

BOYS & GIRLS CLUBS FOLEY

Dear Parents,

Since 1958, Boys & Girls Clubs of South Alabama has been a leader in youth development, helping all kids, especially those who need us the most, to reach their full potential as caring, responsible, productive citizens. Through targeted programs that help youth find their voice, develop leadership skills, and prepare them for the next stage of their lives, Boys & Girls Clubs continues to build the next generation of leaders by providing a safe, positive, nurturing space for youth.

The Foley Boys and Girls Club would like to invite your child to participate in our after-school program. We pick up your child directly from the school and transport them to our club.

The Foley Boys and Girls Club provides Music, STEM, and Arts programs for each child.

The cost for our after-school program for children aged 6-13 is \$225 per month, plus a \$50.00 transportation fee.

As always, no child will ever be turned away from our clubs based on the family's inability to pay.

Please call or email with any questions or scholarship information.

Thank you for the privilege of helping steward the future of your child(ren). We know they are your most valuable asset, and we are honored to be a part of your village to help them successfully navigate into adulthood.

Sincerely,

Felicia Chesmer Director
