We provide frequent opportunities for student-centered and collaborative learning in the classroom.	<ul style="list-style-type: none"> • Prioritize student voice by allowing students to share what they've learned and give them choices in how they engage with content. • Implement collaborative activities like peer critiques, group roles, and jigsaw exercises to encourage active participation. • Foster trust and collaboration through collective agreements, group seating, and modeling effective teamwork. • Use interactive activities such as gallery walks and share-outs to encourage students to showcase their work and learn from peers. • Apply collaborative learning opportunities not just in tasks but also in reflective activities to deepen understanding.

Titan Pride

Respectful. Responsible. Proud.

We believe that to be a Titan means that each student and staff member models respect, responsibility, and pride. Remember that you are a Titan, whether you are at another school event or at one of our school events.

Respectful:

- Keep the campus clean. Treat our campus as our home, where we throw our trash in the garbage cans, and keep furniture and buildings clean and in good repair. We keep our classrooms clean because this is our home.
- Use appropriate language. Titans recognize that the power of words should be used to build others up, not tear them down.

Responsible:

- Own up to your actions. We all make mistakes; we are human and we are bound to. Titans with integrity recognize this and own up to their actions.
- Arrive on time for classes. Being punctual and on time is part of growing up. Titans make sure to get to class on time.
- Study, study, and study more. Don't wait until the last minute to study. Join a study group; attend intervention, attend ALL (Antelope Learning Lab).
- Follow emergency protocols. Make sure to follow staff member directions explicitly. Anxiety is normal in emergency situations, but you must trust your staff members and administration in these circumstances.

Proud:

- Represent Antelope High School. You are an ambassador for our school. When people see you wear Antelope gear or you let them know you are a Titan, make sure your behavior matches your actions. Represent us with Titan Pride!!
- Get involved and be engaged. Join and support clubs, sports, and activities on campus.
- Let your voice be heard! We are proud of our diversity and we want to embrace all of our identities.

Athletics

Purpose

We coach to develop young athletes into men and women of integrity, who will serve and lead others to make a positive impact in their communities.

Through athletics, our student-athletes will learn the skills needed to later become contributing members in a highly competitive society.

Sportsmanship

Sportsmanship is the “golden rule” of athletics. It means treating others as you wish to be treated. As student-athletes, we must develop the practice of playing fair, exercising self-discipline, showing respect for authority, and demonstrating the spirit of hard work and sacrifice. We must take loss or defeat without complaint and victory without gloating. We must always treat opponents with fairness, generosity, and courtesy. As student-athletes, we must seriously accept the responsibility and privilege of representing Antelope High School and our community.

Fan Behavior

We encourage all students as well as members of the community to support Antelope High School athletics by attending athletic events as fans. Good sportsmanship is expected from all AnHS fans. All fans, whether for Antelope or opposing schools, are expected to direct their excitement and support toward their team. Derogatory or unsportsmanlike behavior directed at the opponent or the referees/officials is inappropriate and does not reflect the high standards of Antelope High School. Fans are expected to treat guests from opposing schools and the referees/officials with respect and courtesy.

Antelope school administration has the authority to dismiss any fan from the game if warranted to maintain school safety and uphold sportsmanship. All fans who are requested to leave by an administrator must do so immediately. Fans who are removed from games are welcome to call the school during office hours to set up an appointment to speak with the administration regarding the incident. Fans who do not comply with school administrator directives may be subject to loss of privileges to attend athletic events.

Academic Eligibility

All students participating in extracurricular activities shall demonstrate satisfactory minimum progress in meeting the requirements of graduation. To be eligible for participation, a student must have earned a minimum 2.0 grade point average and **passed a minimum of three (3) classes** during the preceding grading period. Grades issued at the end of the grading period are final.

An athletic eligibility waiver (available for GPAs less than 2.0 with only one ‘F’) may only be used once during four years of high school.

Athletic Clearance

Athletic clearance is completed online. You will find the link to HomeCampus on the school website, under Athletics. A physical exam and parent signatures included in the packet must be completed and submitted before tryouts. If you are a transfer student after the first day of freshman year, please come to the office and see Ms. Martinez, athletic director.

Athletic Code of Conduct ([RJUHSD Athletic Handbook](#))

Student-athletes must comply with all rules and regulations as specified by the California Education Code, California Penal Code, and Roseville Joint Union High School District Board Policy and Administrative Regulations.

Any behavioral offenses resulting in a school suspension will result in at least a concurrent equal-length suspension from the team (for example – 3-day suspension, 3 days suspended from the team after returning from school suspension.) The length of suspension from athletics may be extended, up to removal from the team, depending on the severity of the misbehavior. This determination is within the sole discretion of the school administration.

Profanity, unsportsmanlike conduct, and disrespect to any person, opponent, official, or institution will not be tolerated. Student-athletes shall accept responsibility for their actions both on and off the field.

Any violation of this responsibility may result in suspension from play or dismissal from the team. Student-athletes charged by law enforcement for violation of the Penal Code may also be subject to sports participation penalties, depending on the nature of the conduct involved.

These clubs are approved and chartered by the Student Government. We encourage students to join and/or form new clubs. See the Activities Director – Ms. Bianco – for more information.

School Dances

Tickets for Antelope High School dances are all sold online through 5Star students (5starstudents.com/antelopetitans). A current ID card is required for entry to the dance. Dances are considered school events, and all school rules apply at a dance. Early graduates must have a guest bid to attend a dance during the 2nd semester of their senior year.

As representatives of Antelope High School, students attending AnHS or other school-sponsored dances are expected to demonstrate **Titan Pride** by being **Respectful, Responsible, and Proud**.

Behavior & Conduct

1. Dance Appropriately

For everyone's safety and comfort, the following behaviors are not allowed:

- Dancing that imitates sexual acts ("freak" dancing)
- Crowd surfing or lifting others
- Mosh pits or aggressive group movement
- Any unsafe, vulgar, or inappropriate dancing

2. Keep It Classy

Once you arrive, your outfit should stay on—other than shoes or jackets, clothing must not be removed.

3. Stay Substance-Free

The use or possession of drugs, alcohol, vapes, or other controlled substances is not allowed at any school event, including dances.

- Students under the influence or in possession will be suspended and excluded from future dances.
- This includes students who arrive having used substances beforehand.

Consequences

Students who violate these expectations may be **removed from the dance** and additional school consequences may apply.

Dance Guests

In some instances, guests may be admitted if accompanied by an Antelope High School student. A GUEST PASS (BID) can be obtained from Student Services for \$5.00 to bring a non-Antelope student to a dance. The GUEST PASS (BID) must be filled out and approved by the administration, at least one week before the date of the dance. The guest MUST provide an ID card with a photograph. Any Antelope student bringing a guest is responsible for that guest.

Student Services

Attendance Procedures

Clearing an absence for students

Please call the attendance hotline (916) 726-1400 for any of the following reasons:

- Late arrival to school/early dismissal from school.
- Absences: call as soon as possible. All absences **must** be cleared within three days through a phone call or note.
- Notes should be written in ink and must include:
 - Date the note was written.
 - Date and time of the total absence.
 - Reason for the absence.
 - Signature of the parent or legal guardian.
 - Home or work phone number.

*****Forgery of a note or any other school document is grounds for discipline.*****

Types of Absences

- Excused: Illness, death in the immediate family, medical and dental care.
- Approved: For appearance in court, observance of the religious day, employment conference, and school and/or family business when pre-approved by a school administrator.
- Unexcused or Unapproved: Absence for work, family vacations, DMV, hunting, homework completion, personal business, etc.

After a total of nine (9) days and/or periods of absence for any reason, a note from a doctor is required in order to excuse any further absences due to illness.

Makeup Work

Students who miss school work because of an excused absence shall be given the opportunity to complete all assignments and tests that can be reasonably provided. As determined by the teacher, the assignments and tests shall be reasonably equivalent to, but not necessarily identical to, the assignments and tests missed during the absence. Students shall receive full credit for work satisfactorily completed within a reasonable period of time. (Education Code 48205)

Students who miss school work because of unexcused absences shall be given the opportunity to make up missed work. Teachers shall assign such makeup work as necessary to ensure academic progress, not as a punitive measure.

Permission to Leave Campus

Early Dismissal: For safety reasons, all comprehensive high schools in the Roseville Joint Union High School District are closed campuses. Therefore, specific rules, policies, and guidelines have been established to address students who must leave campus before the end of the regular school day.

