As the parent of a student you have many rights and responsibilities. We urge you to read it. We must get the signed form returned or your child may not be able to attend classes.

Teachers build your child's education one day at a time, so every day is essential. Promotion or even graduation can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

PARENT INVOLVEMENT

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent/guardian involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with parents/guardians and family members to jointly develop and agree upon policy and strategies, to meaningfully involve parents/guardians and family members in district and school activities at all grade levels; advisory, decision-making, and advocacy roles; and activities to support learning at home.

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent/guardian and family engagement efforts, including, but not limited to, input from parents/guardians, family members, and school staff on the adequacy of involvement opportunities and on barriers that may inhibit participation. [BP 6020 March 2021; EC 11500-11505, 54444.1-54444.2, 64001; 5 CCR 18275; 20 USC 6318]

Digital Communications

Parents may be kept up to date with school information by subscribing to the school and district websites. To do this, select the Register button from *www.luhsd.net* and complete the form.

Parents may view student attendance, grades and assignments through the Aeries Parent Portal. By providing an email address when a parent registers a child, an account for this system is automatically created. To retrieve lost passwords, parents can visit the site at *https://luhsd.asp.aeries.net*.

The district subscribes to a caller system for the purpose of outreach and attendance messages. Phone numbers and email addresses provided at the time of registration will be used as the contact information. During an emergency, this system can also be used to notify parents regarding an incident at one of the campuses and directions, if needed.

For additional information on any of these services, please view the Parent Info tab on the district website at *www.luhsd.net*.

ENROLLMENT AND ATTENDANCE

Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Districts may allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are

given preference in intra- and inter-district transfers. In some cases, the district must provide transportation. Students attending "persistently dangerous" schools can transfer and enroll in a safe school. Students convicted of a violent felony or convicted of a specific misdemeanor may be transferred involuntarily to another school in the district. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. 1. Intradistrict Open Enrollment:

The Governing Board desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district. The Board shall annually review this policy.

Enrollment Priorities

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area.

The Superintendent or designee shall grant priority to any district student to attend another district school, including a charter school, outside of his/her attendance area as follows:

A. A student has already become established at the school for at least one semester and wants to continue at the school despite moving within the district to a residence outside the current school's attendance area. The student must have shown satisfactory attendance, behavior and academic performance to warrant this priority consideration, OR

B. A student has siblings currently in attendance at the school, OR

C. A student has a parent/guardian assigned to the school as his/her primary place of employment, OR

D. A student requests participation in a specialized program* which does not exist at the school of attendance, and is available at the grade level of the student, OR

E. Verifiable safety circumstances exist that may be harmful or dangerous to a student at the current school of attendance. All other applications shall be subject to a random selection process once the District determines the available capacity at the schools after those qualifying for transfer under Enrollment Priorities are accommodated.

Application and Selection Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, applications for intradistrict open enrollment shall be submitted between February 1st with the deadline on February 28th of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space.

Except for priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school's capacity.

Enrollment decisions shall not be based on a student's academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly applied

to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students.

Transportation

The district shall not be obligated to provide transportation for students who attend school outside their attendance area. [BP 5116.1 January 2020; EC 200, 35160.5, 35291, 35351, 46600-46611, 48200, 48204, 48300-48316, 48350-48361, 48980; 5 CCR 11992-11994; 20 USC 6311, 7912]

Intradistrict Transfer Request forms can be found at *www.luhsd.net/departments/administrativestudent-services/intra-district-transfer-requests*.

2. Inter-District Attendance:

The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts.

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Transportation

The district shall not provide transportation beyond any school attendance area. [BP 5117 November 2019; EC 41020, 46600-46610, 48204, 48300-48317, 48900, 48915, 48915.1, 48918, 48980, 48985, 52317; CA Constitution Article 1, Section 31]

Interdistrict Transfer forms can be found at *www.luhsd.net/departments/administrativestudent-services/inter-district-transfers*.

3. Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a)(5), 48980; FC 6550-6552]

4. Attendance in District Where Parent / Guardian is Employed

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of the parent's/guardian's employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(a)(7), 48980]

5. Special Enrollment Allowances for Some Categories of Students:

Some students living in the District, including foster, homeless, migratory, American Indian, or military children may stay enrolled in their school of origin inside or outside the district if: 1) their Individual Education Plan (IEP) indicates attendance elsewhere, or 2) parents, guardians, and others with authority declare in writing otherwise. In some cases, they also have rights to expedited enrollment in school, to attend classes and programs, to after-school programs, and to fee waivers. The school district and each school site have complete documentation of the rights of homeless, foster, migratory, military, and other special categories of students. [EC 48204, 48204.7, 48645.3, 48850-48859, 51225.1, 56055; 5 CCR 4622; WIC 224.1, 361, 726; 42 USC 11301, 11431-11435]

Student Immigrant and Religious Rights

All school age children must be admitted to California Public Schools and be offered all programs accessible to other students. School districts cannot ask about

a student's immigrant (or migratory) or religious status. The state Attorney General has information about "know your rights": https://oag.ca.gov/immigrant/resources. Immigrant students are still considered residents of their current school district even if parents are deported or are being held in custody. [EC 200, 220, 234.1]

Bus Transportation

Bus transportation is available for students living more than two miles from their home school and in an area where a bus route is developed. This is a fee-based program and must be applied for annually. Students must have a valid bus pass to ride the bus. Bus rules and safety information is provided to parents when the bus pass is issued.

