The recommended plan shall support district goals for hiring and retaining highly qualified employees. The Board of Trustees may review and approve the compensation plan to be used by the district. **PAY PLAN ADMINISTRATIVE PROCEDURES**

---

SPARTANS

# 1.0 DESCRIPTION OF PAY SYSTEMS

---

## 1.1 PURPOSE AND AUTHORITY

Employee pay systems are designed and administered for the purpose of attracting and retaining qualified employees to achieve the goals of the district. The Superintendent is responsible for the development, maintenance, and administration of employee pay systems in accordance with Board policies and administrative procedures.

## 1.2 MINIMUM AND MAXIMUM PAY REQUIREMENTS

Certified classroom teachers, counselors, librarians, registered nurses, and counselors will be paid no less than the state minimum salary schedule based on total years of creditable experience. Experience will be credited according to the commissioner's rules on creditable service (19 TAC 153.1021).

Local salaries for these employees will be determined annually after board approval of the pay increase budget. Nonexempt employees will be paid no less than the current minimum wage in accordance with the Fair Labor Standards Act.

Each job will be assigned to a pay grade that determines the minimum to maximum pay range for the position. Pay ranges are set to be competitive with the relevant job market for benchmark positions. Jobs are assigned to pay grades based on the following factors: (1) job qualifications and required skills; (2) job duties and responsibilities defined by the district; and (3) competitive job market prices. Salaries will be set with the assumption that 15 years of weighted appropriate experience in a position on that pay grade will justify being compensated at mid-point. Each year of experience outside of the pay grade will be used to help set the salary accordingly, however, those years' experience will not carry as high a weight in determining the appropriate salary for that individual. For example, 15 years as a teacher will not equate to a mid-point salary on the assistant principal scale.

No employee will be paid more than the maximum rate for his/her pay grade unless the employee was earning more than that amount prior to the adoption of the pay plan. Pay ranges are reviewed annually and should be adjusted as needed. Employee salaries will advance through the pay range based upon the general pay increase budget approved by the board each year.

## 1.3 EMPLOYEE GROUPS

### 1.3.1 TEACHER

The salaries of newly hired teachers are based upon consideration of creditable years of service (CYS) Teachers new to Stafford MSD will be compensated (for the first year only), based on their CYS upon approval of official records to Human Resources Department. The Teacher Salary Schedule details the corresponding salary amount based on CYS. All teachers, excluding JROTC and certain CTE teachers, are required to possess, a bachelor's degree and certification as required by the Texas Education Agency (TEA) and the State Board of Educator Certification (SBEC), unless outlined in the District's District of Innovation (DOI) Plan. Teachers who serve as Athletic Coaches will receive supplemental earnings in addition to their annual base salary.

### 1.3.2 JUNIOR RESERVE OFFICERS TRAINING CORPS (JROTC) INSTRUCTORS

JROTC instructors will be paid on the teacher salary schedule or according to active-duty Armed Forces pay requirements as advised by the JROTC Coordinator if the amount is greater. Both school experience and active-duty experience may be counted for local salary credit 19 Texas Admin. Code §153.1021(d)(2).

Should the JROTC instructor transfer into a full-time teaching position (teaching 6 periods or more in the content-specific assigned area), military experience will not be credited unless it meets the TEA guidelines. JROTC personnel will be paid in compliance with active-duty Armed Forces pay requirements stated on his/her Minimum Instructor Pay (MIP) letter assignment.

### 1.3.3 CAREER AND TECHNICAL EDUCATION (CTE) TEACHERS

For CTE teachers, prior work experience will be considered in determining initial salary as if it were teaching experience with the following limitations:

- Work experience must have been required for certification.
- Beginning with the 1982-83 school year, CTE teachers employed at least 50% in a CTE position may count up to 2 years of work experience for salary increment 19 Texas Admin. Code §153.1021(i);
- CTE teachers without degrees, may be employed if they possess comparable career or technological work, provided they possess an appropriate certificate.

### 1.3.4 PROFESSIONAL ADMINISTRATORS

The salaries of newly hired Central Office Administrators, Directors, Coordinators, Principals, and Assistant Principals, will receive their salaries based on review of professional experience and external salary study. The Human Resources Department will determine the salaries for all new Stafford MSD administrators.

