Student Rights and Responsibilities

All students are entitled to enjoy the rights protected by the Federal and State Constitutions and laws for persons of their age and maturity in a school setting. Students should exercise these rights reasonably and respect the rights of others. Students who violate the rights of others or violate District policies or rules will be subject to disciplinary measures.

Student rights and responsibilities may be described at greater length in student handbooks and become policy when approved by the Board. The complete student handbook for each school is on file at the District website and at the respective schools.

Students who violate the provisions of the applicable student handbook will be disciplined in accordance with the District policies.