General Absences

The majority of school districts are funded based on their daily attendance. The state only awards funding to school districts for actual attendance; they do not fund districts for the excused absences listed below. There are two types of absences – excused and unexcused. Always review the school calendar and plan activities and vacations during days off.

Other attendance reports, such as truancy, rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences are recorded as a truancy.

Excused Absences

Children cannot learn if they are not in school. Children ages 6 to 18 years are required to attend every school day. Daily school attendance improves student achievement. Research shows that a student that is absent 10 percent of the time (called a chronic absentee whether or not the absences are excused) is more likely to have difficulty learning, achieving, and graduating from high school. Teach your child(ren) that school attendance is an important family value.

Student absences from school shall be excused for the following reasons:

Medical reasons – their own illness or the illness of their child; quarantine; mental or behavioral health services; medical, dental, optometric, or chiropractic services; or

Family reasons – to spend time with a family member leaving for or returning from active military duty (duration at the discretion of the Superintendent); observance of a holiday or ceremony of their religion; attendance at a religious retreat (maximum 1 day); participating in a cultural ceremony or event; by parent/guardian request in writing and approved by the designated representative pursuant to governing board standards; or

Grieving or attending a funeral – of an immediate family member (maximum 5 days); a person their parent/guardian determines to be closely associated enough to be considered an immediate family member (maximum 3 days); accessing victim services, grief support services, or safety planning services for the student/family (including relocation); or

Personal business reasons – jury duty (as provided by law); attendance or appearance in court; attendance at an employment conference; attendance at a nonprofit organization's educational conference on the legislative or judicial process; serving as a member of an election precinct board; attending their own naturalization ceremony to become a United States citizen; engaging in a civic or political event, provided that they notify the school ahead of time (maximum 1 day for grades 7-12); the pupil's participation in military entrance processing.

A school administrator may authorize or extend some excused absences. Students shall be allowed to complete all assignments and tests missed during an excused absence that can be reasonably provided. Upon satisfactory completion within a reasonable period of time, shall be given full credit for those assignments and tests. The classroom teacher(s) shall

determine which assignments and tests shall be reasonable equivalent to, but not necessarily identical to the assignments and tests that the student missed during the absence. [EC 48205, 48260]

Districts may allow students, with parental or guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

School authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardian. [EC 46010.1]

Unexcused Absences

When a student misses school without an excuse, they are considered truant. The state defines three levels of truancy, each carrying more severe penalties for both the student and the parent(s)/guardian(s). A student is classified as a:

Truant – after missing three days of school or three 30-minute periods without a valid excuse.

Habitual Truant – if they are truant three or more times in a school year and an effort has been made by the school/district to meet with parents.

Chronic Truant – if they miss 10 percent or more of the school days from the date of their enrollment or the start of the school year to the current date without a valid excuse.

Early intervention and cooperation between the school and the family is the most effective way to support student learning. The school will notify the parent/guardian, who are obligated to compel the student to attend school.

Students and parents face penalties as defined in Education Code, Welfare and Institutions Code, and Penal Code; including referral to a student attendance review board (SARB). A student who is truant may additionally be referred to a community service program; the county probation department; the District Attorney's office; or the Juvenile Court. The parent/guardian of a truant may face fines, imprisonment up to one year, or both; be required to meet regularly with district staff; and/or be required to attend classes at the student's school. [EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; PC 270.1; WIC 256, 258, 601, 601.3]

Emergency School Closure

Schools may close in the case of a natural disaster such as an earthquake, a fire, a flood, or an epidemic/pandemic. School officials rely on the expertise and advice of public health and safety officials in these decisions. Other means of delivering instruction will be used as possible.

Leaving School at Lunch Time

The Liberty Union High School District School Board has established a closed campus policy at all sites. Students may not leave campus at any time during the school day. This is for the security of the campus and to protect your student's health, safety, and welfare. Please cooperate by not requesting permission for your student to leave campus during the school day. [EC 44808.5]

Minimum Days/Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month's notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980]

Individualized Instruction

You must notify the school if your child has a temporary disability and cannot attend in a regular classroom. If your temporarily disabled child is located outside your school district, notify both the district where your child resides and the district where the child is located. Within five (5) days of notice, the district(s) will determine if the student qualifies; within five (5) days of the determination shall commence instruction in the home or in a hospital or other residential health facility. The district(s) will notify you if your child qualifies, when instruction will begin,

and for how long it will continue. Each hour of instruction at home or in a facility will count as a full day but cannot exceed 5 days per week nor the number of days in the school year. There are accommodations for pregnant or parenting students (see page 19 for more information). [EC 46015, 48206.3, 48207, 48207.5, 48208, 48980]

Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

Academic Standards and Assessments

Each district in California decides how they will teach and what resources they will use. More information can be found at www.cde.ca.gov/re/cc/. California uses a computer-based student testing system tied to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). The tests include the Smarter Balanced Assessment Consortium Assessments, California Science Tests (CAST), California Alternate Assessments (CAA), and Standards-based Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604, 60615; 5 CCR 852]

English Language Learners are evaluated with the English Language Proficiency Assessments for California (ELPAC) and to identify and measure their progress in English Language proficiency. Students in grades 5, 7, and 9 also participate in Physical Fitness Testing (PFT). [EC 52060, 52066, 60800]

