

# MyRide K-12

Stow-Munroe Falls City Schools

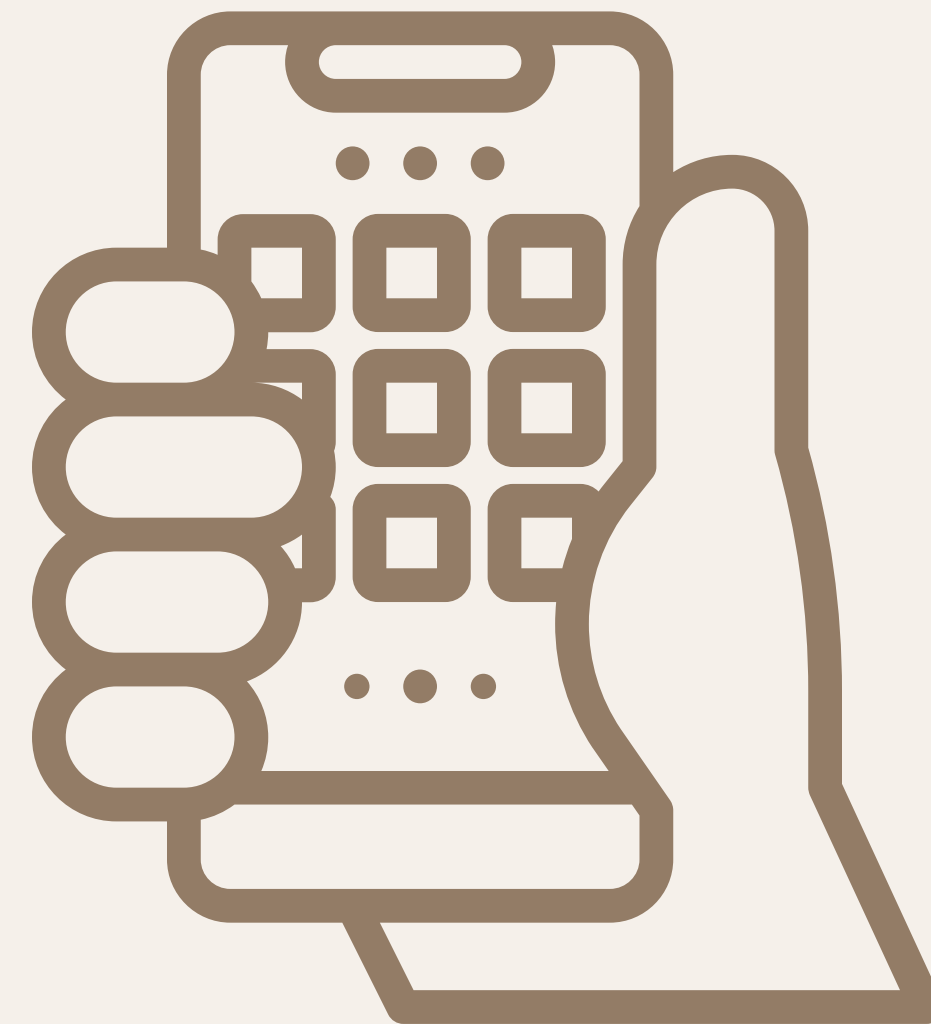

# What is MyRide K-12?

MyRide K-12 is a school bus tracking app that allows parents and students to access their bussing information - bus stop location, route, and pickup time - at the touch of a button.