## 1.4 PAY DISTRIBUTION

The District shall pay all employees over 12 months, regardless of the number of months employed during the school year, and their compensation will be equally received over 24 bimonthly payments via direct deposit. Paychecks will not be released to any person other than the district employee named on the check without the employee's written authorization or as otherwise authorized by district policy.

An employee's payroll statement contains detailed information including deductions, withholding information, and the amount of leave accumulated.

Employees can view and print their paycheck statements through the Ascender Employee Portal (Ascender Employee Portal) found on the district's home page at <https://portals20.ascendertx.com/EmployeePortal/login?distid=079910>.

## 2.0 JOB CLASSIFICATION

### 2.1 PURPOSE AND AUTHORITY

Job classification determines the assigned pay range for a job. Job classification is based on an assessment of job requirements and assigned duties. Jobs are compared and classified on the basis of the following factors: knowledge and skill requirements, complexity of assigned duties, job accountability, and working conditions. The Human Resources Department will collect job information, evaluate jobs for classification purposes, and recommend pay grade assignments. The Superintendent has final authority concerning job classifications.

The district will maintain position classification and pay range structures for all jobs. Jobs will be grouped into position classification and pay range structures in the following categories: Category I: Teachers, Librarians, Junior Reserved Officers Training Corp (JROTC); Category II: Administrators, Counselors,

Nurses, Curriculum Specialists, and specialized professionals, Category III: instructional paraprofessional and clerical paraprofessionals; Category IV: auxiliary personnel; and Category V: Technology personnel.

## 3.0 JOB RECLASSIFICATION

---

### 3.1 RECLASSIFICATION OF CURRENT POSITIONS

A job reclassification occurs when the same position is moved to a higher or lower pay grade. Jobs may be reclassified for a number of different reasons. Those reasons include, but are not limited to, a significant and sustained increase or decrease in job duties and responsibilities assigned by the supervisor, a need to improve internal pay equity with other related jobs, or a significant change in the external job market.

### 3.2 SALARY ADJUSTMENT FOR JOB RECLASSIFICATION

- If the job is reclassified upward due to a significant and sustained increase in assigned job duties and responsibilities, the reclassification will be treated as a promotion. Refer to procedures on promotion increases. **(Section 9.0)**
- If the job is reclassified to improve internal equity with other related jobs and there is no significant and sustained increase in assigned duties, there will be no immediate pay increase. Future earnings will be higher as a result of placement in a higher pay range. Employees will not be paid less than the minimum of the new pay range.
- If the job is reclassified due to a change in the external job market, special equity adjustments may be made at the direction of the superintendent. Refer to procedures on individual equity adjustments.
- If the job is reclassified downward due to a decrease in duties and responsibilities assigned, the employee's pay may be reduced at the direction of the superintendent. In this case, the reclassification will be treated as a demotion. Refer to procedures on pay adjustments for demotion. **(Section 10.0)**

### 3.3 PROCEDURES FOR JOB CLASSIFICATION REVIEW

Review of job classifications must be initiated by the job supervisor and should occur as part of the budget process. Reviews will be conducted as follows:

1. The employee may request, through his/her immediate supervisor, a job classification review according to the schedule and procedures designated by the Human Resources department.
2. The supervisor must submit a completed reclassification request on a Job Classification Review Form (pg. 18-19) with their budget, along with an updated job description. Distribution of these forms will occur twice annually; the dates will be November 1, 2025 and January 31, 2026.
3. The Human Resources department will review the request form, obtaining additional job information if needed. Additional information may be obtained by requesting a job analysis questionnaire, by interviewing the supervisor and/or employee(s), or by visiting the work site for observation. The decision will be made as part of the budget process.
4. The Human Resources department will reevaluate the job against other benchmark jobs using standard compensable job factors.
5. The Human Resources department will provide a recommendation for pay grade assignment for the Superintendent's review.
6. The Human Resources department will notify the supervisor and the employee of the pay grade assignment upon completion of the Superintendent's review and approval.