Local Control Funding and Accountability

The Local Control Funding Formula (LCFF) provides money to school districts with a uniform base grant for every student, adjusted by grade level. Districts also receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 45% and at 55% of the district's enrollment. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The Local Control Accountability Plan (LCAP) is a critical part of the LCFF. Each school district is required to engage parents, students, teachers, principals, administrators, other employees, employee associations, and stakeholders to

establish their plan. The LCAP must focus on eight state identified priorities:

1. Basic Services
2. Implementation of State Standards
3. Parental Involvement
4. Pupil Achievement
5. Pupil Engagement
6. School Climate
7. Course Access
8. Other Pupil Outcomes

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. They will also be taught about the prevalence of human trafficking and the methods traffickers employ, including social media and mobile devices. You will be notified before such instruction. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker. Parents/Guardians now have direct access to online tools and resources that help them prepare their child(ren)'s path to college and

a career. Student information can be shared directly throughout the college admission process. Individual student data from California Longitudinal Pupil Achievement Data System (CALPADS) is linked with the California College Guidance Initiative (CCGI). Tools such as *www.CaliforniaColleges.edu* can be used as early as sixth grade and through 12th grade. It also helps with scholarships and financial support through programs like the Student Aid Commission. [EC 60900.5; FERPA]

High School Credits and Graduation

Education code sets minimum course requirements to graduate from high school and earn a diploma. School districts may set additional requirements. University Admissions

Admission to the University of California or California State University

Admission to the University of California (UC) requires completion of the 15 year-long high school course list. These courses are also known as the "a-g" subjects. At least seven of the 15 year-long courses must be taken in the student's last two years of high school. A GPA of 3.0 (B) or higher is required for California residents.

Admission to the California State Universities (CSU) requires a minimum 15-unit pattern of courses for admission as a first-time freshman. Each unit is equal to a year of study in a subject area. A GPA of 2.0 (C) or higher is required for regular admission. Admittance is based on an eligibility index that combines multiple items. Transfer students are accepted.

Definition of Career Technical Education

A program of study that involves a multi-year sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers. More information is available about Career Technical Education at California Department of Education, *www.cde.ca.gov/ci/ct/*.

[BP/AR 6146.1 March 2024; EC 48980, 51225.3, 51229; 5 CCR 1600-1651]

Apprenticeship Programs

Students in grades 11-12 may have access to apprenticeships where they can explore and learn specific skills that lead to high-paying jobs. Some of these programs are available only to students who are 18 years old. You may be able to find apprenticeships on the CA Department of Industrial Relations' website at *https://www.dir.ca.gov/databases/das/pwaddrstart.asp*; then select a county, a trade, and hit search. [EC 48980.5]

SCHOOL RECORDS AND STUDENT ACHIEVEMENT

Pupil Records

Parents, guardians, foster parents, certain caregivers, and students over 18 have the right to review, inspect, and get copies of school records within five business days of a written or oral request or before any meeting regarding an individualized education plan (IEP) or a hearing. Those records are confidential, and privacy will be maintained. Student records are provided to schools where student transfers or wants to enroll. In some instances, information about your child may be released to District staff, foster agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health. The records are maintained at the school site by the registrar. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation 5125 sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made of the contents. With the proper documentation, the records can be changed to reflect a legal change of name and/or gender of a student or a former student. You also have the right to file a written request with the superintendent challenging the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, a comment not based on personal observation with time and date noted, misleading information, or a violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have

a different view, your view can be included in the student's record. [EC 8484.1, 49060, 49062.5, 49063, 49064, 49068, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24; FERPA]

Students of Military Families

For a smoother transition, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. Also, students can be registered in their district of choice, but must provide proof of residency within 10 days. [EC 51225.1, 51225.2]

Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

Regulations Regarding Pupil Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

Teacher Qualifications

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.37, 200.53, 200.55, 200.57, 200.61]

Release of Student Information

GPA Information to Cal Grant Program

California public high schools are required to submit a Cal Grant high school Grade Point Average (GPA) for all graduating seniors, unless the student or parent has opted out of the submission process. Students who do not opt out will have their GPA submitted to the California Student Aid Commission to be considered for a Cal Grant award. If you do not want your school to report a GPA, please notify your school counselor by August 2, 2025.

Release of Directory Information

The law allows schools to release "directory information" to certain persons or organizations including military recruiters. Directory information includes student's name, address, telephone number, email address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous school attended. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating nationality. You may have the district withhold any of this information by submitting a request in writing prior to August 31st. Written notification received after that will be honored, but the student's information may have been released in the interim. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, disasters, and criminal activity. Key elements are to be described in the School Accountability Report Card. Planned responses

to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

ALICE Training

The safety and well-being of students and staff are high priorities for the Liberty Union High School District. In collaboration with local law enforcement and community stakeholders, LUHSD schools are taking proactive steps to plan, prepare and practice emergency response procedures.

LUHSD invested time and resources to raise the bar in school security by providing all administrators a comprehensive active shooter response training drills to prepare for the unlikely event of an active shooter on one of our campuses. LUHSD partnered with the Brentwood and Oakley Police Departments to prepare district employees on how to most effectively respond to an unforeseeable active shooter situation should it occur. Freedom, Liberty and Heritage High Schools have also had two on school site and hands-on trainings for teachers and other school staff.

