St. Cloud Area School District 742!

Greetings and Welcome

to District 742 Early Childhood Education Programs!

On behalf of the entire Early Childhood Programs team, I'm excited to connect with you! Whether your child is joining our preschool program or participating in our ECFE classes, we're thrilled to have you as part of our learning community. We offer Early Childhood Family Education (ECFE) classes for parents/caregivers and children birth through prekindergarten, as well as Preschool classes for 3 and 4 year-olds.

We have a wide variety of Early Childhood Family Education (ECFE) classes for parents/caregivers and children ages birth through pre-kindergarten, and our ECFE program is designed to be a nurturing and supportive environment for both you and your young child. We believe that the most important teachers in a child's life are their parents and caregivers, and our program aims to empower you with the knowledge and tools to foster your child's social, emotional, and intellectual development. This catalog contains information and registration forms for our 2025-26 ECFE classes, and I hope you take the time to browse our catalog because I am sure we have a class offering you will be interested in. You can register for any ECFE class online or call our school office at 320-370-8250 for more information or to register.

We also offer Preschool classes for 3 and 4-year-old children for Fall of 2025 and registration is happening now. Our 3-year-old preschool classes will be held at Quarryview Education Center, and our 4-year-old preschool classes are held at our elementary school sites. For more information on Preschool or to register please refer to this catalog or contact our office at 320-370-8250.

Finally, we will be holding a variety of FREE family events throughout the year such as our Fall Festival, 742 ECFE Expo, Spring Fling and our Saturday Run and Reads where children ages birth to 5 have fun, learn and receive a free book! The schedule for these events can be found in our catalog or on our Facebook page. I look forward to seeing you and your family at a class or at one of our family events!

With Warm Regards,

Kate Flynn

Welcome to ECFE

Early Childhood Family Education (ECFE) believes that parents are the child's first and most important teacher. We provide quality learning opportunities and resources for parents and their children from birth to kindergarten entry. Parents and children attend ECFE class together. If ECFE is new to you, we invite you to arrange a visit/tour of our Early Childhood Center. A typical ECFE class includes:

GROWING TOGETHER: For You and Your Child

Play with your child as he or she explores and learns in a play environment. Grow together through art, music, story books and other age-appropriate toys and materials.

GROWING INDEPENDENTLY: For Your Child

During their play and snack time, the early childhood educator will guide children as they interact with others and as they continue to develop positive attitudes about themselves.

GROWING CONFIDENTLY: For You

Join other parents, in an informal setting, for discussion led by a licensed parent educator. Parents have the opportunity to share ideas and feel encouraged with the support of others.

FEES

Fees for ECFE classes are based on income. Scholarships are available. Please call 320-370-8250 for more information.

Our Mission

Our Mission is to create a safe and caring climate and culture in which we prepare, engage, educate, empower and inspire all learners in partnership with their surrounding community to be successful in today's and tomorrow's society.

Thank you for your understanding. ***Birth to 5 classes include children who are 5 years old, but not in Kindergarten.**

To Register for ECFE Classes, Online at isd742.ce.eleyo.com or call 320-370-8250.

Early Childhood Screening (for 3-4 year olds)

Minnesota law requires that all children must have a health and developmental screening before entering kindergarten in a public school.

Early Childhood Screening is a free check of how your child is growing, developing and learning. The screening includes a developmental assessment, vision and hearing testing, height and weight measurement and an immunization and health history review.

The purpose of this **FREE** screening is to identify children who may need additional time and experiences to be ready for school. The sooner we get started, the more likely your child will begin school with the necessary skills to succeed.