### 3.4 CLASSIFICATION OF NEW POSITIONS

New positions must have a written job description. The Human Resources department will recommend to the Superintendent the pay grade classification of new positions based on the job description and consultation with the Chief Financial Officer, the immediate job supervisor, and market value study information. New positions must be classified in the pay system prior to hiring new employees. New positions must be requested on a Position Authorization Form and approved by the Superintendent, Chief Financial Officer, and Director of Human Resources before a job can be posted and filled.

## 4.0. ASSIGNMENT CALENDARS

The superintendent determines the assignment calendars for all employees subject to the Board- adopted budget and compensation plan and in harmony with employment contracts. Dates of duty in the published assignment calendars are subject to modification by administration. Consistent with long standing practice, assignments with less than 197 days are considered 10 duty month assignments; assignments with 202 days to 210 days are considered 11 duty month assignments; and assignments with 218 days and greater are considered 12 duty month assignments.

## 5.0 BASE PAY FOR EXEMPT AND NONEXEMPT EMPLOYEES

### 5.1 CLASSIFICATION OF POSITIONS AS EXEMPT OR NONEXEMPT

All jobs will be classified as exempt or nonexempt in accordance with the requirements of the federal Fair Labor Standards Act (FLSA). The Human Resources Department will determine the classification of each position based on a description of assigned job duties and the method of compensation. In order to be exempt, the employee's primary duties must fall under one of three types of exemption: executive, administrative, or professional, as defined under the FLSA, and the employee must be compensated on a salary basis. All employees who do not meet the legal requirements for exemption are classified as nonexempt.

### 5.2 BASIS OF PAY FOR EXEMPT EMPLOYEES

Exempt employees are paid on a salary basis for their annual employment period. Payment on an annual salary basis means that employees are paid a fixed sum for the job regardless of the days or hours actually worked each week. Annual salaries may be adjusted for different duty assignments. Exempt employees do not receive overtime compensation. All salaries will be paid out in equal payments over a twelve-month calendar period regardless of the number of months assigned to the position.

### 5.3 BASIS OF PAY FOR NONEXEMPT EMPLOYEES

Nonexempt employees are paid on an hourly wage basis for all hours worked each week. All wages in the normal duty assignment are paid out in equal payments over a twelve-month calendar period regardless of the number of months assigned to the position. All hours in addition to the normal duty assignment are paid at straight time or time and a half according to the Fair Labor Standards Act. Employees can accumulate compensatory time. Refer to procedures on Overtime. **(Section 6.0)**

## 5.4 PRORATING PAY FOR REDUCED WORK YEAR

Salaries may be adjusted proportionately for employees who work less than full-time or less than a full year.

## 6.0 OVERTIME/EXTRA DUTY COMPENSATION

### 6.1. OVERTIME COMPENSATION

Nonexempt employees who work more than 40 hours in a workweek of seven consecutive days are entitled to overtime compensation at time-and-a-half rates for time worked over 40 hours.

Compensation will be given in compensatory time off. Hours worked over the compensated amount but less than 40 hours in a workweek are compensated at straight time rates. For example, if there is a holiday in the workweek and the employee works more than 32 hours, the 0 to 8 hours worked beyond the 32 hours will be compensated at straight time rates. **Nonexempt employees shall not be allowed to work beyond their regular schedule without prior authorization from their supervisor.** Exempt employees (i.e., professional, administrative, and executive) are not entitled to overtime compensation. Extra-duty compensation is not allowed to be earned on duty days assigned to an exempt employee's corresponding job description and contract.

An employee's regular work schedule may be adjusted during the week to limit or eliminate overtime. The district's workweek begins at 12:00 a.m. on Sunday and ends at 11:59 p.m. on Saturday. Overtime must be paid or accrued as compensatory time on the regular payday for the period in which the overtime workweek ended. Every workweek stands alone, and different workweeks cannot be consolidated or averaged.

### 6.2 AUTHORIZATION OF OVERTIME

All overtime worked must be approved by a supervisor in advance on a designated approval form to be remitted, with signatures, to payroll with time sheets. Supervisors are responsible for preventing unauthorized overtime. Employees who work unauthorized overtime may be subject to disciplinary action. Supervisors of nonexempt employees must ensure that employees understand how they will be compensated for overtime (compensatory time off or pay) prior to the employee working overtime hours.

