Navigation Tips

1. **To toggle between multiple accounts**, click on the **green person icon** in the top left-hand corner and select the account you want to view.
2. When you login, the app should automatically show you **campus events and school story posts**. If not, then click on **Story** at the bottom of the app. This same area will also show you posts about your child's class story from your child's teacher(s).
3. To view your **child's points for the week**, click on **Kids** at the bottom of the app and then click on "View report". Change "All Points" to what you want to view.
4. To add **home points**, click on **Points** and add what you are looking for.
5. To view or send messages for your child's teachers, click on **Messages** at the bottom of the app, and then **click on the teacher** you want to view.
6. **Discover,** bottom of the app, has lots of inspiration for **activities** and ways to help your child learn at home.