GOALS: The goals of ALICE safety training and drills are to improve our ability to protect student and staff, save lives, and reduce injuries. The training and drills will allow us to evaluate our emergency operations plan and improve response skills. Most importantly, it provides an opportunity for the students and staff to develop a "tool kit" of skills which will empower them to make the best decisions for survival if they ever experience a similar emergency (in school or in life.) The ALICE Training Institute is changing how schools, universities and businesses respond to armed intruders. ALICE (Alert, Lock-down, Inform, Counter, and Evacuate), developed after Columbine, teaches strategies to survive a life-threatening event. Supported by educators and law enforcement across the country, ALICE is quickly becoming the new standard of care.

If you have any questions or need further information, please do not hesitate to contact your student's school principal. Thank you for partnering with LUHSD to keep your student safe.

STUDENT SERVICES

Student Meal Program

The District's Food Service Department serves breakfast and lunch daily, and seeks to ensure no child is denied meals. Meals are provided to all students at no cost during the school year. We request that every household in the district complete a Free or Reduced Meal application and return it to the school, even if you feel you do not qualify. This form helps the district secure funding for meals and many other programs; all information is confidential. Students may pay for additional meals on a per-meal basis or parents/guardians may pay for meals in advance online at *www.luhsd.net/parent-info/nutrition-services* or by contacting Rosina Ayers at 925-634-3521 ext. 5651 or *ayersr@luhsd.net*. The District will contact you if your account has a negative balance. The District may be able to create a repayment plan or to explain the Free and Reduced meal plan; participation in the plan is confidential. [EC 49510-49520, 49558; 42 USC 1761(a)]

Student Use of Technology

The Governing Board believes that effective use of technology is integral to the education and development of students. In order to promote digital citizenship, the Board recognizes that students must have access to the latest digital tools and receive instruction that allows students to positively engage with technology in ways that respect human rights and avoids Internet dangers. Technological resources provided to students, including technology based on artificial intelligence (AI), shall be aligned to district goals, objectives, and academic standards. The use of technology shall augment the use of Board adopted instructional materials.

The Board intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. Students shall be allowed to use such technology, including AI technology, in accordance with district policies, including, but not limited to, policies on academic honesty,

data privacy, nondiscrimination, and copyright protections. All students using these resources shall receive instruction in the proper and appropriate use of technology. Such instruction shall incorporate students' responsibilities regarding academic honesty, honoring copyright provisions, assessing the reliability and accuracy of information, protecting personal data, and the potential for biases and errors in artificially generated content.

District technology includes, but is not limited to, computer hardware, software, or software as a service provided or paid for by the district, whether accessed on or off site or through district-owned or personally owned equipment or devices, including tablets and laptops; computer servers, wireless access points (routers), and wireless computer networking technology (wi-fi); the Internet; email; applications (apps), including AI apps; telephones, cellular telephones, smartphones, smart devices, and wearable technology; or any wireless communication device, including radios.

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with this Board policy and the district's Acceptable Use Agreement.

Before a student is authorized to use district technology, the student and the student's parent/guardian shall sign and return the Acceptable Use Agreement. In that agreement, the parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that the use of district technology, as defined above, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and Board Policy/Administrative Regulation 5125 – Student Records.

Whenever a student is found to have violated Board policy or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

Internet Safety

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced.

To reinforce these measures, the Superintendent or designee shall implement rules

and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors.

The district's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs
2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking"
3. Distributing personal identification information, including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

The Superintendent or designee shall regularly review current guidance regarding cybersecurity, data privacy, and digital media awareness and incorporate recommended practices into the district's processes and procedures related to the protection of the district's network infrastructure, the monitoring and response to cyberattacks, ensuring data privacy, and monitoring suspicious and/or threatening digital media content, in accordance with Board Policy 5125 – Student Records.

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting one's own personal identification information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, contact the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. The District has policies guiding procedures for identification and referral. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

Advanced Placement Examination Fees

State funding is available to qualified low-income students to assist in paying all or part of Advanced Placement exams. [EC 48980, 52240] Information is available in the Career Center.

Married, Pregnant, or Parenting Students

A student under 18 years old who entered a legal marriage has rights and privileges as if they were 18 years old, even if the marriage has been dissolved.

Pregnant or parenting students who are 18 years old or who have permission from their parent/guardian may, but are not required to take excused leave for up to eight weeks to protect the health of the student and the infant. More than eight weeks may be granted if it is deemed medically necessary. Certification from a physician or nurse practitioner that the student is able to participate in the regular education program may be required only if it is required for students returning from other temporary disabilities.

A parenting student may be excused for absences as listed under "General Absences" page 7. They may also be excused as the custodial parent to care for a sick child. A note from a physician shall not be required for such an absence.

Accommodations

When necessary, the District shall provide accommodations for the student to access and participate in the educational program. Reasonable accommodations shall be provided to any lactating student to express breast milk, breastfeed, or any other breastfeeding related needs. These accommodations include, but are not limited to a private, secure room other than a restroom to express milk or breastfeed, and a reasonable amount of time to do so; permission to bring equipment for expressing milk onto campus, and access to power to operate it; and a safe place to store expressed milk. There shall be no penalty for using these accommodations, and opportunity to make up any missed work shall be available.