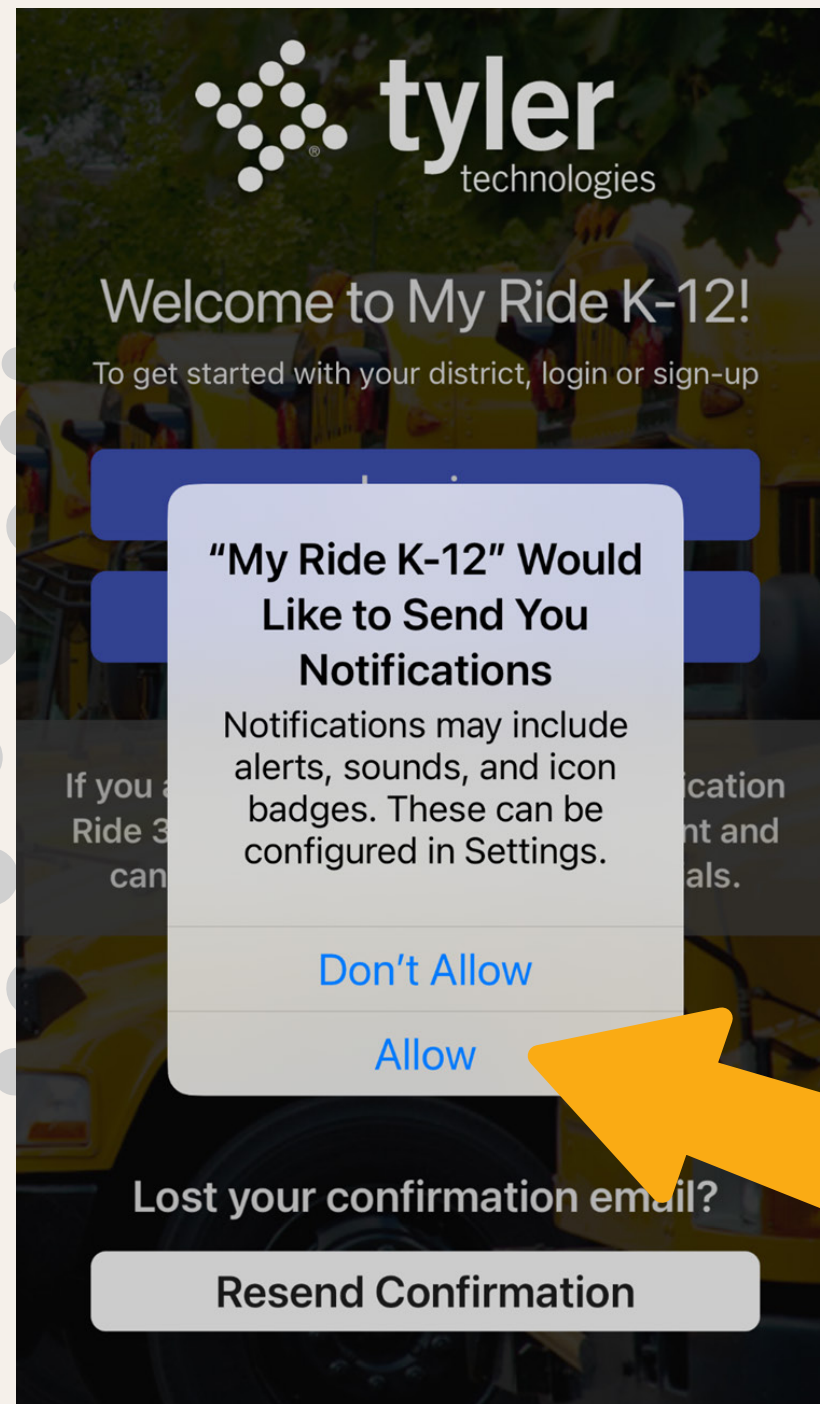

# What does it offer students and parents?

- ✓ Real time bus tracking, so you know when your student gets on or off the bus
- ✓ Notifications to let you know when the bus is near your stop
- ✓ Ability to send and receive messages from the district about delays and dismissals

# Setting Up MyRide K-12

Download the MyRide K-12 app on your mobile device or visit <https://myridek12.tylerapp.com>.