Overtime pay requirements cannot be waived by voluntary agreement between the school district and the employee and the employee cannot "donate" overtime or agree to be paid at reduced rates

## 6.3 USE OF COMPENSATORY TIME

Compensatory time may be accumulated up to a maximum limit of 20 hours including time-and-a-half rates. Employees who have accrued compensatory time must use that time within the duty year in which earned and before using other accrued leave. **Compensatory time accrued should be used within the duty year in which it is earned and in accordance with Board Policies DEAB (LEGAL/LOCAL) and DEC(LEGAL/LOCAL).**

<https://pol.tasb.org/Policy/Code/485?filter=DEAB>

## 6.4 TIME RECORDS

It is the intent of the district to comply with applicable laws that require the maintenance of records of the hours worked by our employees. To ensure that accurate records are kept of the hours actually worked by an employee (including overtime hours where applicable) and of the accrued leave time taken, and to ensure pay in a timely manner, nonexempt employees are required to maintain time records via TimeClock Plus (TCP) or on forms approved by the District. Weekly time records must be verified by the supervisor and submitted to payroll on designated dates. Official weekly time records shall be maintained in the central payroll office for all nonexempt personnel. All payroll records, including time records, shall be maintained for a period of three years, and shall be made available for inspection by government authorities on request. Failure to maintain accurate records of hours worked may result in disciplinary actions.

Employees must ensure that their actual hours worked and leave time taken are recorded accurately. Falsification of a time record is a breach of district policy and is grounds for disciplinary action, including termination of employment.

## 6.5 COMPENSATION FOR OVERTIME

Compensation for overtime hours will be awarded at 1½ times the regular rate (standard 40-hour weeks only otherwise hours calculated at straight time) per Superintendent approval. Compensation is given in compensatory time off.

# 7.0 OVERPAYMENT AND BACK PAYMENT

## 7.1 OVERPAYMENT

An overpayment occurs if an employee is paid more than the amount the employee should have been paid under the assigned pay grade and/or any relevant supplemental pay. If discovered and/or reported in the current or immediate prior fiscal year, the Human Resource Department will rectify the issue by recovering the funds for the current or immediate prior year. The district will deduct the overpayment from one or more of the employee's paychecks should an overpayment occur, in accordance with applicable law.

## 7.2 BACK PAYMENT

A back payment will occur if the employee was paid less than the amount the employee should have been paid under the assigned pay grade and/or any relevant supplemental pay. A request for back payment should be presented in writing to the Human Resource Department and the Chief Financial Officer, who is responsible for reviewing the request. If a request for back payment is presented in the current school year, the Chief Financial Officer and Director/Coordinator of Human Resource will review the issue and will rectify the issue, upon approval of the request, for the current school year and previous school year if applicable. Back payment is not made beyond two (2) school years (current plus one).

## 8.0 EMPLOYEE PAY INCREASES

### 8.1 Eligibility for General Pay Increase (GPI)

Employee salaries and wages will be reviewed by the Superintendent on an annual basis for potential adjustment. General pay increases are intended to reward continued service to the district and support employee retention through competitive pay practices.

To qualify for a general pay increase, the following conditions must be met:

- The employee must have been in their current position for at least 90 continuous calendar days prior to the effective date of the pay increase.
- The employee must have completed one creditable year of service with Stafford MSD under the current compensation plan year. A creditable year of service is defined as at least 90 continuous workdays as a full-time employee.
- The employee's performance must meet or exceed expectations as determined by the district's performance evaluation standards.

Employees who do not meet all eligibility requirements may be excluded from general pay increases until the necessary conditions are satisfied.

### 8.2 PAY INCREASE BUDGET

The Superintendent will recommend a total budget amount for general pay increases to the Board as part of the annual budget process. Budget recommendations for general pay increases will be based on available revenue, cost of living increases, changes in minimum pay laws, competitive job markets, and district compensation objectives. Employee pay increases will be based on the budget approved by the Board.

