Saint Xavier HIGH SCHOOL

Football Renovation Project

Our Vision

We aspire to build a new, state-of-the-art football center named in honor of Will Wolford '82. The 10,000 square-foot facility will feature completely renovated locker rooms, serving more than 200 student-athletes in our football and wrestling programs. It will also include dedicated meeting space for coaches and upgraded facilities for the freshman physical education program. In addition, a new digital scoreboard and video board will be installed at Brother Thomas More Page, C.F.X. Stadium, enhancing the game-day experience.

Impact

A complete renovation will transform the outdated football facility into a modern space that meets the needs of today's student-athletes. The redesign will provide ample lockers for all team members, significantly improve hygiene and cleanliness, and will centralize the upkeep and storage of equipment (valued at approximately $900 per athlete). Additionally, the updated facility will create a stronger culture across the football, wrestling, and physical education programs that better aligns with the values and philosophy of St. X Athletics.

The Opportunity

The total project cost is $5,000,000. To date, we have $3,000,000 in commitments.