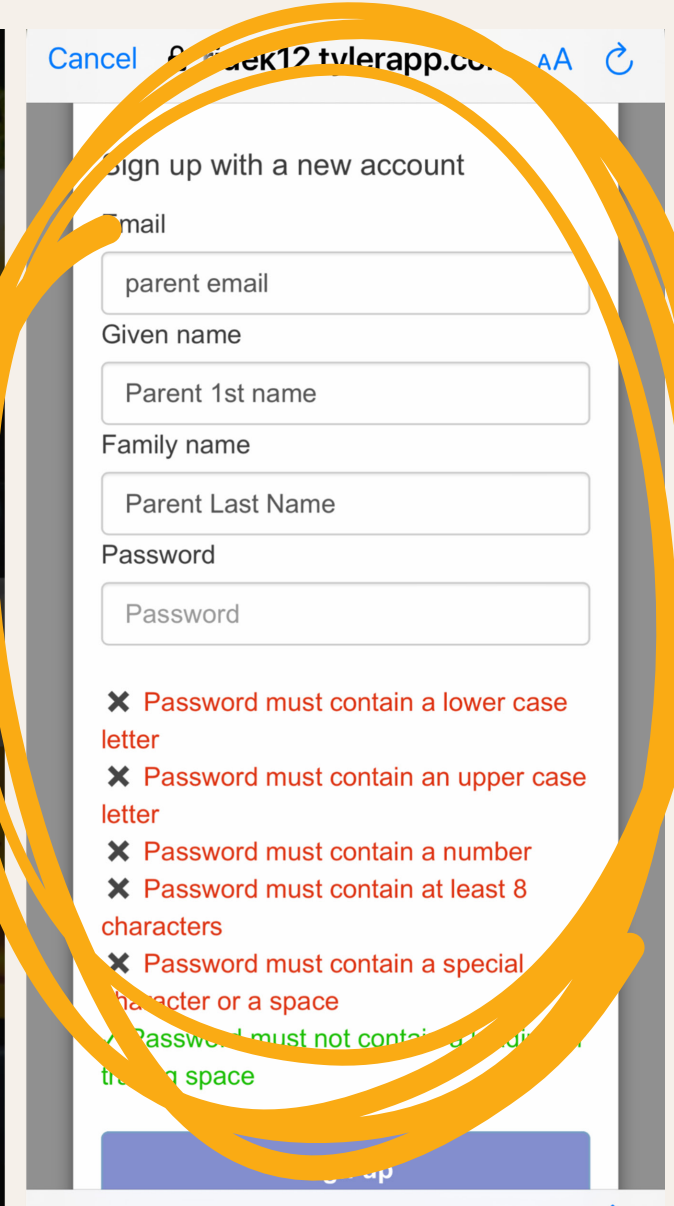

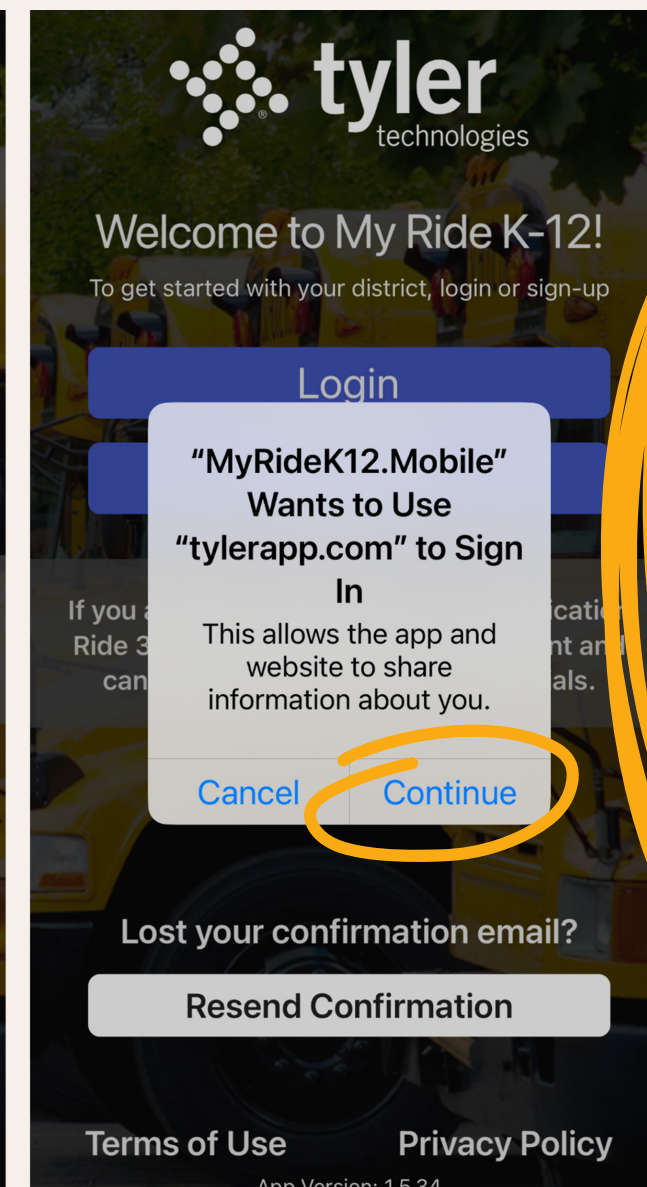

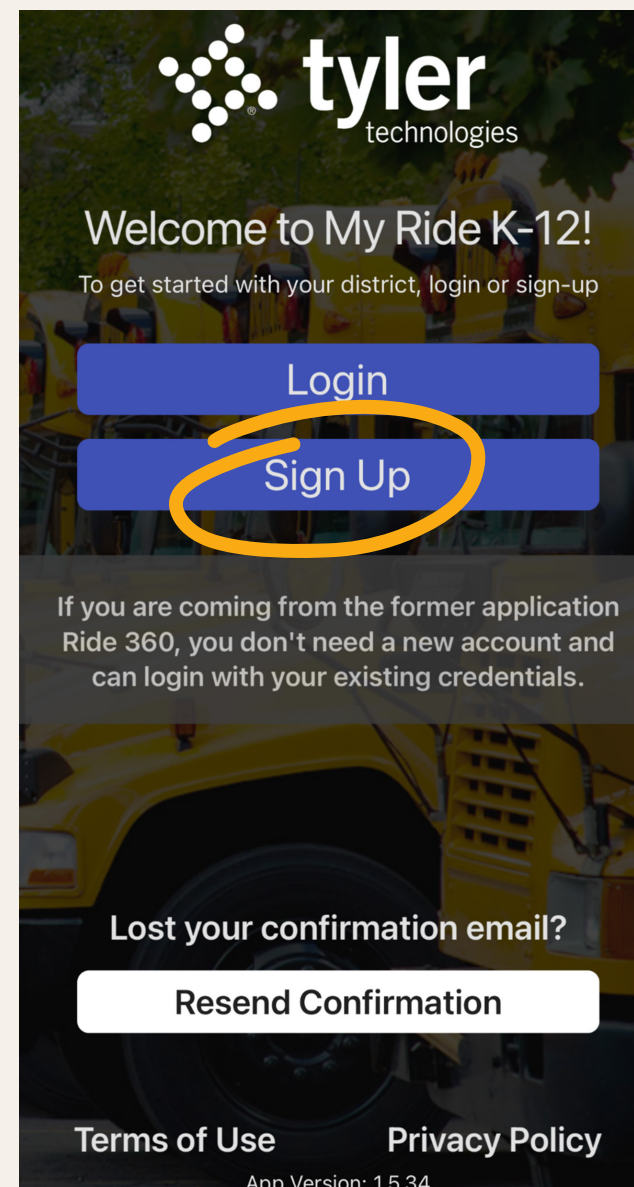

*NOTE: To allow the app to send you notifications and updates about bussing (i.e.; late bus, bus number change, etc.), you must select "Allow" at the prompt.*

Click "Sign Up", then  
"Continue".

Complete your  
information to register  
for an account.

Confirm your email address and click "Continue".

Search for your Stow-Munroe Falls City School District and click "Select".

The image shows three sequential screenshots of the "My Ride K-12" app interface. The first screenshot shows an email verification screen from Tyler Technologies with a blue "Continue" button circled in orange. The second screenshot shows the "Select District" screen with a search bar and a schoolhouse icon; the "My Ride K-12" header is circled in orange. The third screenshot shows the search results for "Stow-Munroe Falls City School District" with a "Select" button circled in orange.

# ADD YOUR STUDENT

Select "Add Student".

Add your student's district ID number and click "Next".

Add your student's school and click "Next".

The image displays three sequential screenshots of the 'My Ride K-12' app interface, illustrating the steps to add a student. The first screenshot shows the 'My Students' screen with a message indicating no linked students and a blue 'Add Student' button circled in orange. The second screenshot shows the 'Add Student' form with the 'Student ID' field (containing '123321') circled in orange. The third screenshot shows the same form with the 'School' dropdown menu (showing 'Riverview Elementary School') circled in orange. Both the second and third screenshots have a 'Next' button at the bottom right.

Once you locate your student, click “Add Student”.

After you add them, you can choose to “Add Another” student or click “Back to Students” to view previously entered student information.

#### Add Student

##### Student Identifying Information

If you are unsure what your student's identifying information is, please contact your student's transportation office for more information.

