

Plymouth-Canton Community Schools
2023-2025 23G MI Kids Back on Track Grant Plan

In Plymouth-Canton Community Schools, we support all of our students as they strive to meet their current grade level and course outcomes. We are also continuing to support our students who have additional needs or learning gaps. Our 23G grant-funded MI Kids Back on Track plan provides additional resources and programs aligned with our Multi-Tiered Systems of Supports (MTSS) district-wide by assisting students who need additional time to achieve at grade level through reteaching, additional time outside of the regular day, or summer programs.

This grant will provide funds to support students through Tier II and III interventions. Eligible targeted students will be offered the following supports to help them achieve at grade level through summer learning opportunities.

Small Group Targeted Instruction, Grades 9-12 (Credit Recovery)

- The program runs over 31 days in the summer from June 24 - July 25, 2024.
Sessions take place from 7:25 am - 1:30 pm.
- Breakfast and lunch are provided.
- Transportation is available.
- Sessions are taught by highly qualified teaching and support staff
- Curriculum resources aligned with the Michigan Academic Standards