Before a student leaves campus, the student must get an Early Dismissal Pass from the attendance office. Prior permission must be given by a parent, guardian, or person given such authority by the parent or guardian on the emergency card. A parent call after the student leaves campus does not excuse the closed campus infraction.

Failure to secure an Early Dismissal Pass before leaving campus could result in a closed campus violation and discipline.

Note: The parking lot is considered off-campus during the school day. Students MAY NOT go to the parking lot without permission from the administration.

Tardies - The number of tardies per period resets every 9 weeks – at the start of each quarter.

Students are responsible for being aware of a teacher's specific tardy policies and following those policies. Students showing a pattern of tardiness may be ineligible for TA class periods, off-campus periods, or work permits (if under 18 years old).

- 1st period only, all tardy students must check in at the attendance office before going to class. They will not be allowed into class without a proper pass.
- If a student reaches 10 total tardies, they will be referred to a meeting with Wellness or a Learning Support Specialist.
- If a student reaches 15 total tardies, they will be referred to meet with an administrator.
- After meeting with an administrator, the student's very next tardy will earn them one detention. If they continue to be tardy, they will continue to earn detentions and the administration may schedule a parent meeting.

Truancies - The number of truancies does NOT reset and will count all year.

Consequences for truancies will be assigned by the administration.

Truancy: Failure to clear an absence from school (note or phone call needed to clear, see section above titled "Clearing an absence.")

Period Truancy: Student misses 30 minutes or more in a period without a valid excuse.

Unauthorized Absence from Class: Student leaves class for any reason without teacher permission or abuses a hall pass. This will be considered a "cut" (truancy).

Truancy Notifications are made in accordance with California Ed Code Section 48260.

- Truancy Letter 1: 3 unauthorized same period and/or all day absences: Letter mailed home.
- Truancy Letter 2: 6 unauthorized same period and/or all day absences: Letter mailed home.
- Truancy Letter 3: 9 unauthorized same period and/or all day absences: Letter mailed home, parent contacted by Wellness Staff, and the student will work with the Wellness Center to support school attendance.
- Truancy Letter 4 -- 18 or more unauthorized same period and/or all day absences: Letter mailed home, student and parent will attend a meeting with the Student Attendance Review Team (SART) to discuss student attendance and impact on academics.

School Nurse

The Nurse's Office is located in the Administration Building. Students must have a teacher-signed student pass to come to the Health Center, but emergencies are seen without question.

Health problems such as diabetes, epilepsy, heart disease, or other serious medical conditions are to be brought to the personal attention of the school nurse. Written medical instructions are necessary for any procedures administered on campus or for any limitations to participation in a regular classroom program.

California State Law requires up-to-date measles, rubella, tetanus, diphtheria, polio, and the new Tdap immunizations for all students. Exemptions for religious or medical reasons must be filed in writing in the permanent school health records. **Failure to meet these requirements will result in the student being excluded from school.**

Student Prescriptions

All prescriptions for controlled substances must be logged with the nurse. Students are not allowed to carry any type of medication on campus (exception - prescribed inhalers with a Medication at School Form). Only medication prescribed by a physician may be given to students. School personnel will cooperate with the student's physician by providing a safe place for the storage of necessary medication. The school must have written permission from both the parent and the physician for over-the-counter or prescription medication to be given. The medication must be in the original container. Forms are available in the Health Center. If you have any questions or concerns contact one of our school nurses at 726-1400 x6030.

Emergency Information

Parents and students must make sure the following information is up to date in Homelink:

1. Parent(s) or Guardian(s) home and work telephone numbers.
2. Name(s) and phone number(s) of the person(s) authorized by the parent to be called in case of accident or illness.
3. Emergency instructions in case of accident or illness.
4. Signature(s) of parent(s) or guardian(s).

Students will not be released from school without the permission of a person authorized by a parent or guardian. For a student to write their own notes, they:

1. Must be 18.
2. Must attend an 18-Year-Old Waiver Meeting scheduled with their assistant principal.
3. Must fill out and return a signed waiver to the assistant principal's secretary. There is a 24-hour recording period before the waiver goes into effect.

Library

The library is a comfortable place on campus to read, study, and research. Students are encouraged to become lifelong readers and learners, and to that end, we strive to have relevant, current, and engaging materials for our students.

To check out books, students must have their current student ID card and be clear of library fines or overdue books. The loan period for books is three weeks, and students may check out up to five at a time. Students are responsible for the materials they check out from the library and will be fined for overdue, lost, or damaged items. For information regarding hours and policies, please go to the library website: <https://www.rjuhsd.us/Page/1529> or contact the front office at 726-1400.

Counseling Guidelines

Scheduling Appointments

The process for students scheduling appointments with a counselor is as follows:

1. Students will complete the online Counselor Request Form located at the back desk in the administrative office.
2. The counselor will send a yellow call slip for the student during the last thirty minutes of a class period.
3. The student is to report to the back desk in the administration office and sign in before proceeding to the counselor's office for the appointment.

Request for Class Changes

Before school begins, the guidance department will make class changes based on obvious schedule errors, and academic level changes. Once school begins, class changes are **only** considered for balancing courses or requests based on academic needs. Class changes will **not** be made for teacher or lunch preferences.

Dropping Courses

Any necessary schedule changes must be made within the first **2 weeks** of the term. Parent approval is needed when an academic (A-G) class is dropped for a non A-G elective. Students will pick up the Add/Drop form from Attendance or Front Desk, get the parent's signature on the form, and return it to the front desk before the posted deadline (*watch the bulletin for important dates*) for counselors to process. Students will be notified by counselors of approval or denial. After **2 weeks**, the student will receive a **drop F grade** from the class they dropped. Exceptions will only be made for teacher-initiated/approved level changes within the same subject area.

College and Career Center Services

The College and Career Center, located in the library, offers a variety of services to students and parents in the following areas: college information and applications, SAT and ACT applications and test prep materials, NCAA eligibility forms, military information, and financial aid/scholarship information.

The Outside Work Experience and Regional Occupational programs are run through the College & Career Center as well as listings of local job opportunities and processing of all work permits. If you have any questions regarding these services, please contact Ms. Miller via email or call her at 726-1400.

Wellness Center

Our Wellness Center at Antelope High School is excited to offer students and families a variety of services and resources to promote student well-being. We also support students to help increase school attendance, provide school supplies, provide mental health and therapeutic services, and help families with basic needs such as food and community resources. Drop Offs (including food, drink, gifts, and balloons)

The front office is not designed to receive or deliver students' items such as P.E. clothes, lunches or forgotten class projects. Emergency medical items, such as inhalers, may be dropped off on a limited basis and will require administrative approval. The office will not accept, hold onto, or watch the item. AnHS staff will not notify the student of the delivery or deliver the item to the student during class time—the student must come to the office at lunch, between classes, or after school in order to claim the item from a table in the lobby.

Additionally, for safety reasons, **students** may not have food delivered to the school (ie- DoorDash, GrubHub, UberEats, etc.). Students in violation of this policy will be given detention, without prior incidents or warnings. **AnHS staff will not accept any food delivery from companies such as GrubHub, DoorDash, UberEats, etc.**

School and Personal Property

Students are responsible for textbooks, library books, Chromebooks, and other school property loaned to them. If textbooks, library books, Chromebooks or other school equipment are lost, damaged, or stolen, the student is held responsible.

Students are not allowed to bring balloons, stuffed animals or other distractions into the classroom. Any student that brings these items to campus will be sent to the office to have the item stored for the school day.

The school is not responsible for the loss or theft of personal property. Students are strongly advised to leave expensive personal property at home. Personal media devices (e.g. phones), jewelry & expensive make-up are targets of theft. Students should never leave personal property unattended in backpacks or in the locker rooms. **PE locks should always be used!**

Technology Use Policy

Any use of a computer in a manner not approved by RJUHSD and AnHS is a violation that may result in the revocation of the use of RJUHSD technology and/or networks, or other disciplinary actions (as listed above).

Behavior Expectations

The following standards, rules, policies, and consequences have been developed and designed with the safety and welfare of the students and staff at Antelope High School in mind. Your cooperation is expected and appreciated. This handbook addresses the more common concerns and issues that might arise and should be considered a general guideline. Teachers will also present their own classroom-specific standards, expectations, and consequences that should be followed. Unique circumstances will be evaluated by the administration as they occur.

Students are expected to adhere to the standards and expectations not only during the regular school day but at all school-related functions regardless of time and location. The school may take action for any violation of school rules that occurs after the student leaves home and before arrival at home after school is dismissed. This includes incidents that occur off campus.

