to warrant such action. Upon the recommendation for expulsion of a pupil by the team, once the required steps are taken, the Superintendent or his/her designee shall conduct a hearing to determine the facts of the case and make a finding of whether or not the student is guilty of conduct warranting a recommendation of expulsion.

Iberville Parish Early Childhood Program

Notification of the time, date, and place of the expulsion hearing shall be mailed to the parents. Following the hearing, the Superintendent or his/her designee shall notify the parents of the decision rendered.

At the hearing, the principal and/or teacher concerned may be represented by any person appointed by the Superintendent and the concerned teacher may be permitted to attend and present any relevant information. Until the hearing, the pupil shall remain suspended.

Upon the conclusion of the hearing and upon finding the student guilty of conduct warranting expulsion, the Superintendent or his designee shall determine whether such student shall be expelled or if other disciplinary action shall be taken.

Iberville Parish Expulsion Appeal Procedure

The parent or tutor of the pupil may, within five (5) days after the decision to expel has been rendered, request the Board to review the findings of the Superintendent or designee at a time set by the Board. After reviewing the findings of the Superintendent or designee, the School Board may affirm, modify, or reverse the action of the Superintendent or designee.

If a Board member chooses to attend an expulsion hearing at the campus level, he/she shall excuse himself/herself from participating in any appeal proceedings before the Board related to that expulsion hearing.

Training

Iberville Parish Early Childhood Staff will receive training during the onboarding process and annually thereafter during preservice.

I acknowledge that I have been trained, have read and understand, and have access to the Behavior Management Policy.

DISCIPLINE PROCEDURES

All schools will have specific procedures for addressing student behaviors that do not meet expectations

- The district has developed a discipline chart that identifies “Minor” and “Major” infractions and potential consequences and/or interventions
- “Minor” infractions are split into two categories: Respect and Responsibility
- “Minor” infractions will be addressed at the classroom level and require documented interventions prior to office referral/”Major”
- “Major” infractions will follow district policy and state statutes

When a minimum of four (4) documented infractions have occurred in a category and interventions have been conducted but the Student’s behavior continues to prevent the orderly instruction of other Students that such behavior is deemed a “Major” infraction the teacher may have the Student immediately removed from the classroom, accompanied by a completed Louisiana student behavior report (Form A or B), and placed in the custody of the principal or the designee. A Student removed from the classroom pursuant to this subparagraph shall be assigned school work missed and shall receive either partial or full credit for such work if it is completed satisfactorily and timely as determined by the principal or his/her designee, upon the recommendation of the student’s teacher.

Upon being sent to the principal’s office pursuant to the provisions of this subparagraph the principal or his designee shall:

- Advise the pupil of the particular misconduct of which he/she is accused as well as the basis for such accusation
- Allow the pupil the opportunity at that time to explain his/her version of the facts
- Conduct a counseling session with the pupil as may be appropriate to establish a course of action consistent with school board policy

A pupil in kindergarten through grade six removed from a class shall not be permitted to return to the class for at least thirty minutes unless agreed to by the teacher initiating the disciplinary action. A pupil in grades seven through twelve removed from a class shall not be permitted to return to the class during the same class period unless agreed to by the teacher initiating the disciplinary action. Additionally, the pupil shall not be readmitted to the class until the principal has implemented one of the following disciplinary measures:

- In-School suspension
- Detention
- Suspension
- Assignment to an alternative program
- Initiation of expulsion hearings
- Requiring the completion of all assigned school and homework which would have been assigned and completed by the student during the period of suspension

Upon the third removal from the same classroom pursuant to this subparagraph, the teacher and the principal shall discuss the disruptive behavior patterns of the Student and the potentially appropriate disciplinary measure before the principal implements a disciplinary measure. In addition, a conference between the teacher or other appropriate school employee(s) and the Student’s parent, tutor, or legal guardian shall be required prior to the Student being readmitted. If the disruptive behavior persists, the teacher may request that the principal transfer the Student into another setting.