Educational and Support Services

Pregnant or parenting students will not be required to complete schoolwork or other requirements while on leave. Time shall be provided to make up work without penalties. They may be allowed a fifth year to complete high school graduation requirements unless administration determines they are capable of completing graduation requirements in four years.

These students may choose to return to the same school or choose to attend an alternative program with access to comparable courses, programs, and activities. Generally, a classroom setting is preferred unless an alternative will better meet the needs of the student and/or their child. Any alternative program offered specifically for pregnant or parenting students shall be comparable to that offered to other students, and participation shall be voluntary.

Childbirth, pregnancy, or related recovery will not in and of itself deny a student access to any educational program, course, or activity.

As possible, and sometimes in collaboration with community organizations or agencies, the District will provide services to pregnant and parenting students and their children. These services may include academic and personal counseling; supplemental instruction; parenting and life-skills education; childcare and development services; special nutrition and supplements for pregnant and/or lactating students; health care services; and tobacco, alcohol, or drug prevention/intervention. Where appropriate, staff shall get related professional development.

The District shall not treat students differently based on their actual or potential parental, family, or marital status on the basis of sex. Complaints related to pregnancy, marital status, parental status, or lactation accommodations can be made using the "Uniform Complaint Procedure" on page 36. [BP 5146 August 2024; EC 221.51, 222, 222.5, 230, 46015, 48200, 48205, 48980, 49553; 5 CCR 4600-4670, 4950; FC 7002; HSC

Pupil Fees

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes. A pupil enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging fees or deposits. Exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal and may be filed anonymously.

HEALTH SERVICES

Student Wellness

Wellness has a direct impact on a student's learning and social development. There are laws and policies that support and protect student wellness.

Students are encouraged to drink water throughout the school day. They are allowed to bring and carry water bottles except in libraries, computer labs, science labs, or other places where it may be dangerous to have drinking water. [EC 38042]

Students can wear sun protective clothing when outdoors, including, but not limited to hats. Students may also apply sunscreen during the day without a doctor's note or prescription. [EC 35183.5, 35291]

Student Access to Mental Health Services

School-based mental health services help address barriers to learning and provide appropriate student and family support in a safe and supportive environment. Reaching out for mental health services is simple; contact your school counselor, nurse, health aide, principal, or the district office. In the community a good place to start may be Contra Costa Co. Mental Health Services at (925) 957-5150 or contact Remarkable Marriage at (925) 984-4463, *remarkablemarriage@gmail.com*. If you are in crisis, contact this number or dial 911 immediately. [EC 49428]

Suicide Prevention

Suicide is a leading cause of death among youth, and school personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and counseling

(including for bereavement). Information about district programs and services and links to community and statewide resources are available on the District's website at *www.luhsd.net/departments/administrativestudent-services/overview*. Students can also reach out for help 24/7 from the California Youth Crisis Line at (800) 843-5200. Students can also reach out for help 24-hours / 7-days a week from the California Youth Crisis Line at (800) 843-5200. Tobacco-, Alcohol-, and Drug-Free Schools

The Board has adopted Tobacco-Free, Drug-Free, and Alcohol-Free campus policies to promote student health and well-being. The district has prevention and intervention programs. There may be programs through the district or in the community to support students' cessation from use of tobacco, alcohol, or drugs. For more information, please contact the school/district nurse or a school administrator. [EC 51202-51203, 51260-51269; HSC 104420, 11999-11999.3]

Immunizations

Documented proof that immunizations are up-to-date is required before attending school; districts may not allow "conditional" admittance into schools. Students may not participate in a classroom setting unless they have been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, and tetanus. Students must be immunized for varicella (chickenpox) or provide proof from a doctor stating they have had the disease.

All new students, advancing students, or students transferring into grades 7-12 must be fully immunized, and will not be admitted without the required booster against pertussis (Tdap). The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services. Homeless, foster, migratory, and military youth can be enrolled without proof of immunization.

If an outbreak of a communicable disease occurs, a non-immunized student will be excluded from school for their own safety until such a time as directed by health officials or district administration. [HSC 120325, 120335, 120375, 120400-120435, 120440, 120480; EC 48216, 48852.7, 48853.5, 49403; 17 CCR 6000-6075; 42 USC 11432(C)(i)]

Exemptions

These requirements do not apply if a form from licensed physician cites why they should not. The physician submits the standardized electronic form directly to the California Immunization Registry (CAIR) and to the school for exemption; this is the only form the school will accept. The form will include physician information, the child's name and their school, the parent's/guardian's name, and the specific basis for and duration of the exemption.

Forms submitted prior to January 1, 2020 and exemptions based on beliefs opposed to immunization submitted prior to January 1, 2016 are valid until the pupil enrolls in the next grade span (through preschool, grades K-6, grades 7-12). Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying your County Health Department. [HSC 120325, 120335, 120338, 120370, 120372, 120372.05; EC 48216]

Physical Examinations

Many things impact a child's ability to learn, to progress, and to succeed; including their health. There are required immunizations that may be given during a physical exam by a physician. Your child may qualify for Medi-Cal or other government programs. You can contact Medi-Cal for information at (800) 541-5555 or your county health department at:

Child Health & Disability Prevention Program
2500 Bates Avenue, Suite B
Concord, CA 94520
(925) 313-6150

There are some screenings that may happen at school. If you do not want your child to have any, or all, of these screenings, give the school a written letter annually specifying which screenings you are denying consent for. If your child has had screenings outside of school, you may also submit a certificate verifying they have been done. When there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49450, 49451; PPRA]

Vision and Hearing Screening

An authorized person will check your child's vision upon enrollment and in grades 10 or 11. Hearing tests will be conducted when your child is enrolled or first enters a District school. You may submit a letter annually denying consent or a certificate from a physician or optometrist verifying prior testing has been done. [EC 44878, 49451, 49452, 49452.5, 49455; 17 CCR 2951]

Administering Medication

Children may take medication, which is prescribed by a physician, and get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. The statement gives permission to communicate with the health care provider or pharmacist, and acknowledges understanding of how the medication will be administered.