### 8.3 GENERAL PAY INCREASE CALCULATION

Regular or general salary advancement within a pay grade is controlled by the midpoint rate. Therefore, employees assigned the same pay grade and positioned comparably in the pay range will receive similar or same pay increase amounts. **(Please note: General Pay Increase Calculations Do NOT apply to the Teacher Salary Schedule).**

General pay increases will be calculated for each employee by applying a percent increase approved by the Board to the midpoint of each employee's pay range. All employees who are in the same pay range will receive the same pay increase.

*Example: Range Midpoint x Percent Increase = Pay Increase*

- *Pay range midpoint for pay grade 504 is \$20.57 per hour*
- *Pay increase budget approved by the Board is 5%*
- *Hourly pay increase for all employees in pay grade 504 is  $\$20.57 \times .05 = 1.03$*
- *An hourly employee in pay grade 504 is earning \$16.60 per hour*
- *Employee's new hourly wage is  $\$16.60 + 1.03 = \$17.63$*

No employee's pay will be increased beyond the maximum of their assigned pay range unless a special adjustment is approved by the Board of Trustees.

### 8.4 INDIVIDUAL PAY ADJUSTMENTS

The Superintendent may make adjustments to individual employee salaries to correct identified internal or external pay equity problems. Equity adjustments are made only on as-needed basis at the direction of the Superintendent. Equity adjustments may be made to retain an employee who is at risk due to competitive pay problems; to correct an internal pay inequity; or to compensate an employee for a significant change in job responsibilities.

No contract employee shall be given an unscheduled pay increase during the contract term except for a change in assigned job duties, except for internal or external equity adjustments as approved by the superintendent for the subsequent fiscal year. The general pay increase does not apply to those receiving an internal or external equity adjustment for 2025-2026.

## 8.5 HOUSE BILL 2 (HB2) – TEACHER SALARY INCREASES

House Bill 2 (HB 2), passed during the 88th Texas Legislature, is a major education funding bill that is dedicated to increasing salaries for teachers and staff, supporting school operations, enhancing early childhood and special education programs, and improving campus safety.

HB 2 also establishes the Teacher Retention Allotment (TRA), a new funding program designed to help districts retain experienced educators. This allotment is scheduled to take effect in September 2025.

### District Implementation – 2025–2026 School Year

As part of the district’s commitment to comply with HB 2 and support its teaching staff, salary increases will be provided to full-time classroom teachers during the 2025–2026 school year as follows:

- A **\$4,000** salary increase for full-time classroom teachers with three (3) or more, but fewer than five (5), years of creditable teaching experience.
- An **\$8,000** salary increase for full-time classroom teachers with five (5) or more years of creditable teaching experience.

Creditable experience refers to years of teaching service that count toward salary calculations as defined by Texas Education Code §21.402 and the Texas Education Agency (TEA). These increases will be incorporated into the district’s 2025–2026 salary schedule and are funded through the state’s HB 2 appropriation.

## 8.6 TEACHER INCENTIVE ALLOTMENT

For any funds received by Stafford MSD for a designated teacher under the Teacher Incentive Allotment (TIA), (90) percent will be paid to the designated teacher. The remaining (10) percent will be used for training and support of the system, expansion of the system, administrative expenses, and/or professional development. Should the district receive funding for a designated teacher who has resigned or retired, the district will forward payment to the resigned or retired teacher as soon as practicable.

## 8.7 ADMINISTRATIVE PERFORMANCE INCENTIVE

*Scheduled for implementation in the 2026–2027 school year, alongside the Teacher Incentive Allotment (TIA).*

Stafford Municipal School District (SMSD) is committed to recognizing and rewarding employee excellence through performance-based compensation. The Performance Pay Incentive program is designed to support our district's goals of continuous improvement, accountability, and student achievement by aligning compensation with measurable outcomes.

Performance incentives are awarded based on **campus-level academic performance**, specifically utilizing STAAR (State of Texas Assessments of Academic Readiness) Achievement Scores. These incentives serve as an additional financial reward for staff members who contribute to exceptional student outcomes and academic growth.