Student Behavior Accountability

The purpose of any disciplinary process is to correct student behavior and guide students toward making better decisions. Antelope High School staff utilizes restorative justice and progressive discipline practices to work with students to realize corrective behavior options. Students are encouraged to ask their teacher or another staff member if they need help or don't fully understand expectations. In the case a student acts in a way that does not meet the expectations of AnHS staff, students and staff will work together to correct behavior.

A violation of California Education Code or school rules may include (but are not limited to) one or more of the following consequences, depending on the severity and context of the situation (note: these are not listed in any specific order):

- Detention
- Suspension
- Expulsion
- Wednesday Morning Work Service
- Referral to Counseling
- Referral to Wellness Services
- Conference with an Administrator
- Parent Contact
- Restorative Practices
- Item Confiscation for the Day (depending on the circumstances, items may be returned to the student or parent by the end of the day)

Missed Detention Policy

- Missed 2nd detention (and beyond) – Same as 1st missed detention, and the student is assigned additional detention. *If the problem persists, the student may meet with an AP*

Right to Appeal:

Parents and students have the right to request a meeting with the school site administrator pursuant if it is felt that due process has not been followed.

No-Privileges list (aka - “No-go list”)

Students placed on the No-go list may not attend, or participate in, school activities; this includes, but is not limited to: all dances, rallies, attending sporting events as a spectator, etc. Reasons that students are placed on the no-go list includes, but is not limited to, missing detention, placement on Student Conduct, placement on Senior Conduct, suspensions, etc.

Student Conduct (grades 9th - 11th)

Student Conduct (Board Policy 6147.1) is a policy that reconfirms Antelope High School staff’s commitment to excellence in education through student accountability in the areas of academics, attendance, and discipline.

The list below describes progress expectations each AnHS students is held to, at the end of each grading period:

- **Academics:** Students with below a 2.0 GPA or more than one “F” grade will be placed on Student Conduct.

 - Hall Passes: Students who exceeds the 7 minute hall pass limit, 5 or more times, during the grading period will be placed on Student Conduct
- **Behavior:** Students with any suspension from school for any offense, or multiple disciplinary/teacher referrals, will be placed on the no-privileges list for 30 school days and/or Student Conduct (whichever ends last).

Student Conduct starts after grades are submitted for the previous grading period, and ends when the next grading period ends (~5 weeks per grading period). 9th-11th grade students are not eligible for an appeals meeting; students will be removed from Student Conduct at the end of the grading period (assuming they do not earn placement on Student Conduct during the next grading period).

Student Conduct Consequences

If a student is placed on Student Conduct for any of the above reasons, that student can not attend sporting events as a spectator.

A student may lose additional privileges if that student is placed on Student Conduct for more than one grading period during the school year; specifically, in addition to not attending sporting events as a spectator, that student may not be able to attend dances, rallies, etc.

Students placed on senior conduct will remain on conduct until:

- 1) The student demonstrates significant progress in the area of their conduct in the next quarter, **or**
- 2) The student writes an appeal to the Senior Conduct Committee with recognition of the reasons for their being placed on conduct and a plan for improving in their area of conduct. Students who write an appeal have the opportunity to be removed from student conduct and participate in school activities before the end of the quarter.

In either case, the student will remain on Senior Conduct and not be able to participate in school activities until they are notified in writing by the Senior Conduct Committee that they have been removed from Senior Conduct.

Senior Conduct Consequences

If a student is placed on Senior Conduct for any of the above reasons, that student may not attend/participate in sporting events as a spectator and/or not be able to attend other school and Senior activities (ex - dances, rallies, etc.)

All students will be issued a student ID card at the beginning of the year during registration for the purpose of checking out library materials and for entrance to school dances, as well as for student

discounts. Students should carry their ID card at all times and must identify themselves to any and all staff members (or parent volunteers) at any school upon request.

Due to safety concerns: All students must have a pass at all times when not in their assigned classroom or area.

Cell Phones and Electronic Devices

Student engagement is best without distractions. Cell phones are permitted at Antelope High School with the understanding that they are to be used only during passing periods and lunch or with specific permission from the teacher during instructional time. Any student using their cell phone and/or headphones or earbuds during class time without permission is in violation of our cell phone policy. Consequences include: student-teacher meeting, parent-student-teacher meeting, administrative conference, detentions.

Dress Code

At Roseville Joint Union High School District (RJUHSD) we value and respect all students. We believe students should come to school dressed appropriately for the educational setting. Our dress code is designed to provide equitable educational access and is written in a manner that does not reinforce stereotypes. School staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size.

Our values are:

- All students should be treated equitably regardless of gender/gender identification, sexual orientation, race, ethnicity, household income, body type/size, religion, and personal style.
- All students should feel comfortable in what they're wearing without fear of unnecessary discipline or body shaming.
- All students should understand that they are responsible for managing their own personal distractions without regulating individual students' clothing/self expression.
- Student dress code enforcement should not result in unnecessary barriers to learning.
- School staff uses student/body-positive language to explain the code and to address code violations.

General Dress Policy

Basic Principle : Certain body parts and undergarments must be covered for all students at all

times. Clothing, with opaque fabric, must cover the areas where undergarments would typically be worn. All items listed in the “must wear” and “may wear” categories below must meet this basic Principle.

Students Must Wear:

- A shirt made of opaque fabric that covers the front, back, sides and the majority of the torso (as defined by the covering of the majority of the chest and stomach region).
- Pants or the equivalent (for example, a skirt, sweatpants, leggings, a dress or shorts) that completely covers the buttocks
- Footwear

Students May Wear (as long as these items do not violate the basic principle above):

- Hats which allow the face to be visible to staff and not interfere with the line of sight of any student or staff
- Religious/cultural headwear
- Hoodies (students may be asked to remove hoods in class)
- Ripped jeans, as long as underwear and buttocks are not exposed
- Tank tops, including spaghetti straps or tube tops.

Students May Not Wear:

- Images, language, or items depicting/suggesting drugs, alcohol, vaping, or paraphernalia (or any illegal item or activity).
- Images, language, or items representing hate speech, profanity, or prejudice.
- Images, language, or items that depict weapons, violence, or gang affiliation.
- Images, language, or items with lewd, obscene, or sexually explicit/suggestive messages
- Images, language, or items that create a hostile or intimidating environment based on any protected class or marginalized groups.
- Accessories that could be considered dangerous or used as a weapon.
- Any item that obscures the face or ears (except as a religious observance or for health purposes).

Dress Code Enforcement & Consequences

To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently using the requirements below. School administration and staff will not vary the requirements in ways that lead to discriminatory enforcement. The garment that initiated the dress code violation may be held in the office until the end of the school day. Students who violate the dress code will be asked to put on their own alternative clothing, temporary school clothing, or alternative clothing delivered from home.

These dress code guidelines shall apply to regular school days and summer school days, as well as any school-related events and activities, such as graduation ceremonies, dances, and prom.

Consequences may include the following actions (in no particular order):

- Change clothing
- Parent/guardian notification
- Documentation in student information system (AERIES)
- Required check-in prior to school
- Detention assigned
- Holding garments for parents to pick up

Further disciplinary action or intervention will occur if a violation of the dress code is ongoing

Academic Honesty

At Antelope High School, we value honesty, responsibility, and doing your own best work. Academic integrity means turning in work that reflects your own thinking, effort, and learning—not someone else's. Cheating, plagiarism, or helping others cheat goes against those values and hurts everyone's learning. See [RJUHSD BP 5131.9](#) for more information on Academic Honesty.

Examples of Academic Dishonesty

- Copying answers on an assignment or test
- Allowing someone to copy your work
- Using unauthorized help (notes, phone, AI, etc.) on an assessment
- Submitting someone else's work as your own (including from the internet)
- Changing answers or submitting altered work after it's been graded

Academic Dishonesty Consequences

First Steps (Handled by Teacher):

- The teacher decides how the assignment or test will be scored.
 - Examples: score of 50%, or a score of 0% with an opportunity to retake.
- The teacher will talk with the student and notify their family.
- An official note will be made in our student system.

If the Behavior Repeats or the Violation is More Serious:

- Same academic consequences as above.
- Teacher notifies administration for support.
- Administration may assign consequences based on severity, which may include:
 - Administrative warning
 - Detention
 - Placement on the no-privileges list (excludes events like dances, rallies, etc.)

Public Displays of Affection

Passionate embracing or kissing, and other intimate gestures are not considered appropriate on campus. Students will be asked to stop. Repeated violations may result in parent/guardian contact.