Notwithstanding any provision of law to the contrary, whenever a Student is formally accused of violating the provisions of R.S. 14:34.3, or school disciplinary rules or both, by committing a battery or an assault on any school employee, the principal shall suspend the Student from school immediately and the Student shall be removed immediately from the school premises without the benefit of the suspension procedures provided by R.S. 17:416 and this disciplinary handbook; however, the necessary notifications and due process procedures shall follow as soon as practicable. In accordance with 2006 La. Acts 733, 'assault' means an attempt to commit a battery on a school employee or administrator, or the intentional placing of those persons in reasonable apprehension of receiving a battery by the student, or the student's making statements threatening physical harm to the employee or administrator.

NOTE: When there is an incident involving a student and there is also an issue of immediate danger or intent to do harm or harm himself/herself, the student may be referred immediately as appropriate to the Iberville Parish Alternative Positive Program of Students (IAPPS) pending the investigation and the hearing.

PHYSICAL ALTERCATIONS

Self defense is defined as the use of reasonable force to protect oneself from bodily harm from the attack of an aggressor and/or to remove oneself from danger.

Students must receive authorization from a school administrator before they will be allowed to use their cell phones.

A violation of these provisions shall be grounds for disciplinary action as listed in the student handbook.

A properly authorized medical device worn by a student shall not be in violation of this policy.

IBERVILLE ALTERNATIVE POSITIVE PROGRAM FOR STUDENTS (IAPPS)

The Iberville Parish School Board recognizes that exclusion from the educational program of the schools, whether by suspension or expulsion, is the most severe sanction that can be imposed on a pupil in this parish and one that cannot be imposed without due process, since expulsion deprives a pupil of the right to an education. Pupils suspended or expelled/excluded from school shall remain under the supervision of the school system using an alternative education program designed to continue the educational process at an alternative school site. An alternative setting may be located on or off the school site.

The alternative education program is designed to offer variations of traditional instructional programs and strategies for the purpose of increasing the likelihood that pupils who are unmotivated or unsuccessful in the traditional programs or who are disruptive in the traditional school environment remain in school and obtain a high school diploma. Pupils may be assigned to IAPPS for a specified amount of time however additional time shall be added to a student's assigned time when:

1. Student is absent from school (excused or unexcused absence)
2. Receives a minor referral (one week added)
3. Receives a major referral (two weeks added)
4. Student must actively participate in provided counseling

Any expelled pupils attending the alternative education program and exhibiting disorderly conduct shall be dismissed from that program and shall not be permitted to return to any school program until the period of expulsion has ended.

Upon the request of the student's parent, tutor, or other person responsible for the student's school attendance, a student enrolled in school between ages of sixteen (16) and eighteen (18) years may be allowed, with approval of the School Board, to attend an alternative education program.

*** IAPPS is mandated to provide supports and interventions based on student needs**

DUE PROCESS

The due process rights of students and parents as set forth in Louisiana Revised Statute §17:416A are as follows:

Prior to any suspension, the school principal or his designee, shall advise the pupil in question of the particular misconduct of which he or she is accused as well as the basis for such accusation, and the pupil shall be given an opportunity at that time to explain his or her version of the facts to the school principal or his designee...

Notice in writing of the suspension and the reason therefore shall be given to the parent or parents of the pupil suspended. Any parent, tutor or legal guardian of a pupil suspended shall have the right to appeal to the Parish Superintendent of Schools, who shall conduct a hearing on the merits.

In regard to suspension and due process, the decision of the Superintendent of Schools is final. However, for expulsions, the due process may continue to a court decision. If a student is expelled the parent or tutor of a pupil has the right to appeal, within 5 days in writing the decision of the Superintendent of Schools to the Iberville Parish School Board for a review of the findings of the Superintendent. The parent or tutor of a pupil has the right to appeal the decision of the School Board to the district court for the Parish in which the student's school is located. Due process is a right, and, just as with any other right, there is a responsibility. To protect this right, it is the student's responsibility to:

- Conduct themselves in accordance with established codes of conduct.
- Be willing to volunteer information in matters relating to the health, safety, and welfare of the school community and the protection of school property.
- To assist the school staff in running a safe school for all students enrolled therein.