Performance pay incentives for administrators are calculated based on **campus-level STAAR Achievement Scores**, using the following formulas:

**STAAR Achievement Scaled Score (50%):** This score is published as part of accountability scores.

**Local Growth Score (50%):** This score is calculated using the following formula:

### Calculation:

*Local Growth Score: (Current Year STAAR Achievement Scaled Score - Previous Year STAAR Achievement Scaled Score) / Previous Year STAAR Achievement Scaled Score.* This calculation yields the Growth Percentage. The "Local Growth Score" is determined according to the following criteria:

- Above 10%: 95
- 5%-9.99%: 85
- 0-4.99%: 75
- Negative\*: 65

\*If there is a drop of more than 2 percentage points and the final score remains above 90, the minimum score a campus can receive is 75. If the drop is less than 3 percentage points and the final score stays above 90, the minimum score a campus can receive is 85.

### Example:

- **2024–2025 STAAR Score:** 80%
- **2023–2024 STAAR Score:** 75%
- **Local Growth Score = (80-75)/75:**  $(95 + 96) / 96 = 6.67\%$

Since the growth percentage is between 5% and 10%, the campus will receive 85 as the local growth score.

### Campus Performance Score Calculation:

*(Current Year STAAR Score + Previous Year STAAR Score) / 2 = Performance Score*

### Example:

- **2024–2025 STAAR Score:** 80
- **2023–2024 STAAR Score:** 75
- **Local Growth Percentage = (80-75)/75:** 6.67%

$$(85 + 85) / 2 = 80$$

- 90-100: A
- 80-90: B
- 70-80: C
- 60-70: D

District level STAAR Achievement Scaled Scores will be used for the district level administrators, utilizing the above formula.

**Performance Incentive Tiers**

Incentive payouts are based on a campus’s Performance Score. Final amounts are subject to Board approval and may vary by employee classification.

Performance incentives are awarded based on campus-level academic performance rates. To qualify for an incentive, a campus must achieve a performance rate of **80% or higher**.

| Performance Score Range | Rating | Incentive Tier Description  | Incentive Amount           |
|-------------------------|--------|-----------------------------|----------------------------|
| 100% – 90%              | A      | Highest Performance Tier    | Up to \$10,000             |
| 89% – 80%               | B      | Mid-Level Performance Tier  | Up to \$7,000              |
| 79% and below           | C-F    | Base-Level Performance Tier | Not Eligible for Incentive |

## 9.0 PROMOTION INCREASES

### 9.1 PROMOTION DEFINED

A promotion occurs when an employee is selected for a different job in a higher pay range. Pay adjustments for promotions will begin with the effective date of the new assignment. If an employee moves to a different job in a different pay structure (example: from manual trades to a professional group), the pay adjustment will be treated as placement of a new employee.

### 9.2 PROMOTION INCREASE

A promotion increase is based on an employee’s current base pay, less any stipends paid for supplemental duties. Promotion increases are awarded in addition to any general annual pay increase given. (pg. 29 Promotion worksheet)

## 10.0 DEMOTION

## 10.1 DEMOTION DEFINED

A demotion occurs when an employee is reassigned or accepts a different job at a lower pay grade level with a reduction in his/her base pay. Demotions may be voluntary or involuntary. Position reclassification or general salary structure changes are not considered demotions.

## 10.2 PAY ADJUSTMENTS FOR DEMOTION

A reduction in pay as a result of a demotion will be made at the discretion of the Superintendent. When a pay reduction is made for a demotion, the employee's base pay rate will be reduced to the same relative position within the new pay range, typically measured as a ratio of the employee's salary to the midpoint. For example, if the employee's base pay was 110 percent of the midpoint in the higher pay range, that person's pay would be reduced to an equivalent 110 percent of the midpoint in the lower pay range. The pay adjustment for demotion will begin with the effective date of the new assignment. Pay adjustments may also be made for a longer or shorter work year associated with the change in assignment.

## 11.0 HIRING

### 11.1 POSITION CONTROL

SMSD has established a system for the hiring and transferring of employees. The SMSD Position Control system precisely defines every position within the organization and systematically attaches every employee to a specific position. This system is established to set up a process of checks and balances between Human Resources and the annual budget. Additionally, this system creates greater internal control, provides an instant overview of staffing, and ensures positions are not created without proper funding. It also simplifies the budget process, provides closer connection between Human Resources and the Business Office and permits tracking of new employees and transfers.