Back to Students

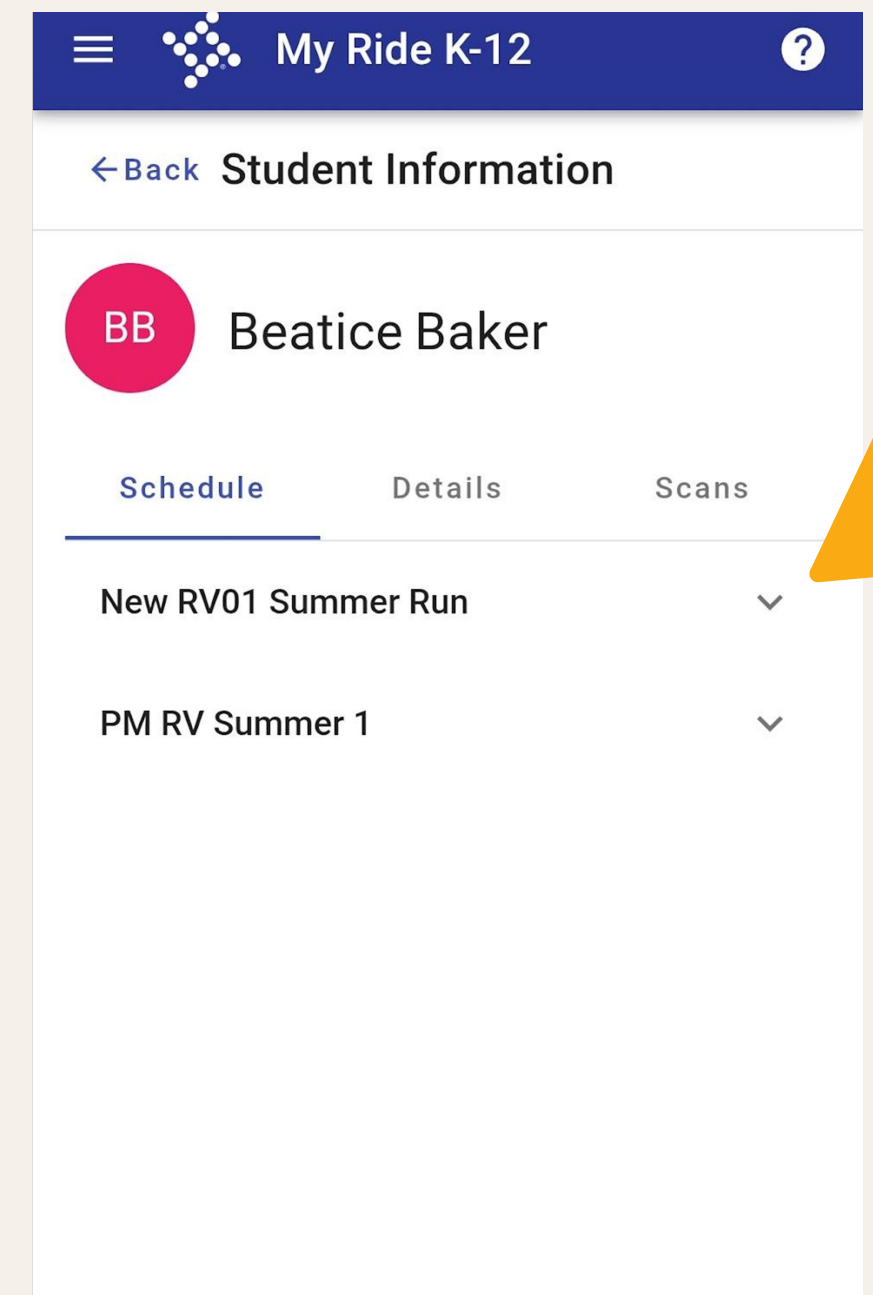

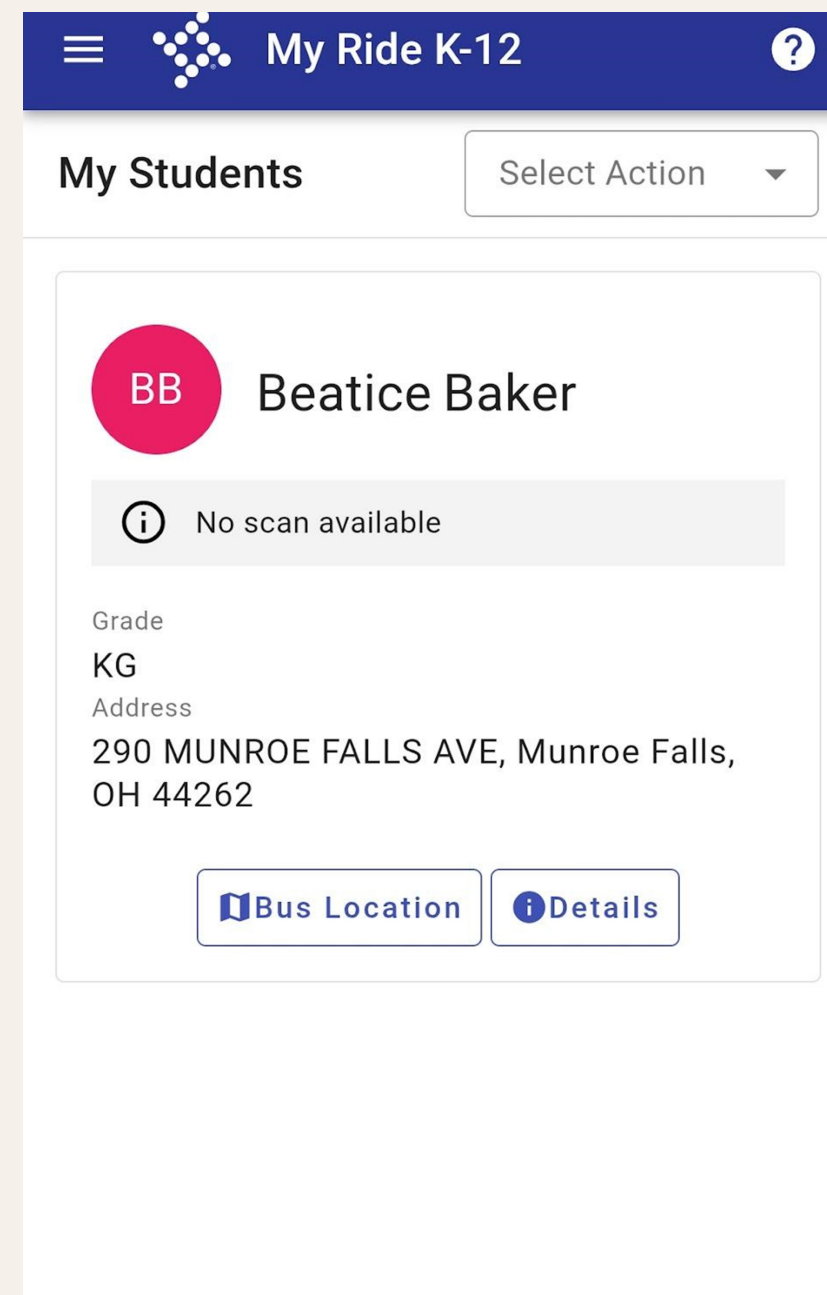

Once you return to the student information page, click your student's name.

This will show you the route information for your student, with menu arrow buttons.

Use the menu arrow buttons to view the stop time and location.