DISCIPLINE FOR VIRTUAL LEARNERS

Students should refrain from engaging in any of the behaviors identified in IPSB Code of Conduct while engaged in virtual classes. The Iberville Parish School Board has extended its existing behavior guidelines to the virtual classroom in a manner that addresses virtual instruction in remote locations.

Behaviors that could result in disciplinary actions for online students include but are not limited to cyberbullying, wearing inappropriate clothing, repeated tardiness, inappropriate use of electronic media, threats, and intentional disturbance of an online class.

Students who violate the student code of conduct will be subject to one, or more of the following virtual disciplinary consequences: Student Conference/Warning, Out-Of-School Suspension and Expulsion/Exclusion.

Student Conference/Warning entails either a teleconference or an in-person conference with the student, parent/guardian(s) and a school administrator. The teacher will refer the infraction to the principal or designee to enter into the JCampus data reporting system. The student would not have a disruption in schooling and will not be removed from the class.

Out-of-school suspension entails a student only having access to power points and or assignments/materials outside of live learning sessions. Students will be suspended from live sessions and interactions with peers during the suspension. The student is not allowed to attend school-sponsored programs or activities during the suspension. The length of a suspension is determined by the school administrator with suspensions of more than 3 days requiring approval from Child Welfare and Attendance. The teacher will refer the infraction to the principal or designee to enter into the JCampus data reporting system.

Recommended Expulsion/Exclusion will be reserved for serious discipline infractions. The IPSB will ensure that the student's constitutional rights are observed and upheld during the course of a recommendation for expulsion/exclusion.

DISCIPLINE FOR STUDENTS WITH DISABILITIES

If a student with a disability violates a code of conduct, he or she will be disciplined according to the discipline measures described above for up to 10 days. Upon subsequent violations that result in suspensions that exceed 10 days, the school will determine if the behavior was a manifestation of the student's disability. If the school determines that the violation is not a manifestation of the student's disability, the school will apply the discipline procedures to the student in the same manner and for the same duration as the procedures that would be applied to students without disabilities. However, if it is determined that the violation was a manifestation of the student's disability, the school will conduct a functional behavior assessment and develop a behavior plan to address the violation so that it does not recur.

SECLUSION AND RESTRAINT

IPSB recognizes that, in order for students to receive a free and appropriate education, a safe environment needs to be provided. In doing so, the IPSB also recognizes that there are circumstances in school under which reasonable and appropriate measures and techniques will need to be employed in dealing with violent or noncompliant student behavior.

IPSB shall sanction the use of student seclusion and restraint techniques when such use is consistent with the student's Individualized Education Plan (I.E.P.), Section 504 plan, or behavior intervention plan, and with the requirement that I.E.P. Teams consider the use of positive behavioral interventions and support when the

If requested, as herein provided, and after reviewing the findings of the Superintendent or his/her designee, the School Board may affirm, modify, or reverse the action previously taken. The parent or tutor of the pupil shall have such right of review even if the recommendation is reduced to a suspension.

The parent or tutor of the pupil who has been recommended for expulsion in accordance with state law may, within ten (10) days, appeal to the district court for the parish in which the student's school is located, an adverse ruling of the School Board in upholding the action of the Superintendent or his/her designee.

The court may reverse or revise the ruling of the School Board upon a finding that the ruling of the School Board was based on an absence of any relevant evidence in support thereof. The parent or tutor of the pupil shall have such right to appeal to the district court even if the recommendation for expulsion is reduced to a suspension

The principal or his/her designee shall collect and evaluate all facts using the *Bullying Investigation* form.

PARENTAL NOTIFICATION

Upon receiving a report of bullying, hazing, or similar behavior, the school shall notify the parents or legal guardians of the alleged offender and the alleged victim no later than the following business or school day. Delivery of notice to the parents or legal guardians by an involved student shall not constitute the required parental notice.