Bullying

Effective March 22, 2011, Roseville Joint Union High School District adopted board policy 5131.4 to specifically address bullying prevention. This district will not tolerate behavior related to school activity or attendance that infringes on the safety of any student. A student shall not intimidate or harass another student through words or actions. Such behavior includes direct physical contact such as hitting or shoving, verbal assault such as teasing or name-calling, social isolation or manipulation, and cyberbullying. Students who engage in bullying related to school activity or attendance are in violation of this policy and are subject to corrective and/or disciplinary action up to and including expulsion. For complete information, you may go to the district website at www.rjuhsd.us to view the entire policy.

Hazing

Hazing is strictly prohibited. "Hazing" includes any method of initiation into a student organization or student body or activity engaged in with respect to these organizations that causes, or is likely to cause, bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm. Violation of this policy will result in a 3-5 day home suspension and possible referral to law enforcement and recommendation for expulsion.

Unauthorized Presence on Another Campus

All students are to be present on the campus in which they are enrolled. Only in unusual, pre-arranged, and pre-approved circumstances would students visit another campus in the school district during school hours. If approved, the student is required to register as a visitor in the main office of that school. Students who do not abide by this regulation may be suspended. Students must identify themselves upon request while visiting any other school.

Unlawful Harassment

The Roseville Joint Union High School District is committed to providing an educational environment free of unlawful or offensive harassment. The District's anti-harassment policy applies to all persons involved in the district's educational environment and prohibits unlawful harassment by any student or any employee of the District. Violation of this policy by a student may result in discipline, up to and including suspension or expulsion, depending on the nature and seriousness of the violation.

Unlawful harassment because of gender, race, ancestry, physical or mental disability, or age includes, but is not limited to:

1. Verbal conduct such as derogatory comments.
2. Visual conduct.
3. Physical conduct such as assault, unwanted touching, or blocking of normal movement.
4. Retaliation for having reported or threatened to report harassment.

The District encourages all individuals to report any incidents of harassment forbidden by this policy immediately so that complaints can be resolved quickly and fairly. If an individual thinks he or she is being unlawfully harassed, the individual should notify an administrator, counselor, teacher, nurse, or other staff member. To file a complaint, the individual should provide details of the incident(s), the names of the individuals involved, and the names of any witnesses. The complaint should be, but is not required, to be in writing.

Thefts and Vandalism

Antelope High School and the Roseville Joint Union High School District are not responsible for lost or stolen property. All incidents of tampering with personal or school property should be reported to the Assistant Principals' Office. Students responsible for such behavior will be subject to disciplinary action, restitution, and referral to the police.

Alcohol, Drugs, and Other Controlled Substances

Students may not use, be under the influence of, buy, sell, or give intoxicants or dangerous drugs to others. Violation of this rule results in corrective and disciplinary action, which may range from counseling, suspension, or possible expulsion from the school district. If the final disposition is reinstatement on this campus, students may be barred from participation in school-related activities.

Tobacco: Antelope High School facilities have been designated as tobacco-free.

- State law prohibits the use of tobacco and nicotine products at any time in a county office of education (COE), charter school, or school district-owned or leased buildings, on school or district property, and in school or district vehicles.
- State law prohibits the use of electronic cigarettes by students on school campuses or while under the supervision of school district employees (this prohibition already exists for smoking and use of tobacco products).
- Students who are in possession of and/or caught using any nicotine or tobacco products, up to and including electronic cigarettes and Vape pens will receive corrective administrative consequences and possible law enforcement citation.

Weapons

Firearms, knives, explosives, fireworks, wallet chains, and other instruments considered dangerous and "of no practical use", may not be brought onto campus. Penalties are severe and will range from suspension to expulsion from the school district and possible arrest.

It is against the law to bring imitation or spring-powered/gas-powered weapons on school campuses (EC 48901.5). Generally, these are B-B, air-soft or pellet guns or replicas of real weapons. Students who bring imitation weapons on campus are subject to the same penalties listed above.

Traffic, Transportation, and Parking

Students driving on campus are subject to the same laws governing the roads and highways. Laws pertaining to reckless driving, exhibition of speed, mechanical violations, registration, and parking are applicable to all vehicles in the parking lot. Any law enforcement officer is authorized to patrol and

cite. Pedestrians have the right-of-way. The campus maximum speed limit is 10 m.p.h. Vehicles may not be driven through campus. Students found operating their vehicles in an unsafe or reckless manner (including exceeding the 10 m.p.h. limit) may be cited by law enforcement and/or referred to an Assistant Principal and may lose their parking privileges on campus.

Alternatives

If parking is not available, students are encouraged to work with their parents to find alternative means of transportation. Public streets are not officially part of RJUHSD or AnHS property, thus, if parking on public streets, students are expected to adhere to standards of civility, including safe driving, polite interactions with homeowners, appropriate language, and leaving no litter; additionally, students are subject to all traffic laws.

Bicycles/Skateboards/Scooters

These items are not to be in classroom areas or buildings. They should be parked and **locked** in the designated area. The school is not responsible for vandalism or theft; however, report all thefts/vandalism to the Assistant Principals. No loitering in the bike racks area.

Parking & Parking Permits

A parking permit is required to park at AnHS. Administration recommends getting a parking permit and parking in the AnHS student parking lot to avoid neighborhood congestion. To receive a parking permit the vehicle must be registered with the school. Students will find information on the [school website](#). You will need:

- A copy of your driver's license
- Proof of insurance.

The parking permit must be current for the school year and displayed in plain view on the backside of the inside rearview mirror. Parking in the following locations is prohibited:

1. Staff Only areas
2. Visitors parking area
3. Painted curbs (red, yellow, green)
4. Fire lanes
5. Handicapped (unless you have a permit)
6. Any area outside of a designated parking space

Parking and/or parking lot infractions may result in detention, fines, and/or loss of parking privilege.

Emergency Response

It is the responsibility of the teacher and school administration to explain, and review specific procedures students must follow in the event of a crisis. Each classroom has a Crisis Response binder that outlines these procedures and will be reviewed by teachers at the beginning of each term. The school will participate in drills periodically throughout the school year to help students familiarize themselves with emergency bells and tones and important, potentially life-saving procedures.

Types of Crises

1. Hold - All buildings and classrooms are locked; Conduct business as usual.
2. Secure - Everyone indoors; All buildings and classrooms are locked; Increase situational awareness; Conduct business as usual.
3. Lockdown – All buildings and classrooms are locked; students follow teacher directions; get away from windows, remain silent, and wait for instructions from administration.
4. Evacuation – Students exit buildings to the soccer field or football field depending on their class location; under rare circumstances, students may be evacuated to an alternate location.
5. Shelter-in-Place – All students remain indoors but teachers can conduct business as usual; no students are released from classrooms for any reason.

General Student Responsibilities

- Obey all directions from the teacher.
- Exit the building (if necessary) in an orderly, single-file line.

Parent Participation

AnHS Parent Club Association

This organization has been established to encourage and develop student, parent, and community participation in and support of student opportunities in academics, activities, arts, and athletics. The

primary purpose of this Association is to benefit students attending Antelope High School by raising and contributing funds to be used for educational, athletic, extra-curricular, and arts activities. The Association shall also promote community support and awareness of the various educational, athletic, and extra-curricular events, programs, and activities at Antelope High School. If you are interested in supporting the Antelope Parent Boosters in any way please call 726-1400, or write to the Antelope High Parent Boosters, 7801 Titan Way, Antelope, CA 95843.

Student Safety

Philosophy

Students at Antelope High have a right to attend a school that is safe, orderly, and secure. It is the intent of all staff that our school is free from physical and psychological harm. The goals of the policy related to student behavior are to maintain order and decorum in the school, to educate our youth, to observe accepted rules of conduct, and to develop self-discipline while simultaneously protecting the rights of others. A clear understanding of our standards and expectations and the Safe Schools Plan will assist students in making responsible decisions. When the student's self-discipline fails to protect the rights of others and/or the basic welfare of the individual student, the school shall intervene and impose necessary restorative and/or disciplinary action as a consequence for the student's behavior and to promote change in the student's future decisions.

Student / Teacher Concerns

If a student or parent has a concern about a class or teacher, the counselor and/or administrator will suggest the following:

1. At the first sign of difficulty, the student will contact the teacher. This will make the teacher aware of the student's concerns or frustrations and will facilitate getting additional help from the teacher.
2. If the student feels he/she has tried the suggestions of the teacher, a parent conference should be scheduled. This can be done by contacting the teacher either by phone or email (easily accessed via our school website). The purpose is to determine what the teacher, parent, and student can do to help the student perform better in the class.