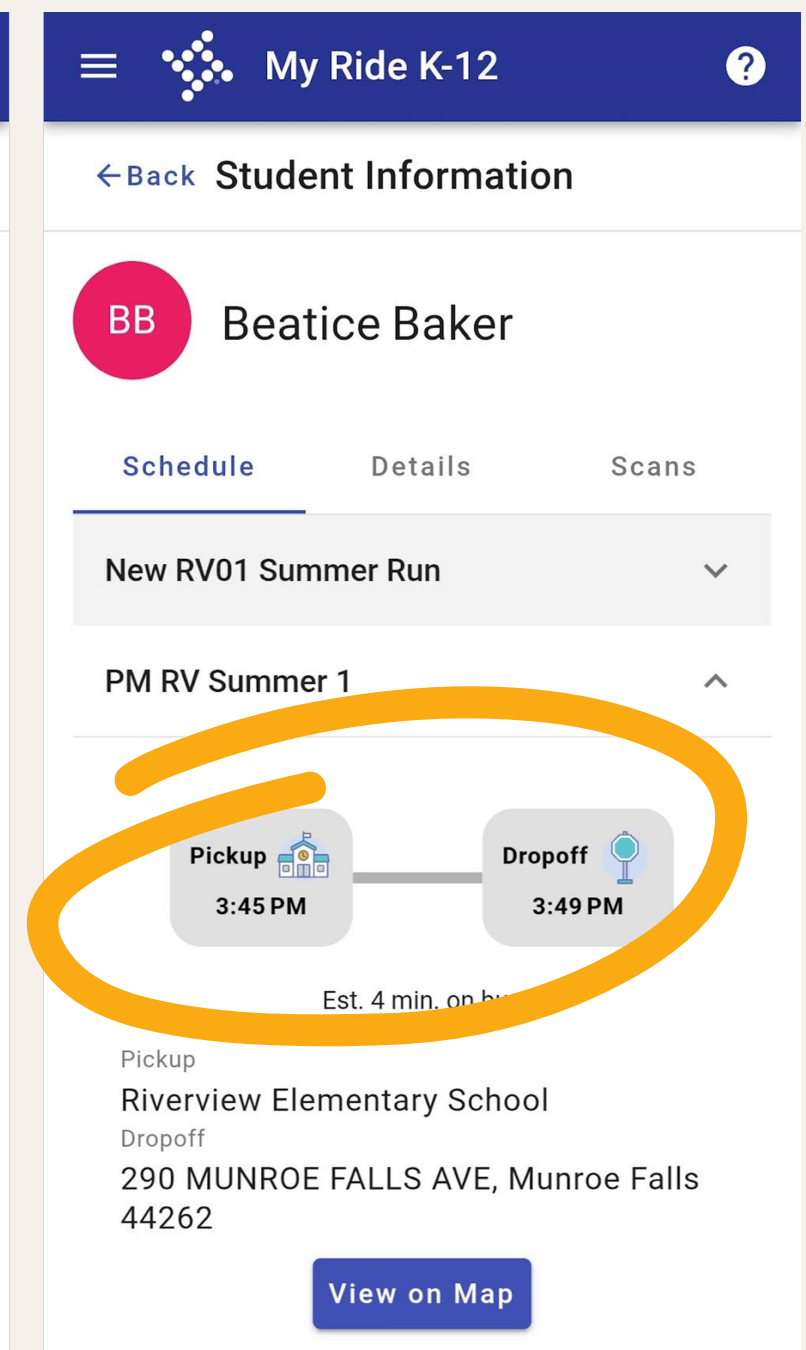

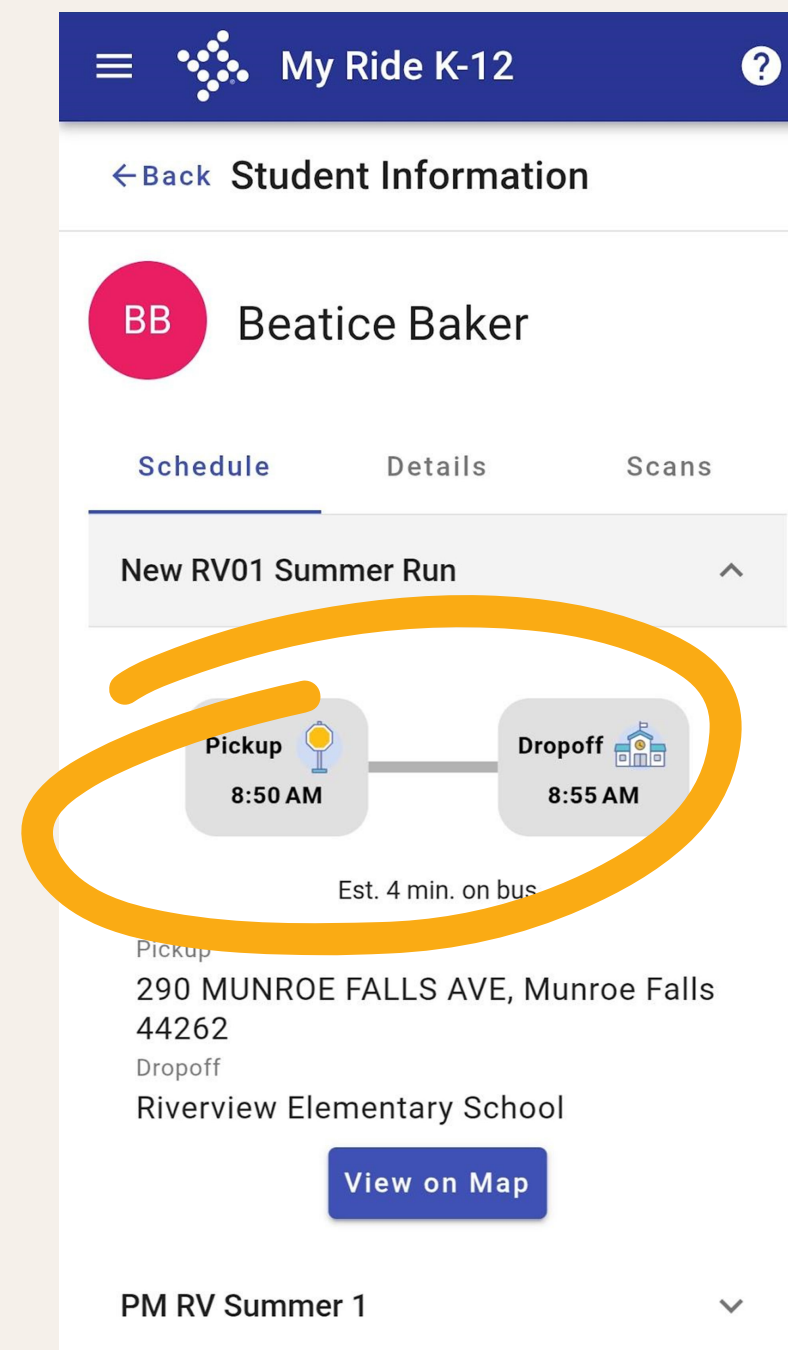

In the morning, the first time listed is when the bus is scheduled to arrive at the bus stop. The second time is when your student will arrive at school.

In the afternoon, the first time listed is the school dismissal time. The second time is their estimated time to return to the bus stop.

“Pickup” and “Dropoff” are your student’s bus stop locations, and “Vehicle” is the bus number.