Before any student under the age of eighteen (18) is interviewed, his/her parent or legal guardian shall be notified by the principal or his/her designee of the allegations made and shall have the opportunity to attend any interviews with their child conducted as part of the investigation.

All meetings with the parents or legal guardians of the alleged victim and the parents or legal guardians of the alleged offender shall be in compliance with the following:

4. Maintain reports/complaints and investigative reports for three (3) years.

APPEAL

The School Board shall begin an investigation of any properly reported complaint that alleges prohibited conduct the next business day during which school is in session after the report is received by the School Board.

If the School Board does not take timely and effective action, the student, parent, or other school employee may report any bullying incident to the Louisiana Department of Education.

Counseling and/or other interventions may also be recommended.

Students may be disciplined for off-campus bullying, hazing, or similar behavior the same as if the improper conduct occurred on campus, if the actions of the offender substantially interfere with the educational opportunities or educational programs of the student victim and/or adversely affect the ability of the student victim to participate in or benefit from the school's education programs or activities.

PARENTAL RELIEF

If a parent, legal guardian, teacher, or other school official has made four (4) or more reports of separate instances of bullying, and no investigation pursuant to state law or this policy has occurred, the parent or legal guardian of the alleged victim may request that the student be transferred to another school operated by the School Board.

Such a request shall be filed with the Superintendent. Upon receipt of the request to transfer the student to another school, the School Board shall make a seat available at another school under its jurisdiction within ten (10) school days of the parent or legal guardian's request for a transfer. If the School Board has no other school under its jurisdiction serving the grade level of the victim, within fifteen (15) school days of receiving the request, the Superintendent shall:

If no seat or other placement is made available within thirty (30) calendar days of the receipt of the request by the Superintendent, the parent or legal guardian may request a hearing with the School Board, which shall be public or private at the option of the parent or legal guardian. The Board shall grant the hearing at the next scheduled meeting or within sixty (60) calendar days, whichever is sooner.

At the end of any school year, the parent or legal guardian may make a request to the School Board to transfer the student back to the original school. The School Board shall make a seat available at the original school that the student attended. No other schools shall qualify for transfer under this provision.

Multi-Tiered System of Supports (MTSS)

The Iberville Parish School System is committed to the implementation of a comprehensive Multi-Tiered System of Supports (MTSS) for students to be taught expectations for being successful. In addition to teaching these expectations, each school is expected to develop a system of rewards for students who meet expectations and an effective system of interventions for students who do not meet expectations. The emphasis of MTSS is to change student behaviors when they do not meet desired expectations. Each school will have an MTSS plan available for students and parents/guardians to review.

Capturing Kids' Hearts

Capturing Kids' Hearts is a relationship-building approach to discipline that creates self-managing groups.

How does it work?: Teachers use the EXCEL model to communicate with students. Students create their own rules via a social contract. students hold each other accountable using "checks" and "fouls". An environment is created that emphasizes positivity through "good things" and affirmations".

<p>The EXCEL model is used:</p> <p>Engage: Students are greeted at the door with a handshake, eye contact, and a sincere welcome.</p> <p>X-plore: Teachers listen and attend to the personal, emotional, and academic needs of our students.</p> <p>Communicate: Teachers communicate care as well as content.</p> <p>Empower: Teachers empower students to gain the ability to "use and do" the things they have been taught.</p> <p>Launch: Deals with how we "end and send" our students into the world. The purpose is to start our students on a course of action by ending our classes on a powerful note.</p>	<p>The Social Contract:</p> <p>At the beginning of the school year, a Social Contract was created by the students, facilitated by the teacher, in effort to answer four questions regarding the environment of the classroom. The four questions include:</p> <ul style="list-style-type: none"> ● How do you want to be treated by the teacher? ● How do you want to be treated by each other? ● How do you think the teacher wants to be treated by you? ● How do we want to treat each other when there is conflict? <p>The resulting answers make up a list of adjectives that serve as the basis for student expectations of behavior in the classroom. The Social Contract is signed by all classroom members including the teacher. The document is a living document and is referred to regularly to highlight success and serves as a guide for when problems arise.</p>

MTSS (Multi-Tiered Systems of Support)

MTSS is a proactive approach that addresses student needs in academics, behavior, and attendance. Instead of waiting for students to fail, MTSS identifies challenges early and provides targeted interventions. This system helps students get the help at the right time.

