

## Take Tech Classes, Earn Tech Points

Beginning May 1, 2015, Tech Points will be awarded to classroom teachers for Technology Staff Development that takes place outside of school hours and is sponsored by the Tech Training Center. Teachers receive 1 Tech Point per completed hour and can spend the points in the Tech Point Store at any time. Points can accumulate from year to year. The more Tech Classes you attend, the more Tech Points you earn. Typically, more than 100 tech points are offered each semester.

Note: Tech Points are awarded to CPSB classroom teachers only.

### Tech Points Store

One roll of Makerbot Filament (specify color-red, blue, yellow, or white)	10 pts