### 11.2 EMPLOYMENT PROCESS

New positions must be approved by the Superintendent and Board of Trustees, unless approved during the budget process. Approved vacancies or new positions in the district are posted by the Human Resource Department in accordance with district policy. Approval is provided by the Superintendent. Positions must be posted for 10 business days. Approved vacancies or new positions within the school year must be posted for a minimum of ten (10) days. DC (LEGAL), (LOCAL).

Although only the Human Resource office can extend job offers, Principals/Hiring Managers can inform candidates that they are being "recommended" for a position. Principals/Hiring Managers must contact a minimum of three (3) references for the applicant selected for the open position. At least one of the references should be a current and immediate supervisor. A Hiring Recommendation is submitted to the Human Resource department via Winocular for identified candidates whose references have been satisfactorily verified. Three (3) Telephone Reference Check Forms must be submitted for administrative, professional and certified job candidates. Human Resources will verify job experience and service records to provide the salary offer to the candidate. Principals/Hiring *Managers may refer to*

*the corresponding pay box for the position and quote salary as not less than the minimum rate until work experience is verified by Human Resources.*

A start date for the new employee will be identified once a job offer has been accepted, the results of the criminal history search have been received, and all new hire requirements have been completed. **The position for which the employee has been hired cannot be changed without contacting the Human Resource Department and after any necessary approvals are obtained.**

### 11.3 CREDITABLE YEAR OF SERVICE

A key element of the SMSD salary administration process is determining whether an employee has earned a creditable year of service. This designation impacts eligibility for base pay increases associated with overall pay structure adjustments.

To earn a creditable year of service, the following conditions must be met:

- Full-Time Service: At least 90 days of full-time employment, or
- Half-Time Service: At least 180 days of half-time employment within a 12-month period, as defined by TRS (Teacher Retirement System) guidelines.

Employees working less than half-time are not eligible to earn a creditable year of service.

Alternatively, a creditable year may be granted based on 90 full-time equivalent days worked at SMSD or another school district. This is calculated by multiplying the total number of days worked by the percentage of time employed.

Important Notes:

- Experience credit cannot be granted for the current school year, even if the 90-day threshold is met.
- New hires placed under the Teacher Placement Table must submit official service records within 30 business days of their start date to be eligible for a retroactive pay adjustment. Otherwise, any salary changes will take effect as of the date the Human Resources Department receives the documentation.

## 12.0 RETIRE AND REHIRE

### 12.1 RETIRE AND REHIRE

When a TRS retiree is rehired, the district may incur expenses over and above those associated with hiring a non-retiree in a similar position with similar years of experience.

Salary plans are reviewed and determined annually; therefore, salary advancement is not guaranteed from year to year. TRS retirees are subject to salary caps and may be eligible to receive a flat rate increase of \$1,000.00.

## 12.2 TEACHER RETIREMENT SYSTEM OF TEXAS

Information provided in this section is relative to policy and procedures of the Stafford Municipal School District regarding employment after retirement. These policies are not necessarily the policies of Teacher Retirement System of Texas (TRS). For policy and practices of TRS, please contact them directly for information.

The Stafford MSD is not an authorized provider of employee information regarding processes and procedures for retiring from the Teacher Retirement System of Texas (TRS). Employees must contact TRS directly for information regarding their personal retirement and the rules for employment after retirement.

**There have been significant changes in TRS rules for employment after service retirement. It is the responsibility of the Retiree to verify how these changes will impact their annuity should they decide to return to work at a TRS-Participating entity.**

## 13.0 INTENT TO RETURN AND TRANSFERS

### 13.1 VOLUNTARY TRANSFER REQUEST

Stafford MSD disseminates an *Intent to Return Form* annually. The purpose of this form is to provide a platform for employees to provide information on their employment intent for the upcoming school year. Additionally, this form provides the opportunity for staff to express their interest in transferring to a different department/campus/grade level. This form is to be completed by all exempt employees and must be signed and returned to the Human Resource Department. ***Please note – filling out the form is a request and does not guarantee a transfer.***

Approved transfer request will be communicated to the requestor and their immediate supervisor prior to the school year for which the request is made. Personnel not notified by the Human Resource Department and/or their immediate supervisor in reference to their transfer request should remain in their current assignment.