If the student and teacher have both tried to improve the student's progress in the class and concerns still exist, the parents can appeal for an administrative review with an assistant principal. The assistant principal will then meet with the parent, student, teacher, and counselor to assess the situation to determine if further action is warranted. This process is designed with the intent of placing responsibility on the student. If necessary, parent and teacher conferences will improve communication and set a more positive learning environment for the student.

Titan Time (Intervention) Schedule

We have an Embedded Intervention schedule during the school day on Wednesdays to advance learning for all students, particularly those struggling. The scheduled Titan Time will be directly following class each period on Wednesdays, giving students academic time built into the school day to work with their teachers and/or tutors on closing learning gaps with the essential skills in their courses.

A pupil fee includes a purchase that a pupil is required to make to obtain materials, supplies,

equipment, or clothes associated with an educational activity.

A pupil fees complaint may be filed with the principal of a school or with our superintendent or

their designee. A pupil fees complaint may be filed anonymously, that is, without an identifying

signature, if the complaint provides evidence or information leading to evidence to support an

allegation of noncompliance.

For complaints relating to Local Control and Accountability Plans (LCAP), the date of the alleged violation is the date when the reviewing authority approves the LCAP or annual update that we adopted. An LCAP complaint may be filed anonymously, that is, without an identifying signature, if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance.

We advise complainants of the right to pursue civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may also be available to complainants.

Investigating UCP Complaints

The UCP complaint investigation is our administrative process for the purpose of gathering data regarding the complaint. We provide an opportunity for complainants and/or representatives to present evidence or information.

Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the n or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegations.

Refusal by the Roseville Joint Union High School District to provide the investigator with access to records and/or other information related to the allegation in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

We ensure that complainants are protected from retaliation. We investigate all allegations of

unlawful discrimination, harassment, intimidation or bullying against any protected group. Unlawful discrimination, harassment, intimidation or bullying complaints shall be filed no later than six months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or six months from the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

UCP Complaint Resolution

We will thoroughly investigate the UCP complaint and issue a written Investigation Report to the

complainant within 60 calendar days from the date of the receipt of the complaint unless the

complainant agrees in writing to an extension of time. This Investigation Report will contain the

following elements:

1. The findings of fact based on the evidence gathered;
2. A conclusion that provides a clear determination for each allegation as to whether we are in compliance with the relevant law;
3. Corrective actions if we find merit in a complaint:

For complaints regarding Pupil Fees; LCAP; Physical Education Instructional Minutes, or Course Periods without Educational Content, the remedy shall go to all affected pupils, parents, and guardians,

For all other complaints within the scope of the Uniform Complaint Procedures the remedy shall go to the affected pupil,

With respect to a Pupil Fees complaint, corrective actions shall include reasonable efforts to ensure full reimbursement to all pupils, parents and guardians who paid a pupil fee within one year prior to the filing of the complaint;

4. A notice of the complainant's right to appeal our Investigation Report to the Department of Education (CDE); and
5. The procedures to be followed for initiating an appeal to the CDE.

The report shall include the number of complaints by general subject area with the number of resolved and unresolved complaints.

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is acceptable to all parties. ADR such as mediation may be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. Mediation

Within three business days after receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation to resolve the complaint. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with an investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed upon through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

Investigation of Complaint

Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The compliance officer shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform the parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination, harassment, intimidation, or bullying, the compliance officer shall interview the alleged victim(s), any alleged offender(s), and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Refusal by the district to provide the investigator with access to records and/or information related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

3. Corrective action(s) whenever the district finds merit in the complaint, including, when required by law, a remedy to all affected students and parents/guardians and, for a student fees complaint, a remedy that complies with Education Code 49013 and 5 CCR 4600.
4. Notice of the complainant's right to appeal the district's investigation report to CDE, except when the district has used the UCP to address a complaint not specified in 5 CCR 4610.

In consultation with district legal counsel, information about the relevant part of an investigation report may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the investigation report or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination, harassment, intimidation, or bullying, notice of the investigation report to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination, harassment, intimidation, or bullying, that the district does not tolerate it, and how to report and respond to it.

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person.

However, if a complaint alleging noncompliance with the law regarding student fees, deposits, and other charges, physical education instructional minutes, courses without educational content, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. 3. Methods for promoting a positive school climate that enhances students' feelings of connectedness with the school and that is characterized by caring staff and harmonious interrelationships among students
4. The provision of information to parents/guardians regarding risk factors and warning signs of suicide, the severity of the youth suicide problem, the district's suicide prevention curriculum, basic steps for helping suicidal youth, and/or school and community resources that can help youth in crisis

Whenever a staff member suspects or has knowledge of a student's suicidal intentions based on the student's verbalizations or act of self-harm, the staff member shall promptly notify the principal or school counselor, who shall implement district intervention protocols as appropriate.
 1. Although any personal information that a student disclosed to a school counselor shall generally not be revealed, released, reference, or discussed with third parties, the counselor may report to the principal or student's parents/guardians when there is a reasonable cause to believe that disclosure is necessary to avert a clear and present danger to the health, safety, or welfare of the student or others within the school community. In addition, the counselor may disclose information of a personal nature to psychotherapists, other health care providers, or the school nurse for the sole purpose of referring the student for treatment.  4. Removing other students from the immediate area as soon as possible
 5. The principal or designee shall document the incident in writing, including the steps that the school took in response to the suicide attempt or threat.

If follow up care is still not provided, the Superintendent or designee shall consider whether it is necessary, pursuant to laws for mandated reporters of child neglect, to refer the matter to the local child protective services agency.
7. For any student returning to school after a mental health crisis, the principal or designee and/or school counselor may meet with the parents/guardians and, if appropriate, with the student to discuss re-entry and appropriate next steps to ensure the student's readiness for return to school and determine the need for ongoing support.

(Education Code 215)

The Board shall review, and update as necessary, this policy at least every five years. (Education Code 215)

Board Policy 5145.3 – Nondiscrimination/Harassment

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school and to all acts of the Governing Board and the Superintendent in enacting policies and procedures that govern the district.

The Board desires to provide a welcoming, safe and supportive school environment that allows all students equal access and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying targeted at any student by anyone based on the student's actual or perceived race, color, ancestry, national origin, immigration status, ethnicity, ethnic group identification, age, religion, marital status, parental status, pregnancy, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, medical information, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

Because unlawful discrimination may occur when disciplining students, including suspension and expulsion, the Superintendent or designee shall ensure that staff enforce discipline rules fairly, consistently and in a non-discriminatory manner, as specified in Board Policy and Administrative Regulation 5144 – Discipline, Board Policy and Administrative Regulation 5144.1 – Suspension and Expulsion/Due Process, and Administrative Regulation 5144.2 – Suspension and Expulsion/Due Process (Students With Disabilities).

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's website in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation. (Education Code 234.1, 234.6)

He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, bullying, or retaliation in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 4900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, bullying, or retaliation shall be subject to disciplinary action, up to and including dismissal.

All allegations of unlawful discrimination in district programs and activities shall be brought, investigated, and resolved in accordance with Board Policy 1312.3 - Uniform Complaint Procedures.

Recordkeeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools.

The notice shall also inform all students and parents/guardians that, to the extent possible, the district will address any individual student's interests and concerns in private.
8. The Superintendent or designee shall ensure that students and parents/guardians, including those with limited English proficiency, are notified of how to access the relevant information provided in the district's nondiscrimination policy and related complaint procedures, notices, and forms in a language they can understand.

Issues Unique to Intersex, Nonbinary, Transgender and Gender-Nonconforming Students

Gender identity of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense of his/her gender, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the person's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether or not stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Transgender student means a student whose gender identity is different from the gender he/she was assigned at birth.

Intersex student means a student with natural bodily variations in anatomy, hormones, chromosomes, and other traits that differ from expectations generally associated with female and male bodies.

Nonbinary student means a student whose gender identity falls outside of the traditional conception of strictly either female or male, regardless of whether or not the student identifies as transgender, was born with intersex traits, uses gender-neutral pronouns, or uses a gender, genderqueer, pangender, gender nonconforming, gender variant, or such other more specific term to describe their gender.