This includes allowing a school staff member to volunteer and be trained to identify the need for, and to administer epinephrine to a student for anaphylaxis; glucagon as prescribed for diabetes; or anti-seizure medication as prescribed to a student diagnosed with seizures, a seizure disorder, or epilepsy. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine and/or anti-seizure medication. The District will have a supply of auto-injectable epinephrine at each school site. A school nurse or trained volunteer school employee may administer emergency naloxone hydrochloride or another opioid antagonist to persons suffering, or reasonably believed to be suffering, from an opioid overdose. [EC 49414, 49414.1, 49414.3, 49414.5, 49423, 49423.1, 49468.2, 49480]

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. The District does not allow parents to administer medical cannabis on campus. [BP 5141.21 August 2024; EC 49414, 49414.1, 49414.5, 49423, 49423.1, 49480; HSC 11362.79]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

Medical and Hospital Insurance for Students

The district DOES NOT provide insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as

an incident to school-sponsored activities. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49472]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]

Enrollment in a Health Care Plan

All children enrolling in kindergarten, first grade, or transferring into the district and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at (800) 300-1506 or online at *www.coveredca.com*. [PPACA]

School-Sponsored Athletics

If a student participates in school-sponsored athletics other than physical education or athletic event during the school day, parents/guardians and the student athlete are required to annually; (1) complete a concussion awareness form, (2) complete a sudden cardiac arrest awareness form, and (3) sign a document acknowledging receipt of an Opioid Factsheet received either in print or electronic format. [EC 33479, 49475, 49476]

High school athletes must sign a pledge they are not using steroids illegally or they will not be allowed to participate. Parents must sign a form notifying them of the restriction. [EC 49033]

Diabetes Information

Diabetes is a health condition that affects how the body turns food into energy. Most food is broken down into glucose (sugar). When sugar increases in your bloodstream, your pancreas releases insulin. Insulin acts like a key to let the sugar into your body's cells to use as energy. When there isn't enough insulin or when cells stop responding to insulin, too much sugar stays in your bloodstream. Over time, this can cause serious health problems such as heart disease, vision loss, and kidney disease. There is no cure for any type of diabetes.

For both types, managing weight, eating healthy food, being active, and getting enough rest can really help. Taking medicine as prescribed, getting diabetes self-management education and support, and keeping health care appointments can also reduce the negative impacts of diabetes.

Type-2 Diabetes:

Type-2 diabetes is when your body can't use the insulin it makes as well as it should. It is the most common form of diabetes in adults, and is becoming more common in children, especially overweight teens. It is estimated that one in three children born in the US after the year 2000 will develop type-2 diabetes.

Type-2 diabetes can be prevented or delayed through lifestyle changes and medical intervention, and it is treatable. Eating healthy foods in the correct amounts and exercising regularly (at least 60 minutes every day) can help children achieve or maintain a normal weight and normal blood glucose levels.

The first step is to visit a doctor who can determine if your child is overweight. A doctor can prescribe medication if appropriate and can order tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (may lead to full onset type-2 diabetes).

Type-1 Diabetes:

Type-1 diabetes is when your body simply doesn't make enough insulin. Type-1 diabetes is not preventable, but it is manageable. It is an autoimmune disease that may be caused by genetic, environmental, or other factors. It is usually first diagnosed in children or young adults, but it can occur at any age.

Risk Factors:

It is recommended that students displaying or possibly experiencing the risk factors and

warning signs below see a doctor to be screened for type-1 and/or type-2 diabetes:

Being overweight: The single greatest risk factor for Type-2 diabetes is excess weight. In the US, almost one out of every five children is overweight. Being overweight more than doubles a child's chance of developing diabetes.

Family history of diabetes: Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity: Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups: Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type-2 diabetes.

Age/Puberty: Type-1 diabetes usually occurs in the early years, and before reaching puberty. Type-2 diabetes is more likely to develop during or near puberty, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms:

There are usually warning signs when a child might have diabetes. Not everyone with diabetes develops these symptoms, and not everyone who has these symptoms necessarily has diabetes. Type-2 symptoms generally develop slowly over time. Type-1 symptoms show up quickly – in a matter of weeks or even days, and are much more severe.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular/No menstrual periods, and/or excess facial and body hair growth in girl
- High blood pressure or abnormal blood fats levels
- For type-1; Nausea, vomiting, and/or stomach pain

Parents/Guardians of children displaying warning signs should immediately consult with the student's primary care provider to determine if screening for diabetes is appropriate. Following a diabetes's diagnosis, parents/guardians should work with the primary care provider to develop a lifestyle and medical treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

Diabetes Screening Tests:

Your doctor may have your child take one or more of the following blood tests to confirm the diagnosis:

Glycated hemoglobin (A1C) test: A blood test measures the average blood sugar level over two to three months

Random (non-fasting) blood sugar test: A blood sample is taken at a random time; this test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test: A blood sample is taken after an overnight fast; a high level on two separate tests indicates diabetes.

