- Arrival and dismissal are busy times and we appreciate you allowing us to focus on your child's safety. If you need to speak to your child's teacher, please schedule a time to meet with her.
- Please communicate any academic or behavioral information about your child directly to your child's teacher and not an assistant.
- Weekly units and classroom information will be posted on your classroom teacher's webpage. Please make sure to check this webpage each weekend for information about the upcoming week.

Discipline

Our early childhood discipline plan includes a system of rules, positive reinforcement, redirection, and consequences.

Biting

In the event a biting incident occurs, the following steps will be taken:

- **First incident:** The student will be separated from the other students in the classroom for a few minutes. (This is a form of time-out to reinforce the seriousness of the biting behavior.) After an adequate amount of time to evaluate the incident which occurred, the student will return to class. Parents will be notified of the incident.
- **Second incident:** The parents will be notified and the student will be sent home for the remainder of the school day. The child may return the following school day.
- **Third incident:** Student's parents will be notified and the child will be sent home. At this time, the school principal, school counselor, the child's teacher, and school administrators will review the student's contract. The child who has a history of biting incidents may be released from the school contract pending evaluation of the circumstances.