Regardless of whether they are sexual in nature, acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment are prohibited. Examples of the types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with his/her gender identity
2. Disciplining or disparaging a student or excluding him/her from participating in activities for behavior or appearance that is consistent with his/her gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable
3. Blocking a student's entry to the restroom that corresponds to his/her gender identity
4. Taunting a student because he/she participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information, without the student's consent
6. Use of gender-specific slurs

7. Physical assault of a student motivated by hostility toward him/her because of his/her gender, gender identity, or gender expression

Examples of bases for complaints include, but are not limited to, the above list, as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's transgender status, discriminatory enforcement of a dress code, and other instances of gender-based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student's transgender or gender-nonconforming status is his/her private information and the district shall only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In any case, the district shall only allow disclosure of a student's personally identifiable information to employees with a legitimate educational interest as determined by the district pursuant to 34 CFR 99.31.

Any district employee to whom a student's transgender or gender-nonconforming status is disclosed shall keep the student's information confidential. When disclosure of a student's gender identity is made to a district employee by a student, the employee shall seek the student's permission to notify the compliance officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless he/she is required to disclose or report the student's information pursuant to this administrative regulation, and shall inform the student that student's request may limit the district's ability to meet the student's needs related to his/hers status as a transgender or gender-nonconforming student. If the student permits the employee to notify the compliance officer, the employee shall do so within three school days.

As appropriate given the student's need for support, the compliance officer may discuss with the student any need to disclose the student's transgender or gender-nonconformity status or gender identity or gender expression to his/her parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

2. Determining a Student's Gender Identity: The compliance officer shall accept the student's assertion of his/her gender identity and begin to treat the student consistent with his/her gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose.
3. Addressing a Student's Transition Needs: The compliance officer shall arrange a meeting with the student and, if appropriate, his/her parents/guardians to identify and to develop strategies for ensuring that the student's access to education programs and activities is maintained. The meeting shall discuss the transgender or gender-nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the compliance officer shall identify specific school site employee(s) to whom the student may report any problem related to his/her status as a transgender or gender-nonconforming individual, so that prompt action could be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting his/her educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.
4. Accessibility to Sex-segregated Facilities, Programs, and Activities: When the district maintains sex-segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity.

To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, access to a staff member's office, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because he/she is transgender or gender-nonconforming.

In addition, a student shall be permitted to participate in accordance with his/her gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with his/her gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.

5. Student Records: Upon each student's enrollment, the district is required to maintain a mandatory permanent student record (official record) that includes the student's gender and legal name.

A student's legal name as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed with proper documentation. A student's gender as entered on the student's official record required pursuant to 5 CCR 432 shall only be changed with written authorization of a parent/guardian having legal custody of the student. (Education Code 49061)

However, when proper documentation or authorization, as applicable, is not submitted with a request to change a student's legal name or gender, any change to the student's record shall be limited to the student's unofficial records such as attendance sheets, report cards, and school identification.

6. Names and Pronouns: If a student so chooses, district personnel shall be required to address the student by a name and the pronouns consistent with his/her gender identity, without the necessity of a court order or a change to his/her official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.
7. Uniforms/Dress Code: A student has the right to dress in a manner consistent with his/her gender identity, subject to any dress code adopted on a school site.

Board Policy 5145.7 – Sex Discrimination & Sex-Based Harassment

The Board of Trustees is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits sexual harassment of students at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against any person who files a complaint, testifies, or otherwise participates in district complaint processes.

The district strongly encourages students who feel that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 5145.71 - Title IX Sexual Harassment Complaint Procedures or BP/AR 1312.3 Uniform Complaint Procedures, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 5145.71 concurrently meets the requirements of BP/AR 1312.3.

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications,

publishing it on the district's web site, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment
3. Encouragement to report observed instances of sexual harassment, even where the victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation

Disciplinary Actions

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Confidentiality and Record-Keeping

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

In accordance with law and district policies and regulations, the Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

School-Level Complaint Process/Grievance Procedure

Complaints of sexual harassment, or any behavior prohibited by the district's Nondiscrimination/Harassment policy - BP 5145.3, shall be handled in accordance with the following procedure:

1. **Notice and Receipt of Complaint:** Any student who believes he/she has been subjected to sexual harassment or who has witnessed sexual harassment may file a complaint with any school employee. Within 24 hours of receiving a complaint, the school employee shall report it to the principal or principal's designee. In addition, any school employee who observes any incident of sexual harassment involving a student shall, within 24 hours, report this observation to the principal or principal's designee, whether or not the victim files a complaint.

In any case of sexual harassment involving the principal or principal's designee to whom the complaint would ordinarily be made, the employee who receives the student's report or who observes the incident shall instead report to the Superintendent or designee.

2. **Initiation of Investigation:** The principal or principal's designee shall initiate an impartial investigation of an allegation of sexual harassment within five school days of receiving notice of the harassing behavior, regardless of whether a formal complaint has been filed. The district shall be considered to have "notice" of the need for an investigation upon receipt of information from a student who believes he/she has been subjected to harassment, the student's parent/guardian, and an employee who received a complaint from a student, or any employee or student who witnessed the behavior.

If the principal or principal's designee receives an anonymous complaint or media report about alleged sexual harassment, he/she shall determine whether it is reasonable to pursue an investigation considering the specificity and reliability of the information, the seriousness of the alleged incident, and whether any individuals can be identified who were subjected to the alleged harassment.

3. **Initial Interview with Student:** When a student or parent/guardian has complained or provided information about sexual harassment, the principal or principal's designee shall describe the district's grievance procedure and discuss what actions are being sought by the student in response to the complaint. The student who is complaining shall have an opportunity to describe the incident, identify witnesses who may have relevant information, provide other evidence of the harassment, and put his/her complaint in writing. If the student requests confidentiality, he/she shall be informed that such a request may limit the district's ability to investigate.
4. **Investigation Process:** The principal or principal's designee shall keep the complaint and allegation confidential, except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

The principal or principal's designee shall interview individuals who are relevant to the investigation, including, but not limited to, the student who is complaining, the person accused of harassment, anyone who witnessed the reported harassment, and anyone mentioned as having relevant information. The principal or principal's designee may take other steps such as reviewing any records, notes, or statements related to the harassment or visiting the location where the harassment is alleged to have taken place.

When necessary to carry out his/her investigation or to protect student safety, the principal or principal's designee also may discuss the complaint with the Superintendent or designee, the parent/guardian of the student who complained, the parent/guardian of the alleged harasser if the alleged harasser is a student, a teacher or staff member whose knowledge of the students involved may help in determining who is telling the truth, law enforcement and/or child protective services, and district legal counsel or the district's risk manager.

5. **Interim Measures:** The principal or principal's designee shall determine whether interim measures are necessary during and pending the results of the investigation, such

as placing students in separate classes or transferring a student to a class taught by a different teacher.

6. **Optional Mediation:** In cases of student-on-student harassment, when the student who complained and the alleged harasser so agree, the principal or principal's designee may arrange for them to resolve the complaint informally with the help of a counselor, teacher, administrator, or trained mediator. The student who complained shall never be asked to work out the problem directly with the accused person unless such help is provided and both parties agree, and he/she shall be advised of the right to end the informal process at any time.
7. **Factors in Reaching a Determination:** In reaching a decision about the complaint, the principal or principal's designee may take into account:
 1. Statements made by the persons identified above
 2. The details and consistency of each person's account
 3. Evidence of how the complaining student reacted to the incident
 4. Evidence of any past instances of harassment by the alleged harasser
 5. Evidence of any past harassment complaints that were found to be untrue
8. **To judge the severity of the harassment, the principal or principal's designee may take into consideration:**
 1. How the misconduct affected one or more students' education
 2. The type, frequency, and duration of the misconduct
 3. The identity, age, and sex of the harasser and the student who complained, and the relationship between them
 4. The number of persons engaged in the harassing conduct and at whom the harassment was directed
 5. The size of the school, location of the incidents, and context in which they occurred
 6. Other incidents at the school involving different students
9. **Written Report on Findings and Follow-Up:** No more than 30 days after receiving the complaint, the principal or principal's designee shall conclude the investigation and prepare a written report of his/her findings. This timeline may be extended for good cause. If an extension is needed, the principal or principal's designee shall notify the student who complained and explain the reasons for the extension.

The report shall include the decision and the reasons for the decision and shall summarize the steps taken during the investigation. If it is determined that harassment occurred, the report shall also include any corrective actions that have or will be taken to address the harassment and prevent any retaliation or further harassment. This report shall be presented to the student who complained, the person accused, the parents/guardians of the student who complained and the student who was accused, and the Superintendent or designee.