Oral glucose tolerance test: A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid.

If the primary care provider thinks your child has type-1 diabetes, blood may also be tested for autoantibodies (substances that indicate the body is attacking itself) that are often present in type-1 diabetes but not in type-2. The child's urine might be tested for ketones (produced when the body burns fat for energy), which may

also indicate type-1 diabetes instead of type-2 diabetes.

More information can be found on these websites: California Department of Public Health, *www.cdph.ca.gov*; Centers for Disease Control and Prevention, *www.cdc.gov/diabetes/*; American Diabetes Association, *https://diabetes.org*.

The information provided in this booklet is intended to raise awareness about this disease. Contact your child's primary care provider, school nurse, or school administrator if you have questions. [EC 49452.6, 49452.7; HSC 104250]

Meningitis

Meningococcal disease or Meningitis can be a life threatening infection that can be treated, but cannot always be cured. Routine vaccinations are recommended for 11-12 years olds, students entering high school and students living in college dorms. [HSC 120395-120399]

Fluoride Treatments

Children are eligible for fluoride treatments through a program organized by the county health officer. Parents will get a record that the treatment was applied. The county health officer will determine how to pay for the program. Parents or a student 18 years old or more have the right to refuse this program using the form provided by the school district. This program is not meant to replace regular professional dental care. [HSC 104830-104865]

STUDENT BEHAVIOR AND SAFETY

All pupils have the right to participate fully in the educational process, free from discrimination, harassment, violence, intimidation, and bullying. Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

Students are encouraged to report anything they see or hear about that might be suspicious or dangerous to a teacher or other staff member. Any staff member that receives such a report will quickly take appropriate action, and the student's identity will remain confidential.

School Rules

You have a right to review school and district rules regarding student discipline. If you wish to do so, please contact the school office. [EC 35291, 48980, 51101]

Safe Place to Learn

It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment, intimidation, and bullying at all school sites or at any school sponsored activity. School site staff trained in anti-bias shall be made known to students. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. Certificated staff in grades 7-12 get information about helping LGBTQ students. Information about district programs and services and links to community and statewide resources related to: suicide prevention; sex discrimination including Title IX information; hate violence; sexual harassment including the District's Policy (also included in this booklet); harassment, intimidation, bullying; and cyber-bullying including social-media bullying are available on the District's website at *www.luhsd.net/departments/administrativestudent-services/overview* and online at *www.cde.ca.gov*, *https://calschls.org/about/the-surveys/*.

The District Uniform Complaint Procedure may be used to file a complaint. Contact the District Complaint Officer(s) listed on page 36 for assistance. Digital Communication Devices

Districts may regulate the possession or use of any cellphone, smartphone, pager or electronic signaling device, and use of social media while students are on campus, while attending school-sponsored activities, or while under

the supervision and control of school district employees. Students cannot be stopped from using such a device when: there is an emergency; there is a perceived threat of danger; when a teacher or administrator has said it is acceptable; or if it is part of an individualized education program (IEP). Possession or use is allowed if essential to student's health as determined by a licensed physician or surgeon. [EC 48901.5, 48901.7, 48901.8]

Impersonation on the Internet

Pretending to be another pupil or real person other than yourself on the Internet or through other electronic methods to harm, intimidate, threaten or defraud is punishable by a $1,000 fine or imprisonment for up to one year. [EC 48900; PC 528.5]

Dress and Grooming

In cooperation with teachers, students and parents/guardians, the principal or designee shall establish school rules governing student dress and grooming which are consistent with district policy and regulations. These school dress codes shall be regularly reviewed.

The following guidelines shall apply to all regular school activities:

1. All clothing shall be within the bounds of decency and good taste.
2. Students shall practice acceptable hygiene.
3. Altered t-shirts that expose the chest, tank tops with extended armholes are prohibited.
4. Shirts and shoes are required at all times. No bare midriffs or bare backs, no low cut or revealing tops are allowed. No "off-the-shoulder" garments are to be worn. Garments, including pants, shall be sufficient to conceal underclothes. No underclothing should be worn as outer clothing.
5. Inappropriate lettering, printing, message patches or messages on clothing, jewelry, or backpacks are prohibited. These include any references to drugs, alcohol, sex, tobacco, racial slurs, profanity, or any disparaging remarks.
6. Hats are not to be worn in classrooms/ instructional areas.
7. Wearing of any gang symbols, such as handkerchiefs, suspenders, belts, shoestrings, shoes, jewelry, jackets, backpacks or devices associated with group intimidation or gang affiliation is strictly prohibited.
8. Long pocket/wallet chains are prohibited.
9. Students must follow the correct dress code attire for Physical Education which includes regulation tee shirt and shorts, appropriate shoes and prohibits the wearing of any jewelry.

Coaches and teachers may impose more stringent dress requirements to accommodate the special needs of certain sports and/or classes.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. [EC 49066]

The principal, staff, students and parent/ guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities. [AR 5132]

Gang-Related Apparel:

Because gang related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received. [AR 5132]

Safety Beyond School

There are several topics where school districts are either required or recommended to inform parents/guardians about student safety beyond school grounds, events, or activities.

