

INTRODUCTION AND PURPOSE

The purpose of this handbook is to inform parents, students, and coaches of proper guidelines, procedures, and policies that are essential for successful extracurricular activities at Thompson Falls High School. Our School District understands that interscholastic athletics are a significant part of the educational process. The combination of academics and athletics enhances the quality of students' lives and expands their options for learning and personal growth. Athletics and activities provide an educational opportunity in which students can learn essential life lessons beyond those that can be learned in an academic classroom.

Ethics, integrity and respect are values important in our daily lives. On the playing field, they are translated into the word sportsmanship. Sportsmanship is one of the most educational lessons and lifetime values taught by interscholastic athletics and activities. REMEMBER, BE A GOOD SPORT!

It is the responsibility of the school administration to apply the guidelines of this handbook within school board policy and standard administrative procedures. All concerns should be addressed by following the proper chain of command outlined in this handbook.

Please feel free to call or visit the athletic director with any questions or concerns.
