

MISSION

THE mission of APEC is to
Assist families,
Prepare children for success,
Establish trusting relationships, and
Care enough to support the cultivation of
underserved communities.

ABOUT US

Since 2003, The APEC Family Foundation
has been committed to offering
exceptional child care through our
preschool and afterschool programs.
Our programs provide a safe, engaging
environment where children are well
cared for, learn enthusiastically, and
enjoy every moment.

I mean this in all sincerity. APEC has become an extension of my family. It means so much to me as a single parent to have a place for my children to go where they are safe, valued, and nurtured.

Our newly redesigned curriculum includes age-appropriate S.T.E.A.M activities that spark your child's imagination and curiosity. Students will engage in fun and educational projects that inspire creativity and develop problem-solving skills.

APEC is a great program and I am absolutely pleased to find such a lovely caring place for my daughter. She loves the food, the games, the staff and she likes to be picked up late so she can be a part of everything that goes on there. Love APEC and love the staff, all so kind and friendly.
