<i>*see comments below (No. 3)</i>	

- Please note commendable progress over the last year.

This is an area where the superintendent well exceeds expectations and has consistently done so during his years with the district.

The list of board updates is extensive, including emails, in person meetings, roundtables, linkages and study sessions. There is consistent communication to the board on a VERY wide range of topics (also, this report is a good reminder of how many reminder-worthy things go on during the year!).

At the same time the communications are well chosen and not overwhelming. They include opportunities for the board to receive input from students, our schools and the greater community, which are consistently well-planned and precisely meet the requests of the board.

- Please note areas for additional improvement.

None identified. The board would be very pleased to have the superintendent continue the current level of performance in this area.

- Comments on the report itself.
