

## DIAGNOSTIC CENTER NORTH WRITE ON! WORKSHOPS

Writing is more than just an academic skill - it's a lifelong tool for communication and success. Yet, many students struggle to put their thoughts into words. This three-part training series equips educators with the knowledge and tools to assess, support, and improve student writing.

**09/30/2025 3:00 - 4:30 PM (Virtual)**

### **Write On! Part 1 - Understanding, Assessing and Improving Student Writing**

In part one of this three part series, build a strong foundation by exploring key writing models and instructional frameworks. Understand what language and cognitive processes are essential for writing, and common challenges students face.

**Intended Audience:** general education teachers, special education teachers, speech language pathologists, administrators, reading specialists

**REGISTER NOW**

**12/04/2025 3:00 - 4:30 PM (Virtual)**

### **Write On Part 2- Assessing Written Expression**

This second training in our three part series will explore both informal and formal assessment of written expression with a focus on the Feifer Assessment of Writing (FAW). Learn to assess the many factors that impact writing including: graphomotor, spelling, language and executive functioning skills.

**Intended Audience:** teachers, school psychologists, speech language pathologists, administrators

**REGISTER NOW**

**02/05/2026 3:00 - 4:00 PM (Virtual)**

### **Write On! - Part 3: Empowering Student Writers: Practical Strategies for the Classroom**

In this session, we'll explore a variety of strategies to help students at all skill levels become more confident, capable writers. Topics will include structured approaches to breaking down the writing process, tools for planning and revising, accommodations for students with writing challenges, and ways to increase student engagement in writing tasks.

**Intended Audience:** general education teachers, special education teachers, administrators, reading specialists