The integrated instruction model of MTSS uses collected data to assess student needs and provide them with interventions in appropriate tiers. Key components of MTSS include early screening for all students, tiered interventions based on need, ongoing data monitoring, a schoolwide support system, and active parent involvement.

To be considered successful each grading period , students must have no more than two unexcused absences or tardies, no behavior infractions, and maintain overall grades of C or higher in each subject.

Monthly Award Events will be held for students meeting all criteria. These events may include outdoor activities, movie day, music fun, etc. Specific activities will be determined by the MTSS Team.

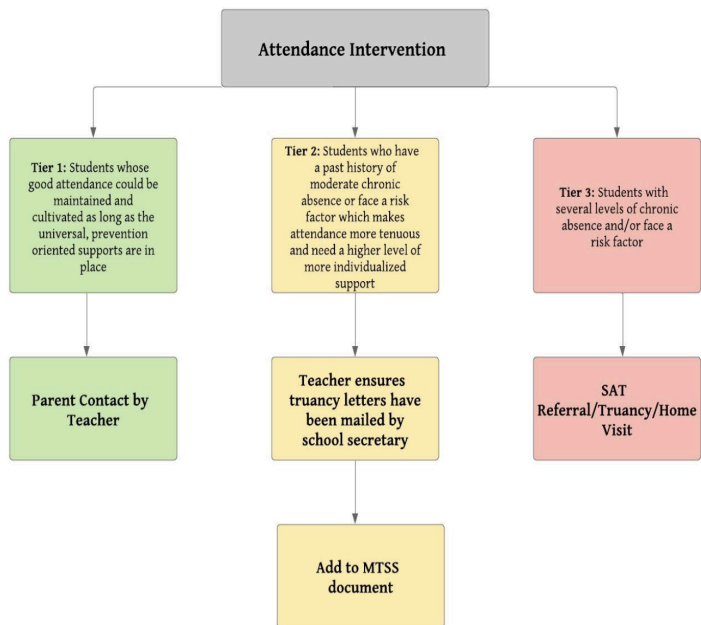

Expectations

Attendance/Tardy Expectations:

Daily attendance is very important for student success. Regular attendance ensures that students do not miss out on critical lessons, discussions, and activities that build the foundation of their education. Improved performance increases when students routinely attend school regularly.

A student will be considered habitually absent or tardy after five (5) unexcused absences or instances of tardiness within any school semester. The parent or legal guardian must ensure the student's attendance at their assigned school. Parents or legal guardians of students aged 7 to 18 who are habitually absent or tardy will be subject to penalties determined by a court of competent jurisdiction.

Students who receive excessive tardies will receive Saturday School. Excessive is defined as students who have four (4) or more tardies to class within a semester.

Cell Phone & Electronic Device Expectations/Policy:

In accordance with Louisiana Act 313, students are prohibited from using personal electronic devices during the instructional day. To comply:

- Students must turn in all cell phones, smartwatches, earbuds, headphones, or other devices each morning.
- Devices are placed in assigned bins and are locked/stored securely.
- Devices are returned at dismissal.

Violations of Cell Phone & Electronic Device Expectations/ Policy

- Students will be assigned to Saturday School when caught with personal electronic devices.
- Devices will not be returned to students. Only a parent or guardian may retrieve them.
- Behavior contracts will be used for repeated offenders

Behavior Consequences:

Students can receive minor or major infractions for inappropriate behavior.

Minor infractions are less serious behaviors that disrupt learning but do not threaten the safety or well-being of others. Examples include being off task, not following the social contract, dress code violations, or using inappropriate language not directed at anyone. Major infractions are more serious and may involve safety concerns, illegal activity, repeated minor offenses, or significant disruption to the school environment. These include actions such as fighting, harassment, vandalism, possession of prohibited items, or severe disrespect toward staff or students.
