Dear Parents/Guardians:

Although the Jr. High has its own entrance, the student drop-off area has not changed. We will be following the same procedure as years past. The student drop-off area is located **at the student parking lot on the west side of the complex**, the lot next to the football field. In an attempt to gain control of the situation, we are asking parents to observe this procedure:

When entering the school grounds from Fireline Road, please follow the printed arrows (on the blacktop), which will lead you to the designated "student drop-off" area for **both Junior and Senior High students**. It is located just outside the high school gym. In order to keep traffic moving, please drop off your child immediately and exit the parking lot. Review the accompanying map document for a visual of our drop off procedures.

You may utilize the Jr. High/staff parking lot for late arrivals or after-school pick-ups only.

We thank you for your cooperation in complying with these traffic regulations which we believe provide for a safer environment for students, parents, and employees.

Sincerely,

David Sodi
Principal - Palmerton Area Junior High School
