Saint Xavier HIGH SCHOOL

Classroom Renovation Project

Our Vision

Our goal is to update all classroom spaces with the latest technology and functional furniture to create a modern, student-centered environment that enhances faculty instruction and maximizes each student's learning potential.

Impact

While 75 percent of campus classrooms were renovated in 2024, twenty classrooms still require updates to ensure equitable learning opportunities across all academic spaces. Each renovated classroom will include carpeting, modular desks, multiple display screens, and the latest in digital connectivity.

The Opportunity

The total cost of the project is $1,000,000.

Location	Cost	Status
English Department *Six classrooms*	$300,000	One available
Math Department *Six classrooms*	$300,000	One available
Theology Department *Six classrooms*	$300,000	One available
Single Classroom	$50,000	Twenty available