In addition, the principal or principal's designee shall ensure that the harassed student and his/her parent/guardian are informed of the procedures for reporting any subsequent problems. The principal or principal's designee shall make follow-up inquiries to see if there have been any new incidents or retaliation and shall keep a record of this information.

Enforcement of District Policy

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy. As needed, these actions may include any of the following:

1. Removing vulgar or offending graffiti
2. Providing training to students, staff, and parents/guardians about how to recognize harassment and how to respond
3. Disseminating and/or summarizing the district's policy and regulation regarding sexual harassment
4. Consistent with the laws regarding the confidentiality of student and personnel records, communicating the school's response to parents/guardians and the community
5. Taking appropriate disciplinary action

In addition, disciplinary measures may be taken against any person who is found to have made a complaint of sexual harassment which he/she knew was not true.

Notifications

A copy of the district's sexual harassment policy and regulation shall:

1. Be included in the notifications that are sent to parents/guardians at the beginning of each school year (Education Code 48980; 5 CCR 4917)
2. Be displayed in a prominent location in the main administrative building or other area where notices of district rules, regulations, procedures, and standards of conduct are posted, including school web sites (Education Code 231.5)
3. Be summarized on a poster which shall be prominently and conspicuously displayed in each bathroom and locker room at each school. The poster may be displayed in public areas that are accessible to and frequented by students, including, but not limited to, classrooms, hallways, gymnasiums, auditoriums, and cafeterias. The poster shall display the rules and procedures for reporting a charge of sexual harassment; the name, phone number, and email address of an appropriate school employee to contact to report a charge of sexual harassment; the rights of the reporting student, the complainant, and the respondent; and the responsibilities of the school. (Education Code 231.6)
4. Be posted in a prominent location on the district's web site in a manner that is easily accessible to parents/guardians and students. This shall include the name or title, office address, email address, and telephone number of the employee(s) designated as the district's Title IX Coordinator. (Education Code 234.6; 34 CFR 106.8)
5. Be provided as part of any orientation program conducted for new and continuing students at the beginning of each quarter, semester, or summer session (Education Code 231.5)
6. Appear in any school or district publication that sets forth the school's or district's comprehensive rules, regulations, procedures, and standards of conduct (Education Code 231.5)
7. Be included in any handbook provided to students, parents/guardians, employees, or employee organizations (34 CFR 106.8)

The Superintendent or designee shall also post the definition of sex discrimination and harassment as described in Education Code 230, including the rights set forth in Education Code 221.8, in a prominent location on the district's web site in a manner that is easily accessible to parents/guardians and students. (Education Code 234.6)

Reporting Complaints

A student or parent/guardian who believes that the student has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to a teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Within one school day of receiving such a report, the principal or other school employee shall forward the report to the district's Title IX Coordinator. Any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report the observation to the principal or Title IX Coordinator, regardless of whether the alleged victim files a formal complaint.

When a report or complaint of sexual harassment involves off-campus conduct, the Title IX Coordinator shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If the Title IX Coordinator determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

When a verbal or informal report of sexual harassment is submitted, the Title IX Coordinator shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with applicable district complaint procedures.

Complaint Procedures

All complaints of sexual harassment by and against students shall be investigated and resolved in accordance with law and district procedures. The Title IX Coordinator shall review the allegations to determine the applicable procedure for responding to the complaint. All complaints that meet the definition of sexual harassment under Title IX shall be investigated and resolved in accordance with AR 5145.71 - Title IX Sexual Harassment Complaint Procedures. Other sexual harassment complaints shall be investigated and resolved pursuant to AR 1312.3 - Uniform Complaint Procedures.

If Sexual harassment is found following an investigation, the Title IX Coordinator, or designee in consultation with the Coordinator, shall take prompt action to stop the sexual harassment, prevent recurrence, implement remedies, and address any continuing effects.

Administrative Regulation 5145.71 – Title IX Sex Discrimination & Sex-Based Harassment Complaint Procedures

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a student was subjected to one or more of the following forms of sexual harassment: (34 CFR 106.30)

1. A district employee conditioning the provision of a district aid, benefit, or service on the student's participation in unwelcome sexual conduct
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the district's education program or activity
3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291

All other sexual harassment complaints or allegations brought by or on behalf of students shall be investigated and resolved in accordance with BP/AR 1312.3 - Uniform Complaint Procedures. The determination of whether the allegations meet the definition of sexual harassment under Title IX shall be made by the district Title IX Coordinator.

Because the complainant has a right to pursue a complaint under BP/AR 1312.3 for any allegation that is dismissed or denied under the Title IX complaint procedure, the Title IX Coordinator shall ensure that all requirements and timelines for BP/AR 1312.3 are concurrently met while implementing the Title IX procedure.

Reporting Allegations/Filing a Formal Complaint

A student who is the alleged victim of sexual harassment or the student's parent/guardian may submit a report of sexual harassment to the district's Title IX Coordinator using the contact information listed in AR 5145.7-Sexual Harassment or to any other available school employee, who shall forward the report to the Title IX Coordinator within one day of receiving the report.

Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the right to file a formal complaint and the process for filing a formal complaint. (34 CFR

106.44)

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations when a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations, including as part of the district's obligation to not be deliberately indifferent to known allegations of sexual harassment. In such cases, the Title IX Coordinator shall provide the alleged victim notices as required by the Title IX regulations at specific points in the complaint process.

The Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants correspondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

Supportive Measures

Upon receipt of a report of Title IX sexual harassment, even if a formal complaint is not filed, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures, which are nondisciplinary, nonpunitive, and do not unreasonably burden the other party. Such measures may include, but are not limited to, counseling, course-related adjustments, modifications of class schedules, mutual restrictions on contact, increased security, and monitoring of certain areas of the campus. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

Emergency Removal from School

On an emergency basis, the district may remove a student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in 34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint that did not occur in the district's education program or activity or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer enrolled or employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly, and simultaneously to the parties, send written notice of the dismissal and the reasons for the dismissal. (34 CFR 106.45)

If a complaint is dismissed on the grounds that the alleged conduct does not constitute sexual harassment as defined in 34 CFR 106.30, the conduct may still be addressed pursuant to BP/AR 1312.3 - Uniform Complaint Procedures as applicable.

Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process
3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student

Written Notice

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process
2. The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview.

If, during the course of the investigation, the district investigates allegations about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.

3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process
4. The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence
5. The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process

The above notice shall also include the name of the investigator, facilitator of an informal process, and decision-maker and shall provide either party with no less than three calendar days to raise concerns of conflict of interest or bias regarding any of these persons.

Investigative Procedures

During the investigation process, the district shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence
2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence
3. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney
4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding, although the district may establish

restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties

5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate
6. Send in an electronic format or hard copy to both parties and their advisors, if any, the evidence that is directly related to the allegations raised in the complaint, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report
7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness
8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response
9. After sending the investigative report to the parties and before reaching a determination regarding responsibility, afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

Written Decision

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

After the investigative report has been sent to the parties but before reaching a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint.

The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the district shall use the "preponderance of the evidence" standard for all formal complaints of sexual harassment. The same standard of evidence shall be used for formal complaints against students as for complaints against employees. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

1. Identification of the allegations potentially constituting sexual harassment as defined in 34 CFR 106.30
2. A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the grievance process. Findings of fact supporting the determination
3. Conclusions regarding the application of the district's code of conduct to the facts
4. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's educational program or activity will be provided by the district to the complainant
5. The district's procedures and permissible bases for the complainant and respondent to appeal

Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties
2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator
3. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome
4. Issue a written decision describing the result of the appeal and the rationale for the result
5. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the determination, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered. Either party has the right to file a complaint with the

U.S. Department of Education's Office for Civil Rights.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

The district's decision may be appealed to the California Department of Education within 30 days of the written decision in accordance with BP/AR 1312.3.

The district shall make such training materials publicly available on its web site, or if the district does not maintain a web site, available upon request by members of the public.

Board Policy 5146 – Married/Pregnant/Parenting Students

The Governing Board recognizes that responsibilities related to marriage, pregnancy, or parenting and related responsibilities may disrupt a student's education and increase the chance of a student dropping out of school. The Board therefore desires to support married, pregnant, and parenting students to continue their education, attain strong academic and parenting skills, and promote the healthy development of their children.