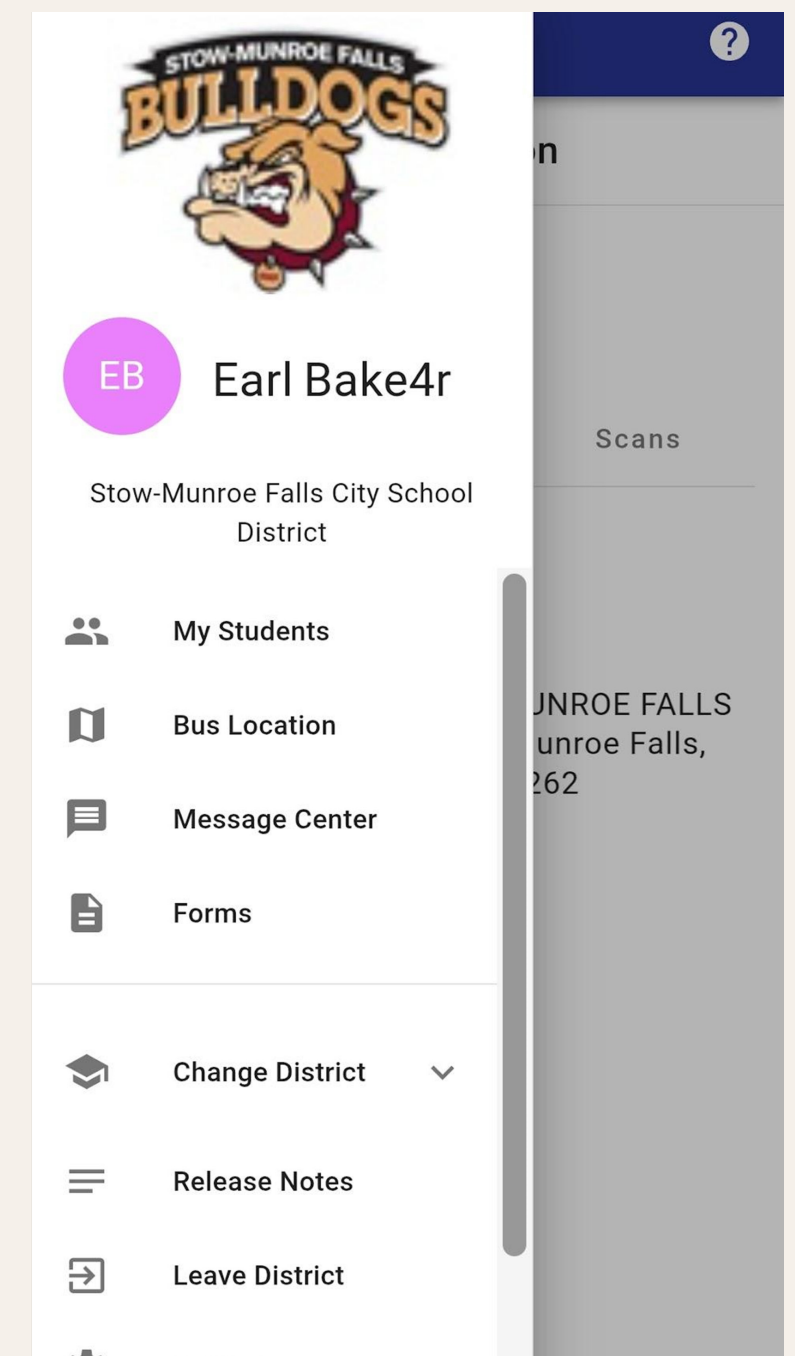

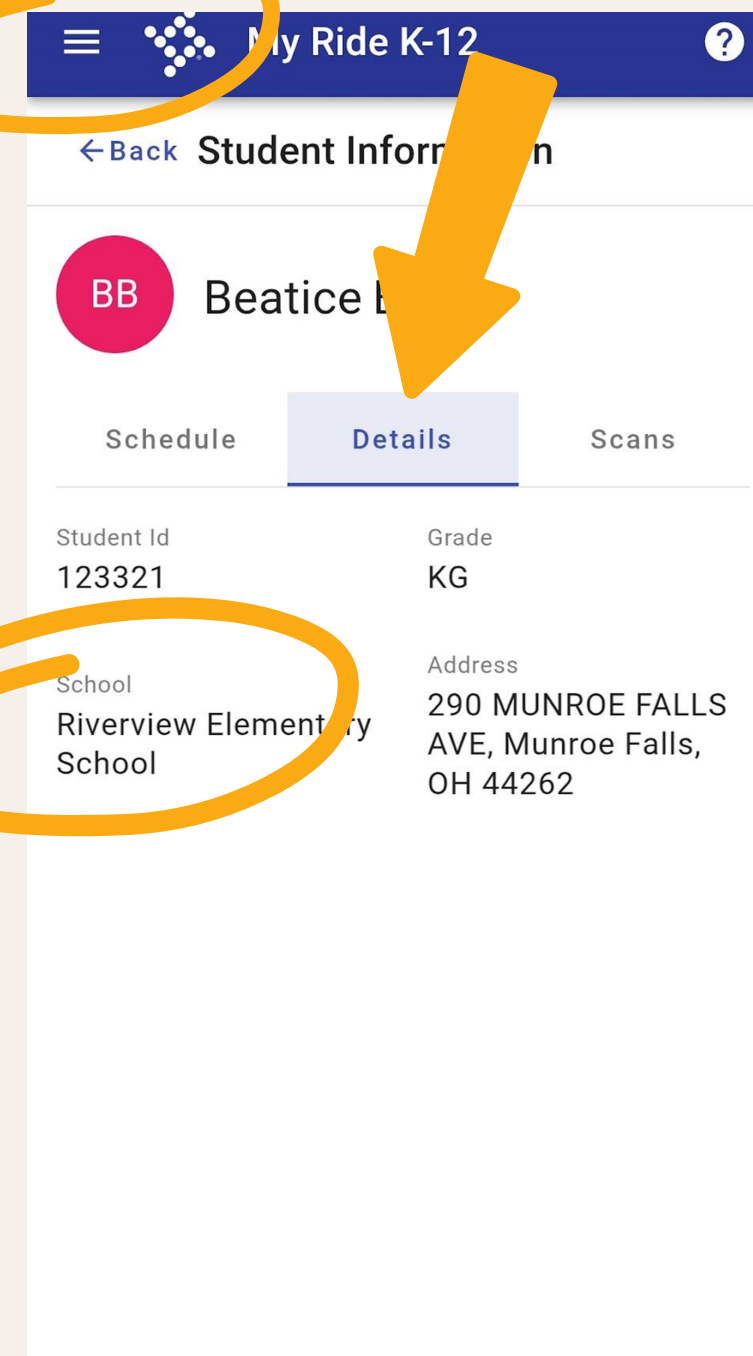

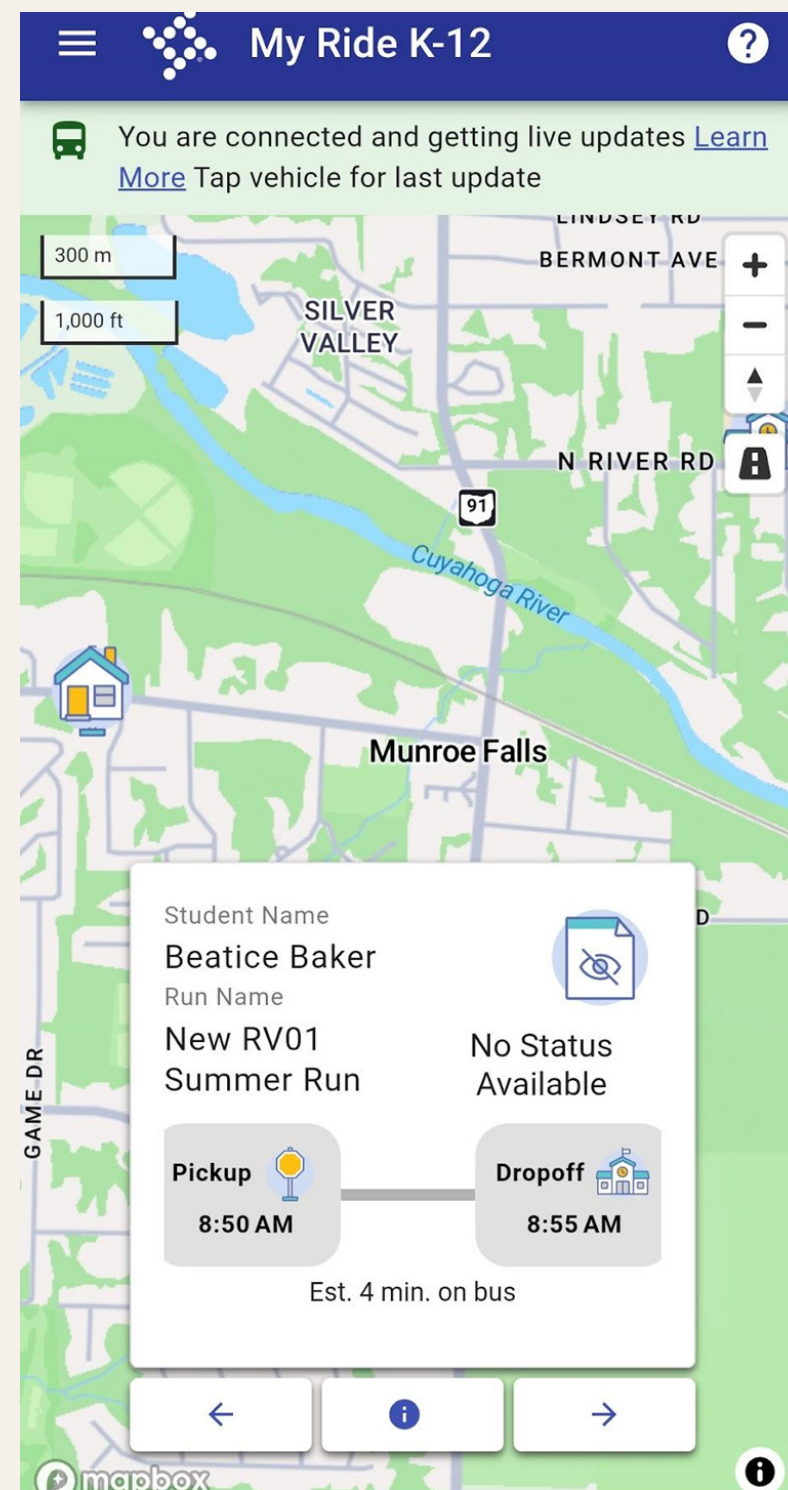

In "Student Information", the "Details" tab will show the information we have for your student.

The "School" is your student's building for the regular school year.

To view your bus' location, click the 3 lines in the top left corner and select "Bus Location".

You will be able to locate your student's bus on the map on the days your student is assigned to ride.

You will also be able to see your bus up to 30 minutes prior to your student's pickup or drop off time.