## 14.0 RESIGNATION

### 14.0 RESIGNATIONS

Employees wishing to resign must submit a resignation form/or letter of resignation to the Human Resource Department. Additionally, a letter of resignation may be submitted to the employees' principal/immediate supervisor. When a contract employee is requesting to resign during the contract year, the supervisor **must** contact the Superintendent with a recommendation.

Resignations are not official until accepted by the Superintendent or designee. At-will employees can resign at any time by submitting a letter of resignation. If the at-will employee verbally resigns and is not providing a written letter of resignation, the date, time, name of the resigning employee and job title of the person taking the resignation will be documented and submitted to the Human Resource Department by email.

### 14.1 EXIT INTERVIEWS

Exit interviews are used to gain information to assist the district with the retention of employees. Principals/Immediate Supervisors are asked to encourage all employees to complete the exit interview form, which is sent from Human Resource Department as part of the employee's exit paperwork.

## 15.0 ADJUSTING PAY RANGE STRUCTURES

### 15.1 REVIEW OF PAY RANGES

District pay range structures will be reviewed annually and adjusted as needed by the superintendent with approval of the Board. Pay ranges will be adjusted on a regular basis to ensure the pay structure remains competitive and maintains its value against inflation. The percent of structure adjustment will be applied equally to the minimum, midpoint, and maximum rate of each pay range to preserve the design of the structure.

### 15.2 AMOUNT OF STRUCTURE ADJUSTMENT

Pay structures should be adjusted by an equal factor. The amount of percent adjustment made to the pay range control points (minimum, midpoint, maximum) should be less than the percent increase budgeted for pay raises. After the pay increase budget is established, the superintendent will determine the appropriate amount of adjustment for pay range structures in the district.

### 15.3 Structure Adjustment Procedure

To adjust a pay-range structure, the adjustment factor will be applied to the midpoint of each pay range. The minimum and maximum rates of each range will then be recalculated from the adjusted midpoint to preserve the structure. Adjustments to pay ranges should be made prior to the calculation of general pay increases.

## 16.0 SUPPLEMENTAL DUTY PAY

### 16.0 SUPPLEMENTAL DUTY PAY (STIPENDS)

Supplemental pay occurs in addition to, but separate from, the employee's regular, contracted salary. **Supplemental pay is authorized by the Board of Trustees on an annual basis and is not a property right.** Supplemental pay is discontinued upon cessation of the assignment originally generating it or upon the occurrence of any other event, which would cause the employee to become ineligible to receive the supplement. In the area of supplemental pay, as in other areas of compensation, SMSD strives to maintain amounts that are competitive within our market.

Exempt employees who are assigned supplemental duties that accrue extra pay will be compensated according to the district's supplemental duty pay schedule which is approved by the Board.

Nonexempt employees who are assigned supplemental duties will be paid on an hourly basis including overtime compensation when hours exceed 40 hours in a workweek. The hours worked in supplemental duties must be combined with the hours worked in the regular job assignment for determining the total hours worked each week. These hours are calculated each week via the district timekeeping system.

## STIPEND ELIGIBILITY NOTES

- All stipends and related funding are subject to review when necessary or appropriate; stipends are subject to qualifying criteria and are not guaranteed from year to year. Stipend amounts may change from year to year.
- All stipends are spread equally from pay period first earned through the last contract period for the year unless an employee submits an annual selection form, requesting a lump sum payment on or about June 25 or noted differently in the Special Notes section. Some stipends may have program stipulations requiring an annual or bi-annual pay out, as noted.
- If a campus/department wants to split a stipend between two or more employees, the amount and days will be split as well (days must be split on a whole day basis).
- All coaches assisting with football and volleyball will report for duty as stipulated by the head coach. The employees are being compensated through stipends for assigned duties by the head coach for any practice leading up to the season through the last contract day.
- Stipends not described in this section of the Employee Pay Plan must be verified and approved by the Human Resources Department and by the Business Office before submitting to payroll for processing. All unapproved stipends or rates submitted for processing will be adjusted by Payroll and/or the Human Resources Department until proper approval is obtained.
