🏠 **CISD School Health Advisory (SHAC)**
📅 **Date: Wednesday, May 7, 2025**
🕒 **Time: 11:30am – 1:00pm**

Old Business

New Business

Guest presenter: R. Yvette Chavez, Program Supervisor for **Circles of Care program**

- Free program offered to children and families ages 6-17 (located in Corpus Christi, but serve the surrounding counties)
- Duration of program: 14 sessions, up to 1 year
- Anyone can refer students and families and they have individual sessions that run about 35 minutes and focus on strengthening the family and helping parents and students (no wait list)
- Confidential services that can be offered in the home, at school, or in the office in Corpus Christi
- Starting up a Parent Café and right now it is only by registration only but hope to expand program

School Health Survey, 24-25

- Annual survey required by the Texas Education Agency
 - Intent is for policy makers to better address the health-related needs of Texas public schools and students based on survey results.
 - CISD submitted May 7, 2025 (via Qualtrics)
- Survey Highlights
 - CISD offers more than the required minutes of physical activity for all grade levels
 - Grades 3-8 (more than 135 minutes/week)
 - Grades 9-12 (more than 255 minutes/week)
 - CISD has all the required health-related policies/procedures for 24-25
 - 100% of staff were trained in dealing with students who are at-risk of suicide, recognizing early warning signs, and intervening effectively.
 - CISD uses SPARK Curriculum for the Coordinated School Health Program

Behavior Threat Assessment and Anonymous Alert Procedures, presented by John Garcia

Behavior Threat Assessment procedures should enhance safety and help to manage potential threats and gives guidelines on what to follow. Team is called whenever there is a threat to a person, student, staff, community, or even self-harm. The team will assess the student and find ways to help them.

- 2023-2024 had 38 cases total but this year so far, there are 66 cases.
 - 44 students with suicidal ideation as a BTA cause
 - Currently there is a trend with issues going on at home and identity concerns
- Outside partnerships to date: CCPD, MHID, DPS, FBI so there are a lot of moving parts to help students and address the situations that are arising.

🏠 CISD School Health Advisory (SHAC)
📅 Date: Wednesday, May 7, 2025
🕒 Time: 11:30am – 1:00pm

Anonymous Alert Procedures in Calallen ISD

- Application you can download (parents, teachers, students, community members) and if there is something going on or suspicious, you can complete the survey/form and the superintendent, campus administrator, and Chief of Police receive the alert in live time
 - It is not just for crimes; it can also be for suspicious activity or bullying concerns and then it gets reviewed and addressed immediately
 - To date, we have had incidents reported for bullying/harassment, gun violence/threats, hateful speech, and general safety concerns

Calallen ISD Police Department has hired three officers, a few cases have been filed, and there are some pending cases currently. The police department is going well and moving in the right direction.

Voting Item

QuaverReady Resource, presented by Lisa Naranjo, School Counselor and Monica Perez, Principal (Magee Intermediate)

Lisa Naranjo provided an overview of QuaverReady Resource.

- She completed a 30 day trial and was able to push into classrooms for grade levels 3, 4, and 5 and complete full lessons that were engaging and interactive.
- Students informally shared that they really liked the songs and games and felt like participating.
- Naranjo shared that the annual license would be funded with Stronger Connections grant funds and would not cost the district any money, but would benefit the students at Magee.
 - License for one year would be \$1,050 and would be able to provide services for 3, 4, and 5 grade
- Cardona made a motion to approve QuaverReady Resource for one year for Magee Intermediate. Salinas seconded the motion.
 - **Vote:** Unanimously in favor. No nays. No abstentions.

General Updates