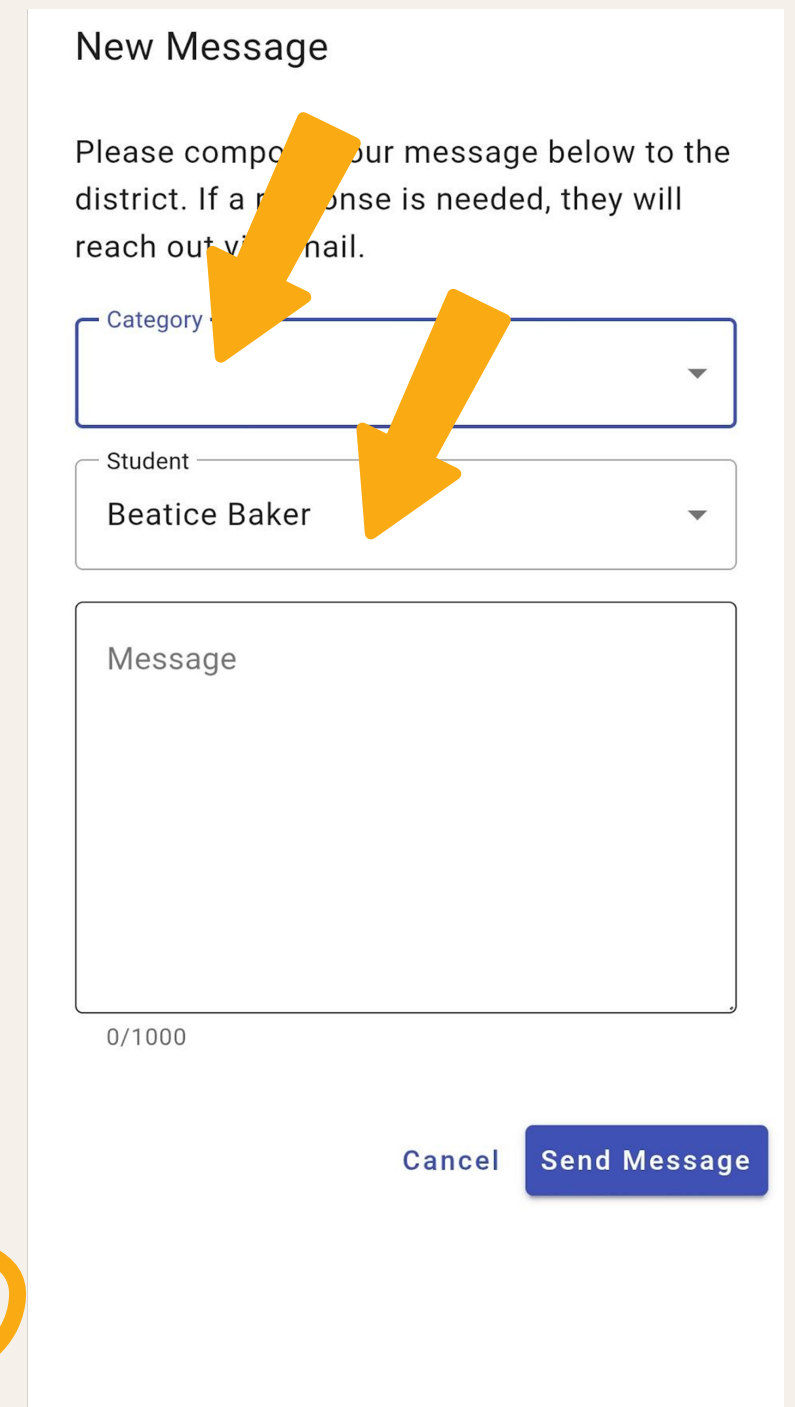

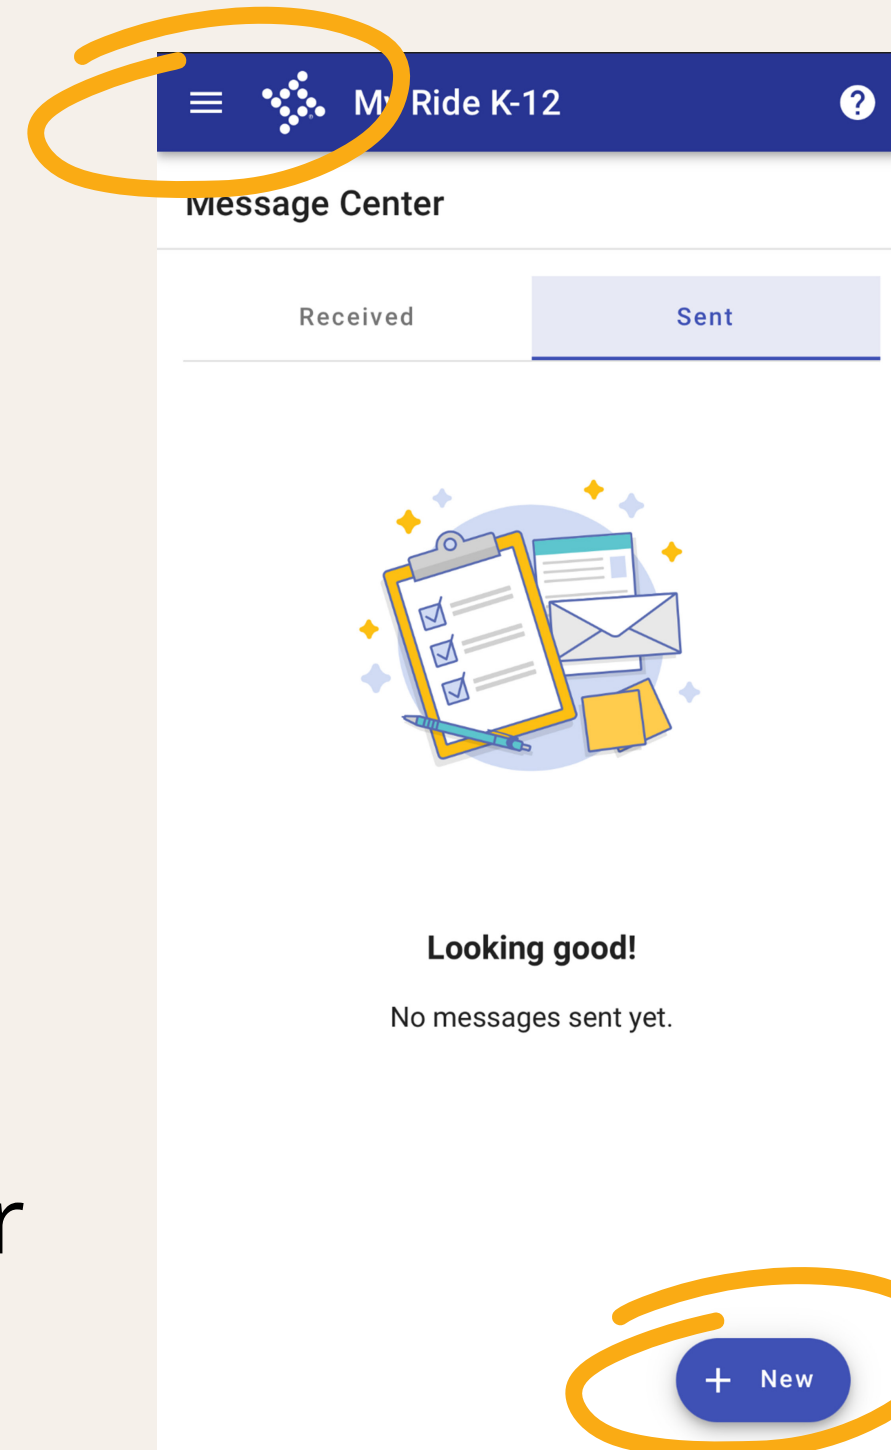

# Message Center

Open the "Message Center" by clicking the 3 lines in the top left corner.

Click "New" to send a message directly to the Transportation Department.

In the "New Message" box, select "Category" and "Student", then type your message and click "Send Message".
