- Please note commendable progress over the last year.

This is an area where year after year the superintendent excels and, frankly, shows “how it should be done.” This 51-page report shows example after example of effective communication and outreach to our owners, beneficiaries and other stakeholders. The board not only has the evidence of this report, but almost daily communications to us containing examples. Of course, there will be people who feel that if every single detail is not spelled out precisely that something is wrong. The board is happy with the level of information shared by the superintendent.

The board is very impressed with the strategic partnerships that benefit students and families. Over \$70,000.00 in store cards donated, the donations to the GRADS program and many other partnerships are beyond amazing. The guidance of a caring and inclusive leader is evident in this work.

Work to standardize and improve language around school safety issues, elevated focus on reporting back to the community about sustainability work as efforts continue to increase in that arena, compliance in responding to increase public records requests, award for Outstanding Photography at graduation and increased use of ParentSquare are all noted. As always, Family Engagement continues to be a place of particular success, with outstanding work to connect with families in ways that are impactful and meaningful. There is clear evidence of extensive work with community partners to meet our families' needs.

This report, combined with our personal observations of the great care paid to individual community member concerns, suggest comparative excellence in the practice.