Safe Gun Storage

Guns are now the third leading cause of death for children in this country. Over 80 percent of teens who commit suicide with a gun used one that belonged to someone in their home.

Anyone who reasonably knows a child might access a firearm without permission, loaded or not, is criminally liable for where that firearm is taken, brandished, or how it is used. This includes all school facilities or activities, events, and public places. More Information about gun safety and the safe storage of firearms can be found at *https://oag.ca.gov/firearms/tips*. Those responsible for access to a firearm could lose the right to own a firearm for 10 years, face fines, imprisonment, and civil liability. When there is a threat of a homicide, school staff shall notify law enforcement. [EC 48980, 48986, 49390, 49391, 49392; PC 25000-25140]

Water Safety / Drowning Danger

Drowning is a leading cause of death and hospitalizations for California children ages 1 to 4, and one of the leading causes for youth up to 19 years old. Water safety and swimming education is very effective in helping to prevent drowning. The school or district may have information about where to enroll your child(ren) in these classes. [EC 51140; HSC 115920-115929]

When a district has an event in or near a swimming pool that is not part of an interscholastic athletic program, they are required to have at least one adult present that is certified in cardiopulmonary resuscitation. [EC 35179.6]

Use of Synthetic or Counterfeit Drugs

Use of any drugs, including synthetic drugs such as fentanyl, that are not prescribed for you by your physician are potentially very dangerous. Fentanyl accounted for more than 80 percent of the drug-related deaths among youth in California in 2021. It is 50 times more potent than heroin, and 100 times more potent than morphine. Many counterfeit drugs are sold on the street as if they were known name-brand or generic drugs; and many of them may contain fentanyl or other dangerous synthetic drugs. Social media (i.e. TikTok, Whatsapp, Snapchat, etc.) is often the source of misinformation about synthetic drugs. [EC 48980, 48985.5]

DISCIPLINE

Civility

The District believes that every person deserves to be treated with dignity and respect in their interactions within our School Community. Civility has an impact on effective operations and on the creation of a safe and positive school climate for everyone.

While respecting every individual's right to free speech, that right does not allow for disruption of school classes, activities, meetings, or other events. Students, staff, parents, guardians, and the community are expected to be polite, courteous, respectful, and behave reasonably at all school or district activities and events. Practices that promote civil behavior include, but are not limited to, actively listening, giving full attention, not interrupting, welcoming and encouraging participation by everyone. Civility is hindered by disruptive behavior or speech, violence or the threat of violence, or harassment or bullying of any kind; these behaviors are prohibited and are subject to discipline according to law and District policies. Nondiscrimination / Harassment

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging

unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. The Board also prohibits retaliatory behavior or action against any person who complains, testifies, assists or otherwise participates in the complaint process established in accordance with this policy.

The Superintendent or designee shall ensure that students receive information related to sexual harassment. Students shall be assured that they need not endure any form of sexual conduct or communication, including harassment because of sexual orientation. They shall further be assured that they need not endure, for any reason, any harassment which impairs the educational environment or a student's emotional well-being at school. They shall be informed that they should immediately contact the principal or designee if they feel they are being harassed.

The complaint procedure can be used for a variety of issues not mentioned above including but not limited to employee issues and policies and procedures of the district. Confidentiality and privacy shall be respected in all complaint investigations. Complaints alleging discrimination may be filed by a person on their own behalf or on behalf of another person or group of people within six months of the occurrence or when facts became known. Complaints regarding a special needs student or pupil fees may be filed within 12 months of the occurrence. Complaints regarding LCAP may be filed anonymously. Complaints regarding Pupil Fees may be filed anonymously and with the principal. If a complaint regarding LCAP or pupil fees is valid, then the parents are due full reimbursement. Staff has been trained to deal with these types of complaints.

Those complaining (Complainants) are protected from retaliation and their identities are confidential when related to discrimination. Staff dealing with complaints are knowledgeable about the laws and programs they are investigating. The complaint may be dismissed if complainant obstructs or does not provide all information. If the District acts in the same manner, the finding may be affected.

1. Complaints made under this procedure shall be directed to the Uniform Complaint Officer who is responsible for processing the claims. A complaint under the Uniform Complaint Procedure should be completed within 60 days from the receipt of the complaint. The

Superintendent and complainant may agree in writing to extend the timeline.

2. You may contact the UCP Officer to obtain a copy of the complaint process.
3. You may choose to have your complaint mediated.
4. There shall be an investigative meeting after receiving the complaint.
5. The compliance officer shall send a written report about the investigation and decision. There are then five days to appeal to the Board of Education.
6. If you are not satisfied with the results, the complainant then has 15 days to appeal to the California Department of Education. The appeal must include a copy of the locally filed complaint and a copy of the LEA decision.
7. There is nothing in this process to preclude a complainant from pursuing available civil law remedies outside of the district's complaint procedures. Such remedies may include mediation, attorneys, and legal remedies. Civil law remedies may include, but are not limited to, injunctions and restraining orders.

For discrimination complaints, 60 days must elapse from the time an appeal is filed with CDE before pursuing civil remedies except for an injunction. Complaints may also be forwarded to appropriate state or federal agencies in the following cases:
