What is Dual Enrollment?

- Earn college credit while attending high school classes
- Taught on the high school campus by college certified high school teachers
- Class taught at the college level
- An opportunity for eligible students to earn lower-division college credits that will be required for an Associate's or Bachelor's degree
- Credits transfer to most colleges and universities

Benefits of Dual Enrollment

- Credit is based on the grade received in the class, not one test taken at the end of the year
- **Saves Time** - Complete lower-division college credits that satisfy general education requirements = don't take these same classes in college, and take courses within your major area of study sooner
- **Saves Money** - Save 80% in tuition by earning the credit at your high school rather than taking the course at university. No additional expenses (books, parking).
- **Builds Confidence-** Learn about how college works, start college a few credits ahead with an established GPA

CHANDLER-GILBERT COMMUNITY COLLEGE

A **MARICOPA** COMMUNITY COLLEGE

The Maricopa County Community College District (MCCCD) is an EEO/AA institution and an equal opportunity employer of protected veterans and individuals with disabilities. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, age, or national origin. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of the District. The Maricopa County Community College District does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs or activities. For Title IX/504 concerns, call the following number to reach the appointed coordinator: (480) 731-8499. For additional information, as well as a listing of all coordinators within the Maricopa College system, visit http://www.maricopa.edu/non-discrimination.
