RE: Keystone Exams

Dear Parents / Guardians,

On May 12 through May 15, and again on May 19 and May 20, many of our high school students will be participating in the Keystone Exams. These tests are assessments done at the end of particular courses. They are required for students who have Mathematics (Algebra I), Science (Biology), and Literature (English 10) classes. These tests are designed to assess proficiency in these subject areas. The results give us useful information to help us evaluate curriculum issues, teaching, and student engagement / effort. These tests are also part of the mandated requirements issued by the Commonwealth of Pennsylvania. The test scores will be reported on student transcripts.

Students will be scored as Advanced, Proficient, Basic, or Below Basic. The passing grades are Proficient or Advanced. Students who have Biology or English 10 as a second semester class will be tested. The Algebra I Keystones will also be offered at this time as we are getting ready to complete our full year of Algebra I. Students who previously took the exams and did not score Proficient or Advanced may also be retesting at this time.

May 12 and May 13 will be the Algebra I Keystones. Students taking this particular test will report to school at the regular time. Any student not taking the Algebra I Keystones will have a two-hour delay start and will report to school at 9:30 AM on these two days. Transportation will run on the normal schedule. If your child does not have transportation to get here for the 9:30 AM start, they must use their regular means of transportation for a regular-day start. Students not being tested on any of the days will report to school at the regular time for a regular school day. The school buses will be running at the regular time on these days.

The Literature Keystone test will be held on May 14 and May 15. The Biology Keystone test will be offered on May 19 and May 20. The make-up days for these exams are May 21 - May 23.

As a parent or guardian, you have the right to review the Keystone exams prior to the examination period. This can be done from May 9 through May 13. If you review the tests and believe that there is a conflict with your religious beliefs, you must notify the Superintendent of Schools in writing outlining the conflict.

Here is her address ...

Mrs. Angela Friebolin
Superintendent of Schools
680 Fourth Street
Palmerton, PA 18071

You can also contact her via email: afriebolin@palmerton.org

During the actual tests, students are not permitted to have any electronic devices. If they enter the classroom with a device, we are required by the Commonwealth to collect it. We do not have the option of simply telling them to put it in their locker. We are required to collect it. The devices will be returned after the exam is completed. Here is the related statement from the Pennsylvania Department of Education: "In an era of cell phones, smartphones and other electronic devices which can easily photograph and instantly share photographs, confidential and secure test materials can easily be compromised. Penalties for violations of the Copyright Act may include the cost of replacing the compromised test item(s) or fines of no less than \$750 up to \$30,000 for a single violation." Please remind your child of this restriction.

We have been identifying ways to ensure that our students have optimal test taking conditions. You can certainly help us in this area. As a parent, please make sure that your child gets plenty of rest each night before the tests. Also, please make sure that they eat a good breakfast before coming to school.

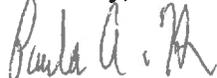

As always, students will be able to have bottled water during the testing process. We will also provide a small snack for the students along with pencils and erasers. The school will be providing calculators to the students for the tests. If a student brings his/her own calculator, it will have to be approved by a teacher.

And finally, we ask that you make sure that your child is in school on the test days. Make-ups are not conducive to positive test taking results. Your child will be notified of the testing schedule.

If your child does not score at or above the "Proficient" level, we might have to alter their school schedule as part of a remediation effort when we receive the test scores in July. Please understand that these tests are mandated by the Commonwealth and are also a graduation requirement. This includes eligible Blue Bomber Academy (BBA) students.

If you have any questions, please do not hesitate to contact us.

Sincerely,

Paula A. Husar
Principal

cc: Ms. Jamie Schuler - Assistant to the Superintendent and Keystone District Coordinator
Dr. Daniel Heaney - Assistant Superintendent
Mr. J. Petersen - Assistant Principal - High School
V. McHugh - Guidance Counselor (Grades 9 and 10)
K. Wertz - Guidance Counselor (Grades 11 and 12)
