

STANDARD

SS8H1 Evaluate the impact of European exploration and settlement on American Indians in Georgia.

- Describe the characteristics of American Indians living in Georgia at the time of European contact; to include culture, food, weapons/tools, and shelter.

SS8G1 Describe Georgia's geography and climate.

- Locate Georgia in relation to region, nation, continent, and hemispheres.
- Distinguish among the five geographic regions of Georgia in terms of location, climate, agriculture, and economic contribution.
- Locate key physical features of Georgia and explain their importance; include the Fall Line, Okefenokee Swamp, Appalachian Mountains, Chattahoochee and Savannah Rivers, and barrier islands.
- Analyze the importance of water in Georgia's historical development and economic growth.

	What am I learning this week?
	I will be learning all about the geography of Georgia as well as beginning to learn about the Native American people who were present in Georgia during the time of European contact.
	Assessment Calendar
	Thursday August 14 th – Georgia Geography and Native Americans

	What am I doing today?	Resources and Key Vocabulary	Assignments and Due Dates