The district shall not exclude or deny any student from any educational program or activity, including any class or extracurricular activity, solely on the basis of the student's pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery. In addition, the district shall not adopt any rule concerning a student's actual or potential parental, family, or marital status that treats students differently on the basis of sex. (Education Code 221.51, 230; 5 CCR 4950; 34 CFR 106.40)

The Superintendent or designee shall annually notify parents/guardians at the beginning of the school year of the rights and options available to pregnant and parenting students under the law. (Education Code 222.5, 48980)

A student's participation in such programs shall be voluntary. (Education Code 221.51; 5 CCR 4950)

If required for students with any other temporary disabling condition, the Superintendent or designee may require a student, based on pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery, to obtain certification from a physician or nurse practitioner indicating that the student is physically and emotionally able to continue participation in the regular education program or activity. (Education Code 221.51; 5 CCR 4950; 34 CFR 106.40) To the extent feasible, the district shall provide educational and related support services, either directly or in collaboration with community agencies and organizations, to meet the needs of pregnant and parenting students and their children. to allow the pregnant or parenting student to care for and bond with the infant. Such leave may be taken before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. The Superintendent or designee may grant parental leave beyond eight weeks if deemed medically necessary by the student's physician. (Education Code 46015; 34 CFR 106.40)

(28 CFR 35.108)

Mental impairment means any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. (28 CFR 35.108)

Substantially limits major life activities means limiting a person's ability to perform functions such as caring for himself/herself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working. Major life activities also includes major

bodily functions such as functions of the immune system, normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

Substantially limits major life activities means limiting a person's ability to perform functions, as compared to most people in the general population, such as caring for himself/herself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, writing, communicating, and working. Major life activities also includes major bodily functions such as functions of the immune system, special sense organs and skin, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions, as well as the operation of an individual organ within a body system. The determination of whether an impairment substantially limits a student's major life activities shall be made without regard to the ameliorative effects of mitigating measures other than ordinary eyeglasses or contact lenses. Mitigating measures are measures that an individual may use to eliminate or reduce the effects of an impairment, including, but not limited to, medications, medical supplies or equipment, prosthetic devices, assistive devices, reasonable modifications or auxiliary aids or services, learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy. (42 USC 12102; 28 CFR 35.108)

Referral, Identification, and Evaluation

Any action or decision to be taken by the district involving the referral, identification, or evaluation of a student with disabilities shall be in accordance with the following procedures:

1. A parent/guardian, teacher, other school employee, student success team, or community agency may refer a student to his/her school for identification as a student with a disability under Section 504.
2. Upon receipt of any such referral, the principal, student's counselor, 504 coordinator or other qualified individual with expertise in the area of the student's suspected disability shall consider the referral and determine whether an evaluation is appropriate. This determination shall be based on a review of the student's school records, including those in academic and nonacademic areas of the school program; consultation with the student's teacher(s), other professionals, and the parent/guardian, as appropriate; and analysis of the student's needs.

If it is determined that an evaluation is unnecessary, the principal or 504 coordinator or student's counselor shall inform the parents/guardians in writing of this decision and of the procedural safeguards available, as described in the "Procedural Safeguards" section below.

3. If it is determined that the student needs or is believed to need special education or related services under Section 504, the district shall conduct an evaluation of the student prior to his/her initial placement. (34 CFR 104.35)

Prior to administering tests to a student as part of an initial evaluation of a student for eligibility under Section 504, the district shall obtain parent/guardian consent.

The district's evaluation procedures shall ensure that the tests and other evaluation materials: (34 CFR 104.35)

- a. Have been validated and are administered by trained personnel in conformance with the instruction provided by the test publishers
- b. Are tailored to assess specific areas of educational need and are not merely designed to provide a single general intelligence quotient
- c. Reflect the student's aptitude or achievement or whatever else the tests purport to measure rather than his/her impaired sensory, manual, or speaking skills, except where those skills are the factors that the tests purport to measure

Section 504 Services Plan and Placement

Services and placement decisions for students with disabilities shall be determined as follows:

1. A 504 team shall be convened to review the evaluation data in order to make placement decisions.

The 504 team shall consist of a group of persons knowledgeable about the student, the meaning of the evaluation data, and the placement options. (34 CFR 104.35)

In interpreting evaluation data and making placement decisions, the team shall draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior. The team shall also ensure that information obtained from all such sources is documented and carefully considered and that the placement decision is made in conformity with 34 CFR 104.34. (34 CFR 104.35)

2. If, upon evaluation, a student is determined to be eligible for services under Section 504, the team shall meet to develop a written 504 services plan which shall specify

which, if any regular or special education services, accommodations, and supplementary aids and services are necessary to ensure that the student receives FAPE.

The parents/guardians shall be invited to participate in the meeting and shall be given an opportunity to examine all relevant records.

3. If the 504 team determines that no services are necessary for the student, the record of the team's meeting shall reflect whether or not the student has been identified as a disabled person under Section 504 and shall state the basis for the determination that no special services are presently needed. The student's parent/guardian shall be informed in writing of his/her rights and procedural safeguards, as described in the "Procedural Safeguards" section below.
4. The student shall be placed in the regular educational environment, unless the district can demonstrate that the education of the student in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. The student shall be educated with those who are not disabled to the maximum extent appropriate to his/her individual needs. (34 CFR 104.34)
5. The district shall complete the identification, evaluation, and placement process within a reasonable time frame.
6. A copy of the student's Section 504 services plan shall be kept in his/her student record. The student's teacher(s) and any other staff who provide services to the student shall be informed of the plan's requirements. If a student transfers to another school within the district, the principal or designee at the school from which the student is transferring shall ensure that the principal or designee at the new school receives a copy of the plan prior to the student's enrollment in the new school. (cf. 5116.1 – Intradistrict Open Enrollment) (cf. 5125 – Student Records)

Review and Reevaluation

The 504 team shall monitor the progress of the student and shall review the effectiveness of the student's Section 504 services plan to determine whether the services are appropriate and necessary and whether the student's needs are being met as adequately as the needs of students without disabilities are met. In addition, each student with a disability under Section 504 shall be reevaluated at least once every three years.

A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement. (34 CFR 104.35)

Procedural Safeguards

The Superintendent or designee shall notify the parents/guardians of students with disabilities of all actions and decisions by the district regarding the identification, evaluation, or educational placement of their children. He/she also shall notify the parents/guardians of all the procedural safeguards available to them if they disagree with the district's action or decision, including an opportunity to examine all relevant records and an impartial hearing in which they shall have the right to participate. (34 CFR 104.36)

If a parent/guardian disagrees with any district action or decision regarding the identification, evaluation, or educational placement of his/her child under Section 504, he/she may request a Section 504 due process hearing within 30 days of that action or decision.

Prior to requesting a Section 504 due process hearing, the parent/guardian may, at his/her discretion, but within 30 days of the district's action or decision, request an administrative review of the action or decision. The Coordinator shall designate an appropriate administrator to meet with the parent/guardian to attempt to resolve the issue and the administrative review shall be held within 10 school days of receiving the parent/guardian's request. If the parent/guardian is not satisfied with the resolution of the issue, or if the parent/guardian did not request an administrative review, he/she may request a Section 504 due process hearing.

Section 504 due process hearing shall be conducted in accordance with the following procedures:

1. The parent/guardian shall submit a written request to the Coordinator within 30 days of receiving the district's decision or, if an administrative review is held, within 10 school days of the completion of the review. The request for the due process hearing shall include:
 1. The specific nature of the decision with which he/she disagrees
 2. The specific relief he/she seeks
 3. Any other information he/she believes is pertinent to resolving the disagreement
2. Within 30 days of receiving the parent/guardian's request, the Superintendent or designee and 504 coordinator shall select an impartial hearing officer. This 30-day deadline may be extended for good cause or by mutual agreement of the parties.
3. Within 45 days of the selection of the hearing officer, the Section 504 due process hearing shall be conducted and a written decision mailed to all parties. This 45-day deadline may be extended for good cause or by mutual agreement of the parties.
4. The parties to the hearing shall be afforded the right to:

1. Be accompanied and advised by legal counsel and by individuals with special knowledge or training related to the problems of students with disabilities under Section 504
2. Present written and oral evidence
3. Question and cross-examine witnesses
4. Receive written findings by the hearing officer stating the decision and explaining the reasons for the decision

If desired, either party may seek a review of the hearing officer's decision by a federal court of competent jurisdiction.

Notifications

The Superintendent or designee shall ensure that the district has taken appropriate steps to notify students and parents/guardians of the district's duty under Section 504. (34 CFR 104.32)
